

**Office of Trade Adjustment Assistance**

*When 20 CFR 618 Applies*

**Background:** Due to the entitlement nature of the TAA Program and the nuances of the various amendments to the Trade Act of 1974, workers are, in general, eligible for the benefits and services under the version of the TAA Program under which their group certification was issued. As a result, states must use a combination of administrative guidance and federal regulations to determine which rules apply to which workers. In general, 20 CFR part 618 applies for all workers determined eligible to apply for TAA except for those covered under certain provisions of the Trade Adjustment Assistance Reform Act of 2002 and the Trade and Globalization Adjustment Assistance Act of 2009, for which administrative guidance will continue to apply unless otherwise provided. The tables in this document provide the various regulatory and administrative guidance references to be used by states in determining what rules apply to which workers. Any additional questions should be referred to the appropriate ETA Regional Office.
