(AIMS)

Solicitation Number: 7FCB-H2-070541-B

Refresh Number: 16

Created on June 4, 2013
COVER PAGE

NOTICE: As part of GSA's continuing effort to improve the Multiple Award Schedules (MAS) program, the following requirements have been incorporated, effective the date of this refresh.

FULL PRODUCTS AND BROAD SERVICES OFFERING
Offeror must provide a full and broad offering on services and/or products. Offers will not be accepted with only limited item/offering (product, labor category, training course, or fixed-price service) unless it represents a total solution for the Special Item Numbers (SINs).

FAIR AND REASONABLE PRICING
To determine fair and reasonable pricing, the GSA Contracting Officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers which provide Most Favored Customer pricing, but which are not highly competitive will not be found fair and reasonable and will not be accepted.

NO HARD COPY RESPONSES WILL BE ACCEPTED UNDER THIS REFRESH.

NOTICE: The GSA Multiple Award Schedule (MAS) program has recently experienced a tremendous increase in new offers. Due to the large number of new offers currently in process, it could take up to 12 months before your offer is evaluated.

GSA's practice is to evaluate offers in the order in which they are received. However, GSA may give priority to processing certain offers when circumstances dictate, such as when a federal agency Contracting Officer specifically requests an expedited offer review in order to meet a pending requirement that will be procured under the MAS program, or when there is a need for GSA to bring strategically critical new products or services to market in order to meet federal customer needs.

NOTICE CONCERNING MODIFICATIONS TO ALL CONTRACTS AWARDED UNDER THIS SOLICITATION:
GSA WILL ONLY ACCEPT MODIFICATION REQUESTS SUBMITTED ELECTRONICALLY AS EMODS (http://eoffer.gsa.gov).

The following link provides guidance on utilizing the eOffer and eMod systems, obtaining digital certificates, and using the eOffer and eMod Training Guides: http://eoffer.gsa.gov

(b) Section II Technical Proposal: The technical proposal is comprised of four factors Factor One (Corporate Experience), Factor Two (Relevant Project Experience), Factor Three (Past Performance) and Factor Four (Quality Control). All offers shall address these factors as instructed below. If the offeror is proposing multiple Special Item Numbers (SINs), they shall clearly identify each SIN with the corresponding technical information. Please provide a narrative for each of the following sections to demonstrate your company's capabilities in satisfying ALL underlying requirements listed below.

(1) Factor One Corporate Experience: Submit a two page (maximum) narrative describing the company's corporate experience in all services provided under this Schedule, regardless of the number of SINs being offered. Your company must have provided the type of professional services under this schedule to either a Government or Commercial entity for a minimum of two years. At a minimum, your narrative must include the following:

(i) Organization's number of years of corporate experience in the services described in Part I of this solicitation.

(ii) Organization's size, experience in the field, and resources available to enable the offeror to fulfill requirements.

(iii) Brief history of the organization's activities contributing to the development of expertise and capabilities related to this requirement.

(iv) Information that demonstrates the offeror's organizational and accounting controls and manpower presently in house or the ability to acquire the type and kinds of personnel proposed.

(v) Describe/identify how you intend to market services to federal clients.
(vi) Discuss the use of subcontractors. If applicable, a letter of commitment is required to cover the term of the contract.

(2) Factor Two Relevant Project Experience:

(i) For each service SIN offered, the offeror must provide descriptions of two (2) projects. Each description must state the SIN to which it applies, and identify the specific services being proposed for that SIN.

(ii) The projects must either have been completed within the last two years or be ongoing. For ongoing contracts with a base year and option years, at a minimum, the base year must have been completed; for multiyear task orders, at a minimum, the first year must have been completed.

(iii) The offeror must demonstrate that the tasks performed are of a similar complexity to the work solicited under each SIN. The offeror may provide the same project for more than one SIN as long as the description identifies which specific work relates to each SIN. All examples of completed services must have been found to be acceptable by the client. Project descriptions shall not exceed four (4) pages per project.

(iv) Each project description shall include the following customer reference information:

(A) Customer/Client Name
(B) Project Name/Contract Number
(C) Customer Point of Contact for Project
(D) POC’s phone number and email
(E) Project performance period (include months/years)
(F) Dollar value of the entire project
(G) Dollar value received for the work performed relevant to the SIN offered
(H) Brief summary of the project as a whole (background, purpose, etc.)
(I) A copy of the Statement of Work for the project; this does not count against the limitation of four pages per project.

(v) As applicable, each project description shall include a narrative account of the work performed that addresses the following elements:

(A) Detailed description of SIN relevant work performed and results achieved
(B) Methodology, tools, and/or processes utilized in performing the work
(C) Demonstration of compliance with any applicable laws, regulations, Executive Orders, OMB Circulars, professional standards, etc.
(D) Project schedule (i.e., major milestones, tasks, deliverables), including an explanation of any delays
(E) How the work performed is similar in scope and complexity to that described in the Statement of Work (Part I of this solicitation)
(F) Demonstration of specific experience and/or special qualifications detailed in the Statement of Work (Part I of this solicitation)

(vi) Substitution For Relevant Project Experience: If project experience does not exist, the offeror may substitute relevant projects of predecessor companies or key personnel that will be performing major aspects of the work. If the offeror chooses to make such a substitution, the narratives must clearly identify the entity or personnel that performed the services, and include all elements of (b)(2)(v) of this provision.

(i) Past Performance Evaluations are valid for a period of one year from date of issuance by ORI. The submission of an evaluation issued more than one year prior to the date of proposal submission will result in rejection of the proposal.

(ii) The offeror shall submit one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form (including information on up to 20 customer references) with its proposal. Failure to submit the order form and the completed evaluation with the offer will result in rejection of the proposal. A "customer reference" is defined as a person or company that has purchased services from your firm.

(iii) Offeror is advised to use references from projects involving services related to this solicitation and/or those performed under the appropriate NAICS code(s) related to services offered. If these references were not provided to ORI, please explain why.

(iv) The offeror shall address any negative feedback contained in the ORI report. Explain what actions your firm has taken to minimize the problems that resulted in negative feedback.

(4) Factor Four Quality Control: Submit one narrative regardless of the number of SINs offered, not to exceed two (2) pages, addressing each of the following items to demonstrate your firm’s capabilities in satisfying ALL underlying requirements listed below.

(i) Describe the internal review procedures which facilitate high quality standards in the organization.

(ii) Identify the individuals who will directly supervise or review projects specifically regarding quality control.

(iii) State whether or not subcontractors are used and, if subcontractors are used, describe the quality control measures the offeror uses to ensure acceptable subcontractor performance.

(iv) Describe how your firm handles potential problem areas and solutions.

(v) Describe the procedures for insuring quality performance while meeting urgent requirements.

(vi) Identify the strategies your firm will implement to manage and complete multiple projects for multiple agencies simultaneously.

(c) Section III Price Proposal:

(1) GSA’s pricing goal: Obtain equal to or better than the Most Favored Customer (MFC) pricing with the same or similar terms and conditions. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers." GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. If the MFC is a Federal agency, but sales exist to commercial clients, identify which, if any, of the commercial clients obtain the best price. This will allow the Government to establish a “basis for award” customer in accordance with the Price Reductions Clause 552.238-75, paragraph (a). The prices submitted represent fully burdened rates inclusive of all cost factors (e.g., direct labor, in direct labor, G&A, profit, and IFF).

