	CORRESPONDENCE SYMBOL OWI/DNPTTA
	DATE May 28, 2026

ADVISORY: TRAINING AND EMPLOYMENT GUIDANCE LETTER NO. 14-25

TO: SENIOR COMMUNITY SERVICE EMPLOYMENT PROGRAM
GRANTEES
STATE AND TERRITORIAL GOVERNORS
STATE AND TERRITORIAL WORKFORCE ADMINISTRATORS
STATE WORKFORCE LIAISONS
STATE WORKFORCE BOARD CHAIRS

FROM: HENRY MACK, ED.D. /s/
Assistant Secretary

SUBJECT: Modification Requirements, Priorities, and Technical Assistance for Senior Community Service Employment Program Stand-Alone State Plans for Program Years 2026-2027 for States, Territories, and Outlying Areas

1. **Purpose.** To provide states, territories, and outlying areas with guidance for submission of modification of the four-year Senior Community Service Employment Program (SCSEP) Stand-Alone State Plans, including the submission process and deadline for submission. Note that, while this guidance generally aligns with the Workforce Innovation and Opportunity Act (WIOA) guidance, this TEGL pertains only to states that are submitting a SCSEP Stand-Alone State Plan modification for Program Years (PYs) 2026–2027. States that are including SCSEP as part of a modification of the Combined State Plan for 2026–2027 must refer to Training and Employment Guidance Letter (TEGL) No. 07-25 that the Employment and Training Administration (ETA) issued on January 26, 2026, for instructions on submission of Combined State Plans modifications.
2. **Action Requested.** States submitting a SCSEP Stand-Alone Plan must send it via email with “SCSEP Two-Year Modification Plan” in the subject line to grants.scsepdocs@dol.gov, with a copy to their Federal Project Officer no later than **June 26, 2026**. Please include as an attachment a letter from the Governor naming the designee. ETA anticipates reviewing and approving State Plan modifications so that they are in effect by the beginning of the Program Year on July 1, 2026. For plans submitted after the due date, ETA will make every effort to approve the plan before July 2026.
3. **Summary and Background.**
 - a. Summary – This TEGL provides information and guidance for submission of the SCSEP Two-Year Stand-Alone plan modification for PYs 2026–2027. The State Plan is intended to foster coordination among the various SCSEP grantees and sub-recipients operating

RESCISSIONS TEGL 9-23	EXPIRATION DATE Continuing
---------------------------------	--------------------------------------

within the state and to facilitate the efforts of stakeholders, including state and local boards under WIOA, to work collaboratively through a participatory process to accomplish the SCSEP goals (20 CFR 641.300).

- b. Background – Section 503(a) of the Older Americans Act (OAA) and SCSEP regulations at 20 CFR part 641 Subpart C require the Governor or the Governor’s designee to submit a SCSEP Four-Year State Plan with an update at least every two years. The modified plan includes an updated two-year strategy for the statewide provision of community service employment and other authorized activities for eligible individuals under SCSEP and describes the planning and implementation process for SCSEP services in the state, considering the current relative distribution of eligible individuals and employment opportunities within the state.

This TEGL provides instructions for submitting a SCSEP Stand-Alone State Plan modification as an independent document, although ETA encourages states to include SCSEP as part of a modification of the WIOA Combined State Plan to foster closer coordination with other WIOA core and non-core programs. This planning process enables the workforce system to provide a wider range of collaborative, coordinated, and streamlined services to shared customers including pre-employment transition services and co-enrollment.

To include SCSEP in a Combined State Plan modification, please refer to ETA guidance in [TEGL No. 07-25](#), *Modification Requirements for Workforce Innovation and Opportunity Act (WIOA) State Plans for Program Years (PYs) 2026 and 2027*.

4. Planning Priorities, Requirements, Performance Negotiations, and Public Comment.

a. WIOA Planning Strategic Priorities.

On April 23, 2025, President Trump issued Executive Order 14278, titled “Preparing Americans for High-Paying Skilled Trade Jobs of the Future,” which directed the U.S. Departments of Labor, Education, and Commerce to articulate a comprehensive worker investment and development strategy. Subsequently, the Departments published “[America’s Talent Strategy: Building the Workforce for the Golden Age](#),” which articulates a shared vision for America’s workforce development efforts, including the public workforce system, with five strategic pillars. States are encouraged to review their currently approved SCSEP State Plans and align their strategies and investments to these pillars, which are summarized in Section 4.a. of [TEGL No. 07-25](#).

Note that as states develop their SCSEP standalone plan modifications for PYs 2026 and 2027, grantees must not use federal funds in any manner that violates the United States Constitution, Title VI or Title VII of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq. or 42 U.S.C. § 2000e et seq.), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 et seq.), section 504 of the Rehabilitation Act (29 U.S.C. § 794), the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.), Title II of the Americans with Disabilities Act of 1990 (42 U.S.C. § 12131 et seq.), or other applicable federal law.

