</table>
The purpose of the Ironworkers’ Standards of Excellence is to reinforce the pride of every Ironworker and our commitment to be the most skilled, most productive and safest craft in the Building Trades.

As Union Ironworkers, we pledge ourselves to uphold our word, as given through our Collective Bargaining Agreement, and display the professionalism expected of our trade and Union in all aspects of our employment as exemplified by the values engrained in our Standards of Excellence.

It is a commitment to use our training and skills, each and every day, to produce the highest quality work worthy of our name and consistent with the Collective Bargaining Agreement.

As an Iron Worker member, I agree to:

1. Adhere to my responsibilities under the Collective Bargaining Agreement for start and quit times, as well as lunch and break times.

2. Allow my Representatives to handle any disagreements or breaches by refusing to engage in unlawful job disruptions, slowdowns or any activities that affect our good name.

3. Respect the Customer’s and Employer’s rights, property and tools as I do my own.

4. Meet my responsibility to show up every day; outfitted for work and fit for duty without engaging in substance abuse.

5. Cooperate with the Customer and Employer to meet their statutory, regulatory and contractual responsibilities to maintain a safe, healthy and sanitary workplace.
6. Do my best to work in a manner consistent with the quality, productivity and safety of every task that I am assigned.

7. Do my best to help every co-worker return home safe at the conclusion of every shift.

The Ironworkers’ Standards of Excellence will increase the pride, the productivity and the craftsmanship of every Ironworker throughout North America. This commitment will improve workplace conditions, increase work opportunities, and help maintain our wages, benefits and standards of living. In addition, the Standards of Excellence will help our signatory employers complete their projects on time, on budget with no injuries or accidents.

In accordance with Article XXVI of the International Constitution, charges may be preferred against any member for violations of the Ironworkers’ Standards of Excellence, including but not limited to the following reasons:

- Taking a job referral and not reporting to work.
- Failing pre-employment qualifications.
- Discharged for excessive absenteeism.

Fines for the first offense shall be no less than $100.00 or no more than one (1) day’s pay including fringe benefits and working assessments.
ARTICLE I
DEFINITIONS

Section 1
Agreement

A. This Agreement is entered into this June 1, 2018 by and between the Ironworker Employers Association of Western Pennsylvania and Local Union No. 3 of Great Lakes District Council of the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers of Pittsburgh, Pennsylvania, who are hereby recognized each by the others as the bonafide collective bargaining agents for their respective members. As used in the Agreement, the term Iron Worker(s) shall include all employees performing work covered by this Agreement, including each of the classifications of employees listed in Article III, Section 1, Paragraph A of this Agreement.

B. This Agreement is negotiated by the Ironworker Employers Association acting as agent, only for Building Industry Members who are Bargaining Unit Members and other employers who have granted their bargaining rights to the Ironworker Employers Association of Western Pennsylvania, hereinafter referred to as Employer(s). For any breach of this Agreement, the liability of the Employer shall be several, not joint and the liability of the Association shall be only that of negotiating agent acting without liability for the acts of its individual members. It is specifically agreed by the Union that no grievance or lawsuits will be filed against the Ironworker Employers Association of Western Pennsylvania resulting from the alleged failure of any individual Employer to comply with the terms of this Agreement. However, nothing will prevent the Union from taking appropriate action, grievance, or lawsuit against the Employers Association if the
Employers Association violates the Collective Bargaining Agreement, Federal, State or Local Law.

C. It is mutually understood and agreed that no liability shall arise on the part of the Union by reason of an unauthorized act by an Iron Worker or member of said Union, unless and until such unauthorized act is brought to the attention of the Union and they have been given a reasonable opportunity to correct said act or ratify same.

D. The Employer and the Union adopt as a principle of this Contract and hereto agree to comply with Title VII of the Civil Rights Act of 1964 and all other applicable Federal and State Laws pertaining to non-discriminatory practices in employment. In conformance with the Immigration Reform and Control Act of 1986, all Iron Workers employed under this Contract must provide documentation that they are in compliance with the provisions of the Immigration Reform and Control Act.

Section 2
Special Conditions

A. This section would not cover any Industrial type work, Power Houses, or any work considered Davis-Bacon, or Prevailing Wage Pennsylvania Act 44 work as well as Maintenance of any of the above.

B. Whereas, the Union and Union Contractors want to retain, regain, and expand Union construction over Open-Shop contractors, we collectively agree to be party to the Market Recovery/Market Retention/Market Expansion Program.

C. It is agreed that periodic meetings will be held between the Iron Workers Local Union No. 3 Business Manager and Business Agents and members of the Ironworkers Employers
Association of Western Pennsylvania to discuss and review existing adverse market conditions affecting the ability of Union Iron Workers and Union Ironworker Employers to obtain work.

D. Special conditions on wages, hours, and working conditions can be mutually agreed between the Business Manager or Business Agent and the Ironworker Employers Association of Western Pennsylvania prior to bidding and these conditions are to be confirmed in writing.

E. These Special Conditions would be binding for the duration of the project because of the costs incurred and short amount of time in bidding these projects, would not have to be brought back to the Iron Workers’ body for ratification.

F. These Special Conditions would be addended to this Agreement.

G. This Agreement will be force for three (3) years until May 31, 2021.

Section 3

Scope of Agreement

A. This Agreement contains all of the provisions agreed upon by the Employers and the Union. Neither the Employers nor the Union will be bound by rules, regulations or agreements not herein contained except interpretations or decisions of the Board of Arbitration, pursuant to the Arbitration Clause.

Section 4

Savings Clause

A. Should any part of any provisions herein contained be rendered or declared invalid by reason of any existing or
subsequently enacted legislation, or by any decree of a court of competent jurisdiction, the remaining provisions of this Agreement shall, nevertheless, remain in full force and effect, unless the parts so held invalid are wholly inseparable from the remaining portions of this Agreement. The parties agree that if and when any provisions of this Agreement are so rendered or declared invalid they will then promptly enter into negotiations concerning the substance thereof.

Section 5

Duration and Termination

A. The Union shall, after receiving the approval of the General Executive Board, notify, in writing, their fair employers and contractors in their jurisdiction not less than sixty (60) days in advance of any proposed new agreement and working rules.

B. The Agreement with any amendments thereof made as provided for therein, shall remain in full force and effect until Midnight, May 31, 2021, unless written notice to be given by either party to the other at least sixty (60) days prior to such date of a desire for change therein or to terminate the same, it shall continue in effect for an additional year thereafter. In the same manner, this Agreement with any amendments thereof shall remain in effect from year to year thereafter, subject to change or termination at the expiration of any such Contract Year upon notice in writing given by either party to the other at least sixty (60) days prior to the expiration of such Contract Year. Any such notice as hereinabove provided for in this Section, when specifying a desire to completely terminate the Agreement at the end of the current contract, shall have the effect of terminating this Agreement at such time. Any such notice as hereinafter provided for in this Section, when specifying a desire to amend or change certain Sections of this Agreement shall have the effect of terminating at the end of the current contract only those Sections desired to be amended or changed and all other Sections shall
remain in full force and effect except for Article VIII, Section 1, Paragraph C which shall also terminate until such time as a new Agreement is executed, thereby giving the parties the right to strike or lockout as they deem fit; provided, however, if one (1) party notifies the other party of its desire to amend or change certain Sections of this Agreement, the other party receiving such notice shall not be precluded from negotiating amendments or changes in Sections of the Agreement not specified in such notice.

IN WITNESS THEREOF, THIS Agreement has been executed by the parties hereto as of the date and year first above written in the City of Pittsburgh, Commonwealth of Pennsylvania.

Section 6
Union Security
A. All employees who are members of the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers on the effective date of this Agreement shall be required to remain members of the Association in good standing as a condition of employment during the term of this Agreement. All employees may be required to become and remain members of the Association in good standing as a condition of employment from and after the thirty-first (31st) day following the dates of their employment or the effective date of this Agreement, whichever is later.

Section 7
Protection of Union Principles
A. The removal of Journeyman Iron Workers and Apprentices from a job in order to render assistance to other Local Unions to protect legal union principles shall not constitute a violation of this Agreement, provided such removal is first
approved by the General Executive Board and notice thereof is first given to the Employer involved.

ARTICLE II
JURISDICTION

Section 1
Craft Jurisdiction

A. It is agreed that the jurisdiction of work covered by this Agreement shall cover and include but is not limited to that provided for in the charter grant issued by the American Federation of Labor to the International Association of Bridge, Structural, Ornamental, and Reinforcing Iron Workers, it being understood that the claims are subject to trade agreements and final decisions of the AFL-CIO as settlement of jurisdictional disputes.

