

## Program-Specific Differences and Notations

Provision of training in each program must meet their own requirements as described in each program's separate guidance. This section provides clarifications on reporting where an individual program deviates from the broader reporting rules. See Attachment I for a chart of which training types may be funded by each program.

**H. Trade Adjustment Assistance (TAA)**

- a. The definition of enrollment for the purposes of reporting does not affect the enrollment rules for Trade Readjustment Allowances (TRA) under the TAA Program.
- b. TAA considers the provision of ABE or ESL services not in conjunction with training to be training. TAA is the only program that allows for ABE or ESL not in conjunction with training (07) in *Type of Training Service #1* (PIRL 1303), *Type of Training Service #2* (PIRL 1310), or *Type of Training Service #3* (PIRL 1315), as applicable.
- c. Apprenticeship trainings provided under 20 CFR 618.635(c) that are not registered under the National Apprenticeship Act should be reported as On the Job Training (01) in *Type of Training Service #1* (PIRL 1303), *Type of Training Service #2* (PIRL 1310), or *Type of Training Service #3* (PIRL 1315), as applicable.

**I. YouthBuild**

- a. For the WIOA Youth, YouthBuild, REO Youth, and Jobs Corp programs, Occupational Skills Training should always be reported as Youth Occupational Skills Training (10) rather than Occupational Skills Training (06) in *Type of Training Service #1* (PIRL 1303), *Type of Training Service #2* (PIRL 1310), or *Type of Training Service #3* (PIRL 1315), as applicable.

**J. Registered Apprenticeship**

- a. For Type of Training Service #1 (PIRL 1303), Type of Training Service #2 (PIRL 1310), and Type of Training Service #3 (PIRL 1315): If OJT or Skill Upgrading is being provided to an individual as part of a Registered Apprenticeship program, the code value Registered Apprenticeship (09) must be used. This emphasizes both the importance of apprenticeship and the fact that OJT and Skill Upgrading may be components of an apprenticeship program.
- b. If a pre-apprenticeship is provided and includes a training component, it should be reported as a separate training with the applicable training type (typically Occupational Skills Training (06)) for *Type of Training Service #1* (PIRL 1303), *Type of Training Service #2* (PIRL 1310), or *Type of Training Service #3* (PIRL 1315), as applicable.

NFJP's Basic Skills Training is not considered a training for the purposes of reporting in *Type of Training Service #1(WIOA)* (PIRL 1303), *Type of Training Service #2 (WIOA)* (PIRL 1310), or *Type of Training Service #3 (WIOA)*.
