#### **Budget Summary**

The FY 2026 request for the Department of Labor (DOL or Department) is \$8.6 billion in discretionary budget authority and 10,821 full-time equivalent employees (FTE), with additional mandatory funding and FTE.

DOL serves workers, job seekers, and retirees by helping them improve their skills, find work, and get back on their feet after job loss, injury, or illness; and by safeguarding their working conditions, health and retirement benefits, and pay. Workers are the backbone of the American economy, and the Nation needs a skilled and competitive workforce to keep the economy growing. Accordingly, the Budget makes targeted investments in evidence-based programs to help workers remain competitive and gain access to family-sustaining jobs.

The FY 2026 Budget also reflects the Administration's commitment to national security, trade, and fiscal responsibility. The Budget focuses the Department on its highest priority functions and disinvests in programs that are wasteful, duplicative, unproven, non-essential, or ineffective.

For each program, the Budget considers whether the governmental service provided could be provided better by State or local governments (if provided at all). Just as the Federal Government has intruded on matters best left to American families, it has intruded on matters best left to the levels of government closest to the people, who understand and respect the needs and desires of their communities far better than the Federal Government ever could.

#### **Making America Skilled Again**

President Trump puts American Workers First. The FY 2026 Budget is a key vehicle for the Trump Administration's efforts to renew the American Dream by revitalizing and reshaping the Nation's workforce into a highly skilled powerhouse of potential. American workers are the best in the world, and they deserve a highly effective workforce development system to help them acquire the skills they need to thrive in a booming economy.

To achieve the Department's mission of helping American workers gain and maintain family-sustaining careers and supporting a skilled American workforce that meets the needs of job-creators, we must continue to close the skills gap. This budget seeks to do so in a cost-effective manner by investing in proven programs while eliminating activities that are ineffective or unproven.

• The current patchwork of workforce development programs – a mixture of formula and competitive programs, each with its own programmatic and performance requirements – creates an inefficient system that complicates implementation and makes it more challenging for States and communities to respond to their workforce needs to support broader economic growth. In service of more efficient administration and improved outcomes, the Budget consolidates 11 DOL workforce development programs into a single Make America Skilled Again (MASA) grant program. The Budget provides \$3.0 billion for the MASA grant program. This simplified structure will allow program administrators to spend less time and money complying with Federal requirements and

2

instead focus on driving toward more effective approaches and improved outcomes for workers. To help realize President Trump's commitment to reach one million active apprentices, the Budget requires that MASA grantees spend at least 10 percent of their funds on Registered Apprenticeship activities, guaranteeing funding for this highly effective training model.

- The Federal-State Unemployment Insurance (UI) system offers crucial income replacement to workers who have lost a job through no fault of their own, as well as macroeconomic support during downturns. The Budget includes \$2.8 billion for grants to States to administer the UI program. Under the prior Administration, the UI system became a target for sophisticated fraudsters who stole billions of tax-payer dollars. The Budget provides a \$25 million increase for UI National Activities to support DOL's continued commitment to improving identity verification services for States, a key strategy to fighting fraud. The Department stands ready to work with Congress to improve program integrity in the UI program.
- The Department is committed to balancing the budget by eliminating wasteful and ineffective programs. As part of this effort, the FY 2026 Budget eliminates Job Corps and requests \$176 million for closeout costs to execute an orderly shutdown of the program. Given Job Corps' poor performance outcomes – graduating less than a third of students at an average cost of \$188,000 per graduate – the Budget prioritizes investment in more cost-effective, flexible, and locally driven training programs, such as the newly created MASA grants. The Budget also eliminates the Community Service Employment for Older Americans (CSEOA) program, which has difficulty transitioning even one-third of its participants into unsubsidized employment.
- The Budget invests in our Nation's veterans, transitioning service members, and their spouses by better assisting their transitions from active duty to civilian life. The Budget provides funding for the Veterans' Employment and Training Service's (VETS) core programs, which help improve skills and provide employment opportunities for veterans across the country. It also shifts duties to monitor contractor compliance with the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (VEVRAA) from the Office of Federal Contract Compliance Programs (OFCCP) to VETS, a more efficient and appropriate way to ensure veterans have access to the good-paying jobs that they deserve.