B. This Agreement shall cover and include all work performed by Iron Workers at any industrial, commercial, or construction site, plus all work ancillary thereto, irrespective of where performed, including but not limited to all work relating to the unloading, handling, assembly and pre-assembly, fabrication, refabrication, erection, and dismantling of structural, ornamental, reinforcing steel and metals and plastic, materials at the construction site or temporary facilities or yards associated therewith and it is understood and agreed this International Association claims for its members the fabrication, production, erection and construction of all iron, steel, ornamental lead, bronze, brass, copper, aluminum, all ferrous and non ferrous metals, precast, prestressed and poststressed concrete structures, agitators, air ducts, aluminum bleachers, amusement park rides, anchors, application of all sealants such as Thiokol, Neoprene and similar types used to seal metal surfaces; aprons,
aqueducts, awnings, bar joist, blast furnaces, bookstacks, boilers (section water tube and tubular), boxes, brackets, bridges, bucks, bulkheads, bunkers, the assembling and dismantling of all batch plants, cableways, caissons, canopies, caps, cast tiling, chutes, clips, cofferdams, concentrators, conveyors, coolers, coping, corbels, corrugated sheets when attached to steel frames; cranes (the erection, installation, handling, operating and maintenance on all forms of construction work), the erection, raising, lowering, dismantling of all climbing type cranes, crushers, cupolas, curtains, dams, decking (metal); roof decking (such as “Colfar,” and similar type materials, as well as “Trusdeck,” Mahon “M” deck and other dual purpose type roof deck), derricks, turning of derrick with all power hand tools, docks, domes, doors (overhead, hollow, metal) dredges, drums, duct and trench frames and plates, dumb waiter enclosures, dumpers, elevators, expanded metals, facias, false work, fans, fencing, fire escapes, firesafing, “in conjunction with wall systems,” fins, flag poles, floor construction and flooring, flumes, frames, frames in support of boilers, fronts, fur rooms, gates, grating, grillage, and foundation work, grill work, guards, hangers, hanging ceilings, hoppers, hot rooms, inclines, iron doors, jail and cell work, joints (precast, prestressed and poststressed), kalomeined doors, kilns, lintels, lockers, locks, louvers, machinery (moving, hoisting, and placing on foundations), making and installation of all articles made of wire and fibrous rope; marquees, material altered in the field, such as: framing, cutting, bending, drilling, burning and welding by acetylene gas and electric machines; metal curtain wall, including glass and glazing (including Terreal Clay Tile Wall Systems), metal floor decking, metal forms and falsework pertaining to concrete construction, metal furniture, metal windows and enclosures, including glass and glazing, misers, monorails, multiplate, operating devices, ovens, pans, panels (insulated and non-insulated, factory and field assembled), pen stocks, pile drivers, plates, porcelain enameled panels, prefabricated metal buildings, pulverizers, rocks, railing (including pipe), railroad bridgework and maintenance reservoirs, rigging (including
shipyards, navy yards, vessels, and government departments), roofs, rolling shutters, safe deposit boxes, safes, sash, scaffolding, seats, shafting sheet piling, shelving, shoring, sidewalk and vault lights, signs, skip hoists, skylights, including glass and glazing, smoke conveyors, solar panels, spandrels (metal and precast concrete), spillways, stacks, stairways, stokers, storage rooms, stoves, subways, sun shades, tables, torqueing bolts, towers, tanks, tracks, tramways, travelers, traveling sheaves, trusses (steel, Howe, and combination), tunnels, vats, vault doors, vaults, ventilators, vertical hydraulic elevators, vessels, viaducts, wind turbines, window wall, including glass and glazing, wire work; wrecking, and dismantling of all the above and all houses with work and submarine diving in connection with or about the same. The plumbing, aligning, and leveling of all materials and equipment through the use of optical instruments, Laser beams, etc. (this shall not preclude the use of supervisory or administrative personnel to direct these operations utilizing such instruments.)

The handling and erection of all fiber reinforced “composite” products such as fiberglass reinforcing bars for structural, architectural and dielectric nonconducting concrete; fiber reinforced plastics, polyesters, polymers, vinyls, ceramics and similar materials commonly referred to as “composites” used to produce stair stringers, treads and risers, platform and floor grating, handrails, structural framing, cables and all other products which traditionally had been made of iron, steel aluminum, bronze, brass, copper, graphite, titanium and the other normal construction metals; to achieve corrosion free, dielectric, antimagnetic, non-conductive requirements as required by the owners and their designers to provide a calculated performance and function.

Iron Workers will perform all work in connection with field fabrication and/or erection, installation, removal, wrecking and
dismantling of structural, architectural and reinforcing iron and steel, ornamental lead, bronze, brass, copper and aluminum, and plastics or other materials when used in place thereof.

Additional craft jurisdiction as follows: all insulation in conjunction with metal panels, curtain wall and window wall, lead and steel shielding, standing seam roofs, modular prefabricated units such as those commonly used in prisons, hotels, housing, pulpits, service stations, etc., and any completed unit that takes the place of a building or structure, metal studding and light gauge metal framing, reinforcing and structural material regardless of composition, moving or jumping devices, pneumatically or electrically powered, that replace manual operations historically performed by the Iron Worker, shall remain the work of the Iron Worker.

C. MATERIAL, SORTING, DISTRIBUTING AND STORABLE POINTS:

The sorting, distributing, and handling of all materials coming under the jurisdictional claims of the Union in or about the job, or at storage points, shall be done by Iron Workers, in accordance with International regulations and official decisions.

D. ALTERATION, REPAIR, MOVING, DISMANTLING AND RE-ERECTION OF BUILDINGS, BRIDGES, AND OTHER STRUCTURES:

Where structural steel, ornamental iron and metal in buildings, bridges, and other structures is altered, repaired, moved, dismantled, and/or re-erected by any method or means all work in connection therewith shall be performed by Iron Workers.

E. EQUIPMENT REMOVAL, PILING, FALSE WORK, RIGS, ETC.
The erection, dismantling of all false work, pulling of piling, taking down derricks, travelers and all rigging used in the erection or dismantling of any and all steel work, including bridges, shall be done by Iron Workers.

F. WRECKING AND/OR DEMOLITION:

Where structural steel on buildings, bridges, and other structures is dismantled and demolished and power equipment (derricks, cranes, rigging, etc.) is used in the dismantling of the structural steel, the handling and loading of same shall be done by Iron Workers.

G. PRECAST, PRESTRESSED, REINFORCED CONCRETE, STRUCTURAL MEMBERS FOR BUILDINGS, BRIDGES AND OTHER STRUCTURES:

Where precast, prestressed, reinforced concrete structural members, columns, beams, girders, slabs, or roof-tees are used in the construction of buildings, bridges and other structures and power equipment such as derricks, cranes, jacks, and/or rigging is used, the work of loading, unloading, moving and placing to complete erection shall be performed by Iron Workers. All job pre-stressing and post tensioning of concrete and concrete structures shall be done by the Iron Worker.

H. REINFORCING ASSIGNMENT:

1. All material used to reinforce concrete shall be assigned to Iron Workers represented by Local Union No. 3.

2. Iron Workers shall be employed in all work in connection with field fabrication, handling, racking, sorting, cutting, bending, hoisting, placing, burning, welding and tying of all materials used to reinforce concrete construction. Miscellaneous loading and unloading of rods, by hand, can be
performed by the available work force of the General Contractor if no Iron Workers are available on the job site.

3. On all projects all reinforcing shall be assembled on the job site. Pre-assembled reinforcing, mats, beams, columns, etc (with the exception of heavy spiral columns or highway mesh which is impractical to assemble) will not be accepted on the job site if previously tied or welded by anyone other than an Iron Worker.

4. Iron Workers will be used to lay wire mesh and paperback steeltex and all other material when used to reinforce concrete on all types of building and other construction work. The pulling or raising of wire mesh shall be performed by the Iron Worker.

Under no circumstances shall a Contractor require an Iron Worker to perform this work (mesh) with another craftsman.

5. Post tension cable used to reinforce concrete slabs on grade, structural slabs and beams shall be the work of the Iron Worker including unloading, laying out of the stressing anchors, attaching the anchors to the forms, stressing and cutting the cable to complete the procedure.

I. CURTAIN WALL:

Installation of curtain wall, including all of its components and accessories whether metal and/or composite including glass and glazing used in the installation of curtain wall and window wall, shall be performed by the Iron Worker.
Section 2
Sheeting – Unloading
A. Employers may use Apprentices to unload, carry to building site and hoist corrugated or other types of sheeting to the place where Journeyman and/or Apprentice Iron Workers will install the same.

Section 3
Demolition Clause
A. Upon notification to the Business Manager or Business Agent, demolition work may be performed under the terms of any applicable National Maintenance Agreement in effect at the time between the applicable National Association and the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers with the exception of Article XIV covering travel pay and subsistence.

Section 4
Pouring Concrete
When it becomes necessary to straighten, tie, add or adjust rods during a concrete pour, the Iron Worker will perform these duties. Under no circumstances will an Iron Worker be a stand-by man on concrete pours unless requested by the Employer.

Section 5
Penalty
A. Any Employer installing material used for reinforcing concrete with employees other than Iron Workers shall pay to an Iron Worker capable of performing the work, an amount equal to the Iron Worker hourly rate for the number of hours actually consumed on such installation. Such payment shall be made
upon agreement of the parties (Employer and Union) or as part of any decision arrived at through the grievance procedure.

B. When an authorized Company representative requests men for the work described above, and the Union is unable to furnish men, the above paragraph does not apply.

Section 6
Territory
A. The territory covered by this Agreement shall be the territorial jurisdiction of Local Union No. 3 which consists of the Counties: Zone 1 - Allegheny, Armstrong, Cambria, Clarion, Fayette, Indiana, and Westmoreland and portions of Beaver, Butler, Washington, and Greene; Zone 2 – Crawford, Erie, Forest, and Warren; Zone 3 – Blair, Cameron, Centre, Clearfield, Clinton, Elk, Jefferson, Potter and McKean.

B. When work is performed in accordance with Pennsylvania Act No. 442 which provides for the establishment of prevailing wages to be applied on all public work performed by or for the Commonwealth of Pennsylvania, and such work is performed in the aforementioned counties, all such work will be performed under the jurisdiction and conditions of this Contract by members of Iron Workers Local Union No. 3.

Section 7
Subcontractors
No Employer shall subcontract or assign any of the Field Construction work as covered by the Green Book Decisions of Record, International Agreements, Committee Understandings, Trade Practice of Work performed historically by the present Ironworker Employers Association members, which is to be performed at a job site to any contractor, subcontractor or other
person or party who does not comply with all the terms of this Agreement and does not stipulate in writing compliance to the applicable Fringe Benefit Funds and the Trust Agreement or Agreements covering same.