(2) The offeror shall propose a pricing structure consistent with its commercial practices and provide supporting documentation (See paragraph (12) below). Pricing shall be submitted and clearly identified as being based either on a “Commercial Price List” or on “Commercial Market Price,” as defined in FAR 2.101 ("Catalog Price" and "Market Prices" under the definition of "Commercial Item"). Submit an electronic copy of the proposed pricing.

(i) As part of the Price Proposal: Offeror shall outline all services being proposed. At a minimum, the offeror should provide the following information:
(A) SIN(s) proposed
(B) Service/Product proposed
(C) MFC/Best commercial customer
(D) MFC/Best commercial customer price
(E) Discount % offered to MFC/Best commercial customer
(F) Discount % offered to GSA
(G) Prices offered to GSA (excluding IFF)
(H) Prices offered to GSA (including IFF)

(3) When training courses are offered, pricing will include the following information:

(i)  (A) Title and brief description of the course, including major course objectives
     (B) Length of course (number of hours/days)
     (C) Minimum/Maximum number of participants
     (D) Price for additional students above minimum (if applicable)
     (E) Support materials provided as part of the course (e.g., training manuals, CDs, DVDs)
     (F) Commercial price of course ("N/A" if offering market based prices)
     (G) Discount % offered to GSA ("N/A" if offering market based prices)
     (H) Price of course offered to GSA (excluding IFF)
     (I) Price of course offered to GSA (including IFF)

(ii) Note: These descriptions will become part of the GSA Authorized Price List if a contract is awarded, and must be posted on GSA Advantage®. Submit an electronic copy of the description of each course offered.

(4) The offeror may propose separate rates for "domestic" and "overseas" services based on the application of variations in their indirect costs, depending upon where the services are performed. Two sets of rates are not required. In the event two sets of rates are offered, the offeror must identify which are considered "domestic" rates and which are considered "overseas" rates.

(5) The offeror may propose separate rates for "customer facility" and "contractor facility" (also known as "offsite/onsite"), based on the application of variations in its indirect costs depending upon where the services are performed. Two sets of rates are not required. In the event two sets of rates are offered, the offeror must identify which is for work at the "customer facility" (i.e., the ordering activity/agency) and which is for work at the "contractor facility."

(6) Offeror is required to include a 0.75% Industrial Funding Fee (IFF) in the prices submitted with their offer (See contract clause 552.23874, Industrial Funding Fee and Sales Reporting). The fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

(7) (i) When pricing is based on a Commercial Price List (CPL), submit two copies of the company's current dated CPL/Standard Rate Sheet (this is a standalone document that was not prepared for this solicitation). Submit proposals for the base year only. Pricing based on the CPL are subject to the Economic Price Adjustment Clause at 552.21670.

OR

(ii) Pricing based on Commercial Market Prices are subject to the Economic Price Adjustment Clause, 1-FSS-969. If offering market pricing in accordance with Clause 1-FSS-969, the offeror must propose a fixed rate of escalation or identify an economic indicator such as the Bureau of Labor Statistics Employment Cost Index.
(8) For each proposed labor category, the offeror shall provide a detailed position description. Position descriptions must include functional responsibilities, minimum years of experience, minimum educational/degree requirements, and any applicable training or certification requirements. If it is the firm's standard commercial practice to substitute experience for education, explain the methodology in use (e.g., five years experience equates to a BA/BS degree). These descriptions will become part of the GSA Authorized Price List if a contract is awarded, and must be posted on GSA Advantage®. Submit an electronic copy of the labor category descriptions and minimum education and minimum experience requirements for each labor category.

(9) Travel will be handled in accordance with clause C-FSS-370. Costs for transportation, lodging, meals and incidental expenses incurred by the contractor are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. They should not be included in the offered prices and will be considered at the task order level.

(10) The Commercial Sales Practices Format (CSP) must be completed in accordance with the Commercial Sales Practices Instructions, demonstrating comparative pricing with your best customer(s). A general explanation of the circumstances and frequency of deviations from your standard commercial practices is required [see Clause 552.212-70, Preparation of Offer (Multiple Awards Schedule)]. A separate CSP must be completed for each pricing structure proposed. Provide a rationale for the estimated GSA contract annual sales (CSP).

(11) The offeror shall include a detailed narrative containing sufficient information for each of the services/products offered to enable the Contracting Officer to determine that offered prices are fair and reasonable. For example, if a price offered to GSA is not equal to or better than the price offered to the firm's designated Most Favored Customer, the narrative must fully explain the offeror's rationale for proposing such a rate that will enable the Contracting Officer to determine the rate fair and reasonable. Any deviation from an offeror's commercial sales practices must be explained, including the circumstances surrounding and frequency of the deviations.

(12) The offeror must provide supporting pricing documentation for EACH proposed service/product (e.g., each labor category, percentage based fee, etc.). Supporting pricing documentation may consist of copies of invoices, contracts, quote sheets, etc. and MUST be included in the offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be labeled with the name of the corresponding proposed labor category, service, etc.

(13) If offering professional services (as defined by 29 CFR 541), offeror MUST submit a Professional Compensation Plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract in accordance with Clause 52.222-46 Evaluation of Compensation for Professional Employees. Individual compensation disclosure is not required. Submission of general compensation practices often printed in an employee handbook is sufficient.

(14) If offering professional or technical services, submit a copy of the offeror's policy that addresses uncompensated overtime in accordance with Clause 52.237-10 Identification of Uncompensated Overtime.

(15) Repair and Alterations (R&A): Applicable to the solicitation Not Applicable: Information for offering R&A is located in PART I. Clauses specific to R&A are located in a separate FedBizOpps document.

(16) Service Contract Act: Applicable to this solicitation (Service Contract Act 52.222-41, and related clauses 52.222-42, 52.222-43, and 52.222-49)

(i) The Service Contract Act (SCA) applies to all nonprofessional services to be provided under this schedule except for any pricing offered for service outside of the United States. The SIDs to which the SCA applies are identified elsewhere in the solicitation. The SCA index of applicable wage determinations for this solicitation and resultant contract are shown in FedBizOpps document "SCA Index of Wage Determinations." The full text version of each wage determination can be viewed at www.wdol.gov. Some of the proposed labor categories may be subject to the SCA (usually nonprofessional
As such, it is important that the offeror verifies that its proposed base rates and fringe benefit rates for those labor categories meet or exceed the SCA wage determination rates and fringe benefits for the areas where the offeror expects to perform the majority of work under the contract.

(ii) A contract must meet only the base rate and fringe benefit rate requirements in the SCA Wage Determination (WD) Revision Number currently incorporated into the GSA Contract. The WD Revision Number in the GSA contract takes precedence over any WD Revision Number an agency incorporates into an RFQ at the Task Order Level. Contractor cannot increase its GSA contract prices at the Task Order Level as a result of accepting a WD Revision Number at the Task Order Level that differs from the WD Revision Number currently incorporated to the Contractor's GSA contract.

(iii) Identify the SCA wage determination(s), including determination number, revision date, state and counties that were used to determine that the rates offered are in compliance. The revision numbers of the wage determinations listed in the solicitation index of wage determinations should be used in the comparisons.

