

**WHERE WE RECRUIT:**

We proactively recruit top graduates at the following schools in the US and consider top graduates from the following international schools for Oracle product development positions. We also consider candidates that attend schools outside of our core list for the program on a case by case basis. We will consider graduate students from non-core schools who have an undergraduate degree (or lesser graduate degree) from any of the US or international schools on this list.

***Core Schools (Both Hardware and Software)***

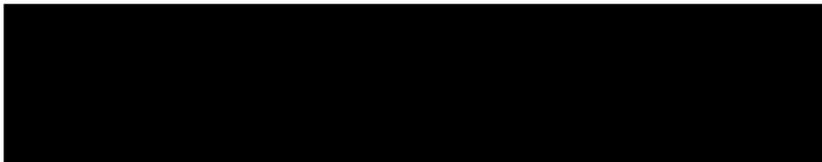

**We also consider candidates from the following schools**

***Hardware and Software:***

***Software Only:***

***Hardware Only:***