Section 8

Letters

A. It is agreed that all Contractors who are parties to this Agreement and employ Iron Workers in the jurisdiction of Local Union No. 3, will furnish Local Union No. 3 with signed letters on the letterhead of the Employer stating that they have employed Iron Workers on any particular phase of work and paid the negotiated scale of wages on any and all jobs which the Employer has performed with Iron Workers within a reasonable period upon receipt of written request.
ARTICLE III
WAGES, WORKING HOURS, JOB CONDITIONS

Section 1
Wage Rates

The following minimum hourly rates shall apply to the classifications as indicated:

Effective June 1, 2019

A. Advanced Foreman and Advanced General Foreman rates are:

- Advanced Foreman $3.00/hour over Wage Scale
- Advanced General Foreman $5.00/hour over Wage Scale

**NOTE:** To be eligible for the increase, individual must have completed the following training:

- Foreman Training
- OSHA 30 Hour Training
- Certified Rigger Training
- Scaffold User Training/Builder
- Manlift/Forklift Training

If individual(s) do not complete the above training, then the following rates apply:

- Foreman $2.25/hour over Wage Scale
- General Foreman $3.50/hour over Wage Scale
B. The Iron Worker responsible for the installation of sheeting shall receive Foreman’s wages. All other members of the crew will receive Journeyman Rate or Apprentice rate as the case may indicate. All drilling and installation of fasteners shall receive Iron Worker’s Wages.

Section 2

Work Hours Per Day

A. Eight (8) hours shall constitute a day’s work from Monday through Friday, inclusive. The Employer shall have the option to schedule a work day consisting of eight (8) consecutive hours exclusive of one-half (1/2) hour unpaid lunch, between 7:00 AM and 5:30 PM. Once a starting time is established, it will remain the same for the duration of the job, unless changed by mutual agreement between the Company and the Business Representative. Four tens (4-10’s) may be worked on jobs of two (2) weeks duration or longer and must continue for the duration of the project unless changed by mutual agreement between the Business Representative and the Employer. Four tens (4-10’s) shall run from Monday through Thursday. If an employee is transferred from a five eights (5-8’s) job to a four tens (4-10’s) job by an Employer, he/she shall receive time and one-half (1 ½) for all hours worked beyond 8 hours during any day for that week.

B. Where unusual circumstances exist, starting time for straight time may be changed by mutual agreement between the Business Representative and the Company Representative on a straight time basis.

C. Adequate time shall be allowed all employees to pick up tools, change clothes and be off Company property by quitting time. Adequate time shall mean the time required for any individual moving at a normal pace to put away tools, change
clothes, and walk or be driven off Company property by quitting time.

**Section 3**

*Holidays and Overtime*

A. All overtime, Monday through Saturday, shall be at time and one-half (1½). Sundays and holidays shall be at double time. Good Friday and Veteran’s Day will comply with the Industry.

**Holidays:**

New Year’s Day  
Good Friday  
Memorial Day  
July 4th  
Labor Day  
Thanksgiving Day  
Veteran’s Day *(observed the day after Thanksgiving)*  
Christmas Day

B. Any of the aforementioned holidays which occur on a Sunday shall be observed the following Monday. Any of the aforementioned holidays which occur on a Saturday shall be observed the prior day (Friday).

C. When work is performed through the designated lunch break, on pulling mesh only, employees must be permitted their lunch break within one (1) hour. Otherwise the Employer will be required to pay premium time and give the employee a lunch break of one-half (1/2) hour for work performed through the standard lunch break. On all other work, except pulling mesh, the appropriate premium time rate of wages shall be paid for work performed through the designated lunch, plus an additional one-
half (1/2) hour to each lunch for work performed through the standard lunch break.

D. Iron Workers employed on a particular work operation shall not be displaced by other men working for the same Employer when it becomes necessary to work overtime on such particular work operation. This does not apply to General Foreman or where specific skills are needed to perform a work operation.

E. When it becomes necessary to work unscheduled overtime, the Union and/or appropriate Business Agent must be notified.

Section 4

Reporting Time

A. When an employee is ordered by the Employer or their representative to report for work and then through no fault of the employee is not put to work, the employee shall be paid for four (4) hours at straight time. This does not apply in case of inclement weather or other cause beyond the control of the Employer.

B. When employees report for work and due to inclement weather they cannot work, two (2) hours reporting time shall be paid at the regular straight time rate of pay, providing the employees remain on the job for two (2) hours.

The Steward representing the employees, and the Superintendent of the job or other authorized agent of the Employer, shall determine at any time during the first two (2) hours, whether or not the weather conditions are such that the work can proceed, and any employee who fails to comply with the decision reached
by the two (2) aforesaid representatives shall not be entitled to reporting time.

The employer shall have the right to call off employees prior to the start of their regular shift due to inclement or pending inclement weather, cancellation of material delivery by others, or any other reason that is beyond the control of the employer, without incurring reporting time liability. Notification must be made by the end of the employees shift.

On Saturdays, Sundays and holidays, reporting time shall be paid at the straight time rate. If the employee then starts work, he shall be paid at the appropriate overtime rate including the reporting time.

C. No foreman shall be permitted to work on a job that is shutdown for reasons of weather or safety. This does not apply in case of emergency.

D. In all cases where an Iron Worker fails to report for their work day and if another Iron Worker is required, he may be an Iron Worker on the work force of the Employer. If not available, Contractor’s Representative must notify the Union Hall of Local Union No. 3 for an Iron Worker. Work shall proceed pending their arrival on the job.

E. All Iron Workers working more than ten (10) hours, exclusive of lunch periods, in one (1) continuous operation, shall be given two (2) thirty (30) minute lunch periods. The first lunch period of thirty (30) minutes to be without pay and the second lunch period of thirty (30) minutes will be taken at the beginning of the eleventh (11th) hour to be paid for by the Employer on a premium basis. There will be a thirty (30) minute lunch taken
every four (4) hours thereafter, paid by the Employer on a premium basis.

F. After twelve (12) hours, lunch periods must be taken. There will be no “payments in lieu of lunch period” taken by any employee.

G. Employees shall be paid the appropriate overtime rate of wages for all actual hours worked on a second reporting time. Employees who have started work on their regular shift shall be paid a minimum of four (4) hours. Employees who have not started work on their regular shift shall be paid two (2) hours. The overtime provision does not apply when the Employer provides a minimum seven (7) hour shift break between the time the employee(s) has been instructed to stop work and the time the employee(s) commence work on the recall shift.

Section 5
Pay Day
A. The regular pay day will be once a week, on the job site, during working hours.

B. When pay day falls on a holiday, employees must be paid before the holiday. Employees shall be paid on the job site.

C. Once pay day is established, it will remain the same for the duration of the job.

D. If any Employer is unable to pay on the day after the established pay day by the designated quitting time, he shall be required to pay at the double time rate of wages for each waiting hour up to a period of four (4) hours.
E. Employers may withhold where necessary a reasonable amount of wages due to enable them to prepare the payroll but not to exceed three (3) working days.

F. When employees are laid off or discharged, they shall be paid in full on the job site no later than one-half (1/2) hour before the regular quitting time. When employees quit of their own accord, they shall wait until the regular pay day for the wages due to them. Layoff checks will include all wages due for scheduled work. Unscheduled overtime worked on the day of the layoff can be mailed the next regular business day.

G. Arrangements will be made, if possible and necessary, to assist Iron Workers in cashing payroll checks.

H. When an employee leaves a job of his own accord and providing he properly notifies his Employer, his pay must be mailed to his residence no later than one (1) day after the regular pay day.

I. No employee shall be laid off by phone message or any other means of communication, but shall be laid off at the job site, unless job is completed.

J. Accompanying each payment of wages shall be a separate statement identifying the Employer with their business address, showing the total earnings, the amount of each deduction, the purpose thereof, and net earnings.

K. In the event that a Contractor shall issue checks which are returned for lack of sufficient funds for wages to employees covered by this Contract, said Employer shall reimburse employees a minimum of eight (8) additional hours at straight
time. Such Employer shall be required thereafter to pay wages in cash only.

L. Starting date of the job is defined as the first day on which any member of Local No. 3 starts at the site.

Section 6
Shift Work

A. When two (2) shifts are employed, the first (1st) shift shall work eight (8) hours at the regular rate of pay; the second (2nd) shift shall work seven and one half (7 ½) hours for eight (8) hours pay at regular rate of pay. When three (3) shifts are employed, the first (1st) shift shall work eight (8) hours at the regular rate of pay per hour for each hour worked; the second (2) shift shall work seven and one half (7 ½) hours for eight (8) hours pay at the regular straight time rate of pay; the third (3rd) shift shall work seven (7) hours for eight (8) hours pay at regular straight time rate of wages. Employees working the second (2nd) shift shall receive twenty-five cents (25¢) per hour shift premium and employees working the third (3rd) shift shall receive fifty cents (50¢) per hour shift premium. On all shift work performed on Saturday, Sunday, or holidays, the appropriate overtime rate shall start with the beginning of the first (1st) or “Morning” shift. Not more than one (1) shift shall be allowed on a job of less than five (5) days’ duration except in case of an emergency which shall be decided by the General Executive Board.

B. Notwithstanding the contents of the above paragraph, the General Executive Board, in special instances and cases, may determine that the contents of the above paragraph shall not apply and in such cases may specially provide for shift work and payment for such shift work.
Section 7

**Foreman**

A. When only one (1) Iron Worker is employed on the job and is required to utilize blueprints for his/her work, he/she shall receive Foreman’s wages.

B. When two (2) or more employees are employed, one (1) shall be selected by the Employer to act as Foreman and receive Foreman’s wages and the Foreman is the only representative of the Employer who shall issue instructions to the Iron Workers.

C. A Foreman supervising less than four (4) Iron Workers shall be paid for actual hours worked.

D. A Foreman supervising four (4) or more Journeymen shall be employed on a straight time basis, except at the start or finish of his/her employment. This shall include holidays and days observed as such when they occur during the regular work week. This does not apply where a Foreman takes time off for his/her own reason or purposes.

E. At no time shall a Foreman have supervision over more than eight (8) Journeymen. At no time shall a Foreman on Ornamental or Finishing work have supervision over more than twelve (12) Journeymen. A Welding Outfit or a Burning Outfit shall be counted as one (1) Iron Worker and the crew size will increase proportionately.

