

U.S. Department of Labor Employment and Training Administration Office of Apprenticeship Training, Employer and Labor Services (OATELS) Washington, D.C. 20210	<u>Distribution:</u> A-541 Headquarters A-544 All Field Staff A-547 SD+RD+SAC+; Lab.Com	<u>Subject:</u> National Standards of Apprenticeship for Halliburton in the Occupation of Oil Field Equipment Mechanic (Operator I Frac- Acid) <u>Code:</u> 400.1
Symbols: DSNIP/CFV		Action: Immediate

PURPOSE: To transmit to the Office of Apprenticeship Training, Employer and Labor Services (OATELS), Bureau of Apprenticeship and Training (BAT) staff new National Standards of Apprenticeship for Halliburton.

BACKGROUND: OATELS Administrator, Anthony Swoope, adopted and approved the attached National Standards of Apprenticeship as part of the National Apprenticeship System on December 15, 2005. These are national standards for the program registered with OATELS National Office in the occupation of Oil Field Equipment Mechanic (Operator 1 Frac-Acid). Halliburton delivers oil and gas services all over the world to the Energy Industry, a target industry identified in the President's High Growth Job Training Initiative.

A copy of the standards is attached for your information.

If you have any questions, please contact Joseph Jenkins or Charles Vaughan at (202) 693-3813.

ACTION: This Bulletin is being provided to BAT field staff for informational purposes only. The OATELS National Office will be responsible for maintenance and technical assistance regarding this program.

NOTE: This Bulletin is being sent via electronic mail.