#### **Protecting American Workers**

American workers deserve a fair, safe, and healthful workplace. DOL is committed to protecting the safety and financial security of all workers by fully and fairly enforcing the law while helping employers follow the law. The Department also ensures that American workers are not unfairly displaced or disadvantaged by immigrant workers.

<sup>&</sup>lt;sup>1</sup> "US Department of Labor Releases New Job Corps Transparency Report," April 25, 2025. U.S. Department of Labor. https://www.dol.gov/newsroom/releases/eta/eta20250425

- The Budget provides \$1.6 billion in discretionary resources to protect workers' health and safety, wages, and retirement. With these resources, the Department's worker protection agencies will prioritize compliance assistance to help keep American workers safe, healthy, and working. The Department is also committed to delivering on President Trump's deregulatory agenda by quickly removing unnecessary, burdensome regulations that hamstring businesses and limit economic growth for all Americans.
- President Trump's Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity, provided a clear message to federal contractors that illegal DEI practices will not be tolerated. With this main oversight activity of OFCCP prohibited, the Budget eliminates OFCCP and transfers its statutory program areas to other agencies. As discussed above, VETS will enforce VEVRAA, while the Budget proposes to transfer enforcement of Section 503 of the Rehabilitation Act of 1973 to the Equal Employment Opportunity Commission (EEOC). This realignment of responsibilities will ensure consistent oversight while shrinking the Federal bureaucracy.
- The Budget maintains \$49 million in funding for the Office of Labor-Management Standards (OLMS) to help the agency maintain effective oversight of unions' compliance with their statutory reporting requirements. This funding will strengthen protections for union members by supporting audits and investigations to uncover flawed officer elections, fraud, and embezzlement.

#### **Restoring Government Efficiency**

In addition to the above changes to restore fiscal discipline and eliminate wasteful spending, the Budget takes further steps improve efficiency.

- The Budget reorganizes the Bureau of Labor Statistics (BLS), the Census Bureau, and the Bureau of Economic Analysis into a single statistical agency at the Department of Commerce. This proposal aims to leverage data collection and analysis synergies, increase cost-effectiveness, improve data quality, and reduce respondent burden.
- The Budget eliminates the Women's Bureau (WB), an ineffective policy office that is a relic of the past. The Department will work with Congress to craft a repeal package of WB's organic statutes, including the Women in Apprenticeship in Non-Traditional Occupations grant authorization. Apprenticeship work will be handled by the Employment and Training Administration.
- Consistent with putting American Workers First, the Budget streamlines the Bureau of International Labor Affairs (ILAB), reorienting it to focus on its core work of enforcing the labor provisions of trade agreements, ensuring that American workers and businesses benefit from international trade. The Budget provides \$70 million to ILAB, including \$38 million in grant funding, while restoring ILAB's emphasis on benefiting American workers.

• The Budget's request for the Department's IT Modernization appropriation is limited exclusively to funding for the Departmental Support Systems budget activity. This defunds the IT Infrastructure Modernization budget activity, a reduction of \$22 million. In addition to saving money, this reduction eliminates redundancy as the Department has other levers for funding IT modernization projects.

| FY                                  | 2026 DOL Bud | lget Request |        |         |  |  |  |  |  |  |

#### EMPLOYMENT AND TRAINING ADMINISTRATION

The Employment and Training Administration (ETA) administers federal workforce development and worker dislocation programs and issues grants to States for Unemployment Insurance (UI) administration. These services are primarily provided through State and local workforce development systems with support from federal and other funding sources. ETA's budget aims to streamline these programs, decrease improper payments, and provide State and local governments with the flexibility to administer programs to meet the needs of their workforce and economy. ETA plays an important role in ensuring that American workers are equipped with the skills and opportunities they need to succeed and are prioritized for jobs over foreign workers.

The FY 2026 President's Budget prioritizes more efficient administration and improved outcomes by consolidating 11 workforce development programs into a single Make America Skilled Again (MASA) grant program that would provide funding directly to States and localities. The Budget invests \$2,965,905,000 in the newly created MASA grant program to give States and localities the flexibility to respond to their workforce needs in a way that makes sense without having to apply for and manage multiple Federal programs.

The current structure of formula and competitive programs, with their attendant programmatic and performance requirements, makes it administratively burdensome for States to respond to their workforce needs. The new MASA grant program will reduce the administrative burden on States by creating one workforce development program that will allow States and localities to determine how best to serve workers and employers in their areas, ensuring high performance by holding grantees accountable for the employment outcomes of the people they serve. The MASA grant maintains support for evidence-based programs by requiring that a minimum of 10 percent of MASA grantee expenditures are on Registered Apprenticeship activities, ensuring dedicated funding for this highly effective training model.