F. A Foreman with four (4) or more Iron Workers shall not work as part of a gang. Each additional Foreman must reach a ratio of four (4) Iron Workers to one (1) Foreman before any additional Foremen are hired. On Ornamental or Finishing work, a Foreman with six (6) or more men shall not work as part of a
gang. Each additional Foreman must reach a ratio of six (6) Iron Workers to one (1) Foreman before any additional Foremen are hired. This paragraph will not be construed to mean any Foreman aiding an Iron Worker to properly perform his work.

G. When installing material used for reinforcing concrete, and, when installing decking, the Iron Worker Foreman shall be allowed to work as part of the gang, regardless of the size of the crew.

Section 8
General Foreman

A. General Foreman shall be employed on each job employing three (3) Foremen and they shall have supervision over the Foremen and shall be available on the job at all times. The same conditions governing straight time pay as authorized Foremen of this Agreement shall apply to General Foremen.

B. When six (6) Sheeting Gangs are employed on any one (1) job, a non-working Foreman will be employed and will receive General Foreman wages.

Section 9
Travel Zones

A. Iron Workers ordered for work on the day prior to starting work (7 AM to 3 PM) must report to the job site prepared to start work at the designated starting time.

Iron Workers ordered for work on the same day of employment shall be permitted one (1) hour to reach the job sites in Zones IA and IB and one and one-half (1 ½) hours to reach the job site in Zone IC.
B. The Travel Zones of reimbursement shall apply. (See map in center of booklet for further explanation.)

C. When an Iron Worker is required to travel from one job to another in the course of any one (1) work day, prevailing wages will be paid while in transit.

D. If a job is on a county line, and the building permit is issued for more than one (1) county, the entire job will be in the higher zone.

E. When employees are required to report at the shop, the Employer will pay all travel reimbursement from the shop to the job. Such travel reimbursement shall be paid weekly on the regular pay day (and regardless of how transportation is furnished, travel reimbursement will be paid.)

Section 10
Wash Up Time

A. When wash up facilities are available, and employees have been working in excessively dirty conditions, they shall be given adequate wash up time prior to quitting time.

Section 11
Coffee Break

A. A brief coffee period shall be permitted at the work station between 8:30 AM and 10:00 AM, without a general work stoppage. When a 10 hour shift has been scheduled, an additional brief coffee period shall be permitted at the work station between 3:00 PM and 3:30 PM, without a general work stoppage.
Section 12
*Drinking Water and Ice*
A. The Employer shall furnish suitable drinking water and paper drinking cups at all times.

B. Ice water shall be furnished during the months of May through September.

Section 13
*Clothes Room and Heat*
A. Each job of sufficient size and length to justify same, shall be provided with a shed or room for the employees to change their clothes and keep their tools.

B. Adequate heating facilities shall be provided in the clothes room from October 1st through May 1st.

Section 14
*Plant Security*
A. Employers/Employees agree to abide by owners rules when swipe cards or any other means is utilized for security or time keeping purposes.

Section 15
*Work Limitation & Piece Work*
A. There shall be no limitation placed on the amount of work to be performed by any Iron Worker during working hours. Iron Worker employees will not contract, subcontract, work piece work, or work for less than the scale of wages established by the Agreement. The Employers agree not to offer and/or to pay, and
the Iron Worker employees will not accept a bonus based on specific performance of any individual job.

**Section 16**

*Double Jobs*

A. No Iron Worker will be permitted to receive wages for more than one (1) job at the same time.

**Section 17**

*General Working Rules*

A. The General Working Rules of the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers are hereby made part of this Agreement as though set forth in length.

**Section 18**

*Make Up Day*

A. When work is scheduled on the basis of a 5-8 hour days, when installing material used for reinforcing concrete, the Iron Workers agree to utilize a make-up day when four (4) or more hours are lost Monday through Friday due only to inclement weather.

All Saturday work must be scheduled for a minimum of eight (8) hours. All hours worked in excess of forty (40) hours in a work week or eight (8) hours each day shall be paid at the appropriate overtime rate.

If any employee cannot work, no punitive action shall be taken by the Employer. Employees hired Monday through Friday who do not lose any time from the day of their initial hire until Saturday shall receive the appropriate overtime rate of wages for Saturday.
if scheduled. Holidays occurring Monday through Friday shall be considered as a day worked when part of the make-up day agreement.

B. On Reinforcing and All Other Work – Scheduled as four ten hour days (only) (4-10’s) the Iron Workers agree to utilize a make-up day on Friday when four (4) or more hours are lost Monday through Thursday due only to inclement weather.

All Friday work must be scheduled for a minimum of eight (8) hours. All hours worked in excess of forty (40) hours in a work week or ten (10) hours each day shall be paid at the appropriate overtime rate.

If any employee cannot work, no punitive action shall be taken by the Employer. Employees hired Monday through Thursday who do not lose any time from the day of their initial hire until Friday shall receive the appropriate overtime rate of wages for Friday if scheduled. Holidays occurring Monday through Thursday shall be considered as a day worked when part of the make-up day Agreement.

ARTICLE IV
FRINGE BENEFITS, PAYROLL DEDUCTIONS

Section 1
Fringe Benefit Option

A. The Union shall have the option of using all or any part of any future wage increase for improvement of or payment of costs of the following fringe benefits: Welfare Plan, Pension Plan,
Savings Fund, Eye Care, Dental Plan, Hearing Plan, IMPACT, any legal Profit Sharing Plan, and any other legal fringe benefit mutually agreed upon, provided that the Union gives the Employer written notice of its election to do so by registered letter sent to the offices of the Ironworker Employers Association, forty-five (45) days before the effective date of the scheduled increase, specifying in said notice the amount of the increase to be applied for this purpose and the fringe benefit for which the money is to be used.

B. The movement of designated contributions from fund to fund or from fund to wages shall be subject to the following restrictions:

1. There shall be no movement of funds or contributions allocated to the Pension Plan.

2. For all other funds, the request to divert contributions from a fund must be from the Joint Employer and Union Trustees of the fund.

3. The revision of such contributions must be mutually agreed between the Ironworker Employers Association and the Union, and must be within the following guidelines:

   a.) The revision will not increase the total wage and fringe package negotiated.

   b.) The revision will not increase the total Employer costs (i.e., taxes, insurance, etc.)
C. Contributions for Owners, Management, and Non-Covered Employees

If an Iron Worker has a direct or indirect financial interest of any type in an Employer or if an Iron Worker performs any work and/or service(s) of any type for or on behalf of an Employer and for which work and/or services is not covered by this agreement, whether as an employee, owner or independent contractor, a current signed 40/52 agreement must be in place to be eligible to participate in the Iron Workers of Western Pennsylvania Benefit Plans. Lacking such an agreement, contributions will not be accepted and benefits of any kind will not be offered. (For additional details/clarification please refer to the applicable plan document.) This paragraph may be amended by the relevant plan trustees without ratification.

Section 2

Fringe Benefits

A. Welfare Plan:

1) (a) Effective June 1, 2018, all Employers agree to pay to the Trustees of the Iron Workers Welfare Plan of Western Pennsylvania, the sum of Eleven Dollars and Eighty-Five Cents ($11.85) for each hour paid to all Iron Workers covered by this Agreement.

2) A copy of the Agreement and Declaration of Trust creating said Iron Workers Welfare Plan of Western Pennsylvania and providing for its operation is made a part hereto.

3) It is understood and agreed that contributions to the Plan are subject to approval by the Bureau of Internal Revenue.
4) Hours paid shall be construed to mean that the Employer shall pay the specified amount for each straight time hour and, double the specified amount for each double time hour paid; time and one-half (1 ½) the specified amount for each time and one-half (1 ½) hour paid.

5) In the event a State of National Health Insurance Law becomes effective under which the parties to this Agreement are required or chosen to participate, both parties agree to meet and discuss appropriate courses of action regarding continuation of all, none, or part of the then existing Welfare Plan. In such discussion, the parties shall consider the benefits under the existing plan and the costs thereof; the benefits of the State and Federal Insurance Program including Employer payments, employee payments, taxes, and various combinations thereof.

In the event the parties cannot resolve this issue the matter shall be decided by an independent arbitrator who shall be limited to deciding the “equity” of the question including what portion, if any, of the existing plan should be continued and what portion of the Welfare payment should be returned to the employee and the Employer for financing such State or National Health Insurance Program.

6. It is mutually understood and agreed that the contributions set forth in this Section shall be applicable to the benefits presently provided by the Iron Workers Welfare Plan of Western Pennsylvania, its trust and amendments. No portion or portions of benefits paid hereunder shall be construed to be or shall be apportioned to any Health Maintenance Organization, said Health Maintenance Organization option being expressly bargained away in lieu of the present benefits paid under the Iron Workers Welfare Plan of Western Pennsylvania.
B. **Pension Plan:**

1.) In addition to the payment set forth for the Welfare Plan and effective June 1, 2018 all Employers shall pay to the Trustees of the Iron Workers Pension Plan of Western Pennsylvania the sum of Nine Dollars and Eighty-Seven Cents ($9.87) per hour for each hour paid by all Iron Workers covered by this Agreement.

2.) A copy of the Agreement and Declaration of Trust creating said Iron Workers Pension Plan of Western Pennsylvania and providing for its operation shall be made a part thereof.

3.) It is understood and agreed that contributions to the Pension Plan are subject to approval by the Bureau of Internal Revenue.

4.) Hours paid shall be construed to mean that the Employer shall pay the specified amount for each straight time hour and, double the specified amount for each double time hour paid; time and one-half (1 ½) the specified amount for each time and one-half (1 ½) hour paid.

