

YOUTHBUILD GRANT AWARDS

Overview

On June 10, 2021, Department of Labor (DOL) awarded 68 YouthBuild grants totaling \$89 million to 31 states and Puerto Rico to help youth ages 16-24 who are neither enrolled in school nor participating in the labor market to obtain employment in construction and other in-demand industries. Individual grant awards range from \$700,000 to \$1.5 million each.

Administered by the department's [Employment and Training Administration](#), YouthBuild grants support a pre-apprenticeship model to help these young people learn valuable occupational skills. They will split their time between workplace training and the classroom, where they earn their high school diploma or equivalency degree and prepare for postsecondary opportunities.

Organizations deliver training and employment in several in-demand industries, including construction, where youth put their classroom learning to use in building or rehabilitating affordable housing for low-income or homeless families in their neighborhoods. They also prepare for postsecondary training opportunities, including college, apprenticeships, and employment in other in-demand industries such as healthcare, information technology, manufacturing and logistics, culinary arts and hospitality. YouthBuild includes significant support systems, such as a mentoring, follow-up education, employment, and personal counseling services; and participation in community service and civic engagement.

Award Summary

- \$89 million dollars in YouthBuild funds awarded
- Awards range from \$700,000 to \$1.5 million each.
- Period of Performance: The period of performance for the grants is 48 months, from July 1, 2021 – October 31, 2024.

YOUTHBUILD GRANT AWARDS

American YouthWorks American YouthWorks YouthBuild

Project Title:	American YouthWorks YouthBuild
Construction Plus Model:	Construction, Healthcare, Information Technology, Manufacturing
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum</p> <p>Healthcare: Certified Nursing Assistant (CNA); Community Health Worker (CHW)</p> <p>Information Technology: CompTIA A+; CompTIA IT Fundamentals; Adobe Associate; IC3 Digital Literacy; JavaScript</p> <p>Manufacturing: MSSC Certified Production Technician (CPT); MSSC Certified Logistics Technician (CLT)</p>
Total Funding:	\$1,499,714
Total Match Funding	\$374,929
Grantee City/State:	Austin, TX
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	American YouthWorks YouthBuild (AYW-YB) will recruit and serve 84 low-income, out-of-school, unemployed youth. The project will provide participants with the complex, but effective blend of education integrated with occupational skills training and support services, to prepare them for placement and retention in employment and post-secondary education with post-program support. AYW-YB will continue to work closely with Workforce Solutions-Capitol Area Workforce Board to create and implement a sector-based Construction Plus pre-apprenticeship program to connect opportunity youth to entry-level opportunities in Healthcare, Information Technology, Manufacturing, and the Skilled Trades.
Public Contact Information:	<p>Name: David Clauss</p> <p>Title: YouthBuild Program Director</p> <p>Phone: 512-431-2605</p> <p>E-mail: dclauss@americanyouthworks.org</p>

YOUTHBUILD GRANT AWARDS

AMIkids Baton Rouge, Inc.

AMIkids Baton Rouge YouthBuild Program

Project Title:	AMIkids Baton Rouge YouthBuild Program
Construction Plus Model:	Construction and Healthcare
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum</p> <p>Healthcare: Certified Clinical Medical Assistant, Certified Electronic Medical Records Specialist, Certified Professional Coder</p>
Total Funding:	\$1,500,000
Total Match Funding	\$374,929
Grantee City/State:	Baton Rouge, LA
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>AMIkids Baton Rouge, Inc. will provide a comprehensive pre-apprenticeship style training program to serve 84 youth over the project period. AMIkids Baton Rouge will provide academic training in the form of HiSET test preparation delivered by a Classroom (HiSET) Teacher. Forty percent of participants' daily activity will be focused on learning vocational skills; this will be delivered under the National Center for Construction Education and Research (NCCER) curriculum and OSHA 30-hour curriculum. Youth who participate in the Construction Plus component will attend healthcare industry training at Baton Rouge Community College. In addition, youth will complete the AMIkids Career Prep Academy for job readiness skills and financial literacy skills. AMIkids Baton Rouge will partner with Partners Southeast to gain access to low-income housing construction and renovation projects. After a participant completes all of the elements of the program, he or she will enter a 12-month follow up period. Employer will serve as a One-Stop partner and AMIkids Baton Rouge YouthBuild will refer eligible youth between the agencies.</p>

