Notes:

- \* ETA estimates the state/local split for newly available FY funds because financial reports are not yet available.
- Data come from WIA 9130 financial reports for the 9/30/15 reporting period accessed from E-Grants on 04/19/16.
- Aberrations, such as negative expenditure rates or those over 100%, usually result from errors or adjustments in 9130 reporting for prior periods being corrected in current period reports. They are a result of reporting on a cumulative basis and an ETA policy that limits the States's and Territories's ability to correct quarterly reports.

Notes:

- \* ETA estimates the state/local split for newly available FY funds because financial reports are not yet available.
- Data come from WIA 9130 financial reports for the 9/30/15 reporting period accessed from E-Grants on 04/19/16.
- Aberrations, such as negative expenditure rates or those over 100%, usually result from errors or adjustments in 9130 reporting for prior periods being corrected in current period reports. They are a result of reporting on a cumulative basis and an ETA policy that limits the States's and Territories's ability to correct quarterly reports.

Notes:

- Data come from WIA 9130 financial reports for the 9/30/15 reporting period accessed from E-Grants on 04/19/16.
- Aberrations, such as negative expenditure rates or those over 100%, usually result from errors or adjustments in 9130 reporting for prior periods being corrected in current period reports. They are a result of reporting on a cumulative basis and an ETA policy that limits the States's and Territories's ability to correct quarterly reports.

Notes:

\* ETA estimates the state/local split for newly available FY funds because financial reports are not yet available.  
- Data come from WIA 9130 financial reports for the 9/30/15 reporting period accessed from E-Grants on 04/19/16.

- Aberrations, such as negative expenditure rates or those over 100%, usually result from errors or adjustments in 9130 reporting for prior periods being corrected in current period reports. They are a result of reporting on a cumulative basis and an ETA policy that limits the States's and Territories's ability to correct quarterly reports.

Notes:

\* ETA estimates the state/local split for newly available FY funds because financial reports are not yet available.

- Data come from WIA 9130 financial reports for the 9/30/15 reporting period accessed from E-Grants on 04/19/16.

- Aberrations, such as negative expenditure rates or those over 100%, usually result from errors or adjustments in 9130 reporting for prior periods being corrected in current period reports. They are a result of reporting on a cumulative basis and an ETA policy that limits the States's and Territories's ability to correct quarterly reports.

Notes:

\* ETA estimates the state/local split for newly available FY funds because financial reports are not yet available.

- Data come from WIA 9130 financial reports for the 9/30/15 reporting period accessed from E-Grants on 04/19/16.

- Aberrations, such as negative expenditure rates or those over 100%, usually result from errors or adjustments in 9130 reporting for prior periods being corrected in current period reports. They are a result of reporting on a cumulative basis and an ETA policy that limits the States's and Territories's ability to correct quarterly reports.