The Budget eliminates discrete funding streams for the following programs in favor of the flexible, consolidated MASA grant: WIOA Adult; WIOA Dislocated Worker; WIOA Youth; Employment Service State Grants; Dislocated Worker National Reserve, including Strengthening Community Colleges, Workforce Opportunity for Rural Communities, and other set-asides; Apprenticeship; YouthBuild; National Farmworker Jobs Program; Indian and Native American Programs; Reentry Employment Opportunities; and Workforce Date Quality Initiative. The Budget also proposes the elimination of the Job Corps program and requests funding for closeout costs to execute an orderly shutdown of the program.

Similarly, the Budget proposes to eliminate the Community Service Employment for Older Americans (CSEOA) program. The program has consistently failed at its goal of moving seniors to unsubsidized, gainful employment and is not cost-effective compared to other job training interventions.

To adjust to the new lower administrative costs of the proposed reorganization of workforce development programs, the President's Budget will provide \$134,920,000 to ETA's Program Administration. This is a reduction of \$37,995,000 below the FY 2025 Enacted amount. As ETA

continues to reduce the number of workforce development programs and devolve more control to States and localities, the administrative capacity needed by ETA will also be reduced.

The Budget aims to restore program integrity in the UI system. It includes increases of \$79,000,000 for the Reemployment Services and Eligibility Assessments budget activity, and \$25,000,000 for the UI National Activities budget activity to sustain the national identity verification offering launched by the Department. These identity proofing services include both online and in-person verification options that can significantly reduce fraud and overpayments resulting from identity fraud.

By prioritizing cost-effective programming and outcomes for workers, ETA's FY 2026 Budget reflects the Department's commitment to equipping American workers with the skills they need to thrive in the labor market.

#### TRAINING AND EMPLOYMENT SERVICES

| Total Budget Authority                                | 4,006,421              | 3,898,587       | 2,965,905              |

Note: 2024 reflects actual FTE. Does not reflect rescissions of prior year advances.

The FY 2026 President's Budget proposes to restructure the Training and Employment Services (TES) appropriation to consolidate the following workforce development programs into a new single Make America Skilled Again (MASA) grant: Adult Employment and Training Activities; Youth Activities; Dislocated Worker Employment and Training Activities; Dislocated Worker National Reserve; Indian and Native American Programs; National Farmworker Jobs Program; Reentry Employment Opportunities; Apprenticeship; Workforce Data Quality Initiative; and YouthBuild.

The current patchwork of Federal training programs is burdensome for States and localities to implement and leads to duplication and high administrative overhead. States and localities are forced to navigate a mix of formula and competitive grants, with rigid requirements that create significant administrative burdens. These constraints limit their ability to quickly respond to local workforce needs, diverting resources away from serving American workers. To promote more efficient administration and improved outcomes, the Budget consolidates these programs—

as well as the Employment Service State Grants in the State Unemployment Insurance and Employment Service Operations appropriation—into a single Make America Skilled Again (MASA) grant program.

#### Make America Skilled Again

In an effort to eliminate bloated bureaucracy, remove administrative burden, and improve the quality of training for American workers, the Department will invest \$2,965,905,000 in the MASA grant program. MASA will give states and localities the flexibility to respond to their workforce needs in a way that makes sense without having to apply for and manage multiple Federal programs, ensuring high performance by holding grantees accountable for the employment outcomes of the people they serve. MASA will continue to support the highly effective training model of registered apprenticeship by requiring that a minimum of 10 percent of MASA grant funds are spent on apprenticeship activities.

#### JOB CORPS

|                        | 2024<br><u>Enacted</u> | 2025<br><u>Enacted</u> | 2026<br><u>Request</u> |
|------------------------|------------------------|------------------------|------------------------|
| Operations             | 1,603,325              | 1,603,325              | 90,000                 |
| Construction           | 123,000                | 123,000                | 61,000                 |
| Administration         | 33,830                 | 33,830                 | 25,370                 |
| Total Budget Authority | 1,760,155              | 1,760,155              | 176,370                |
| Total FTE              | 131                    | 119                    | 91                     |

Note: 2024 reflects actual FTE.