YOUTHBUILD GRANT AWARDS

Berrien- Cass- Van Buren Workforce Development Board, Inc. Benton Harbor YouthBuild

Project Title:	Benton Harbor YouthBuild
Construction Plus Model:	Construction and Healthcare
Industry Recognized Credential:	Construction: Mosaic Christian Community Development Association (CCDA) Healthcare: Certified Nursing Assistant, Prometric Certification, Dementia Specialist, Restorative Specialist
Total Funding:	\$1,200,000
Total Match Funding	\$300,000
Grantee City/State:	Benton Harbor, Michigan
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	Key aspects of the BH YB program model include: (1) Attainment of High School Equivalency or High School Diploma through participation in learner-centered individualized curricula under the direction of state-certified teachers. (2) Offering of seven industry-recognized credentials through Construction and Construction Plus training that go beyond general career readiness credentials. (3) Hands-on construction training that will result in an affordable housing unit. (4) USDOL Registered Apprenticeship CNA training program with State certification. (5) Inclusion of leadership development in all components and a Youth Leadership Council. (6) Integration of BH American Job Center staff with the YB staff to provide job development support, employer connections, supportive services, and transition services. (7) Robust service-learning opportunities that typically include helping the elderly, children, and community members with food insecurities. (8) Use of Jobs for America’s Graduates (JAG) employability skills training curriculum through a partnership with the Jobs for Michigan’s Graduates (JMG) program. (9) Postsecondary education and vocational training opportunities with educational partners. (10) Post-Program placement, follow-up, and retention services.

YOUTHBUILD GRANT AWARDS

Bibb County School District

Bibb County School District YouthBuild Program

Project Title:	Bibb County School District YouthBuild Program
Construction Plus Model:	Construction, Healthcare, Warehouse and Distribution
Industry Recognized Credential:	<p>Construction: Macon Area Habitat for Humanity, Inc.</p> <p>Healthcare: Certified Nursing Assistant (CNA)</p> <p>Warehouse and Distribution: Forklift Certification</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Macon, GA
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	Bibb County School District will achieve this objective by providing academic enrichment and remediation through SOAR Academy’s Twilight program, along with robust pre-apprenticeship in-demand pathways in partnership with Hutchings College and Career Academy. To provide hands-on experiential learning, while also expanding access to affordable housing in Macon-Bibb County, YouthBuild at SOAR Academy will partner with Macon-Area Habitat for Humanity to complete two new construction projects for local families in need. BCSD established a vision to ensure that “each student demonstrates strength of character and is college and career ready.” In service of the vision, the mission of Bibb County School District is to “develop a highly trained staff and an engaged community dedicated to educating each student for the 21st Century global society.”

YOUTHBUILD GRANT AWARDS

Centers for Equity and Success, Inc. TAYBuild

Project Title:	TAYBuild
Construction Plus Model:	Construction and IT User Interface Design and Software Development
Industry Recognized Credential:	Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, Habitat for Humanity and John Muir Charter School Information Technology (Coding): CompTIA and Google
Total Funding:	\$1,100,000
Total Match Funding	\$275,000
Grantee City/State:	San Francisco, CA
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	Centers for Equity and Success proposes to implement a comprehensive pre-apprenticeship training program for low-income high school drop-outs that provides education, construction training, coding training, and leadership development, in partnership with Habitat for Humanity and John Muir Charter School. Construction training is based on the NCCER curriculum and includes hands on training in the building of two small houses. After 20 weeks of onsite training, participants are placed on one of two affordable housing sites being built by Habitat for Humanity where they receive an additional 500 hours of training over 18 weeks. All construction participants will receive additional training in Construction Math, to ensure they have the skillset to pass entry into union apprenticeships. The project includes a Construction Plus component of training in coding with participants earning certifications from CompTIA and Google. A second phase provides for hands on training building a website or a small app, while a third phase includes an internship in the technology sector.