See the sample below for how labor categories subject to the SCA are to be submitted as part of the GSA proposal. Labor category titles and rates are shown for example purposes only.

(vi) Insert the following language below the above SCA matrix and insert both (matrix and language) at the end of the proposed GSA price list.

"The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the indicated (***) SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly."

(vii) (A) There are three methods for determining price adjustments of Service Contract Act (SCA) eligible labor categories ONLY. The offeror will be required to select one method for the life of the contract.

(1) Method 1: Price Adjustment for the base contract period and all options exercised shall be in accordance with clause 52.222-43, Fair Labor Standards Act and Service Contract Act Price Adjustment (Multiple Year and Option Contracts). When a modification is issued to all contract holders incorporating a revised index of wage determinations, contractors shall notify the Contracting Officer of any increase/decrease claimed under clause 52.222-43 within 30 calendar days after receipt of the modification.

(2) Method 2: An escalation method is negotiated prior to award in accordance with the clause I-FSS-969, Economic Price Adjustment FSS Multiple Award Schedule, utilizing any of the methods available in the solicitation under that clause.

(3) Method 3: When the offered prices are based upon a commercial price list, then only revisions in the commercial price list will enable the contractor to revise prices. They will only be allowed increases in accordance with clause 552.216-70, Economic Price Adjustment FSS Multiple Award Schedule Contracts.

(B) Regardless of the method used, contractor must ensure that within 30 calendar days after the effective date of any modification to revise pricing based on changes in the applicable wage determination(s), the electronic catalog is updated on GSA Advantage!

(viii) Note 1: The contractor will not automatically be allowed an increase in prices based solely on new wage determinations.

exceeding $2,500, which states: "No change in the obligation of the contractor or subcontractor with respect to minimum monetary wages will result from the mere fact that higher or lower wage rates may be determined to be prevailing for such employees in the locality after the award and before completion of the contract."

(x) Note 3: Offerors seeking an award under any SINs for Professional Engineering Services for fire protection engineering services must ensure that examples of relevant experience include the scope of work contained in the SIN. Design or construction work experience related to fire protection or fire protection engineering services is not allowed. Offerors are encouraged to read the Fire Protection Guide available at www.gsa.gov/pes prior to submitting an offer to ensure a full understanding of the range and scope of fire protection engineering services allowed.

552.219-71 NOTICE TO OFFERORS OF SUBCONTRACTING PLAN REQUIREMENTS (MAR 2012)

The General Services Administration (GSA) is committed to assuring that maximum practicable opportunity is provided to small, HUBZone small, small disadvantaged, and women-owned small business concerns to participate in the performance of this contract consistent with its efficient performance. Part I - GOODS & SERVICES

NOTICE: As part of GSA's continuing effort to improve the Multiple Award Schedules (MAS) program, the following requirements have been incorporated, effective the date of this refresh.

FULL PRODUCTS AND BROAD SERVICES OFFERING
Offeror must provide a full and broad offering on services and/or products. Offers will not be accepted with only limited item offering (product, labor category, training course, or fixed-price service) unless it represents a total solution for the Special Item Numbers (SINs).

FAIR AND REASONABLE PRICING
To determine fair and reasonable pricing, the GSA Contracting Officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers which provide Most Favored Customer pricing, but which are not highly competitive will not be found fair and reasonable and will not be accepted.

SCOPE OF SCHEDULE 541, ADVERTISING AND INTEGRATED MARKETING SOLUTIONS (AIMS)

OVERVIEW:
Under the GSA Schedules Program (also referred to as Multiple Award Schedules and Federal Supply Schedules), GSA establishes long-term government-wide contracts with commercial firms to provide access to over four million commercial services and products. These can be ordered directly from GSA Schedule contractors or through GSA Advantage! On-line shopping and ordering system.

PURPOSE:
The purpose of this Advertising & Integrated Marketing Solutions (AIMS) Solicitation is to provide a full range of services to enable Federal agencies to meet their communication needs. The primary objective of this schedule is to satisfy the current and emerging needs that cannot be met through "in-house" personnel.
The Schedule is intended to promote public awareness of government initiative and individual agency's missions, public understanding of complex technical and social issues and dissemination of information to industry and consumer advocacy groups. This Schedule also supports Executive Order 12367, "Productivity Improvement for the Federal Government," which called for the establishment of a Government-wide program to improve the quality, timeliness, and efficiency of services provided by the Federal Government.

SCOPE OF SERVICES:
The Contractor shall be capable of providing services for ordering agencies with multiple organizational levels and geographic locations nationwide and/or worldwide. The Contractor shall also be capable of handling multiple task orders simultaneously. The Contractor will be responsible for designing and implementing internal, local, national and/or international campaigns to inform the public of various issues, including but not limited to: recruitment needs, disaster information, educational needs, drug awareness, medical and retirement programs, and/or any other aspect of an agency's mission.

The Contractor shall provide Advertising & Integrated Marketing Solutions as specified in individual task orders placed by ordering agencies. These services include but are not limited to: the preparation of written text, artwork, graphics, and other creative work (to include advertising and public messages), as well as placing the creative work in magazines, newspapers, pamphlets, and brochures on radio and television and/or other media avenues. The Contractor may be required to assess the educational needs of a target audience, compare them to the needs addressed by current public information reports, and address any changes that must be made. In addition, the Contractor shall have the knowledge and technical expertise in any subject matter. The contractor shall have the ability to write about a variety of topics along with having an understanding of the highly complex technical, legal, and social issues inherent to Government policy and public awareness campaigns. These services may also include providing direct support for the writing and editing of materials, which may include video, radio, television, public service announcements, appropriate talent, pamphlets, brochures, leaflets and web pages/sites. The Contractor shall provide all actors/actresses as required, unless the Federal activity chooses otherwise for print work and/or videos.

The Contractor shall be responsible for obtaining all necessary permits and licenses and for complying with all
applicable Federal, State, and Municipal laws. The Contractor may not retain or use any material produced under a Task Order for self-promotion, except by written permission of the ordering agency.

The Contractor shall provide all media in a format that is compatible with the ordering agency's requirements, including software. The Contractor shall be responsible for furnishing all items used in performing the Task Order unless otherwise specified or approved by the Contracting Officer. The Contractor will act independently and not as an agent of the Government. The Contractor shall furnish all services, experienced personnel, materials, equipment, and/or facilities in accordance with the specific requirements outlined in the Task Order issued by the individual agency. The Contractor shall initiate work only when directed by a Task Order and which has been signed by a Contracting Officer from the ordering agency. Upon termination or completion of all work under the Task Order, the Contractor shall comply with the agency's requirements for disposal.

NOTE 1: Personal Services Contracts as defined in FAR 37.101 and FAR 37.104 are strictly prohibited. Agencies are prohibited from utilizing service contracts to augment government staff. A contractor is equally prohibited from knowingly offering to supplement government staff by engaging in a personal services contract/task order.

NOTE 2: Architect-Engineering (A/E) Services as that term is defined in FAR 36.601-4 are excluded from the Schedules Program. If the agency's statement of work, substantially or to a dominant extent, specifies performance or approval by a registered licensed architect or engineer for services related to real property, the Brooks Architect-Engineers Act applies and such services must be procured in accordance with FAR Part 36. Use of this schedule for Brooks Act architectural or engineering services is not authorized.