5.) The Employer and the Union hereby agree that should a delinquency arise as a result of an Employer’s failure to make contributions to the various funds or inaccurately recorded information resulting in a delinquency to the various plans and funds established by the Iron Worker Welfare Plan, Pension Plan of Western Pennsylvania and the Iron Workers of Western PA Profit Sharing Plan, as set forth in the Trust Agreement thereto incorporated herein by reference as though fully set forth in this Collective Bargaining Agreement, the Trustees of said funds are authorized to collect said delinquencies and, if they deem it appropriate, to collect the liquidated damages in
the amounts set forth in the Trust Agreement, as well as auditing fees and costs relating thereto. The said Trustees are also authorized to collect attorneys’ fees and related costs insofar as any action that need be taken in any court of appropriate jurisdiction in order to effect said collection.

C. Iron Workers of Western PA Profit Sharing Plan:

1) In addition to the payment set forth for the Welfare Plan and effective June 1, 2018, all Employers shall pay to the Trustees of the Iron Workers of Western PA Profit Sharing Plan Seven Dollars and Ninety-Nine Cents ($7.99) per hour to all Iron Workers covered by this Agreement working in Zone 1. For Iron Workers working in Zone 2 (the Counties of Erie, Crawford, Forest and Warren) the rate of Five Dollars and Eighty-Seven Cents ($5.87) shall apply; for Iron Workers working in Zone 3 (the Counties of Blair, Cameron, Centre, Clearfield, Clinton, Elk Jefferson, Potter and McKean) the rate of Five Dollars and Ninety-Three Cents ($5.93) shall apply.

2) A copy of the Agreement and Declaration of Trust creating said Iron Workers of Western PA Profit Sharing Plan and providing for its operation shall be made a part hereof.

3) It is understood and agreed that contributions to the Profit Sharing Plan are subject to approval by the Bureau of Internal Revenue.

4) Hours paid shall be construed to mean that the Employer shall pay the specified amount for each straight time hour and, double the specified amount for each double time hour paid; time and one-half (1 ½) the specified amount for each time and one-half (1 ½) hour paid.
D. **Industry Advancement Fund:**

1.) The Employer agrees to conduct programs of Industry, Education, Training, Research, and Promotion, such programs serving to expand the market for the services of the Iron Worker Industry, and improve the technical and business skills of Employers. Effective June 1, 2018, the Employer shall effectuate these programs by paying to the Ironworker Employers Association of Western Pennsylvania, Twenty-Four Cents (24¢) per hour for each hour paid to all Iron Workers covered by this Agreement.

2.) It is understood and agreed that the funds raised under the Industry Advancement Fund shall not be used for lobbying or sponsoring any legislation detrimental to the Union nor any such funds be pro-rated to an individual Employer during a strike or lockout. In no instance shall any of the foregoing funds be used for advertising or propaganda against the Union. Payment shall be made monthly on or prior to the fifteenth (15th) day of the succeeding month, and shall be accompanied by such transmittal as the Association shall determine.

E. **Ironworker-Management Progressive Action Cooperative Trust (I.M.P.A.C.T.):**

1.) The Employer shall contribute five-eighths of one percent (5/8 of 1%) of straight time wages based on hours worked of the established Journeyman Rate for each project, to the Ironworker-Management Progressive Action Cooperative Trust (I.M.P.A.C.T.), a jointly Cooperative Trust with federal tax exempt status under Section 501(a) of the Internal Revenue code as an exempt organization under Section 501(c)(5) of the Internal Revenue Code. This contribution shall be made by the employer to the Ironworkers of Western Pennsylvania Benefit Plans monthly, along with all other benefits and deductions included in the agreement.
These contributions will be subject to and entitled to the benefits of all the provisions of the Agreement and Declaration of Trust establishing the Iron Worker-Management Progressive Action Cooperative Trust (I.M.P.A.C.T.) adopted and amended by its Board of Trustees.

F. Organizing Fund:

1.) Iron Workers Local Union No. 3 shall pay an International Supplemental Per Capita Tax of three-eighths of one percent (3/8 of 1%) of the applicable hourly journeyman wage rate for each hour worked per member per month to the International Ironworkers Organizing Fund. The Fund may be used to defray the cost of research, education, legal, administrative, and political support to assist in organizing. The General Executive Board shall provide rules and regulations governing the administration of the Fund.

G. Working Assessment Fund:

2.) The Employer will deduct from the pay of each Iron Worker covered by this Agreement, five and one quarter percent (5 ¼%) per hour assessment on gross income.

3.) This assessment will be collected weekly and paid monthly to the Iron Workers of Western Pennsylvania Deposit Fund.

4.) If the Union changes the amount of Working Assessment, a notification by registered mail will be submitted in writing sixty (60) days prior to date of change.
H. **Savings Fund:**

1.) The Ironworker Employers Association and Local Union No. 3 agree to continue the Savings Fund started on June 1, 1964.

2.) One Dollar and Twenty-Eight Cents ($1.28) per hour will be deducted from the pay of all Iron Workers working in Zones 1, 2 and 3 and paid in accordance with the Supplementary Agreement and payroll deduction procedures attached hereto.

3.) The Union agrees to obtain signatures from each member on an Agreement Card, authorizing the Employer to withhold monies for Assessment and Savings Funds listed in the two (2) Funds and to furnish a copy of said cards to any Employer requiring them.

4.) Local Union No. 3 agrees that the additional costs incurred by the “Iron Workers of Western Pennsylvania Deposit Fund” for handling the collection of the Savings Fund and Working Assessment will be reimbursed by Local Union No. 3 by the method of a deduction from the Assessment Fund collection, in an amount agreed upon by all the Trustees of the Plans.

I. **Supplemental Agreement to Savings Fund:**

1.) In accordance with the prior wage agreement, all Iron Workers working in Zones 1, 2 and 3 are to have One Dollar and Twenty-Eight Cents ($1.28) per hour for each hour paid and Two Dollars and Fifty-Six Cents ($2.56) per hour for all double time overtime hours, and One Dollar and Ninety-Two Cents ($1.92) per hour for all time and one half (1 ½) overtime
hours of their pay, withheld by the Employers for eventual credit to the Iron Workers Federal Credit Union.

Form No. 20 (remittance report), concerning Employer contributions has been modified to include the dollar amount to be credited to each individual’s Savings Account. This new form has an additional copy which will be forwarded, along with other copies, to the Iron Workers Deposit Fund. The accompanying check made payable to “Iron Workers of Western Pennsylvania Deposit Fund,” should include savings deposits, as well as all other withheld or contributed funds.

J. Payroll Deductions:

1.) Upon receipt of Form No. 20 (remittance report), deposit tickets, or cards, Iron Workers Deposit Fund will forward these items plus a covering check to the bank of Local Union No. 3’s choice or the Iron Workers Federal Credit Union for credit to the individual Iron Workers Savings Account.

2.) The Employer shall make all legal payroll withholdings for income tax, social security, unemployment insurance, etc., from the total of wages including savings allowance, and shall then withhold the full amount of the savings allowance for transmittal on a monthly basis to the Iron Workers of Western Pennsylvania Deposit Fund.

The Employer shall note the weekly amount which is withheld for savings allowances on the check stub or pay envelope of the employee, along with the notation in connection with the withholding tax and social security.
Section 3
Supplemental Provisions

A. Remittance Reports:

The Employer shall prepare and submit to the administrative office of the Plans a monthly (or weekly if required) remittance report (either Form 20 as amended, or an equivalent approved by the Trustees of the Plans) plus a covering check for monies payable to the “Iron Workers of Western Pennsylvania Deposit Fund.” Such report and payment for monies must be actually received by the Plan Office by the fifteenth (15th) day of the month following the month for which the report and payment have been made, or by each Friday following the pay period ending date, when weekly monies are required by this Agreement. The Employer certifies the truth and accuracy of all information contained in all remittance reports which the Employer submits. As used in this Agreement the term “monies” shall include all Employer deductions for the Working Assessment and Savings Funds.

B. Audits:

The Trustees of the Plans or their designated agents or employees shall have the right, but not the duty, of conducting periodic audits of any Employer’s records to determine compliance with this Agreement. The Employer shall promptly furnish to such persons upon request, all payroll, tax, employment and other pertinent records as may be deemed necessary or advisable by the Trustees in connection with the proper administration of the Plans. In the event that an audit discloses principal net delinquencies in excess of ten percent (10%) of the total principal contributions for the audit period, then the Employer shall pay all reasonable auditing expenses and costs of said audit to the Plans.
C. Delinquent Contributions:

In the event an Employer is delinquent in paying any contributions or other monies to the Plans, the Employer shall be obligated to pay to the Plans, in addition to the principal contributions required by this Agreement, the following:

Interest on the amount of the delinquent contributions equal to the greater of:

(a) The rate of one and one-quarter percent (1 ¼%) per month; or

(b) The rate prescribed under the Internal Revenue Code (26 U.S.C. S6621), as amended, such interest to accrue until paid regardless of whether judgment has been entered against the Employer, and Liquidated Damages in an amount prescribed by the Board of Trustees of the Welfare Plan, Pension Plan, and Iron Workers of Western PA Profit Sharing Plan. Interest, liquidated damages, and attorney’s fees on all such delinquencies in the amounts prescribed in the Pension, Welfare, and Profit Sharing Agreements, as amended, shall also apply to the Savings Fund, Iron Workers Joint Apprenticeship and Journeyman Training Fund, Industry Advancement Fund, Working Assessment Fund, and IMPACT.

D. Authorization for Payroll Deductions:

The Union agrees to obtain from each Iron Worker signed cards authorizing the Employer to deduct said monies for the Assessment and Savings Funds. The parties to this Agreement designate the custodian of such cards to be the Plan Administrator, who shall furnish upon request to Employer or the Union copies of such cards.
E. Arbitration and Grievance Procedures:

The Union expressly reserves the right to picket, strike or refuse to provide Iron Workers regarding disputes concerning wages or non-payment by an Employer to any fringe benefit fund or other plan listed in this Agreement.

Section 4

Security for Payment

A. Any Employer hiring Iron Workers who has not employed Iron Workers in the jurisdiction of Local Union No. 3 in the past twelve (12) months, or who has been delinquent in any payment to the Funds in the past twelve (12) months, shall satisfy one (1) or more of the following conditions:

1. Employer will post a surety bond of $20,000 with the Trustees of the Plans to guarantee payment of monies due under the terms of this Agreement.