YOUTHBUILD GRANT AWARDS

Central Carolina Community College Central Carolina Community College YouthBuild

Project Title:	Central Carolina Community College YouthBuild
Construction Plus Model:	Construction, Healthcare, Culinary
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, OSHA Safety Training Courses</p> <p>Healthcare: Nurse Aide I Certification</p> <p>Culinary: ServSafe Certification, CCCC Culinary Essentials Certification</p>
Total Funding:	\$1,499,655
Total Match Funding	\$374,929
Grantee City/State:	Sanford, NC
Population(s) to Be Served:	opportunity youth Ages 16-24 in a rural area
Summary of Program Activities:	<p>CCCC's YouthBuild program will serve 84 students through three career pathways including Construction, Nursing and Culinary Arts. Each pathway will lead to industry-recognized credentials in in-demand careers. These include NCCER Core and OSHA-30 (Construction, Nurse Aide I (Nursing), and Serv-Safe and CCCC Culinary Essentials Certificate (Culinary Arts). Each pathway includes hours in the classroom, lab, and work-based learning with local employers. CCCC's YouthBuild Program provides participants with a unique opportunity to complete their high school education and begin career training while on a college campus. Participants' classrooms/labs are on campus, their instructors are college faculty and their coursework articulates to college credit.</p> <p>Participants can see themselves succeeding in college, because they are already there.</p> <p>CCCC's objectives for the construction pathway include that 90% will exit with pre-apprenticeship skills in construction, 100% will participate in safety training, 80% will earn an OSHA certification, and 100% will participate in at least 50 hours of employability skills training by completion.</p>
Public Contact Information:	<p>Name: Meghan Brown</p> <p>Title: Executive Director of College Access and Strategy</p> <p>Phone: 919-498-4512</p> <p>E-mail: mbrown@cccc.edu</p>

YOUTHBUILD GRANT AWARDS

Central Family Life Center, Inc. YouthBuild IMPACT

Project Title:	YouthBuild IMPACT
Construction Plus Model:	Construction and Healthcare
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, Outreach Training Program (OSHA), NYC Site Safety Training Certification</p> <p>Healthcare: Certified Clinical Medical Assistant, Certified Peer Recovery Advocate, Community Health Worker</p>
Total Funding:	\$1,258,127
Total Match Funding	\$314,531.75
Grantee City/State:	Staten Island, NY
Population(s) to Be Served:	opportunity youth Ages 17-24 in an urban area
Summary of Program Activities:	<p>YouthBuild IMPACT (YBI) will implement academic studies, Construction Skills or Construction Plus training, and Leadership/Community Service to provide local at-risk youth, ages 17-24, with greater opportunity for social and economic mobility. Construction skills training will result in attainment of NCCER certification, a nationally-recognized credential; result in attainment of OSHA-30 certification and NYC Site Safety Training certification; equip youth with the skills and knowledge necessary to (a) use tools safely and competently, (b) search for and secure employment or placement in further education, (c) demonstrate proficiency in construction fundamentals; and result in the completion of 100 affordable housing units in the service area. The Construction Plus (C+) pathway in healthcare. C+ will be implemented through partnership with SI Performing Providers System (SI PPS), a network of over 50 health care, social service, and education providers. SI PPS is a Registered Apprenticeship Program and will offer credentialing in: Certified Nursing Assistant, Certified Peer Recovery Advocate, and Community Health Worker.</p>

YOUTHBUILD GRANT AWARDS

Chicanos Por La Causa, Nevada, Inc.

Chicanos Por La Causa, Nevada Inc. YouthBuild Las Vegas

Project Title:	Chicanos Por La Causa, Nevada Inc. YouthBuild Las Vegas
Construction Plus Model:	Construction, Healthcare, Welding
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, The College of Southern Nevada’s Division of Workforce and Economic Development, Workforce Connections, Southern Nevada’s Workforce Investment Board, Equus, Habitat for Humanity Las Vegas</p> <p>Healthcare: Certified Nursing Assistant</p> <p>Welding: Southern Nevada Local Laborers Training Trust 872, Las Vegas Institute of Welding</p>
Total Funding:	\$1,412,092
Total Match Funding	\$353,023
Grantee City/State:	North Las Vegas, NV
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	YBLV will deploy the YouthBuild USA-approved NCCER curriculum to teach basic building trade skills. All High School Equivalency curriculum is research based and approved by the Nevada Department of Education. An Integrated Basic Education and Skills Training approach is used to facilitate team teaching between educational/occupational program partners. In partnership with CSN DWED and HHLV, this CPLC YBLV proposal includes a plan to construct two attached two-bedroom homes, with HHLV providing the sites and related construction materials. This new construction supports residents in population areas that have higher than national poverty rates. The program will also offer a Construction Plus component in metal works/welding and Certified Nursing Assistant (CNA) program.

