SUBJECT: Designation of Additional Population of Veterans and Other Populations Eligible for Services from the Disabled Veterans' Outreach Program Specialists

1. **Purpose.** This Training and Employment Guidance Letter (TEGL) identifies populations eligible to receive services provided by Disabled Veterans' Outreach Program (DVOP) specialists using a case management approach in addition to the populations listed in TEGL 19-13 (issued April 10, 2014).
2. **Action Requested.** This guidance is effective immediately. The following actions are requested:
 - State Administrators and American Job Center (AJC) directors are requested to transmit this TEGL to appropriate staff immediately.
 - States and AJCs should ensure standard operating procedures are updated to align AJC staff and processes with the requirements outlined in this guidance.
 - States must ensure that they have appointed a sufficient number of DVOP specialists to provide effective services, including the veterans identified in this TEGL.
 - States should consult with the appropriate Employment and Training Administration (ETA) or Veterans' Employment and Training Service (VETS) regional office if technical assistance is needed.

RESCISSIONS TEGL 20-13, Change 1	EXPIRATION DATE Continuing
--	--------------------------------------

- The existing Participant Individual Record Layout (PIRL) will be used to record the services provided to all eligible participants receiving direct services and subsequent outcomes quarterly.
- The VETS Director for Veterans' Employment and Training should coordinate with relevant AJC program staff in their state to:
 - Contact each Military Treatment Facility (MTF) and Warrior Transition Unit (WTU) in the state to offer the services of a DVOP specialist for any service member or spouse or family caregiver in need of employment-related assistance;
 - Determine the appropriate DVOP schedule to meet the need at each facility.
 - An MTF and WTU in your area can be found by zip code here: <http://tricare.mil/mtf/>. Note: Certain medical facilities of the U.S. Department of Veteran Affairs (VA) are also listed and may be providing medical assistance.

3. **Summary and Background.**

- a. Summary – This document describes additional populations eligible to receive services provided by DVOP specialists. TEGL 19-13 and Veterans' Program Letter (VPL) 03-14 stated that under 38 U.S.C. 4103A(a)(1)(C), the Secretary of Labor (Secretary) may identify additional groups of veterans who are entitled to receive intensive services from DVOP staff. Vietnam-era Veterans are added to the list of populations already identified as being eligible to receive services from DVOP specialists. Previous guidance, specifically TEGL 20-13, identified veterans ages 18 to 24 as a priority category.
- b. Background – Title 38 U.S.C. 4103A mandates specific roles and responsibilities for DVOP specialist staff. ETA and VETS issued policy guidance, TEGL 19-13 and VPL 03-14, respectively, on the distinct roles of the DVOP specialist in 2014. That guidance limits the populations of veterans and eligible persons who may be served by a DVOP specialist and defined those categories of veterans and eligible spouses who are being prioritized because they have Significant Barriers to Employment (SBE). Further, TEGL 19-13 and VPL 03-14 stated that, under 38 U.S.C. 4103A(a)(1)(C), the Secretary may identify additional groups of veterans who are entitled to receive intensive services (now referred to as Individualized Career Services) from a DVOP specialist. Also, the Consolidated Appropriations Act of 2014 and every Appropriations Act since then authorize the Jobs for Veterans State Grants (JVSG) program to provide support services to additional SBE populations.

4. **Additional Populations.** The populations described in this section are now eligible to be served by DVOP specialists, in addition to those populations described in TEGL 19-13. AJC programs' staff should develop procedures to refer the populations below to DVOP specialists:

a) Veterans aged 18–24

Veterans aged 18–24 possess limited civilian work history which can make transitioning

to the civilian labor force difficult. Based on this fact, veterans between the ages of 18 and 24 may benefit from individualized career services provided by a DVOP specialist.

b) Vietnam-era Veterans

Pursuant to 38 U.S.C. 4211, the term “Veteran of the Vietnam era” is an eligible veteran any part of whose active military, naval, or air service was during the Vietnam era.¹ The Bureau of Labor Statistics and the VA data indicate that there are still a sizeable number of Vietnam-era Veterans in the workforce, and many face difficulty in finding and maintaining employment. In 2017, there were 1,689,000 Vietnam-era Veterans in the workforce with 64,000 unemployed and actively seeking employment.

c) Eligible Transitioning Service Members, Spouses, and Caregivers

In annual appropriation bills since the Consolidated Appropriations Act of 2014, Congress authorized JVSG grants to support services as described in VPL 07-14 to:²

- Transitioning members of the Armed Forces who have been identified as in need of intensive services (now referred to as individualized career services);
- Members of the Armed Forces who are wounded, ill, or injured and receiving treatment in MTFs or WTUs; and
- The spouses or other family caregivers³ of such wounded, ill, or injured members.

5. **Inquiries.** Inquiries should be directed to the appropriate ETA or VETS regional office.

² Authorization to serve these specific populations is contingent upon the appropriations act continuing to provide authorization.
