3. **Background.** TEN No. 32-15 informed State Workforce Agencies (SWAs) of the requirement to furnish Federal agencies, upon request, with detailed benefit payment data that supports the charges contained in Section B of the ETA 191 report. The detailed benefit payment data must include the following: (1) claimant's name; (2) claimant's social security number; (3) chargeable benefits paid to each claimant; and (4) recoupments, offsets, and other adjustments affecting the quarterly charges. Federal agencies use this detailed benefit payment data to reconcile the charges against the quarterly unemployment compensation billings they receive from the Department. Once detailed benefit payment data is requested, SWAs are required to furnish this data to the Federal agency each quarter. In order to protect the data, it must be password-protected or encrypted in accordance with the state's own policies and procedures.