YOUTHBUILD GRANT AWARDS

County Corp

County Corp- YouthBuild Dayton

Project Title:	County Corp- YouthBuild Dayton
Construction Plus Model:	Construction, Healthcare, Manufacturing
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, County Corp, The Ohio State Apprenticeship Council</p> <p>Healthcare: Certified Clinical Medical Assistant, Certified Electronic Medical Records Specialist, Certified Professional Coder</p> <p>Manufacturing: Certified Production Technician</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Dayton, OH
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>The Ohio State Apprenticeship Council has designated all three of YouthBuild Dayton’s programs (construction, manufacturing and healthcare) as pre-apprenticeship programs. Participants will be trained in NCCER Core and then have the opportunity to become certified in a regionally recognized credential as a Residential Facilities Maintenance Technician. In manufacturing, participants will earn the MSSC certification as a Certified Production Technician and in healthcare, participants have two options – they may either study in the National Health Career Association (NHA) track where they earn stackable credentials starting with: Phlebotomy Technician, then EKG Technician and then Certified Patient Care Technician. Participants can also pursue a healthcare track which focuses on working with individuals with Developmental Disabilities. With a Construction Workforce Advisory Committee (WAC) comprised of four local construction companies, a Manufacturing WAC of four local manufacturing companies and two Healthcare Workforce Advisory Committees comprised of four local healthcare agencies for the NHA track and three for the OADSP track, County Corp – YouthBuild – Dayton, stays abreast of critical skills employers are seeking in an emerging workforce. This close partnership with local businesses as well as strong relationship with the Ohio Means Jobs Job Center (an American Job Center or one-stop center) provides an extensive network of resources for postsecondary placements.</p>

YOUTHBUILD GRANT AWARDS

Homework Hangout Club, Inc. HHC YouthBuild

Project Title:	HHC YouthBuild
Construction Plus Model:	Construction and Culinary
Industry Recognized Credential:	<p>Construction: OSHA Safety Training Courses, National Center for Construction Education and Research (NCCER) Core Curriculum, ISSA Certified Cleaning Managed Training Standard credentials</p> <p>Culinary: Illinois Food Protection Manager licensing, National Restaurant Association Certified Restaurant Professional</p>
Total Funding:	\$1,299,368
Total Match Funding	\$324,842
Grantee City/State:	Decatur, IL
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>Homework Hangout Club, Inc. will have participants assessed for in house counseling services and other supportive services based on a documented assessment of need. They are also assessed to determine their industry-of-focus while in HHC YouthBuild: the traditional Construction program or the Construction Plus industry: Food Service. Participants will complete the 20-week Education Phase of the project, where they begin GED/ABE instruction and Occupational Skills Training to obtain industry-recognized credentials. After exiting the Education Phase participants enter the work phase, experiencing hands-on learning through either on-the-job construction skills training at HHC worksites (Construction) or placement at collaborating worksite Hazel's Kitchen (Food Service). Upon graduating, they participants receive follow-up services to place them into registered apprenticeships – including within collaborating Building Trades and/or HHC's Building/Maintenance Repair apprenticeship, living-wage employment, and/or postsecondary education. The integration of each of these components develops young adults into disciplined, accountable, employable individuals qualified to enter the targeted industries upon completion.</p>

