[Comply Chain: Business Tools for Labor Compliance in Global Supply Chains](#)

Comply Chain (Mobile App and Web App) provides a practical, step-by-step guide on critical elements of social compliance, and is designed for companies that do not have a social compliance system in place or those needing to strengthen their existing systems. It provides an integrated social compliance system includes: engaging stakeholders and partners, assessing risks and impacts, developing a code of conduct, communicating and training across the supply chain, monitoring compliance, remediating violations, independent review, and reporting performance and engagement. The app contains many examples of specific good practices that companies, industry groups, and multi-stakeholder initiatives have put in place in these eight areas.

[Temporary enforcement position regarding exempt 13\(a\)\(3\) establishments running alternative programming in 2020 because of the COVID-19 pandemic](#)

This Field Assistance Bulletin ("FAB") outlines the Wage and Hour Division's ("WHD") temporary enforcement position regarding the application of section 13(a)(3) of the Fair Labor Standards Act ("FLSA") to existing amusement or recreational establishments, organized camps, or religious or non-profit educational conference centers that modified, replaced, canceled, or reduced normal operations in 2020 in light of the COVID-19 pandemic. Where the conditions outlined below exist, WHD shall not bring enforcement actions for violations of the minimum wage or overtime requirements of the FLSA against such establishments, even if the operations or programming of such establishments offered in 2020 might not satisfy the Department's regulations under section 13(a)(3).