CONTRACTOR TEAMING ARRANGEMENTS (CTAs):
Contractor Team Arrangements (CTAs) are encouraged under the Federal Supply Schedules Program, for additional information see our website at www.gsa.gov/ctas.

NOTICE OF OTHER SERVICES NOT INCLUDED:
1. UNATTRIBUTED PREPACKAGED NEWS STORIES
The Government Accountability Office (GAO) wants agencies to know that unattributed prepackaged news stories violate the publicity and propaganda prohibition, which states, "No part of any appropriation contained in this or any other Act shall be used for publicity or propaganda purposes within the United States not heretofore authorized by Congress." In a previously released study, GAO explains that prepackaged news stories are complete, audio-video presentations that are intended to be indistinguishable from news segments broadcast to the public by independent television news organizations. While agencies generally have the right to disseminate information about their policies and activities, GAO says, agencies cannot use appropriated funds to produce or distribute prepackaged news stories intended to be viewed by TV audiences that conceal or do not clearly identify for the audience that the agency was the source of the materials. "It is not enough that the contents of an agency's communication may be unobjectionable," the study states. "Neither is it enough for an agency to identify itself to the broadcasting organization as the source of the prepackaged news story." The study is called, "Unattributed Prepackaged News Stories Violate Publicity and Propaganda Prohibition," GAO-05-643T, May 2005.

2. STAND ALONE CALL CENTER OPERATIONS:
Stand alone call center operations are not included under the AIMS MAS schedule. Cell centers utilized in performance of market research are found under SIN 541-4A, Market Research and Analysis Services. Offerors for stand alone call center operations should monitor FedBizOpps for open market federal opportunities.

3. SERVICES/PRODUCTS/MATERIALS ALREADY SOLICITED UNDER OTHER FEDERAL SUPPLY SCHEDULE CONTRACTS SUCH AS:
INFORMATION TECHNOLOGY:
Offerors interested in providing computer/software engineering and information technology services are directed to contact GSA's Group 70 Schedule for General Purpose Commercial Information Technology Equipment, Software, and Services for additional information (Telephone: (877) 448-4870 or email it.center@gsa.gov).

MISSION ORIENTED BUSINESS INTEGRATED SERVICES:
Offerers interested in providing services that support business management functions and enable agencies to meet and improve mission performance requirements are directed to contact GSA's Group 874 Schedule for Mission Oriented Business Integrated Services (MOBIS) for additional information (Telephone: (855)-714-1224 or email: mobis@gsa.gov).

SPORTS, PROMOTIONAL, OUTDOOR, RECREATION, TROPHIES AND SIGNS:
Offerers interested in providing marketing trinkets such as plaques, trophies, awards, shirts, promotional products, etc. are directed to contact GSA's Group 78 Schedule for Sports, Promotional, Outdoor, Recreation, Trophies and Signs (SPORTS) for additional information (Telephone: (855) 714-1222 or email: schedule78@gsa.gov).

ORDERING PROCEDURES FOR SERVICES:
Orders placed against a GSA Multiple Award Schedule (MAS) contract, using the procedures under Federal Acquisition Regulation (FAR) 8.4, are considered to be issued under full and open competition (see FAR 6.102(d)(3)). Ordering offices do not need to seek further competition, synthesize the requirement, make a separate determination of fair and reasonable pricing or consider small business programs. By placing an order against a GSA Schedule contract using the procedures in this section, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative to meet the government's needs.

OTHER DIRECT COSTS:
The contractor shall provide all resources including personnel, management, supplies, services, materials, equipment, facilities, and transportation necessary to provide a wide range of advertising and integrated marketing services as specified in each task order. Labor categories, supplies, services, materials, equipment, transportation, etc., which support the overall performance of advertising and integrated marketing services procured under the Advertising & Integrated Marketing Solutions schedule, are considered other direct costs (ODCs). Authorized users shall procure ODCs only in support of the schedule contractor's overall advertising and integrated marketing services effort. No authorized user shall place orders only to procure the schedule contractor's ODCs.

NO COST CONTRACTING: The contractor may choose to provide for all services as required by the task order at no cost to the Government. As consideration, the Contractor shall be entitled to all of the registration, exhibition, sponsorship and/or other fees collected as payment for performance under the task order, provided there is no cost to the Government. Under this arrangement, the Contractor shall be liable for all costs related to the performance of the task order as defined in the task order and the Government's liability for payment of services under the task order is 'zero'. For Industrial Funding Fee (IFF) calculation and Sales Reporting as required by Clause 552.238-74, Industrial Funding Fee and Sales Reporting (Jul 2003), the value of the task order is determined by the amount of the registration, exhibition, sponsorship and/or other fees collected under the associated task order. The Contractor shall provide an accounting of expenses and revenues, if requested, by the Government Agency issuing the task order.

Under a no cost contracting arrangement, the contractor's profit, if any, shall be derived from the revenue stream created through fees collected, if any. Additionally, should there be any commissions received by the contractor for conference events or trade show planning, etc., the contractor shall be entitled to retain any said commissions.

NO COST CONTRACTING is NOT a stand-alone service and may only be proposed in conjunction with other priced Labor and ODCs offered at the Schedule level.

OVERSEAS DIFFERENTIAL PAY:
The purpose of this provision is to describe how overseas differential pay will be handled on any task orders issued pursuant to Federal Supply Schedule contracts for services.
Definition: Overseas differential pay includes many types of allowances, including Post (Cost of Living) Allowance, Post (Hardship) Differential, Living Quarter Allowance, Education Allowance, Foreign Per Diem, and Danger Pay Allowance. Contractor personnel may be required to perform services in areas designated by the Department of State as Danger Pay or Hardship Posts for a variety of reasons, including contingency operations, humanitarian or peacekeeping operations, military exercises and/or operations, or diplomatic
missions.

The Department of State’s Standardized Regulations (DSSR) provides the regulations governing allowances, differentials (i.e. Hardship Post and/or Danger Pay) and definitions for all designated areas for all U.S. Government civilian employees. The DSSR provides for additional compensation for service in foreign locations where conditions of environment differ so substantially from conditions of environment in the continental U.S. that additional compensation is warranted and necessary as a recruitment or retention incentive. For U.S. Government civilian employees, hired in the United States, these are cumulative with a maximum of 35 percent each over the basic pay. (The cumulative maximum differential is 70 percent over basic pay, for an overall compensation of 170 percent of base pay.)

Applicability to contract performance: In order to facilitate contractor performance in areas where these differentials may be appropriate, this provision allows the use of the State Department regulations and allowances as a basis for establishing differential labor rates on task orders. Information on current rates is available at the U.S. Department of State, Office of Allowances web site (http://aoprals.state.gov/Web920/default.asp?menu_id=95). If payment of a differential is determined appropriate by the task order contracting officer, that contracting officer may utilize any method to determine the labor rate (or additional price if pricing is based on other than labor rates) actually paid to the contractor. However, in no event shall the total price paid exceed the Schedule contract price plus the State Department compensation rate applicable to the locality in question.

Example: A task order is contemplated with performance in Kabul, Afghanistan. As of the date of the contractors quotation, the State Department allowance for this location is 70%. The contract rate for the labor category in question is $100.00 per hour. Therefore, the maximum allowable differential rate for that labor category would be $170.00 per hour.

