### ILAB Ivory Coast Enumerator Training – Final Exam

1. Rank the following activities according to the order in which they should be completed (1 -5):
  - a. Conduct child interview \_\_\_\_\_
  - b. Conduct household eligibility screening \_\_\_\_\_
  - c. Developmental assessment \_\_\_\_\_
  - d. Fill in disposition codes \_\_\_\_\_
  - e. Complete household roster \_\_\_\_\_
  - f. Prepare household case management sheet \_\_\_\_\_
2. For a household to be eligible to participate in the study, at least one household member must be engaged in cocoa work:
  - a. True
  - b. False
3. For a household to be eligible to participate in the study, there must be at least 1 household member that is 5-17 years old:
  - a. True
  - b. False
4. Who among the following can provide parental consent for the child interview? Circle all that apply.
  - a. Biological mother
  - b. The child's older sibling, provided s/he is 18 or older
  - c. Stepfather
  - d. Head of household that is acting as the child's guardian
  - e. Head of household that is not acting as the child's guardian
5. Among the following household members, who should be listed in the household roster? Circle all that apply:
  - a. An 8-month old infant
  - b. A 16 year-old boy who is out of town for 3 weeks
  - c. A 26 year-old daughter
  - d. A 97 year-old grandparent
6. Parental consent is only required for children under 13 years old:
  - a. True
  - b. False
7. For the following activities, circle those that are technically considered to be work. Circle all that apply.
  - a. Helping a parent sell things in the market
  - b. Feeding the family's chickens
  - c. Slaughtering a chicken for dinner
  - d. Repairing tires for a bicycle belonging to the household
  - e. Helping to install a new roof for the home
  - f. Cleaning dishes after preparing cakes at home to sell at the market
  - g. Sweeping the school grounds
  - h. Working as a domestic servant in a third party household
8. Which of the following describes the relationship between the 7-day and 12-month reference periods?
  - a. The two time period fully overlap
  - b. The two time periods do not overlap at all
  - c. The two time periods partially overlap

9. You ask a child respondent how many hours she worked in a usual (typical) week over the past 12 months. She tells you that during the summer months (June through August) she worked about 8 hours a day, 6 days a week. She also sells cakes in the market every Saturday and Sunday for about 3 hours each day, year-round. What answer should you record for usual hours worked? (circle one)
- a. 18 hours per week
  - b. 30 hours per week
  - c. 54 hours per week
  - d. 60 hours per week

10. Today is Monday January 28th. What would be the 7-day reference period for today? Fill in the dates below, starting with Day 1:

Day 1:	Day 2:	Day 3:	Day 4:	Day 5:	Day 6:	Day 7:

11. Under what conditions can you complete the child interview in the presence of a parent? Circle all that apply:
- a. The child requests a parent to be present
  - b. The parent insists on being present
  - c. The child performs very well on the developmental assessment
  - d. The child is unable to answer some of the survey questions on his/her own
  - e. The parent is doing some activities near where you are sitting
  - f. It is never OK to conduct a child interview in the presence of a parent
  - g. Child interviews must always be conducted in the presence of a parent
12. A household consists of 4 members: Sam (45), Sarah (44), Peter (24), and Ruth (16). Sam runs a cocoa farm where he earns about 600,000 CFA per year. Sarah sells small items she makes at the market for 6 months out of the year, where she earns about 5,000 CFA per month. She also earns 1,000 CFA per week, year-round, babysitting a neighbor’s children. Peter just bought a car last month and has been working as a driver since then—so far he has earned 25,000 CFA. Finally Ruth is in school full-time, but during the summer months (June through August), she sells cakes in the market and earns around 5,000 CFA per month. What is the total estimated income earned by the household over the past 12-months?
13. Which of the following best describes “input financing”?
- a. A cooperative lending group where farmers contribute to a pool of funds from which members can borrow at low interest rates
  - b. A type of borrowing that enables farmers to finance agricultural inputs early in the season before production revenues are realized
  - c. A system whereby farmers exchange labor by working each other’s farm plots at different times during the harvest season