The Budget eliminates Job Corps because it is financially unsustainable, has an exorbitant perparticipant cost, risks the safety of young adults, and has often made participants worse off. Instead, the Budget prioritizes investment in more cost-effective and flexible training programs, such as the newly created Make America Skilled Again (MASA) grant.

The Department requests \$90,000,000 for Job Corps Operations for programmatic closure activities; \$61,000,000 for Job Corps Construction for environmental remediation, demolition, and related property disposal costs; and \$25,370,000 and 91 FTE for Job Corps Administration to execute an orderly shutdown of the program. This funding level will allow Job Corps to maintain the staffing needed to provide the effective oversight of the closure of all center locations.

#### COMMUNITY SERVICE EMPLOYMENT FOR OLDER AMERICANS

| Total Budget Authority                           | 405,000                | 405,000         | 0                      |
|--|------------------------|-----------------|------------------------|
| Community Service Employment for Older Americans | 405,000                | 405,000         | 0                      |
|  | 2024<br><u>Enacted</u> | 2025<br>Enacted | 2026<br><u>Request</u> |

Note: 2024 reflects actual FTE.

The FY 2026 Budget proposes the elimination of the Community Service Employment for Older Americans (CSEOA) program, also known as the Senior Community Service Employment Program (SCSEP). While the program provides some income support to about 60,000 individuals each year, it fails to meet its goal of moving seniors to unsubsidized, gainful employment. Seniors would be better served by programs operated by state and local governments, with proven track records of increasing wages.

#### FEDERAL UNEMPLOYMENT BENEFITS AND ALLOWANCES

Note: 2024 reflects actual FTE.

The Trade Adjustment Assistance (TAA) program assists U.S. workers who have lost their jobs as a result of foreign trade. The Trade Adjustment Assistance Reauthorization Act (TAARA) of 2015 reauthorized TAA through June 30, 2021 (2015 Program). Beginning on July 1, 2022, the TAA program entered a phase-out termination, under which the Department can only provide TAA benefits and services to workers covered by petitions certified prior to July 1, 2022, who were also adversely affected (totally or partially separated or threatened with separation) prior to that date.

The FY 2026 Budget request for TAA is \$50,300,000 to carry out the termination provisions. This request includes \$12,000,000 for Trade Readjustment Allowances, \$37,800,000 for Training and Other Activities, and \$500,000 for Alternative/Reemployment Trade Adjustment Assistance.

### STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

|   | 2024<br><u>Enacted</u> | 2025<br><u>Enacted</u> | 2026<br><u>Request</u> |
|---|------------------------|------------------------|------------------------|
| Unemployment Insurance  | 3,159,635              | 3,165,635              | 3,269,635              |

Note: 2024 reflects actual FTE. All years exclude FTE funded from H-1B fees.

The State Unemployment Insurance and Employment Service Operations (SUIESO) account provides funding to support the UI system, including State Administration, Reemployment Services and Eligibility Assessments (RESEA), and National Activities.

The SUIESO account also funds Employment Service National Activities, which includes administration of the Work Opportunity Tax Credit (WOTC) and Technical Assistance and Training for Employment Service Activities; the Foreign Labor Certification (FLC) Program including FLC Federal Administration and FLC State Grants; and Workforce Information-Electronic Tools-System Building.

Unemployment Insurance

The Federal-state UI program provides temporary, partial wage replacement to workers temporarily or permanently laid off from their jobs.

States administer the UI program directly. The major functions performed by the states are: (1) determining benefit entitlement; (2) paying benefits; and (3) collecting state UI taxes from employers. The states also administer federal programs for payments to former federal military and civilian personnel; claimants who qualify for extended or special federal unemployment benefits; workers certified under the Trade Adjustment Assistance and Reemployment Trade Adjustment Assistance programs; and individuals unemployed due to disasters.

The FY 2026 Budget request for UI State Administration is \$2,759,635,000, level with FY 2025 Enacted funding. During the year, states are expected to collect \$46.7 billion in state unemployment taxes and pay an estimated \$41.2 billion in federal and state UI benefits to 5.9 million beneficiaries. The request continues the contingency reserve language that provides for additional funds to meet unanticipated UI workloads.

