Hi Madie,

Please approve the FY14 headcount transfer from Ashish Mittal to Sundararaman Shenbagam.

Thank you,
Ariel

Hello Michelle and Balaji,

Please find attached a spreadsheet with Balaji's open headcount. Please feel free to circle back if you have any questions.

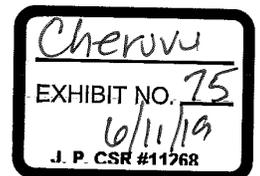

Also, once a decision is reached to make a change, please let me know so we can track it.

Regards,

Les

Thank you, Chantal. Moving you to bcc: and will work with Les going forward.

Hi Les – please let me and Balaji know his team’s college hire allocation status so he can determine if we can move forward with the candidate for Sundar.

Thanks!
Michelle

Hi Michelle,

Les our Sr. manager will let you know.

Thanks,

Chantal

Hi Chantal - Balaji Yelamanchili, SVP copied on this thread, would like to see if any of his team has not yet used their US college hire allocation because he would like to assign it to Sundar (below) to hire the candidate he identified. Please let me know the status of his college hire allocations or if you need anything additional from me.

Thanks!
Michelle

Subject: Additional College Hire

Hi Balaji,

There is one college hire allocated to my team. We have interviewed couple of candidates from Cornell and the first one - [REDACTED] really liked our team and we have given approval to HR to raise an offer. Today we received a mail from HR (satarupa.bhattacharya@oracle.com) that the second one - [REDACTED] also really likes to join our team as first choice.

Please see whether you can approve one more college hire for my team. This will be very helpful for our cloud development efforts.

We need to get back by tomorrow. Please let me know if you need any other details.

Thanks
Sundar
