#### CLERK'S NOTE

*This committee print provides a compilation of the enacted text and applicable explanatory material for the Omnibus Appropriations Act, 2009 (H.R. 1105; P.L. 111–8).*

*This Act, which consists of the nine regular annual appropriations bills for fiscal year 2009 that were outstanding from the prior congress, as well as further provisions related to Homeland Security and other matters, is the product of negotiations between the House and Senate Appropriations Committees that took place before its introduction. The compromise measure was introduced as an original bill by Chairman Obey on February 23, 2009 and was passed by the House without amendment two days later.<sup>1</sup> The Senate began consideration on March 2, and passed the bill without amendment by voice vote on March 10.<sup>2</sup> The President signed the legislation on March 11, 2009 and it became Public Law 111–8.*

*Because the measure was pre-negotiated and the final product introduced as an original bill, there is no conference report and no “joint explanatory statement of the managers” for H.R. 1105. Instead, as directed by the House of Representatives,<sup>3</sup> Chairman Obey submitted an Explanatory Statement in the Congressional Record of February 23, 2009.<sup>4</sup> Section 4 of the Act provides that this Explanatory Statement “shall have the same effect with respect to the allocation of funds and implementation of this Act as if it were a joint explanatory statement of a committee of conference.” The text of the Explanatory Statement is reproduced in full in this committee print.*

*For the convenience of users, this print is organized according to the ten divisions of the Act, with the legislative text of each division paired with the applicable portion of the Explanatory Statement.*

<sup>3</sup>H. Res. 92, section 2 (as amended by section 2 of H. Res. 108).

Title I: Department of Labor

Employment and Training Administration

*[CLERK'S NOTE: Reproduced below is the material relating to division F contained in the "Explanatory Statement Submitted by Mr. Obey, Chairman of the House Committee on Appropriations, Regarding H.R. 1105, Omnibus Appropriations Act, 2009"²]*

**DIVISION F—LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS, 2009**

Following is an explanation of the effects of this division (hereafter referred to as the "bill"). Funds for the individual programs and activities within the accounts in this Act are displayed in the detailed table at the end of the explanatory statement for this Act. Funding levels that are not displayed in the detailed table are identified in this explanatory statement.

Section 516 sets forth the reprogramming requirements and limitations for the Departments and agencies funded through this Act, including the requirement to make a written request to the Committees on Appropriations of the House of Representatives and the Senate 15 days prior to reprogramming, or to the announcement of intent to reprogram, funds in excess of 10 percent, or \$500,000, whichever is less, between programs, projects and activities.

Departments and agencies funded in this bill shall submit statements on the effect of this Act to the Appropriations Committees within 45 days of enactment of this Act, pursuant to section 518. The Committees on Appropriations of the House of Representatives and the Senate expect that these statements will provide sufficient detail to show the allocation of funds among programs, projects and activities, particularly in accounts where the final appropriation is different than that of the budget request. Further, these statements shall also include the effect of the appropriation on any new activities or major initiatives discussed in the budget justifications accompanying the fiscal year 2009 budget.

**TITLE I—DEPARTMENT OF LABOR**

**EMPLOYMENT AND TRAINING ADMINISTRATION**

**TRAINING AND EMPLOYMENT SERVICES**

The bill includes \$3,626,448,000 for Training and Employment Services, which is \$50,180,000 above the fiscal year 2008 funding level and \$565,525,000 above the budget request.

The bill continues the funding for Community-Based Job Training grants within the Dislocated Worker Assistance National Re-

<sup>2</sup>This Explanatory Statement was submitted for printing in the *Congressional Record* on February 23, 2009, prior to House consideration of the bill and as directed by the House of Representatives in section 2 of H. Res. 92 (as amended by section 2 of H. Res. 108). The Statement appears in the February 23 *Congressional Record*, beginning on page H1653.

serve. Within the funds provided for the Community-Based Job Training Initiative (CBJTI), the Department of Labor (DOL) should provide priority consideration to worker training programs for the energy efficiency and renewable energy industries specified in the Green Jobs Act of 2007. A similar priority should be established in awarding competitive grants for high growth industries. Consultation with the Committees on Appropriations of the House of Representatives and the Senate prior to the issuance of CBJTI and high growth industry solicitations of grant applications is requested.

The amount provided for YouthBuild will allow for the selection of additional YouthBuild grantees. The Department is encouraged to incorporate a priority for use of green building techniques in its competitive selection of additional YouthBuild programs. The Department also should explore ways to expand assistance to YouthBuild programs to enhance their ability to teach green building techniques, to prepare youth for employment in green construction while increasing the energy efficiency of local housing. The Department should provide recommendations to the Committees on Appropriations of the House of Representatives and the Senate on how this type of assistance could be expanded beyond the current DOL grantees.

The bill includes new language that will allow YouthBuild grantees to use grant awards for program year 2009, as well as remaining funds available in program year 2008, to serve individuals who have dropped out of high school and reenrolled in an alternative school, if that reenrollment is part of a sequential service strategy. This is the same integrated approach used when the program was administered by the Department of Housing and Urban Development.

Within the amount provided for Pilots, Demonstrations and Research, the bill designates \$5,000,000 for the continuation of the program of competitive grants to address the employment and training needs of young parents.

Within the amount provided for Pilots, Demonstrations and Research, the bill includes \$41,324,000 for the following projects in the following amounts:

Within the funds provided for Re-integration of Ex-Offenders, the bill designates \$88,500,000 for youthful offender activities. Within the amount provided for youthful offender activities, \$42,900,000 is available to continue a school mentoring initiative that began in program year 2006. These funds are intended to be used to implement mentoring strategies that integrate educational and employment interventions and prevent youth violence. Within this amount, \$7,900,000 shall be used to continue those mentoring grants made with program year 2008 funds, along with the technical assistance that supports these grantees. This amount represents a down payment for continuation costs of those grants made with 2008 funds. The balance of continuation costs associated with those 2008 grants will be provided in fiscal year 2010. Bill language requires \$35,000,000 under the school mentoring initiative to be used for additional grants, and associated technical assistance, to implement mentoring strategies in schools identified as persistently dangerous.

Also within the amount provided for youthful offender activities, \$45,600,000 is available for other activities to support the employment needs of youthful offenders so as to prevent them from re-entering the criminal justice system. Of this amount, \$20,000,000 is included for a program of new competitive awards for activities that prepare young ex-offenders and school dropouts for employment. This competition should address the needs of minority communities, and shall include opportunities for national and regional intermediaries with demonstrated capacity to serve young offenders to apply. Funds not used for this new competition are available for continuation funding for existing grantees.
