## UI REPORTS HANDBOOK NO. 401

### ETA 9128 Reemployment and Eligibility Assessments Activities

#### **B. Purpose**

The ETA 9128 report provides quarterly information on the Reemployment and Eligibility Assessment (REA) activities of claimants who are selected for REAs. REAs provide in-person service in One Stop Career Centers for claimants including the development of an individualized work search plan, appropriate labor market information (LMI) and referral to reemployment services as appropriate. The data on this report allows for evaluation and monitoring of the REA initiative on a national level.

#### **C. Due Date and Transmittal**

The electronically submitted report is due in the ETA National Office on the 20th of the second month following the quarter of reference (May 20, August 20, November 20, February 20).

#### **D. General Reporting Instructions**

Data on this report deals with individuals in the regular Unemployment Insurance program. This includes regular Unemployment Insurance, Unemployment Compensation for Federal Employees (UCFE), and Unemployment Compensation for Ex-Servicemembers (UCX) who are selected for an REA. State Workforce Agencies should assure that systems are in place to collect information on service referrals.

Data are reported for the quarter in which the activity occurred. The activity being reported could occur in one or more quarters after the quarter in which the individual received an REA.

Individuals are generally counted only once in any single service category for either referred and reporting to services.

#### **E. Item by Item Instructions.**

1. Number of first REAs – Enter the number of claimants who were scheduled for their first REA of their current benefit year during the report quarter.
2. Number of REAs scheduled – Enter the number of REAs for which an official notice was sent to the claimant instructing them to report to the One-Stop Career Center. This number includes both those scheduled REAs for which the claimant reported as directed and those scheduled REAs for which the claimant failed to report. It does not include those REAs that the claimant cancelled in advance and which were rescheduled with no disqualification.
3. Number of REAs completed – Enter the number of completed REAs to which the claimant reported as directed. Include REAs that were conducted for