YOUTHBUILD GRANT AWARDS

Knoxville Leadership Foundation

2021 YouthBuild Construction Plus Project (YB C+)

Project Title:	2021 YouthBuild Construction Plus Project (YB C+)
Construction Plus Model:	Construction, Culinary
Industry Recognized Credential:	<p>Construction: Home Builders Institute Pre-Apprenticeship Certificate Training (PACT) program, Neighborhood Housing, Inc.</p> <p>Culinary: University of Tennessee’s Culinary & Catering Program, National Restaurant Association Education Foundation’s Restaurant Ready certification</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Knoxville, TN
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>Knoxville Leadership Foundation will invest employer and services partners to fully support school dropout and at-risk youth. The program will offer case management, support services, and academic programs at Elm Street Workforce Training Facility, where critical partners are co-located to ensure services are as available as training programs. Youth will begin their career path and gain measurable skills by completing a pre-certification program that provides a stackable credential leading to internships, certificates, apprenticeships, HiSET, and/or two- or four-year college degrees. Pre-certification programs will provide hands-on training and shadowing journeyman tradespeople leading to employment. All youth will complete four core units of the Home Builders Institute’s Pre-Apprenticeship Certificate Training (PACT) program. After completing PACT core, youth can transfer to the Construction Plus University of Tennessee’s Culinary & Catering Program to gain the National Restaurant Association Educational Foundation’s Restaurant Ready certification. Youth remaining in construction will complete PACT Carpentry.</p>

YOUTHBUILD GRANT AWARDS

Lewis and Clark Community College Building Futures

Project Title:	Building Futures
Construction Plus Model:	Construction, Transportation, Distribution, Logistics
Industry Recognized Credential:	<p>Construction: City of Alton, Home Builders Institute Pre-Apprenticeship Certificate Training (PACT) program, OSHA Safety Training Courses</p> <p>Transportation, Distribution and Logistics: Forklift certification, Commercial Driver's License, Highway Construction Careers Training program</p>
Total Funding:	\$1,100,523
Total Match Funding	\$275,130.75
Grantee City/State:	Godfrey, IL
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>Lewis and Clarks Building Futures program will include a Construction Plus approach for the high-demand fields of Computer Careers and Transportation, Distribution & Logistics (TDL). The project will ultimately enhance individual opportunities, create affordable housing, and help the region's economy. Pathway Preparation includes Mental Toughness and Pathway Selection courses. The Career Pathway phase includes contextualized education and occupational skills training in Construction, Computer Careers, or TDL. Students will complete community service projects related to their fields of study, including construction of a new home for a low-income family. Both pathways include OSHA safety and CPR training and lead to the Follow-Up phase, which targets advancing in each pathway through further training, enrolling in college, employment, and follow-up services. A strong support system of case management (ASAP) will follow students through their time in YouthBuild; IBEST and the Mockingbird Education curriculum will guide instruction, and student stipends will be utilized in all three years.</p>

New River-Mount Rogers Workforce Development Area Consortium Pathways to Youth Opportunities

Project Title:	Pathways to Youth Opportunities
Construction Plus Model:	Construction, Healthcare, IT, Manufacturing
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, Home Builders Institute Pre-Apprenticeship Certificate Training (PACT) program</p> <p>Healthcare: Certified Nursing Assistant, Medical Assistant, Pharmacy Technician, Peer Recovery Specialists, Licensed Practical Nurse</p> <p>Manufacturing: Production Technician, Mechatronics Technician, Machinist</p> <p>IT: Computer User Support Specialist, CompTIA IT Fundamentalism, Computer Network Support Specialist</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Radford, VA
Population(s) to Be Served:	opportunity youth Ages 16-24 in a rural area
Summary of Program Activities:	<p>New River-Mount Rogers Workforce Investment Area Consortium intentionally aligns partners, services, and resources to influence positive behavior change and empower youth through employment in meaningful careers. Project activities address barriers that often impede youth from successfully completing postsecondary training, earning credentials, and attaining (and retaining) employment. The program model integrates in-demand, industry-recognized, credential-based training and work readiness skills while providing wraparound services and coaching to promote participant success. These efforts will assist participants in obtaining employment that leads to self-sufficiency along an identified career pathway. The education component includes Foundational, Sector, and technical skills development and strategies that support maximum co-enrollments with local workforce preparation programs. During the Sector Skills component, a Construction Integrated Education and Training program will be offered with an affordable house for low-income families being built in both New River and Mount Rogers. During the Technical Skills component, youth can choose to stay in the construction industry for advanced training or transition into an in-demand occupation in manufacturing, healthcare, or IT.</p>

