Annual Equity Program and Workforce Compensation
Manager Training

Oracle Compensation
Agenda

1. General Program Information

2. Workforce Compensation (WC)
   - Access to WC
   - Allocate, Model and Distribute Budget
   - Export to Excel
   - Rate Employees
   - Make, Review, Approve and Submit Recommendations

3. Tips and Resources
Annual Equity Program

General Information

• Tools
  – All managers will use Workforce Compensation (WC) to enter recommendations.

• Timelines
  – Each LOB may establish their own internal timeline for the process. Check with your manager on the specifics for your organization.

• Budgets
  – Budgets are set at the top executive level for each organization. Each LOB head may determine the method of allocating budgets to their organization.
  – Modeling is a feature is available to assist in pushing down budgets based on specific criteria.
Annual Equity Program

General Information

• Eligibility
  – Review the eligibility document posted on the Workforce Compensation website
  – Be sure the employee population for your organization is correctly reflected on your Workforce Compensation Planning worksheet
    • Not all employees are eligible for all of the corporate programs

• Communication
  – **Do not** communicate recommendations until you receive notification from Corporate Compensation that final approval has been obtained
  – Always check Workforce Compensation **before** you communicate to ensure that the final recommendations have not changed

¹ Note: Tax treatment may differ depending on country-specific tax regulations or other circumstances
Workforce Compensation
Manager Planning
What is Workforce Compensation?

- Workforce Compensation (WC) is an Oracle Self Service Application for managing compensation processes, allowing you to:
  - Allocate, model and distribute budgets to subordinate managers
  - Rate employees (Compensation Rating only, not Talent Rating)
  - Make, Review and Submit Recommendations for employees
  - Review historical compensation information
  - View and download employee information for offline work or further analysis

Note: Firefox is the preferred browser for Workforce Compensation
How to Access

Budget Modeling
Budget Modeling

• Models make it easy to see how different allocation methods and criteria affect your budget

• Different models can be created, previewed and applied before publishing the budget

• Who might create Models –
  – Managers who intend to pass down budgets to subordinate managers
  – Managers who intend to make the allocations themselves, but hold the entire budget

CAUTION:
- Applying a model will overwrite any previously entered recommendation amounts
- Models should never be applied after the budget has been published
Create a Budget Model

Create Model

• On the __________ click the __________ and select __________

• Enter a __________ and click
Create a Budget Model

Model Properties

1. Choose an [redacted] from the drop-down list
2. Select up to [redacted] from the drop-downs
   Note: [redacted]
3. Click
Create a Budget Model

Model Details

- Enter amounts in the budget accordingly