NOTICE OF THE FEDERAL PROCUREMENT LAW AFFECTING ALL ELECTRONIC AND INFORMATION TECHNOLOGY "DEVELOPED, PROCURED, MAINTAINED, OR USED" BY THE FEDERAL GOVERNMENT (SECTION 508):

SECTION 508 CONFORMANCE. Section 508 is a part of the Rehabilitation Act of 1973 which requires that Electronic and Information Technology (EIT) that is "developed, procured, maintained, or used" by the Federal government be accessible to persons with disabilities. On August 7, 1998, the President signed into law the Workforce Investment Act of 1998, which includes the Rehabilitation Act Amendments of 1998. Section 508 was originally added to the Rehabilitation Act in 1986; the 1998 amendments significantly expand and strengthen the technology accessibility requirements in Section 508.

Section 508 requires that when Federal agencies "develop, procure, maintain, or use" electronic and information technology, they shall ensure that the electronic and information technology allows Federal employees with disabilities to have access to and use of information and data that is comparable to the access to and use of information and data by Federal employees who are not individuals with disabilities, unless an undue burden would be imposed on the agency. Section 508 also requires that individuals with disabilities, who are members of the public seeking information or services from a Federal agency, have access to and use of information and data that is comparable to that provided to the public who are not individuals with disabilities, unless an undue burden would be imposed on the agency.

Section 508 Standards Applicable to this Effort:

The Section 508 standards in 36 CFR 1194 are incorporated into and made part of all task/delivery orders awarded under a GSA Schedule to procure Electronic and Information Technology (EIT). These standards are found in their entirety at: http://www.section508.gov and http://www.access-board.gov/sec508/standards.htm.

Offerors providing EIT shall fully address all standards identified as applicable in each individual task/delivery order and are encouraged to maintain and provide a link to a designated area on their website that provides Section 508 and accessibility information for their EIT-related products and services. Compliance with the applicable Section 508 standards is a material requirement of this solicitation.
DIGITAL CERTIFICATE(S):
Offerors must obtain a Level 3 Digital Authentication Certificate in order to access the eOffer system. Currently the only acceptable digital certs are: Iden Trust and Operational Research Consultants (ORC). In order to facilitate the timely processing of your offer and administration of the resultant contract, you should have at least one (1) person who is an employee of the company with a digital certificate who is authorized to negotiate and sign on behalf of the company. All authorized negotiators must be identified in K-FSS-1 "Authorized Negotiators (March 1998). For information and instructions on obtaining digital certificates, visit the eOffer website (http://eoffer.gsa.gov).

NOTICE: The GSA Multiple Award Schedule (MAS) program has recently experienced a tremendous increase in new offers. Due to the large number of new offers currently in process, it could take up to 12 months before your offer is evaluated.

GSA's practice is to evaluate offers in the order in which they are received. However, GSA may give priority to processing certain offers when circumstances dictate, such as when a federal agency Contracting Officer specifically requests an expedited offer review in order to meet a pending requirement that will be procured under the MAS program, or when there is a need for GSA to bring strategically critical new products or services to market in order to meet federal customer needs.

SPECIAL ITEM NUMBER(S) (SINs):

Begin Regulation

52.204-11 AMERICAN RECOVERY AND REINVESTMENT ACT - REPORTING REQUIREMENTS (JUL 2010)

(a) Definitions. For definitions related to this clause (e.g., contract, first-tier subcontract, total compensation etc.) see the Frequently Asked Questions (FAQs) available at http://www.whitehouse.gov/omb/recovery_faqs_contractors. These FAQs are also linked under http://www.FederalReporting.gov.

(b) This contract requires the contractor to provide products and/or services that are funded under the American Recovery and Reinvestment Act of 2009 (Recovery Act). 552.211-15 Defense Priorities and Allocations System Requirements (SEP 2004)
(a) Definitions.

Approved program means a program determined to be necessary or appropriate for priorities and allocation support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Department of Homeland Security Under Secretary for Emergency Preparedness and Response under the authority of the Defense Production Act, the Stafford Act, and Executive Order 12919, or the Selective Service Act and related statutes, and Executive Order 12742. See Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols at http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm.

Defense Priorities and Allocations System (DPAS) means the regulation published at 15 CFR part 700 that requires preferential treatment for certain contracts and orders placed by a Delegate Agency in support of an approved program.

Delegate Agency means an agency of the U.S. Government authorized by delegation from the Department of Commerce (DOC) to place priority ratings on contracts or orders needed to support approved programs.

Rated order means, for the purpose of this contract, a delivery or task order issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

(b) Rated Order Requirement.

From time to time, the Contractor may receive a rated order under this contract from a Delegate Agency. The Contractor must give preferential treatment to rated orders as required by the Defense Priorities and Allocations System (DPAS) regulation (15 CFR part 700). The existence of previously accepted unrated or lower rated orders is not sufficient reason to reject a rated order. Rated orders take preference over all unrated orders as necessary to meet required delivery dates. There are two levels of ratings designated by the symbol of either “DO” or “DX.” All “DO” rated orders have equal priority with each other and take preference over unrated orders. All “DX” rated orders have equal priority with each other and take preference over “DO” rated orders and unrated orders. The rating designation is followed by a program identification symbol. Program identification symbols indicate which approved program is supported by the rated order (see Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols).

(c) Additional information.

Additional information may be obtained at the DOC DPAS website http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm or by contacting the designated Administrative Contracting Officer.

Offerors shall insert in the “Time of Delivery (days ARO)” column in the schedule of items a definite number of calendar days within which delivery will be made. In no case shall the offered delivery time exceed the Contractor's normal commercial practice. The Government requires the Contractor's normal commercial delivery time, as long as it is less than the “stated” delivery time(s) shown below. If the Offeror does not insert a delivery time in the schedule of items, the Offeror will be deemed to offer delivery in accordance with the Government's stated delivery time, as stated below:

Authorized Ordering Agencies

(b) Orders may be placed through Electronic Data Interchange (EDI) or mailed in paper form. EDI orders shall be placed using the American National Standards Institute (ANSI) X12 Standard for Electronic Data Interchange (EDI) format.

Federal agencies may obtain a sample format to customize as needed from the office specified in (g) below.

(e) The Contractor shall be responsible for providing its own hardware and software necessary to transmit and receive data electronically. Additionally, each party to the TPA shall be responsible for the costs associated with its use of third party provider services.

   (2) (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

   (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

   (B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

   (C) If this solicitation is a request for proposals, it was the only proposal received.

   (ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identify of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1) (i) Availability of requirements documents cited in the solicitation. (4) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication or maintenance.

(i) Data Universal Numbering System (DUNS) Number. (Applies to all offers exceeding $3,000, and offers of $3,000 or less if the solicitation requires the Contractor to be registered in the Central Contractor Registration (CCR) database.) The offeror shall enter, in the block with its name and address on the cover page of its offer, the notation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror’s name and address. The DUNS +4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same concern. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. An offeror within the United States may contact Dun and Bradstreet by calling 1-866-705-5711 or via the internet at http://fedgov.dnb.com/webform. An offeror located outside the United States must contact the local Dun and Bradstreet office for a DUNS number. The offeror should indicate that it is an offeror for a U.S. Government contract when contacting the local Dun & Bradstreet office.