YOUTHBUILD GRANT AWARDS

North Shore Community Development Coalition, Inc. YouthBuild North Shore

Project Title:	YouthBuild North Shore
Construction Plus Model:	Construction, Healthcare
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, OSHA Safety Training Courses, North Shore Community Development Coalition/ Salem Properties</p> <p>Healthcare: Certified Nursing Assistant</p>
Total Funding:	\$1,254,669
Total Match Funding	\$313,667.25
Grantee City/State:	Salem, MA
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	The North Shore Community Development Coalition is uniquely structured and has been quite successful in developing the first YouthBuild program on the North Shore. NSCDC operates a Construction Plus program with additional training in the much-needed health care industry in partnership with North Shore Community College. YBNS provides the primary construction skills training at the projects where the housing construction worksite training will consist of significant housing rehabilitation. Additional worksite training occurs at the YBNS lab and classroom. The partnerships that have been developed have added strength to the overall effort. All of the partners have been trained and helped develop the current YouthBuild program.

Tree Trust Tree Trust YouthBuild

Project Title:	Tree Trust YouthBuild
Construction Plus Model:	Construction, Arborist/ Tree Care Industry
Industry Recognized Credential:	<p>Construction: Home Builders Institute Pre-Apprenticeship Certificate Training, Twin Cities Habitat for Humanity</p> <p>Arborist/ Tree Care Industry: Tree Care Industry Association's (TCIA) Tree Care Apprentice Certificate</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Saint Paul, MN
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>Tree Trust will train youth with barriers to employment with high-quality occupational training as they pursue their high school diploma. Students will be enrolled in either a pre-apprenticeship Construction program building houses in low-income communities or a Construction Plus Tree Care program focusing on a pre-apprenticeship arborist program. YouthBuild Construction students will learn the skills of an entry-level carpenter and obtain the Home Builders Institute Pre-Apprenticeship Certificate Training (HBI PACT) credential. YouthBuild Tree Care students will learn the skills of an entry-level tree care worker using curriculum from the Tree Care Industry Association (TCIA) to earn the TCIA Tree Care Apprentice Certificate, which is the initial industry-recognized certification in the TCIA Tree Care Academy. Staff will work with participants to establish an individual development plan (IDP) based on their goals. With the IDP as a guide, staff provide case management, career exploration, employment readiness training and introductions to apprenticeship and post-secondary programs.</p>

YOUTHBUILD GRANT AWARDS

Valencia College Osceola Campus Greater Orlando YouthBuild Plus (GO-YB+)

Project Title:	Greater Orlando YouthBuild Plus (GO-YB+)
Construction Plus Model:	Construction, Healthcare, Logistics
Industry Recognized Credential:	<p>Construction: OSHA Safety Training Courses, Habitat for Humanity of Greater Orlando & Osceola County</p> <p>Healthcare: Front Office Medical Specialist</p> <p>Logistics: Warehouse Logistics Specialist, Forklift, Manufacturing Skill Standards Council (MSSC) Certified Logistics</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Kissimmee, FL
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	Valencia College (VC) has strong connections to industry partners who identify current employment needs and assist in curriculum development. VC selected the targeted area due to high unemployment and poverty rates, and the need for educational pathways to credentials and employment opportunity. Participants will develop the academic and occupational skills needed to obtain a GED (General Education Diploma) and industry certifications. Construction Plus programs include healthcare and logistics tracks. All programs provide a project-based learning environment, service-learning opportunities, support services and, due to strong industry partnerships, a network of multiple employment opportunities for graduates.

YOUTHBUILD GRANT AWARDS

Youth Over Us, Inc. Franklin County YouthBuild

Project Title:	Franklin County YouthBuild
Construction Plus Model:	Construction, Healthcare
Industry Recognized Credential:	<p>Construction: OSHA Safety Training Courses</p> <p>Healthcare: Phlebotomist, EKG/ ECG Cardiovascular Technologist, State-Trained Nursing Assistant (STNA), Patient Care Technician</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Columbus, OH
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>Youth Over Us make sure graduates have maximum opportunity for job opportunities available under HUD Section 3. The program has found students' Section 3 status to be a real barrier to placement when working with large employers. As a result, staff have worked hard to place several graduates in Section 3-eligible apprenticeship and employment positions. The program offers both construction and Construction Plus in the health care field. FCYB offers both GED and HSD academic training, and industry recognized credentials in construction and health care.</p>