The FY 2026 Budget includes \$467,000,000 for RESEA, which combines reemployment services with an assessment of claimants' continuing eligibility for UI benefits. This request level consists of \$117,000,000 in base funding and \$350,000,000 in allocation adjustment. Research has shown that the approach of combining eligibility assessments and reemployment services reduces UI duration and saves UI trust fund resources by helping beneficiaries find jobs faster and eliminating payments to ineligible individuals.

UI National Activities provides funds to support states collectively in administering their state UI programs. The FY 2026 Budget request for UI National Activities is \$43,000,00, which includes \$25,000,000 for identity verification program integrity activities.

#### **Employment Service**

The FY 2026 Budget proposes to eliminate discrete funding for Employment Service State Grants along with several other grant programs in ETA's Training and Employment Services appropriation, consolidating funding for workforce development in the Make America Skilled Again (MASA) grant program. This model will replace the current patchwork of formula and competitive workforce programs with a simplified structure that improves outcomes for workers and efficiency for program administrators.

The Budget continues to request funding for the ES National Activities appropriation, which provides funding to support the Work Opportunity Tax Credit (WOTC) program and technical assistance activities. The WOTC program provides a federal tax incentive to employers that hire individuals who face significant barriers to employment. Technical assistance resources support online and in-person assistance for states to implement promising strategies in addressing the skills mismatch and speeding reemployment of the long term unemployed, as well as increasing employment opportunities for all populations. In FY 2026, the Department is requesting \$17,500,000 for ES National Activities. This is a decrease of \$7,500,000 compared to the FY 2025 Enacted funding level, reflecting the expiration of WOTC in December 2025.

#### Foreign Labor Certification

The foreign labor certification program is critical to maintaining the integrity of the employment-based immigration system, requiring companies to test the labor market for qualified American workers for any vacancies they ask to fill with foreign nationals, and protecting American workers from the adverse effects of hiring foreign labor. The programs currently administered by the Office of Foreign Labor Certification (OFLC) include the: immigrant Permanent Labor Certification Program (commonly referred to as PERM or the "Green Card" program); non-immigrant H-1B and H-1B1 Specialty Occupations Programs; E-3 Specialty Worker Program; H-2A Temporary Agricultural Worker Program; H-2B Temporary Non-agricultural Worker Program; D-1 Longshore Crewmember Program; CW-1 CNMI-only Transitional Worker Program; and Determination of Prevailing Wages.

For FY 2026, the Department requests \$58,528,000 and 200 FTE for Federal Administration, with additional FTE funded from H-1B fees. These resources will support the operation, management, and oversight of OFLC programs. The Budget includes a decrease of \$2,000,000, reflecting staff attrition in OFLC. Additionally, the Department requests \$23,282,000 to support State Workforce Agencies' (SWA) foreign labor certification activities. Under the State Grants budget activity, the Department provides annual grants to SWAs in the 50 states and U.S. territories to fund employment-based immigration activities that are required components of the various OFLC programs.

#### Workforce Information-Electronic Tools-System Building

The resources supported through this line item are foundational to creating innovative workforce strategies and ensuring a skilled workforce for high demand and emerging industries and occupations.

Program activities include: 1) collecting, producing, and analyzing workforce information through activities such as state and local employment projections for occupations and industries; 2) collecting information on the skills necessary to perform work in occupations; and 3) disseminating information through Web-based guidance on how to search for work; where to obtain employment counseling; how to identify related education, workforce development, credentials, or licenses to qualify for careers; and where to find relevant course offerings.

In FY 2026, the Department requests \$52,893,000 to support workforce information grants to states, the ongoing operation and maintenance of the suite of online career tools, and performance reporting systems.

#### ADVANCES TO THE UNEMPLOYMENT TRUST FUND

|                        | 2024           | 2025           | 2026           |
|------------------------|----------------|----------------|----------------|
|                        | <u>Enacted</u> | <u>Enacted</u> | <u>Request</u> |
| Total Budget Authority | 0              | 0              | 0              |

Note: 2024 reflects actual FTE.

This account makes available funding for repayable advances (loans) to two accounts in the Unemployment Trust Fund (UTF): the Extended Unemployment Compensation Account (EUCA), which pays the federal share of extended unemployment benefits; and the Federal Unemployment Account (FUA), which makes loans to states to fund unemployment benefits. In addition, the account has provided repayable advances to the Black Lung Disability Trust Fund (BLDTF) when its balances proved insufficient to make payments from that account. The BLDTF now has authority to borrow directly from the Treasury under the trust fund debt restructuring provisions of Public Law 110-343. Repayable advances are shown as borrowing authority within the UTF or the BLDTF, and they do not appear as budget authority or outlays in the Advances to the Unemployment Trust Fund and Other Funds account.

