About your capacities and abilities

1. How much effort do you think you put into school?

Mark with an (X); ONLY ONE option

None

Almost none

A little

What is necessary

A lot

Take the following into account:

- Your ACADEMIC PERFORMANCE in a course is measured by your grades on standardized exams in the course, such as the Censal Evaluation of Students (la Evaluación Censal de Estudiantes), that is administered in the second year of Primary and the second year of Secondary. Example: Imagine that ALL the students of your country in YOUR GRADE were given the SAME exam in Science and Environmental Studies. Your grade would be a representation of your ACADEMIC PERFORMANCE.

2. With respect to all the other students in THE WHOLE COUNTRY that are in the same grade as you:

What do you think your level of ACADEMIC PERFORMANCE is in these areas?

Mark with an (X); ONLY ONE option for each row.

MY ACADEMIC PERFORMANCE is...	Worse than 80% of the country (Very low) (1)	Better than only 20% of the country (Low) (2)	Better than 40% of the country (Intermediate) (3)	Better than 60% of the country (High) (4)	Better than 80% of the country (Very high) (5)
a. Mathematics, Natural Sciences and the Environment					
b. Communication and Social Sciences					

Take the following into account:

- Your ABILITY in a course is how easy it is for you to get good grades in that course. ABILITY depends upon your natural talent but also upon your effort. Thus, you can change your ability if you try hard and practice. Example: If studying Communication is easy or fun for you, or if you get good grades without studying very much, you can say that you have ABILITY for Communication.

3. In which course do you think you have the most ABILITY?

Mark with an(X) ONLY ONE option.

- Mathematics (1)
- Communication (2)
- Social /Personal (3)
- Science and Environmental Studies (4)
- All equal (5)
- None of the above (6)

4. What do you think your ABILITY is in each of these areas?

Mark with an (X) ONLY ONE option for each row.

My ABILITY in... is:	Very low (1)	Low (2)	Intermediate (3)	High (4)	Very high (5)
a. Mathematics, Natural Sciences and the Environment					
b. Communication and Social Sciences					

5. If you make A LOT of effort, what is the likelihood that you could achieve a level of ABILITY that is higher than your current level (from the previous question) for each area?

Por ejemplo, si en la pregunta anterior respondiste Intermedio para Matemáticas y Ciencia y Ambiente, subir un nivel sería pasar a “Alto”, ¿qué tan posible te parece?

For example, if in the previous question you responded “intermediate,” for Mathematics, Science, and Environmental Studies, how possible would it be for you to move up to a level such as “High?”

Mark with an (X); ONLY ONE option for each row.

Impossible		Not very possible			Possible			Very Possible			Guaranteed
a. Mathematics, Sciences and the Environment	0%	10%	20%	30%	40%	50%	60%	70%	80%	90%	100%
b. Communication and Social Sciences	0%	10%	20%	30%	40%	50%	60%	70%	80%	90%	100%