(k) Central Contractor Registration. Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. Offerors may obtain information on registration and annual confirmation requirements via the CCR database accessed through https://www.acquisition.gov or by calling 1-888-227-2423 or 269-961-5757.

(i) Debriefing. If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

1. The agency’s evaluation of the significant weak or deficient factors in the debriefed offeror’s offer.

2. The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

3. The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

4. A summary of the rationale for award;

5. For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.

6. Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other
applicable authorities were followed by the agency.

52.212-4

(a) Inspection/Acceptance.

(1) The ordering activity has the right to inspect and test all materials furnished and services performed under this contract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The ordering activity may also inspect the plant or plants of the Contractor or any subcontractor engaged in contract performance. The ordering activity will perform inspections and tests in a manner that will not unduly delay the work.

(2) If the ordering activity performs inspection or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(3) Unless otherwise specified in the contract, the ordering activity will accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they will be presumed accepted 60 days after the date of delivery, unless accepted earlier.

(4) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of the services or materials last delivered under this contract, the ordering activity may require the Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements. Except as otherwise specified in paragraph (a)(6) of this clause, the cost of replacement or correction shall be determined under paragraph (i) of this clause, but the “hourly rate” for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified below, the portion of the “hourly rate” attributable to profit shall be 10 percent. The Contractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken...

(5) (i) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the ordering activity), the ordering activity may —

(A) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or deduct such increased cost from any amounts paid or due under this contract; or

(B) Terminate this contract for cause.

(ii) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute under the Disputes clause of the contract.

(6) Notwithstanding paragraphs (a)(4) and (5) above, the ordering activity may at any time require the Contractor to remedy by correction or replacement, without cost to the ordering activity, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to —

(i) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or
(ii) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(7) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this contract.

(8) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the contract.

(9) Unless otherwise specified in the contract, the Contractor's obligation to correct or replace ordering activity-furnished property shall be governed by the clause pertaining to ordering activity property.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the credit card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 501-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. –

(1) The clause at FAR 52.202-1, Definitions, is incorporated herein by reference. As used in this clause –

(ii) Hourly rate means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications of a labor category specified in the contract that are –

(A) Performed by the contractor;

(C) Other direct costs (e.g., incidental services for which there is not a labor
category specified in the contract, travel, computer usage charges, etc.);

(D) The following subcontracts for services which are specifically excluded from
the hourly rate: ALL; and

(E) Indirect costs specifically provided for in this clause.

(iv) Subcontract means any contract, as defined in FAR Subpart 2.1, entered into with a
subcontractor to furnish supplies or services for performance of the prime contract or a
subcontract including transfers between divisions, subsidiaries, or affiliates of a
contractor or subcontractor. It includes, but is not limited to, purchase orders, and changes
and modifications to purchase orders.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an
occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as,
acts of God or the public enemy, acts of the ordering activity in either its sovereign or contractual
capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays
of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is
reasonably possible after the commencement of any excusable delay, setting forth the full particulars in
connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly
give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice. —

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if
authorized) to the address designated in the contract to receive invoices. An invoice must include —

(i) Name and address of the Contractor;

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the
invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if
required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for
the invoice to be a proper invoice, the Contractor shall have submitted correct
EFT banking information in accordance with the applicable solicitation provision,
contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer – Central
Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer –
Other Than Central Contractor Registration), or applicable agency procedures.

(C) EFT banking information is not required if the ordering activity waived the
requirement to pay by EFT.
(2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

(h) Patent indemnity. The Contractor shall indemnify the ordering activity and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payments. –

(1) Work performed. The Government will pay the Contractor as follows upon the submission of commercial invoices approved by the Contracting Officer:

(ii) Hourly rate.

(A) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the contract by the number of direct labor hours performed. Fractional parts of an hour shall be payable on a prorated basis.

(B) The rates shall be paid for all labor performed on the contract that meets the labor qualifications specified in the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be paid to the extent the work is performed by individuals that do not meet the qualifications specified in the contract, unless specifically authorized by the Contracting Officer.

(C) Invoices may be submitted once each month (or at more frequent intervals, if approved by the Contracting Officer) to the Contracting Officer or the authorized representative.

(D) When requested by the Contracting Officer or the authorized representative, the Contractor shall substantiate invoices (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual payment, individual daily job timecards, records that verify the employees meet the qualifications for the labor categories specified in the contract, or other substantiation specified in the contract.

(E) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis.

(1) If no overtime rates are provided in the Schedule and the Contracting Officer approves overtime work in advance, overtime rates shall be negotiated.

(2) Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract.

(3) If the Schedule provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

(ii) Materials.

(A) If the Contractor furnishes materials that meet the definition of a commercial item at 2.101, the price to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the –

(1) Quantities being acquired; and

(2) Any modifications necessary because of contract requirements.
(B) Except as provided for in paragraph (i)(1)(ii)(A) and (D)(2) of this clause, the ordering activity will reimburse the Contractor the actual cost of materials (less any rebates, refunds, or discounts received by the contractor that are identifiable to the contract) provided the Contractor—

1. Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or
2. Makes these payments within 30 days of the submission of the Contractor's payment request to the ordering activity and such payment is in accordance with the terms and conditions of the agreement or invoice.

(C) To the extent able, the Contractor shall—

1. Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and
2. Give credit to the ordering activity for cash and trade discounts, rebates, scrap, commissions, and other amounts that are identifiable to the contract.

(D) Other Costs. Unless listed below, other direct and indirect costs will not be reimbursed.

1. Other Direct Costs. The ordering activity will reimburse the Contractor on the basis of actual cost for the following, provided such costs comply with the requirements in paragraph (i)(1)(ii)(B) of this clause: Each order must list separately the elements of other direct charge(s) for that order or, if no reimbursement for other direct costs will be provided, insert ‘None’.
2. Indirect Costs (Material Handling, Subcontract Administration, etc.). The ordering activity will reimburse the Contractor for indirect costs on a pro-rata basis over the period of contract performance at the following fixed price. Each order must list separately the fixed amount for the indirect costs and payment schedule or, if no reimbursement for indirect costs, insert ‘None’.

(2) Total cost. It is estimated that the total cost to the ordering activity for the performance of this contract shall not exceed the ceiling price set forth in the Schedule and the Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the ordering activity for performing this contract with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to the ordering activity for performing this contract will be substantially greater or less than the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performance of this contract, the ordering activity has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total amount of effort to be required under the contract.

(3) Ceiling price. The ordering activity will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if it so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance.
under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) Access to records. At any time before final payment under this contract, the Contracting Officer (or authorized representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice meet the qualifications for the labor categories specified in the contract;

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment –

(A) The original timecards (paper-based or electronic);
(B) The Contractor's timekeeping procedures;
(C) Contractor records that show the distribution of labor between jobs or contracts; and
(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost –

(A) Any invoices or subcontract agreements substantiating material costs; and
(B) Any documents supporting payment of those invoices.

(5) Overpayments/Underpayments. Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The ordering activity within 30 days will pay any such increases, unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the ordering activity has otherwise overpaid on an invoice payment, the Contractor shall –

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the –

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);
(B) Affected contract number and delivery order number, if applicable;
(C) Affected contract line item or subline item, if applicable; and
(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) (i) All amounts that become payable by the Contractor to the ordering activity under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury, as provided in section 611 of the Contract Disputes Act of 1978 (Public Law 95-561), which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six month period as established by the Secretary until
the amount is paid.