2. Employer will deposit $20,000 in cash with the Plans which shall be held in escrow for one (1) year or until all work within this jurisdiction is completed and no delinquency to the Plans has accrued. The Plans shall be entitled to retain as an administrative expense any income derived from the use of such escrow. If Employer incurs a delinquency during the year, the cash deposit shall be retained by the Plans as liquidated damages.

3. Employer shall complete and submit with payment a remittance form bi-weekly for any monies due under the terms of this Agreement.

4. Before beginning any job(s), the Employer shall have signed a letter by the General Contractor or Owner on the job
and/or obtain a letter of credit from the Employer’s bank guaranteeing payment to the Plans of all monies due under the terms of this Agreement.

5. Before beginning any job(s), the Employer shall have signed a Joint Check Agreement. The Agreement for signature will be provided by the Iron Workers of Western Pennsylvania Benefit Plans.

B. In the event the Employer does not fully satisfy the conditions of this Section, the Business Representative may take any action deemed necessary, including refusal to supply Iron Workers to such Employer.

C. Employer acknowledges that it has an obligation to make payments to the Plans on behalf of all its employees performing work under this Agreement irrespective of whether such employees are members of Local Union No. 3.
The appropriate zone rates will apply depending on which Local #3 office the manpower is requested from.

**Zone 1A** – Allegheny County plus the area south of Allegheny County defined by I-79, I-70, and I-76, plus all work on the right of way of I-79 and I-76 in this area.

**Zone 1B** – Work on the right of way of I-70, plus the Counties of Beaver, Washington, Westmoreland, Armstrong and Butler (except those areas bounded by I-70, I-70 and I-76 as noted above), Crawford and Warren Counties.

**Zone 1C** – The counties of Greene, Fayette, Cambria, Indiana, Clarion, and Forest

**Zone 2** - The counties of Crawford, Erie, Forest and Warren

**Zone 3** – The counties of Blair, Cameron, Centre, Clearfield, Clinton, Elk, Jefferson, Potter and McKean

Pittsburgh Office

ARTICLE V

APPRENTICESHIP & JOURNEYMAN TRAINING

Section 1

Apprentice Wage Rates

A. Apprentices shall be paid no less than the following minimum percentages of the applicable Journeyman Rate plus 100% of Journeyman Fringe Benefits.

- 0 – 700 hours - 55% of Journeyman Rate
- 700 – 1400 hours - 60% of Journeyman Rate
- 1400 – 2800 hours - 65% of Journeyman Rate
- 2800 – 4200 hours - 75% of Journeyman Rate
- 4200 or more hours - 90% of Journeyman Rate

The Apprentice Rates will be applied from 100% of the Journeyman Iron Worker’s Rate, no matter what type of work, as identified in the working agreement.

Iron Worker’s Rate - Section 2

Iron Workers Joint Apprenticeship and Journeyman Training Committee

A. The parties signatory hereto agree to continue a Joint Apprenticeship and Journeyman Training Committee in accordance with the provisions of the Iron Workers “Apprenticeship and Training Standards” as contained in Article XXIII of the International Constitution. Said committee shall
formulate and operate an Apprenticeship Program in the local area in conformity with said standards.

B. The parties signatory hereto agree that said committee shall formulate and operate in conjunction with the apprenticeship training, a journeyman training program in the local area and henceforth be so named “Iron Workers Joint Apprenticeship and Journeyman Training Committee.”

Section 3

Apprentices

A. On each project, apprentices are to be employed at the following ratios excluding supervision:

1 Apprentice – 4 Journeymen on Structural

1 Apprentice – 4 Journeymen on Rods

1 Apprentice – 4 Journeymen on Ornamental

1 Apprentice – 4 Journeymen on Fence

1 Apprentice – 4 Journeymen on Heavy Highway Rods

On ornamental work, which is normally performed by two (2) iron workers, one (1) may be an apprentice.

These ratios may be increased or decreased by mutual agreement of the contractor and the union.
Under no circumstances are apprentices to be employed on a project that would increase the crew size beyond that required for the project in order to satisfy the above ratios.

Under no circumstances will apprentices be employed on a project to satisfy the above ratios that would cause the removal and/or termination of journeyman iron workers currently employed on the project.

B. Assignment of Apprentices shall be as follows:

1. **First Year Apprentices (0 – 700 hours)** – shall be assigned to “Apprentice Duties.” This shall include but not be limited to loading, unloading, and distribution of tools and materials, making bolts, pulling sheets, etc. After performing all Apprenticeship duties, the first year Apprentice (700 hours) can perform Journeyman duties under the constant supervision of a Journeyman, except in a Raising Gang.

2. Upon completion of an Apprentice’s first 700 hours, he may be assigned to a gang full time while under the constant supervision of a Journeyman and be permitted to perform any work normally assigned to his craft which is within the capability of the individual.

C. Whereas the Union and the Employer both understand that the continuing need for the recruiting and development of skilled journeymen is essential to the continuing success of the Iron Worker Industry, Employers/Union agree to utilize apprentices, when available and appropriate for the job, on each job in accordance with the previously stated ratios in Section 3, Paragraph A.
D. The Apprentice to Journeyman ratio and/or wage scale or percentages may be different from the ratio and/or wage scale or percentages specified herein to the extent provided, permitted or required by an applicable International or project agreement. The ratio and/or wage scale or percentages provided in such agreement shall be applicable in accordance with such agreement when certified by either the International Union or the applicable Local Union.

Section 4

Iron Workers Joint Apprenticeship and Journeyman Training Fund

A. The Ironworker Employers Association hereby agrees to continue the program of apprentice training initiated August 1, 1955 and the program of Journeyman Training initiated June 1, 1991, each Employer agrees to pay One Dollar ($1.00) per hour for each hour paid to Iron Worker employees working in Zones 1, 2 and 3. Monies so allocated shall be deposited in a separate fund entitled “Iron Workers Joint Apprenticeship and Journeyman Training Fund” by the Iron Workers of Western PA Deposit Fund which shall be used for the training and education of apprentices and journeyman, the establishment and maintenance of an apprenticeship and journeyman training school; for payment of tuition for apprentices and journeyman at a technical school; OSHA Ten Hour Safety Course; to furnish and supply facilities, tools, equipment, and certain text books, and other material and supplies for the training of apprentices and journeyman. An apprentice coordinator plus all expenses incurred in the training of apprentices and journeyman will be paid from said Fund.

B. The monies allocated to the Iron Workers Joint Apprenticeship and Journeyman Training Fund shall be jointly administered by an equal number of Employer and Employee Trustees under a separate Trust Agreement.
Section 5

Training During Work Hours
When an Employer requires Iron Worker(s) to cease their regular duties to attend training during scheduled work hours, he shall be paid at the applicable wage rate including benefits for the full time missed from the job for the scheduled work day straight time hours. This does not apply to training that is scheduled outside normal working hours.

ARTICLE VI

TOOLS AND EQUIPMENT

Section 1

Tools & Equipment to be Furnished by Employer

A. Harnesses, belts, lanyards, spud wrenches and any special wrenches required to properly carry out work assignments shall be provided by the Employer on all structural jobs and on all jobs requiring same. Harnesses, belts, lanyards shall be the responsibility of the employee and shall be returned at the termination of employment. The overnight safekeeping shall be the Contractor’s responsibility. If harnesses, belts, lanyards are not returned, the cost of the harnesses, belts, lanyards may be deducted from the employee’s pay.

B. Reels for tying wire will be provided by the Employer on all jobs of five (5) days or more duration and shall be the responsibility of the employee. Reels shall be returned and the overnight safekeeping shall be the Contractor’s responsibility. If reels are not returned, the cost of the reel may be deducted from the employee’s pay.
C. Hard hats will be furnished by the Employer. For all hard hats the suspension issued will be new, washed, or sterilized.

D. Workers required to work in any area where they are exposed to acids, or caustics, which would cause damage to their clothing, shoes, gloves, or tools, must be provided protective clothing and equipment by the individual Employer. Damaged personal items must be replaced by the individual Employer. On jobs with special safety precautions for lead and other dangerous chemicals, the Employer shall allow reasonable time to wash up and change clothing and such time will not be considered part of the coffee break or lunch break.

E. An Iron Worker employed on Ornamental work shall furnish for his own use all necessary hand tools to enable him to effectively install such work. Tools broken on the job shall be replaced by the Employer. No worker shall be held responsible for the loss of tools or equipment in his charge.

F. No employee is required or allowed to furnish any electrical or power activated tools. Employees shall only be allowed to furnish necessary hand tools on all phases of work.

G. For welding overhead and vertical, welders shall be furnished suitable replacement of welding gloves. However, the welders shall furnish the first (1st) pair of welding gloves. Bibs and sleeves will be provided by the Employer for workers using the following: innershield welding equipment, air or carbon arcing equipment, oxyarc equipment and lancing equipment.

H. If safety (steel toe or metatarsal) shoes are a condition of employment by the Owner or Contractors, the following will apply:
Steel toe shoes will be reimbursed up to a maximum One Hundred Dollars ($100.00). The Industry Advancement Fund and the Contractor will split the cost 50/50 up to a maximum Fifty Dollars ($50.00) each, One Hundred Dollars ($100.00) total.

Metatarsal shoes will be reimbursed up to a maximum One Hundred Fifty Dollars ($150.00). Reimbursement will be split with the Contractors contribution being a maximum of Fifty Dollars ($50.00). The remaining amount up to One Hundred Dollars ($100.00) will be paid by the Industry Advancement Fund.

In either case, this safety shoe reimbursement is limited to one (1) pair of shoes per a two (2) year period. The Employers Association will be responsible for the monitoring and recording of an accurate list of workers receiving such shoes. If the Contractor or Employer does not contribute to the Industry Advancement Fund, the Contractor or Employer will be responsible for the total cost of the shoes reimbursement up to the above stated amounts. Payment for reimbursement of safety boots is to be made within twenty-one (21) days of the Contractor receiving the receipt.