It is important to note the provisions of Executive Orders 14151, 14168, and 14173, as well as the U.S. Department of Justice’s July 29, 2025, non-regulatory “[Guidance for Recipients of Federal Funding Regarding Unlawful Discrimination](#).” States and subgrantees that have implemented diversity, equity, and inclusion activities, and any other initiatives that discriminate on the basis of race, color, religion, sex, or national origin may risk violating federal civil rights laws referenced above and jeopardizing federal funding.

b. SCSEP Stand-Alone Planning Requirements.

In the Two-Year Modification, grantees must comprehensively cover any changes in the required elements of SCSEP Stand-Alone State Plans specified in the SCSEP section of the Information Collection Request (ICR) for Required Elements for Submission of the Unified or Combined State Plan and Plan Modifications Under the Workforce Innovation and Opportunity Act (OMB Control Number 1205-0522). That complete ICR, including the SCSEP-specific section, is available here:

<https://www.dol.gov/agencies/eta/wioa/resources>.

States are encouraged to review their currently approved State Plans and realign their strategies and investments with economic and labor information (LMI) and adjust job development plans for what may now be a different set of growing and declining industries, occupations, and skills, thereby ensuring the State Plan modification reflects changes in the labor market and economic conditions and other factors affecting implementation of the State Plan as required by section 102(c)(3)(A) of WIOA and SCSEP regulations at 20 CFR 641.302(d). Additionally, state plans must not only include the in-demand sectors and occupations, but also the employment needs of employers and the associated competencies required in those industries and occupations, and align training provided through the workforce system with the hiring needs. LMI informs the public workforce system by offering data insights to keep up with a rapidly changing economic environment driven by AI, advanced industries, and new national priorities. State planners must work closely with the LMI directors within their states to understand the current and growing needs of their economy. The State Plan modification must reflect any such strategic re-focusing.

States are also urged to co-enroll SCSEP participants into WIOA programs simultaneously to create a comprehensive and nonduplicated service plan. This approach leverages WIOA’s training and career services with the specialized and individualized paid work experience SCSEP provides, increasing the likelihood of participants transitioning to unsubsidized sustainable employment. To that end, the Department encourages SCSEP grantees to take advantage of the Additional Training and Supportive Services (ATSS) waiver whereby grantees reduce the minimum expenditure on participant wages and fringe benefits of 75 percent, required by [OAA section 502\(c\)\(6\)\(B\)](#) to 65 percent of the total grant award amount (see [20 CFR 641.874](#)). This additional 10 percent can be used for participant training, supportive services, or a combination of both to directly benefit participants. DOL expects that these extra funds

will be used for the type of training that prepares participants for in-demand jobs in their respective communities.

Lastly, the Department encourages industry-driven training strategies for SCSEP participants that are informed by the skill needs of employers, which may include engaging with employers and industry groups through sectoral partnerships. In these models, the training objective should be to provide a strategic, skill-based bridge to unsubsidized employment. Grantees should ensure that the training objectives of a participant's paid community service assignment and any additional training assignments are aligned with the specific needs of employers in high-growth industries to help participants secure in-demand, unsubsidized jobs.

c. Performance Negotiations for the Senior Community Service Employment Program.

OAA section 513 outlines seven core performance measures that ETA uses to determine program success ([42 U.S.C. § 3056k\(b\)\(1\)\(A – F\)](#)). As outlined in 20 CFR 641.720, before the first program year of the grant cycle, ETA and SCSEP grantees negotiate expected levels of performance for the first two years of that cycle. For grant years three and four, grantees may request to re-negotiate adjustments to these goals based on factors such as populations with barriers to employment, poverty levels, and unemployment in the areas served. ETA will use an objective statistical model to account for actual economic conditions and participant characteristics. At the conclusion of performance level negotiations, ETA will make available for public review the final negotiated expected levels of performance for each grantee. Performance level negotiations for the Program Years 2026 and 2027 will begin in the Spring of 2026.

d. Advice and Public Comment.

SCSEP state grantees must make the Four-Year State Plan and Two-Year Modifications available for public comment before submission. The Governor, or the Governor's designee, should follow established state procedures to solicit and collect public comments on the state plan (20 CFR 641.350) and must seek the advice and recommendations of the following organizations and individuals with expertise in older worker issues (20 CFR 641.315):

- representatives of the state and area agencies on aging;
- state and local boards under WIOA;
- public and private nonprofit agencies and organizations providing employment services, including each grantee operating a SCSEP project within the state, except as provided under OAA sections 503(a)(9) and 506(a)(3) and 20 CFR 641.320(b);
- social service organizations providing services to older individuals;
- grantees under title III of OAA;
- affected communities;
- unemployed older individuals;
- community-based organizations serving older individuals;
- business organizations; and

- labor organizations.

The state plan must describe the procedures used to obtain such advice in public comments, including the timeline for ensuring an open and inclusive planning process (20 CFR 641.325(f)–(g)), as well as the public comments received and a summary of the comments (20 CFR 641.325(h)). National grantees also have planning responsibilities and must coordinate with state grantees in the states where they operate except as provided at 20 CFR 641.320(b).
