SUBJECT: Partnering with Temporary Assistance for Needy Families (TANF) Jurisdictions, State Community Services Block Grant (CSBG) Offices, and local CSBG Entities to Create or Expand Summer Youth Employment Opportunities

1. Purpose. To provide the workforce system with Information Memoranda sent by the U.S. Department of Health and Human Services' Administration for Children and Families (ACF) to TANF jurisdictions, State CSBG offices, and local CSBG entities that encourage the use of TANF and CSBG funds for summer employment opportunities. Also, to encourage the public workforce system to partner with TANF jurisdictions, State CSBG offices, and local CSBG entities in their efforts to promote subsidized employment opportunities allowable under TANF and CSBG funding for the creation and expansion of subsidized summer employment for low-income youth.

2. Background. Subsidized employment, such as summer employment opportunities, provides valuable skills and work experience for young people and serves as a stepping stone on the path to unsubsidized employment. As Summer 2012 approaches, the Employment and Training Administration (ETA) and ACF encourage partnerships between state, local and tribal workforce areas, TANF jurisdictions, State CSBG offices, and local CSBG entities to create or expand summer youth employment opportunities. In concert with the release of this TEN, ACF is releasing the attached Letter to Commissioners and Information Memoranda to TANF jurisdictions and State CSBG offices encouraging State CSBG offices, local CSBG entities, and TANF jurisdictions to work with state, local, and tribal Workforce Investment Boards to explore ways to coordinate resources in developing or expanding subsidized employment programs. Also where appropriate, programs may co-enroll eligible youth in the TANF and Workforce Investment Act programs so that participants can benefit from additional services such as supportive services, occupational skills training, and other relevant services.

Similar to the encouragement provided in a joint letter by ETA and ACF released on January 19, 2010, http://wdr.doleta.gov/directives/corr_doc.cfm?DOCN=2844, this Training and Employment Notice (TEN) and the attached memoranda reflect the effort of both ETA and ACF to identify and explore areas of collaboration that support training and employment opportunities for low-income youth in the Summer of 2012. It is our hope this summer that this national partnership focused on subsidized employment will be modeled throughout TANF, CSBG and workforce agencies.

3. Action Requested. ETA encourages state, local, and tribal workforce areas to review the attached memoranda and Letter to Commissioners and reach out to TANF jurisdictions, State CSBG offices, and local CSBG entities to discuss partnership opportunities.

4. Inquiries. Questions concerning this TEN should be directed to the appropriate Regional Office or the Division of Indian and Native American Programs.

5. Attachment(s).

- Temporary Assistance for Needy Families Information Memorandum; and
- Community Services Block Grant Information Memorandum.

March 22, 2012

Dear Colleague:

As we look forward to next summer, we know many young people will seek to gain valuable work experience during those months. We want to remind State agencies that they have the potential to expand the job opportunities for low-income youth by allocating Temporary Assistance for Needy Families (TANF) resources to summer youth employment programs and supportive services such as job shadowing and mentoring.

With the availability of the TANF emergency funds during fiscal years 2009 and 2010, we saw State and local TANF agencies throughout America play a crucial role in creating or expanding subsidized youth employment programs that operated during the summer months. TANF agencies entered into key partnerships with State and local Workforce Investment Boards (WIBs) and organizations in their communities, allowing for the combination of resources and effective execution of large jobs programs in a short period of time. By September 2010, 24 States and the District of Columbia created partnerships between their TANF and workforce development agencies to create youth employment programs, and 138,050 youth had been placed in subsidized jobs funded in whole or in part by the TANF Emergency Fund.¹

Over these two summers, we witnessed the benefits that summer youth employment programs can bring to a community: youth were connected to the labor force and were given the opportunity to build new and valuable skills; community members earned needed income, and in turn, supported local economies; and businesses and non-profit organizations were provided with the resources needed to hire employees.

While emergency funds are no longer available, States continue to have the opportunity to use Federal TANF and State maintenance-of-effort (MOE) funds for the creation and expansion of subsidized summer employment programs and additional activities such as job shadowing and mentoring for low-income youth. All expenditures that qualified for Emergency Fund reimbursement remain allowable expenditures, including employer supervision and training costs that can be claimed as third-party MOE.

We encourage State and local TANF agencies to work with WIBs to explore ways to combine resources in developing or expanding subsidized employment programs and related supportive services. Where appropriate, programs may co-enroll youth in the TANF and applicable Workforce Investment Act (WIA) programs so that participants in TANF-funded subsidized employment opportunities can benefit from additional WIA services such as occupational skills training and other relevant services. In addition, we encourage State and local TANF agencies to pursue partnerships with State Community Services Block Grant (CSBG) offices and local CSBG entities to identify opportunities that may exist at the State and local levels for supporting and integrating subsidized employment efforts with life and work skills programs provided by local nonprofit agencies, such as Community Action Agencies.

Please see the Information Memorandum No. TANF-ACF-IM-2012-01, available on the Office of Family Assistance website (<http://www.acf.hhs.gov/programs/ofa/>), for additional guidance on how to target and structure your programming to include subsidized employment and related services.

Additionally, for guidance on how to partner with the CSBG State offices and local CSBG entities, the CSBG Information Memorandum No. 126 can be found on the Office of Community Services website (<http://www.acf.hhs.gov/programs/ocs/csbg/guidance/infomemoranda.htm>).

We appreciate all that you do to help the vulnerable children and families in your States. If you have any questions, please feel free to contact the TANF program manager in your region.

Sincerely,