This account also makes available funding as needed for non-repayable advances to the Federal Employees Compensation Account (FEC Account) to pay the costs of unemployment compensation for former federal employees and ex-servicemembers, to a revolving fund from which the Employment Security Administration Account (ESAA) may borrow to cover administrative costs, and to the Federal Unemployment Benefits and Allowances (FUBA) account to pay the costs of benefits and services under the Trade Adjustment Assistance for Workers (TAA) program. These non-repayable advances show as budget authority and outlays in the Advances account.

Advances were not needed for the FUA and EUCA accounts in FY 2024, and the Department estimates that no advances will be necessary in FY 2025 or FY 2026. Due to the potential need for significant and somewhat unpredictable advances to various accounts, this request assumes continuation of the Advances appropriations language providing "such sums as may be necessary" authority to permit advances should they become necessary.

#### PROGRAM ADMINISTRATION

| Total Budget Authority  | 172,915                | 172,915                | 134,920                |
| Total FTE               | 664                    | 634                    | 433                    |

Note: 2024 reflects actual FTE.

The Program Administration (PA) appropriation provides for the federal administration of most Employment and Training Administration (ETA) programs. Federal staff provide leadership and policy direction, oversight and performance management, technical assistance to grantees, administrative infrastructure and customer-oriented workforce tools, funds management, and administration for programs under the Workforce Innovation and Opportunity Act (WIOA), the National Apprenticeship Act, Older Americans Act, and the Trade Act of 1974. The PA appropriation also finances staff to carry out similar responsibilities for Unemployment Insurance (UI), the Employment Service (ES), and the Work Opportunity Tax Credits (WOTC). Federal staff provide administrative support for financial management and administrative services, including grant management services for the entire Department. The PA account provides funds to support information technology (IT) costs as well.

The FY 2026 request is \$134,920,000 and an estimated 433 direct full time equivalent (FTE) positions. The reduced funding level accounts for ETA's lower administrative capacity needs given the Make America Skilled Again (MASA) grant consolidation proposal. Lower burden on States and localities also lowers the burden for Federal administration.

- 1/ All Advance Appropriation information is shown in the year in which it is authorized to be spent. [Affects all fiscal years]
- 2/ The CEO Transfer for FY 2024 was \$19,000M, of which \$4,768M from TES Advances is shown on this table. The TES Youth Activities, TES Reemployment Opportunities, TES Apprenticeship, TES YouthBuild, CSEOA, OJC Operations, and SUIESO UTF portions are not shown as transfers of budget authority in MAX or this table as they were executed in FY 2024 using unobligated balances in the 23/24 accounts.
- 3/ The Program Integrity (PI) transfer in FY 2024 was \$2.011M. It was transferred to the FY 2024 (single-year period of availability) account. The entirety of this transfer is shown on this table from TES Advances.

  These were transfers of budget authority and are displayed as such in MAX and on this table.
- 4/ The Bipartisan Budget Act of 2018 (P.L. 115-123; 132 STAT. 131-132) provided up to \$433M in RESEA adjustment funding for FY 2024; \$533M for FY 2025; and \$608M for FY 2026. The Fiscal Responsibility Act of 2023 (P.L. 118-5) revised the RESEA adjustment funding to \$265M for FY 2024 and \$271M for FY 2025. This funding does not count against the overall discretionary spending limits for the Federal budget.
- 5/ FY 2024 through FY 2026 amounts in this table include applicable sequestration as shown in MAX. Current Year and Budget Year amounts in the FY 2026 CBJ exclude sequestration.
- 6/ Includes Mandatory Sequestration Pop-Ups. [Affects all fiscal years]
- 7/ Not displayed in MAX. Displayed as a non-add on this table.
- 8/ Reflects anticipated collections for all Fiscal Years.
- 9/ FY 2025 & FY 2026 FUBA amounts in this table differ from amounts within the CBJ, as they include data based on updated economic assumptions and other changes.
- 10/ FY 2024 Revised Enacted is P.L. 118-47 including all reprogrammings and transfers reflected in the Operating Plan.