(ii) The ordering activity may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final Decisions. The Contracting Officer will issue a final decision as required by 33.211 if –

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on –

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a ordering activity check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the "completion invoice" and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer or the Contracting Officer may approve in writing) from the date of completion.

(7) Release of claims. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the ordering activity, its officers, agents, and employees of and from all liabilities,
obligations, and claims arising out of or under this contract, subject only to the following exceptions.

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the ordering activity is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the ordering activity against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) Prompt payment. The ordering activity will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(9) Electronic Funds Transfer (EFT). If the ordering activity makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(10) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the ordering activity upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the ordering activity at the destination specified in the contract, if transportation is f.o.b. destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the ordering activity's convenience. The ordering activity reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the ordering activity using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the ordering activity any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon written request, with adequate assurances of future performance. Subject to the terms of this contract, the Contractor shall be paid an amount computed under paragraph (i) of Payments of this clause, but the "hourly rate" for labor hours
expend in furnishing work not delivered to or accepted by the Government shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified in paragraph (a)(4) of this clause, the portion of the "hourly rate" attributable to profit shall be 10 percent. In the event of termination for cause, the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the ordering activity upon acceptance, regardless of when or where the ordering activity takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order: (1) the schedule of supplies/services; (2) the Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to ordering activity Contracts paragraphs of this clause; (3) the clause at 52.212-5; (4) addenda to this solicitation or contract, including any license agreements for computer software; (5) solicitation provisions if this is a solicitation; (6) other paragraphs of this clause; (7) the Standard Form 1449; (8) other documents, exhibits, and attachments; and (9) the specification.

(t) Central Contractor Registration (CCR).

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the ordering activity's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

Individual contract plan means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

Master plan means a subcontracting plan that contains all the required elements of an individual contract plan, except goals, and may be incorporated into individual contract plans, provided the master plan has been approved.

Subcontract means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

(c) Proposals submitted in response to this solicitation shall include a subcontracting plan that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small.
disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate a subcontracting plan shall make the offeror ineligible for award of a contract.

(d) The offeror's subcontracting plan shall include the following:

(1) Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 41 U.S.C. 1626:

(2) A statement of —

(i) Total dollars planned to be subcontracted for an individual contract plan; or the offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan;

A firm may rely on the information contained in CCR as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of CCR as its source list does not relieve a firm of its responsibilities (e.g., outreach, assistance, counseling, or publicizing
subcontracting opportunities) in this clause.

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with —

(9) Assurances that the offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of $650,000 ($1.5 million for construction of any public facility with further subcontracting possibilities) to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the offeror will —

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;

(iii) Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause using the Electronic Subcontracting Reporting System (eSRS) at http://www.esrs.gov. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small business concerns, and Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;

(iv) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using eSRS;

(v) Provide its prime contract number, its DUNS number, and the e-mail address of the offeror's official responsible for acknowledging receipt of or rejecting the ISRs, to all first-tier subcontractors with subcontracting plans so they can enter this information into the eSRS when submitting their ISRs; and

(vi) Require that each subcontractor with a subcontracting plan provide the prime contract
number, its own DUNS number, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting the ISRs, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (e.g., CCR), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than $150,000, indicating —

(A) Whether small business concerns were solicited and, if not, why not;
(B) Whether veteran-owned small business concerns were solicited and, if not, why not;
(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;
(D) Whether HUBZone small business concerns were solicited and, if not, why not;
(E) Whether small disadvantaged business concerns were solicited and, if not, why not;
(F) Whether women-owned small business concerns were solicited and, if not, why not; and
(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact —

(A) Trade associations;
(B) Business development organizations;
(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, and women-owned small business sources; AND
(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through —

(A) Workshops, seminars, training, etc.; and
(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this
requirement.

(c) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is identified as a certified HUBZone small business concern by accessing the Central Contractor Registration (CCR) database or by contacting SBA.

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold in which a small business concern received a small business preference, upon determination of the successful subcontract offeror, the Contractor must inform each unsuccessful small business subcontract offeror in writing of the name and location of the apparent successful offeror prior to award of the contract.

(f) A master plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the offeror by this clause; provided —

(1) the master plan has been approved,

(2) the offeror ensures that the master plan is updated as necessary and provides copies of the approved master plan, including evidence of its approval, to the Contracting Officer, and

(3) goals and any deviations from the master plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial item. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR in eSRS for all contracts covered by its commercial plan.
This report shall be acknowledged or rejected in eSRS by the Contracting Officer who approved the plan. This report shall be submitted within 30 days after the end of the Government’s fiscal year.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) A contract may have no more than one plan. When a modification meets the criteria in 19.702 for a plan, or an option is exercised, the goals associated with the modification or option shall be added to those in the existing subcontract plan.

(j) Subcontracting plans are not required from subcontractors when the prime contract contains the clause at 52.212-6, Contract Terms and Conditions Required to Implement Statutes or Executive Orders-Commercial Items, or when the subcontractor provides a commercial item subject to the clause at 52.244-6, Subcontracts for Commercial Items, under a prime contract.

(k) The failure of the Contractor or subcontractor to comply in good faith with —

1. the clause of this contract entitled “Utilization of Small Business Concerns,” or

2. an approved plan required by this clause, shall be a material breach of the contract.

(l) The Contractor shall submit ISRs and SSRs using the web-based eSRS at http://www.esf.gov. Purchases from a corporation, company, or subdivision that is an affiliate of the prime Contractor or subcontractor are not included in these reports. Subcontract award data reported by prime Contractors and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC or Indian tribe. Only subcontracts involving performance in the United States or its outlying areas should be included in these reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.

1. ISR. This report is not required for commercial plans. The report is required for each contract containing an individual subcontract plan.

(i) The report shall be submitted semiannually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period.

(ii) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.704(c), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(iii) The authority to acknowledge receipt or reject the ISR resides —

A. In the case of the prime Contractor, with the Contracting Officer; and

B. In the case of a subcontract with a subcontracting plan, with the entity that awarded the subcontract.

2. SSR. (i) Reports submitted under individual contract plans —

A. This report encompasses all subcontracting under prime contracts and
subcontracts with the awarding agency, regardless of the dollar value of the
subcontracts.

(B) The report may be submitted on a corporate, company or subdivision (e.g.
plant or division operating as a separate profit center) basis, unless otherwise
directed by the agency.

(C) If a prime Contractor and/or subcontractor is performing work for more than
one executive agency, a separate report shall be submitted to each executive
agency covering only that agency’s contracts, provided at least one of that
agency’s contracts is over $650,000 (over $1.5 million for construction of a
public facility) and contains a subcontracting plan. For DoD, a consolidated
report shall be submitted for all contracts awarded by military departments/
agencies and/or subcontracts awarded by DoD prime Contractors. However, for
construction and related maintenance and repair, a separate report shall be
submitted for each DoD component.

(D) For DoD and NASA, the report shall be submitted semi-annually for the six
months ending March 31 and the twelve months ending September 30. For
civilian agencies, except NASA, it shall be submitted annually for the twelve
month period ending September 30. Reports are due 30 days after the close of
each reporting period.