YOUTHBUILD GRANT AWARDS

YouthBuild Columbus Community School YouthBuild Columbus

Project Title:	YouthBuild Columbus
Construction Plus Model:	Construction, Healthcare
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, OSHA Safety Training Courses</p> <p>Healthcare: National Healthcare Association Medical Assistant, Phlebotomy, EKG Certification</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Columbus, OH
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>YouthBuild Columbus Community School guides participants through a diploma-track construction and medical training program that includes registered pre-apprenticeship construction training and healthcare education offering certifications as a medical assistant, phlebotomist, and EKG technician. All vocational certifications can earn college credits under long-term articulation agreements with Columbus State Community College. Construction-track students earn NCCER core (and perhaps additional) certifications as they complete the substantial renovation of at least one unit of housing over the term of the grant. Healthcare-track students experience hands-on clinical training as part of their certification. All students receive high school academic instruction as prescribed by the State of Ohio. Leadership development has always been a key element of the YouthBuild philosophy and has been deeply ingrained in the program since its inception. Additionally, numerous supportive services are offered to students. Special education students receive a wide array of assistance. The program has a school psychologist, and each student is assigned a staff counselor-mentor.</p>

YOUTHBUILD GRANT AWARDS

YouthBuild McLean County, Inc.

DOL YouthBuild Program at YouthBuild McLean County

Project Title:	DOL YouthBuild Program at YouthBuild McLean County
Construction Plus Model:	Construction, Healthcare
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, OSHA Safety Training Courses</p> <p>Healthcare: Certified Nursing Assistant (CNA)</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Normal, IL
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>The comprehensive design of the YouthBuild program provides a way for communities to address multiple needs at once. The youth work toward completing secondary school, entrance into apprenticeship programs and learn job skills. The YBMC construction program will provide industry recognized credentials by facilitating the NCCER carpentry-training program which is a DOL approved credential, OSHA safety training and First Aid/CPR training through the American Red Cross. YBMC will offer Healthcare training as a Construction Plus program. Participants will work on an industry-approved curriculum in a high-growth career to earn a Certified Nursing Assistant credential through Heartland Community College and as a contingency Carepacks, which is a DOL approved credential. In addition, participants will learn First Aid/CPR training and safe handling of blood borne pathogens through the American Red Cross and many other healthcare credentials. Participants will address issues of community health and nutrition while providing training to seniors, their peers and children on a variety of community health issues.</p>

YOUTHBUILD GRANT AWARDS

YouthBuild Preparatory Academy YouthBuild Providence (YBP)

Project Title:	YouthBuild Providence (YBP)
Construction Plus Model:	Construction, Culinary
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, Home Builders Institute Pre-Apprenticeship Certificate Training, Omni Development Corporation</p> <p>Culinary: ServSafe Manager Certificate</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Providence, RI
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>YouthBuild Preparatory Academy will offer students occupational skill training in Construction and Food Service/Culinary. YouthBuild Providence’s hands-on Construction training combines community development with employment preparation as students build/rehab affordable housing units. YBP has aligned its project-based curriculum with the Common Core State Standards and the Career and Technology Education (CTE) standards, known at the state level as Career Clusters. YBP’s construction-related occupational training is built around the Home Builders Institute Pre-Apprenticeship Certificate Training (HBI PACT) and the NCCER’s Core Curriculum. YBP has been working with area partners for the past year to add a Food Service/Culinary training, registered apprenticeship, and certification program that will afford students in this pathway to complete certifications as a ServSafe Manager and/or a Certified Fundamental Cook (CFC) by the American Culinary Federation. This will prepare student for jobs as Line Cooks, Food Preparation Workers, and Servers. Participants who demonstrate mastery in the above competencies will enter into the registered apprenticeship program sponsored by Kitchen Mentors.</p>

YOUTHBUILD GRANT AWARDS

YouthDevelopment Corporation Flint, USA YouthDevelopment Corporation Flint, USA (YDC Flint)

