

Why Use PAWS?

State access to the PAWS system provides additional access to petition and contact data to facilitate workforce system operations. It yields a number of advantages over the general public information provided in order to ensure that state workforce agencies have what they need to identify and serve worker groups.

Improved Petition Workflow

1. Automatically fills in petitioner information
2. Allows for petitions to be drafted
3. Provides address verification
4. Simpler petition workflow
5. Large and unlimited attachments
6. Handles pasting and special characters better

Better Exploration of Petitions

See More Petitions	More Search Options	More Information
<ol style="list-style-type: none">1. Those we haven't started2. Those that were invalid	<ol style="list-style-type: none">1. Search by petitioner names2. Quickly find your own petitions3. Create custom filters and searches	<ol style="list-style-type: none">1. Get Unredacted Petitions2. Access attachments filed with petitions3. See how the petition was filed