(E) Subcontract awards that are related to work for more than one executive
agency shall be appropriately allocated.

(11) The Contractor shall take such action with respect to any subcontract or purchase order as the Contracting Officer may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance; provided, that if the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of any direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

(d) Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR 60-1.1.

52.222-29

52.222-35

52.222-35 EQUAL OPPORTUNITY FOR VETERANS (SEP 2010)

(a) Definitions. As used in this clause —

All employment openings means all positions except executive and senior management, those positions that will be filled from within the Contractor’s organization, and positions lasting 3 days or less. This term includes full-time employment, temporary employment of more than 3 days duration, and part-time employment.

Armed Forces service medal veteran means any veteran who, while serving on active duty in the U.S. military, ground, naval, or air service, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985 (61 FR 1209).

Disabled veteran means —

(1) A veteran of the U.S. military, ground, naval, or air service, who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs; or

(2) A person who was discharged or released from active duty because of a service-connected disability.

Executive and senior management means —

(1) Any employee —

(i) Compensated on a salary basis at a rate of not less than $455 per week (or $380 per week, if employed in American Samoa by employers other than the Federal Government), exclusive of board, lodging or other facilities;

(ii) Whose primary duty consists of the management of the enterprise in which the individual is employed or of a customarily recognized department or subdivision thereof;

(iii) Who customarily and regularly directs the work of two or more other employees; and

(iv) Who has the authority to hire or fire other employees or whose suggestions and recommendations as to the hiring or firing and as to the advancement and promotion or any other change of status of other employees will be given particular weight; or

(2) Any employee who owns at least a bona fide 20-percent equity interest in the enterprise in which the employee is employed, regardless of whether the business is a corporate or other type of organization, and who is actively engaged in its management.

Other protected veteran means a veteran who served on active duty in the U.S. military, ground, naval,
or air service, during a war or in a campaign or expedition for which a campaign badge has been
authorized under the laws administered by the Department of Defense.

Positions that will be filled from within the Contractor's organization means employment openings for
which the Contractor will give no consideration to persons outside the Contractor's organization
(including any affiliates, subsidiaries, and parent companies) and includes any openings the Contractor
proposes to fill from regularly established "recall" lists. The exception does not apply to a particular
opening once an employer decides to consider applicants outside of its organization.

Qualified disabled veteran means a disabled veteran who has the ability to perform the essential
functions of the employment positions with or without reasonable accommodation.

Recently separated veteran means any veteran during the three-year period beginning on the date of
such veteran's discharge or release from active duty in the U.S. military, ground, naval or air service.

(b) General.

(1) The Contractor shall not discriminate against any employee or applicant for employment
because the individual is a disabled veteran, recently separated veteran, other protected veterans,
or Armed Forces service medal veteran, regarding any position for which the employee or
applicant for employment is qualified. The Contractor shall take affirmative action to employ,
advance in employment, and otherwise treat qualified individuals, including qualified disabled
veterans, without discrimination based upon their status as a disabled veteran, recently separated
veteran, Armed Forces service medal veteran, and other protected veteran in all employment
practices including the following:

(i) Recruitment, advertising, and job application procedures.

(ii) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff,
termination, right of return from layoff and rehiring.

(iii) Rate of pay or any other form of compensation and changes in compensation.

(iv) Job assignments, job classifications, organizational structures, position descriptions,
lines of progression, and seniority lists.

(v) Leaves of absence, sick leave, or any other leave.

(vi) Fringe benefits available by virtue of employment, whether or not administered by
the Contractor.

(vii) Selection and financial support for training, including apprenticeship, and on-the-job
training under 38 U.S.C. 3687, professional meetings, conferences, and other related
activities, and selection for leaves of absence to pursue training.

(viii) Activities sponsored by the Contractor including social or recreational programs.

(ix) Any other term, condition, or privilege of employment.

(2) The Contractor shall comply with the rules, regulations, and relevant orders of the Secretary
of Labor issued under the Vietnam Era Veterans' Readjustment Assistance Act of 1972 (the Act),
as amended (38 U.S.C. 4211 and 4212).

(3) The Department of Labor's regulations require contractors with 50 or more employees and a
contract of $100,000 or more to have an affirmative action program for veterans. See 41 CFR part
60-300, subpart C.
(c) Listing openings.

(1) The Contractor shall immediately list all employment openings that exist at the time of the execution of this contract and those which occur during the performance of this contract, including those not generated by this contract, and including those occurring at an establishment of the Contractor other than the one where the contract is being performed, but excluding those of independently operated corporate affiliates, at an appropriate employment service delivery system where the opening occurs. Listing employment openings with the State workforce agency job bank or with the local employment service delivery system where the opening occurs shall satisfy the requirement to list jobs with the appropriate employment service delivery system.

(2) The Contractor shall make the listing of employment openings with the appropriate employment service delivery system at least concurrently with using any other recruitment source or effort and shall involve the normal obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. This listing of employment openings does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Contractor from any requirements of Executive orders or regulations concerning nondiscrimination in employment.

(3) Whenever the Contractor becomes contractually bound to the listing terms of this clause, it shall advise the State workforce agency in each State where it has establishments of the name and location of each hiring location in the State. As long as the Contractor is contractually bound to these terms and has so advised the State agency, it need not advise the State agency of subsequent contracts. The Contractor may advise the State agency when it is no longer bound by this contract clause.

(d) Applicability. This clause does not apply to the listing of employment openings that occur and are filled outside the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.

(e) Postings.

(1) The Contractor shall post employment notices in conspicuous places that are available to employees and applicants for employment.

(2) The employment notices shall —

(i) State the rights of applicants and employees as well as the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified employees and applicants who are disabled veterans, recently separated veterans, Armed Forces service medal veterans, and other protected veterans; and

(ii) Be in a form prescribed by the Director, Office of Federal Contract Compliance Programs, and provided by or through the Contracting Officer.

(3) The Contractor shall ensure that applicants or employees who are disabled veterans are informed of the contents of the notice (e.g., the Contractor may have the notice read to a visually disabled veteran, or may lower the posted notice so that it can be read by a person in a wheelchair).

(4) The Contractor shall notify each labor union or representative of workers with which it has a collective bargaining agreement, or other contract understanding, that the Contractor is bound by the terms of the Act and is committed to take affirmative action to employ, and advance in employment, qualified disabled veterans, recently separated veterans, other protected veterans, and Armed Forces service medal veterans.

(f) Noncompliance. If the Contractor does not comply with the requirements of this clause, the Government may take appropriate actions under the rules, regulations, and relevant orders of the
Secretary of Labor. This includes implementing any sanctions imposed on a contractor by the Department of Labor for violations of this clause (52.222-35, Equal Opportunity for Veterans). These sanctions (see 41 CFR 60-300.66) may include —

(1) Withholding progress payments;

(2) Termination or suspension of the contract; or

(3) Debarment of the contractor.

(g) Subcontracts. The Contractor shall insert the terms of this clause in subcontracts of $100,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs, to enforce the terms, including action for noncompliance.

52.222-36

(i) Recruitment, advertising, and job application procedures;

The Contractor shall ensure that applicants and employees with disabilities are informed of the contents of the notice (e.g., the Contractor may have the notice read to a visually disabled individual, or may lower the posted notice so that it might be read by a person in a wheelchair).