Section 2

Tool Repair

A. If field repairs of his tools are to be made, such tools shall be repaired by the Iron Worker.

Section 3

Tool Room Man

On all construction projects such as on power houses, dams, and all other large construction projects when other Building Trades Unions have a tool room man for care and dispensing of tools, Iron Workers Local Union No. 3 will also be entitled to a tool room man. On projects where one (1) centralized tool room is utilized
for a primary Contractor and all trades in the employ of said Contractor use said facilities, Local Union No. 3 will abide by the Contractor’s assignment. This paragraph will not prejudice any past practice of Contractors presently employing tool room personnel.

ARTICLE VII

SAFETY AND HEALTH PROVISIONS

Section 1  
Safety and Health

A. In accordance with the requirements of the Occupational Safety and Health Act of 1970, it shall be the sole responsibility of the Employer to insure the safety and health of its employees. Nothing in this Agreement will make the Union liable to any employees or to any other persons in the event that injury or accident occurs.

B. The safety and health standards and rules contained herein are minimum standards and are not intended to imply that the Union objects to the establishment and imposition by the Employer of additional or more stringent rules to protect the health and safety of the employees. It shall be the sole responsibility of the Employer to insure compliance with safety and health standards and rules.

C. A qualified representative designated by the Contractor shall conduct a weekly safety meeting to be attended by all of the Iron Workers on the job. Should the nature or size of the job warrant, multiple safety meetings may be scheduled by the Contractor, however, each employee shall be afforded the opportunity to attend one (1) such weekly meeting provided the
employee was at work on the day and time that the meeting was held for the employee’s particular work gang.

D. Employers shall not require Iron Workers to walk on or work from any structural steel surface that has sheer connectors or similar fixtures used in composite construction unless or until the metal deck and/or walking working surface used as a work platform has been installed.

E. When working near power lines, operations shall not be conducted closer than indicated in the tabulation on the following page unless adequate covering or protection of such power lines is provided and a specific set of work instructions are issued by the Job Superintendent for the particular job.

</table>

In addition, truck or crawler cranes and any similar equipment must be provided with adequate grounding devices when working within the fifteen (15) foot limitation provided above.
F. Regardless of how a building or structure is erected a fully planked or decked floor or nets shall be maintained within two (2) stories or thirty (30) feet whichever is less, directly under any erection, bolting, riveting, or welding, except where openings are left for ladders. Iron Workers shall be required to place planking on floors. When three (3) story columns are utilized on a project see Letter of Understanding No. 1, dated June 1, 2006.

G. Working floors upon which derricks sit shall be fully decked and/or planked and the steel member connections completed to support the intended floor loading. Temporary loads placed on a derrick floor shall be distributed over the underlying support members so as to prevent local overloading of the deck material.

H. When drilling, reaming or performing other work where electric or pneumatic power hand tools of thirteen-sixteenths inch (13/16”) diameter capacity or larger are used (not including grinders) there shall be no less than two (2) Journeyman assigned to each such tool. With a Hoagan Type drill, weighing twenty-five (25) pounds or less, used in a flat position, this paragraph will not apply.

I. Properly secured, safe steel or aluminum ladders, where permissible, to extend three (3) feet above floors, to be placed after first panel has been erected on first bay and every floor thereafter.

J. Scaffolds for their exclusive use shall be erected by Iron Workers.

K. Ropes used for scaffolds and sustaining weight shall be manila at least three-quarter inch (3/4”) of ascertained soundness and shall possess a factor of safety of at least ten (10).
L. All floats shall not be less than three feet by six feet by three-quarter inch (3’ x 6’ x ¾”) in size and supporting ropes shall be one inch (1”) manila rope or equivalent. Safety harnesses must be worn at all times when working on floats.

M. Cables for scaffolds and hoists shall not be less than one-quarter inch (1/4”) in diameter and shall possess a factor of safety of at least eight (8). When welding or burning is being performed, such cable shall be enclosed with a protective sheath, when feasible, a minimum of eight (8) feet above scaffold.

N. Toe boards, railings, stairways, open sided floors, temporary floors, platforms and runways will be constructed to meet with the OSHA standards.

O. A crane or hoist or any part thereof, including the load will not be used except as set forth in the Safety Provisions of this Agreement.

P. There shall be no less than two (2) full wraps of hoisting cable on the drums of cranes and hoists at all times of operations.

Q. The Employer and the Union agree that hard hats will be standard equipment for employment on all projects.

R. A stretcher and first aid kit approved by OSHA must be on every job.

S. Suitable methods of moving and caring for injured men shall be provided at all times during construction or demolition work.

T. Stringing of multiple pieces of iron shall be permitted under the guidelines of OSHA Standard Subpart “R”.
The following rules and procedures must be adhered to when utilizing “multiple lift rigging.” In addition, all current and future OSHA regulations issued, relating to “multiple lift rigging” must be strictly adhered to.

MULTIPLE LIFT RIGGING

This term would be defined to mean a rigging assembly manufactured by wire rope rigging suppliers that facilitates the attachment of up to five (5) independent loads to the hoist rigging of a crane.

MULTIPLE LIFT RIGGING PROCEDURE (MLRP)

(1) A multiple lift shall only be performed in accordance with the following:

- a multiple lift rigging assembly must be utilized;
- not more than five (5) members may be hoisted per lift;
- only structural members shall be lifted; and
- the employees engaged in multiple lifts must be trained in these procedures.

(2) Components of the multiple lift rigging assembly must be specifically designed and assembled with:

- a certified capacity for total assembly and for each individual attachment point; and
this certification shall be based on the manufacturers’ specifications with a five (5) to one (1) safety factor for all components.

(3) The total load shall not exceed:

- the rated capacity of the hoisting equipment as specified in the hoisting equipment load charts; or

- the rigging capacity as specified in the rigging rating chart.

(4) The multiple lift rigging assembly shall be rigged with the members:

- attached at their center of gravity and maintained reasonably level;

- from the top down; and

- at least seven (7) feet (2.1 m.) between members.

(5) The members on the multiple lift rigging assembly shall be set from the bottom up.

MULTIPLE LIFT RIGGING PROCEDURE

The Employer shall assure that each employee has been provided training in the following areas:

- the nature of the hazards associated with multiple lifts; and
• the proper procedure and equipment to perform multiple lifts.

U. The names, addresses and phone numbers of the nearest physicians, ambulance service, police department, fire department and Clergymen of all faiths shall be posted on every job.

V. Sanitary chemical or water closets approved by the Department of Health shall be provided on all jobs. During building operations they shall be located so that Iron Workers are not obligated to walk more than three (3) stories either up or down.

W. When eye protection, i.e., safety glasses, goggles, face shields, or hearing protection, or respiratory protection is required, the Employer shall furnish the same. Employees must wear provided protection.

X. Adequate ventilation must be provided when welding, inner shield welding, or burning any material.

Y. On bridges being constructed over water, the Employer shall designate an Iron Worker who is a competent swimmer as a Safety Man. The Employer will furnish a boat suitable for patrolling the water area beneath the Iron Workers. Boats must be provided with proper life saving equipment.

Z. Where substantial stairways to all floors of buildings under construction have not been completed, the Contractor or other person or persons responsible for the work being done shall provide one (1) or more cots, hammocks, or other effective means for moving or lowering injured employees without undue suffering and delay. Suitable methods of moving and caring for injured
men shall be provided at all times during construction or demolition work.

AA. **STIFFENING AND SUPPORTING WORKING LOAD POINTS**

Where iron is landed on the floor of any point of a structure under construction, all connections shall be fully fitted up and tightened and substantial supports provided to safely sustain such added weight.

BB. **RIDING THE LOAD OR LOAD FALLS**

No Employee shall be permitted to ride the load or load falls.

CC. **SLINGS**

Steel cable will be used instead of chains, hemp slings or magnets. Nylon straps with a sufficient safety factor may be used in special instances where construction does not pertain to the erection of structural iron.

DD. **PROTECTION OF SIGNAL DEVICES**

Proper practical safe housing, casing or tubes shall be provided for any and every means, method, appliance or equipment employed to transmit or give signals, directing work or operation of any and various devices in connection with work being done by Iron Workers.

EE. **ELEVATOR SHAFT PROTECTION**

No Iron Worker will be permitted to work in an elevator shaft while car is in operation. The first (1st) floor beneath and the first (1st) floor above men working shall be planked safe in all elevator shafts.
FF. All bar joists shall be bolted or welded at the bearing points before the installation of decking or bridging. Also refer to Subpart “R” 1926, 757.

GG. An employee shall not wear loops of tying wire around his neck in the course of doing reinforcing work.

Section 2

Iron Workers Required on Guy and Stiff Leg Derricks and Cranes

A. No less than six (6) men and a Foreman shall be employed on any guy or stiff leg derrick and no less than five (5) men and a Foreman shall be employed on “favco” type cranes or any other type crane mounted on a tower used in steel erection; and on all mobile or power-operated rigs of any description no less than four (4) men and a Foreman shall be employed. A second (2nd) signal man will be used on the loading floor, whenever the operator’s view is obstructed in any manner.

B. Not less than five (5) men and a Foreman shall be employed on the erection and dismantling of Tower Cranes where guy cables are required.

C. Iron Workers Local Union No. 3 recognizes International circular No. 742, dated April 13, 1972.

Section 3

Signal Man

A. When signals for cranes and derricks used on work under the jurisdiction of Local Union No. 3 are needed for reasons of safety, such signaling is to be done by the Iron Worker. Any dispute as to the work “SAFETY” if not solved by the Employer’s
representative and the Union Business Agent, shall be referred to the Arbitration Board.

