

### Additional Grants.gov Submission Instructions

The following is provided as additional instructions beyond what is already available on the [www.grants.gov](http://www.grants.gov) website. If encountering a problem with [www.grants.gov](http://www.grants.gov), and no resolution is found in any of the other resources, call 1-800-518-4726 or 606-545-5035 to speak to a Customer Support Representative, or email [support@grants.gov](mailto:support@grants.gov).

States are strongly advised to initiate the application submission and validation process via [www.grants.gov](http://www.grants.gov) as soon as possible, and to plan for time to resolve technical problems. Please note that validation does not mean the state's application has been accepted as complete, or has been accepted for review. Rather, [www.grants.gov](http://www.grants.gov) only verifies the submission of certain parts of the application.

**Before** you begin to write the application, the U.S. Department of Labor (Department) strongly recommends initiating and completing the "Get Registered" registration steps at <https://www.grants.gov/register>.

**Before** registering, read through the registration process carefully. These steps can take as many as four weeks to complete, and this time should be factored into plans for timely electronic submission to avoid unexpected delays that could result in the rejection of an application. The [www.grants.gov](http://www.grants.gov) website also contains the Step-By-Step Guide to Organization Registration to help applicants walk through the process.

The next step in the registration process is creating a username and password with [www.grants.gov](http://www.grants.gov) to become an Authorized Organizational Representative (AOR). AORs will need to know the Unique Entity Identifier number of the organization for which they will be submitting applications to complete this process. To read more detailed instructions for creating a profile on [www.grants.gov](http://www.grants.gov) visit <https://www.grants.gov/register>.

After creating a profile on [www.grants.gov](http://www.grants.gov), the E-Biz Point of Contact (E-Biz POC), a representative from the applicant's organization who is the contact listed for System of Award Management (SAM), will receive an email to grant the AOR permission to submit applications on behalf of the organization. The E-Biz POC will then log into [www.grants.gov](http://www.grants.gov) and approve an individual as the AOR, thereby giving the AOR permission to submit applications. To learn more about AOR Authorization, visit <https://www.grants.gov/applicants/applicant-registration>, or to track AOR status, visit <https://www.grants.gov/applicants/grant-applications/track-my-application>.

An application submitted through [www.grants.gov](http://www.grants.gov) constitutes a submission as an electronically-signed application. The registration and account creation with [www.grants.gov](http://www.grants.gov), with E-Biz POC approval, establishes an AOR. When an application is submitted through [www.grants.gov](http://www.grants.gov), the name of the AOR on file will be inserted into the signature line of the application. **State Workforce Agencies must register the individual who is able to make legally binding commitments for the organization as the AOR.** This step is often missed, and it is crucial for valid submissions.

When a registered applicant submits an application with [www.grants.gov](http://www.grants.gov), an electronic time stamp is generated within the system when the application is successfully received by [www.grants.gov](http://www.grants.gov). Within two business days of application submission, [www.grants.gov](http://www.grants.gov) will send the applicant two email messages to provide the status of the application's progress through the system.

- The first email, sent almost immediately, will contain a tracking number and will confirm receipt of the application by [www.grants.gov](http://www.grants.gov).
- The second email will indicate that the application either has been successfully validated or has been rejected due to errors.

If the applicant's registration in SAM is expired, [www.grants.gov](http://www.grants.gov) will reject the application. Only applications that have been successfully submitted in [www.grants.gov](http://www.grants.gov) by the deadline and subsequently successfully validated will be considered. It is the state's responsibility to ensure a timely submission. While it is not required that an application be successfully validated before the deadline for submission, it is prudent to reserve time before the deadline in case it is necessary to resubmit an application that has not been successfully validated in [www.grants.gov](http://www.grants.gov). Therefore, adequate time should be allotted for submission (two business days recommended), and additional time to address any errors and requiring validation upon resubmission (an additional two business days for each ensuing submission).

To ensure consideration, the components of the application must be saved as .doc, .docx, .xls, .xlsx, .rtf, or .pdf files. If submitted in any other format, the applicant bears the risk of compatibility or other issues preventing a state's application from being considered. The Department **will not** attempt to convert the document to an appropriate format or apply any other method to open the document. The Department will notify the state and request the components be resubmitted in one of the formats identified above.

The Department strongly advises applicants to use the various tools and documents, including Frequently Asked Questions, which are available on the "Applicant Resources" page at <https://www.grants.gov/applicants/applicant-faqs>.
