The following States are designated as Significant MSFW States for program year (PY) 2023.

Arizona
Arkansas
California
Colorado
Florida
Georgia
Idaho
Iowa
Kentucky
Michigan
Missouri
New Mexico
New York
North Carolina
Ohio
Oregon
Puerto Rico
Texas

Wisconsin

[20 CFR 653.107\(a\)\(4\)](#) requires that in the 20 States with the highest estimated year-round MSFW activity, there must be full-time, year-round outreach staff to conduct outreach duties. For the remainder of the States, there must be year-round part-time outreach staff, and during periods of the highest MSFW activity, there must be full-time outreach staff. All outreach staff must be multilingual, if warranted by the characteristics of the MSFW population in the State, and must spend a majority of their time in the field.

Note: Arkansas, New York, and Wisconsin were not designated as Significant MSFW States in the previous PY but they are designated as Significant MSFW States in PY 2023, which began July 1, 2023. Arkansas, New York, and Wisconsin must comply with the requirements at [20 CFR 653.107\(a\)\(4\)](#) to have full-time, year-round outreach staff by the beginning of the fourth quarter of PY 2023 on April 1, 2024.

¹ Significant MSFW States are those States designated annually by the Department of Labor (the Department) and must include the 20 States with the highest number of MSFW participants. [20 CFR 651.10](#).

Participant means a reportable individual who has received services other than the services described in [20 CFR 677.150\(a\)\(3\)](#), after satisfying all applicable programmatic requirements for the provision of services, such as eligibility determination. [20 CFR 651.10](#).

Significant MSFW State designations in this document will remain applicable until the Department issues a subsequent determination.

- ES offices which the administrator determined must be included due to special circumstances, such as an estimated large number of MSFWs in the service area.