B. When an Iron Worker is directing the movements of a crane or other rigs via hand signals, he must have an unobstructed view of the operator, as well as, all boom, swing and load movements. In the event that a clear and complete view is not available, a second Iron Worker signal man shall be utilized.

C. When working on crane runways under operating conditions, rail stops, lights and flags should be placed between workers and operating crane. If conditions do not permit such safety precautions, an Iron Worker Safety man or men will be provided to protect workers.

Section 4

Cutting and Welding Outfits

A. When cutting is being performed, two (2) Iron Workers shall be employed on each burning outfit, except on ground level where an Iron Worker is not exposed to falling objects or where no mechanical equipment is operational in the immediate area.

B. When one (1) or more welding outfits are used in a hazardous location, an additional Iron Worker shall be employed on each machine so used.

C. Hazardous locations shall be identified as isolated or confined spaces, structural that is uncovered above or below the welder, or where mechanical equipment is in operation in the immediate area.
Section 5

**Injured Workers**

A. When an Iron Worker is injured to the extent of being unable to work for the balance of the day, he will be paid for the full day at his regular rate. His ability to work or not to work shall be determined by a qualified physician.

B. Iron Workers injured on the job who are still employed and who are advised by the attending physician to make further visits during working hours shall make such visits with no loss of wages for the time spent in making such visits.

C. On jobs employing Iron Workers, the Company and Steward shall be required to notify the Union on all serious accidents.

D. Upon request of the employee, the Employer shall furnish verification that an accident report has been filed.

Section 6

**Workers’ Compensation**

A. The Employer must at all times provide Workers’ Compensation Insurance with additional supplementary benefits. The supplementary benefits shall not exceed Ten Thousand Dollars ($10,000.00) maximum. Upon request of the Business Representative of the Local Union, said Employer shall furnish a statement from his insurance company giving date of his Workers’ Compensation Insurance. It is further agreed that the Employer, regardless of the number of employees, shall cover them under the Unemployment Insurance Act of the State of Pennsylvania and shall be required to furnish to the Local Union with an Unemployment Insurance certificate.
B. If an employee covered under Workers' Compensation after ninety (90) days from the date of discharge or treatment is presented a hospital and medical bill, he shall present such delinquent notices to Employer who shall within one (1) week make whole all monies owed said doctor or hospital. When employee is reimbursed he shall reimburse Employer.

Section 7
Policy Regarding Illegal Drugs, Controlled Substances and Alcohol
A. Both the Union and the Employer recognize that alcoholism and drug addiction are a serious problem in modern society and agree that there is a need to develop prevention and treatment programs to deal with this problem. The parties also realize that they have a commitment to protect people and property and to provide a safe working environment. Therefore, the Union and the Employer agree to enforce the established drug and alcohol program.

ARTICLE VIII
ARBITRATION AND GRIEVANCE

Section 1
Arbitration and Grievance Procedures
A. The Association and the Union agree that they will elect an Arbitration Committee. In case of vacancy, such vacancy shall be filled by the Association or the Union, as the case may be.

B. The Arbitration Committee shall consist, of three (3) members of the Association, and three (3) members of the Union,
actively identified with the Trade. The Employer representative or
the Union representative presenting the grievance at the hearing
shall not be a member of the Joint Arbitration Committee.

C. The Employer and the Union recognize jurisdiction as a
serious problem in the Construction Industry.

In an attempt to assure continuation of work on all projects, in the
event of a jurisdictional dispute, the Employer agrees to abide by
an agreement between the disputing parties at a local level. Those
parties failing to reach an agreement, the Employer will
abide by any agreement reached between the International Union
Representatives. Should the International Representatives fail to
reach an agreement, the Employer will assign the disputed work
based on Green Book Decisions of Record and past or present
Decisions of Record between the contesting Unions, or based on
agreements recognized by the AFL-CIO Building Trades
Department. If there are no agreements of record, the Employer
will assign the work based on area practice or Trade practice.

The Union agrees not to institute work stoppages due to
jurisdiction disputes. The Employer recognizes the work
jurisdiction as listed in Article II, Section 1, as being claimed by
the Iron Workers and will assign work in accordance with Article
II, Section 1.

The Employer insures and defines trade autonomy as set forth in
the Constitution of the International Association of Bridge,
Structural, Ornamental and Reinforcing Iron Workers. The Iron
Worker employees governed by this Contract shall perform, but
shall not be limited to the work that is historically performed by
Iron Workers. The Employer further agrees that he shall accept
and abide by the written recognized Agreements of Great Lakes
District Council and the International Association of Bridge,
Structural, Ornamental and Reinforcing Iron Workers with other Building Trades Unions.

The Employer agrees that on projects covered by this Contract, work assignments by the Employer and his subcontractors shall be governed by the work jurisdictional Article II, Section 1.

D. All disputes involving the interpretation and application of this Agreement other than those pertaining to General Wages that may arise on a job covered by this Agreement shall be handled in the following manner and there shall be no suspension of work, strike or lockout.

Any grievance filed by the employee, the Union or the Employer must be submitted within seven (7) working days of the events giving rise to the grievance. If such grievance is not reduced to writing and submitted in that time period, the grievance will be dropped.

STEP 1:

The matter shall be initially handled between representatives of the Local Union and the Company representative. If the matters cannot be settled within two (2) working days, it shall be reduced to writing and submitted to Step 2.

STEP 2:

The Executive Director of the Ironworker Employers Association and/or his representative will act as mediator (a neutral party who attempts to help the Employer and the Union resolve the matter) to the parties involved in the Step 2 process. It is agreed and understood by the parties that the Executive Director will not be acting as an agent for the Employer(s) and has no authority to decide or adjust the grievance(s) in any manner. He will meet with the Employer and the Business Representative of the Local
Union and/or their representatives within nine (9) working days of receipt of the written grievance in an effort to resolve the dispute.

**STEP 3:**

If no agreement is reached within the above specified time period, the matter shall be referred to the Joint Arbitration Committee upon request of either party. Upon receipt of the request for joint arbitration, the hearing shall be scheduled and heard by the Joint Arbitration Committee within five (5) working days of the request. If a majority of the Arbitration Committee members (at least 4) reach a determination on the grievance and the remedy, if any, such determination shall be final and binding. By mutual agreement of the Employer and the Union, Step 3 of the grievance procedure may be waived and the grievance may proceed directly to Step 4.

**STEP 4:**

If the Joint Arbitration Committee cannot reach a determination, the matter shall be referred, by either party, to an impartial arbitrator to be selected by the Employer and the Union. If the Employer and the Union are unable to mutually select an arbitrator, they shall immediately request a panel of arbitrators from the Federal Mediation and Conciliation Service and the parties shall strike names alternatively from such panel until one (1) name remains and such individual shall be the impartial arbitrator. The impartial arbitrator shall meet and hear the case between the Union and the Contractor(s) and shall decide the case within twenty (20) calendar days. The impartial arbitrator shall issue an award stating the ruling on the grievance and the remedy, if any. Thereafter, either party may request that the impartial arbitrator issue a full written opinion. In such case, the impartial arbitrator shall have thirty (30) days to issue this opinion.

The decision by the impartial arbitrator shall be final and binding.
E. The expense and/or cost of the impartial arbitrator shall be borne by the losing party unless otherwise decided upon.

In the event that one (1) party should refuse or fail to appoint arbitrators, or should take any action to prevent arbitration or should fail or refuse to comply with the decision within three (3) days after its receipt, the party in default shall be subject to whatever remedies may be available to the party not in default and the provisions of Paragraph “J” of this Section shall not be binding upon the faultless party, provided, however, that this Section shall not be applicable to violations of Article II, Section 8, of this Agreement.

F. No decision shall add to, modify or otherwise change the terms, provisions and language of this Agreement.

G. All Independent Subscribing Employers agree to be bound by the arbitration procedures as set forth herein.

H. There shall be no strikes, lockouts, cessations of work or slowdown for any cause and all work shall continue pending a final decision pursuant to the provisions of this Article.

ARTICLE IX

UNION REPRESENTATION

Section 1

*Union Representative*

A. The Business Representative of the Union shall have access to all jobs during working hours, but he shall not interfere with the progress of the work.
Section 2

Job Steward

A. There shall be a Steward on each job who shall be appointed by the Business Agent. He shall keep a record of workers laid off and discharged and take up all grievances on the job and try to have same adjusted, and in the event he cannot adjust them he must promptly report that fact to the Business Agent who shall report same to the proper officer of the Union so that efforts can be made to adjust any matter without a stoppage of work. He shall see that the provisions of these Working Rules are complied with and report to the Union the true condition and facts. The Steward shall promptly take care of injured workers and accompany them to their homes or to a hospital, as the case may require, and report the injury to the proper officers of the Union. The Steward will be paid to the end of the shift in the event work is discontinued during his absence, the Steward will be paid to the time of his arrival back on the job not to exceed the hours of the scheduled shift. The Steward shall not have authority to cause a work stoppage on any job of a fair Employer. A Steward failing to fulfill his duties shall be subject to censure by his Union and also subject to a penalty upon conviction on charges provided for in the International Constitution.

B. The Employer agrees that the Job Steward will not be discharged until after proper notification has been given to the Union and, further, when employees are laid off the job, the Steward will be the last man laid off providing he is capable of performing the work in question.

C. Any Iron Worker to be employed must be signed up with the Employer prior to going to work.
Section 3

Job Notification

A. Contractors before starting work with Iron Workers shall notify the Local Union of the name and location of the project the preceding calendar day.
IN WITNESS WHEREOF, this Agreement has been executed by the parties herein as of the date and year first written, in the City of Pittsburgh, Commonwealth of Pennsylvania.

STATEMENT OF UNDERSTANDING

It is hereby understood that as a vehicle of good relationship between the Ironworker Employers Association of Western Pennsylvania, Inc., and Iron Workers Local Union No. 3, this Bargaining Agreement will be reviewed but not re-opened every six (6) months by a select committee of the Association and the Union concerning the past progress, successes, or failures of the Contract as written.