Project Title:	YouthDevelopment Corporation Flint, USA (YDC Flint)
Construction Plus Model:	Construction/ Welding
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, Carpenters International Training Fund, Multicraft Core Curriculum (MC3)</p> <p>Welding: Shielded Metal Arc Welding</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Saginaw, MI
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>YouthDevelopment Corporation Flint, USA offers flexible, individualized options to earn a GED, high school diploma, and/or Associate's Degree. Efforts have been made to maximize the credit and credentialing alignment, allowing participants coursework and training to count in multiple systems, thereby allowing for faster degree and credentialing attainment. The program offers project-based training and hands-on instruction from industry professionals using a core curriculum sponsored by the Carpenters International Training Fund (Career Pathways), Delta College, and the National Center for Construction Education and Research (NCCER). We have state-of-the art in house training pods and access to Zspace training simulators, where students are given access to a virtual reality (VR) and augmented reality (AR) in a digital and physical space. The project design integrates a phase methodology where the education and training we provide builds and intensifies over time, so even if a student "exits" early in the program cycle, that participant is likely to have attained a "measurable gain" in education, training, or an industry recognized credential like the Multicraft Core Curriculum (MC3). Participants will also receive an array of wraparound services by way of job development, counseling, transportation, housing, financial literacy, medical care, and social/cultural enrichment activities that encourage growth and "mental toughness".</p>

YOUTHBUILD GRANT AWARDS

YouthDevelopment Corporation Memphis, USA

YDC Memphis YouthBuild Program

Project Title:	YDC Memphis YouthBuild Program
Construction Plus Model:	Construction, Welding
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, Carpenters International Training Fund, Multicraft Core Curriculum (MC3)</p> <p>Welding: Shielded Metal Arc Welding</p>
Total Funding:	\$1,500,000
Total Match Funding	\$375,000
Grantee City/State:	Memphis, TN
Population(s) to Be Served:	opportunity youth Ages 16-24 in an urban area
Summary of Program Activities:	<p>YouthDevelopment Corporation Memphis, USA employs a simple, yet comprehensive approach: Provide each student with education, training, and credentialing options that are "stackable", "portable", and "transferrable". Once a participant successfully completes the YDC Memphis YouthBuild Program, the project can provide 100% of them with direct entry into a registered apprenticeship at a skilled trade organization (YouthDevelopment Corporation, USA of Saginaw, Michigan, Regional Council of Carpenters, Saginaw Electrical Joint Apprenticeship & Training Committee, Home Depot Apprenticeship Program, and Painters Union). Alternatively, students can decide to earn "prevailing" wages in Mississippi working at Huntington Ingalls in the skilled trades. To prepare students for this outcome, the program offers flexible, individualized options to earn a GED, high school diploma, and/or Associate's Degree. Efforts have been made to maximize the credit and credentialing alignment, allowing participants' coursework and training to count in multiple systems, thereby allowing for faster degree and credentialing attainment. The program offers project-based training and hands-on instruction from industry professionals using core curriculum sponsored by the Carpenters International Training Fund (Career Pathways) and the National Center for Construction Education and Research (NCCER).</p>

YOUTHBUILD GRANT AWARDS

YouthWorks

Santa Fe YouthBuild (SFYB)

Project Title:	Santa Fe YouthBuild (SFYB)
Construction Plus Model:	Construction/ Culinary
Industry Recognized Credential:	<p>Construction: National Center for Construction Education and Research (NCCER) Core Curriculum, OSHA Safety Training Courses</p> <p>Culinary: National Restaurant Association’s Educational Foundation Industry Recognized Restaurant Ready: Restaurant Youth Registered Apprenticeship (RYRA); Hospitality Service Registered Apprenticeship (HSRA)</p>
Total Funding:	\$1,295,819
Total Match Funding	\$323,704.75
Grantee City/State:	Santa Fe, NM
Population(s) to Be Served:	opportunity youth Ages 16-24 in a rural area
Summary of Program Activities:	YouthWorks proposes to complete new construction on three energy efficient homes for low-income families with Santa Fe Habitat for Humanity. SFYB will train and certify through the National Center for Construction Education and Research (NCCER) curriculum. Additionally, youth will train and certify in the C+ Culinary/Hospitality Arts program utilizing industry recognized stackable credentials provided with the National Restaurant Association Educational Foundation’s (NRAEF) Restaurant Ready curriculum. Both construction and culinary/hospitality training tracks lead to stackable credentials and Registered Apprenticeships.
