Dear Employer:

Enclosed you will find citations for violations of the Occupational Safety and Health Act of 1970 (the Act) which may have accompanying proposed penalties. Also enclosed is a booklet entitled, "Employer Rights and Responsibilities Following an OSHA Inspection", (OSHA 3000-04R) revised 2018, which explains your rights and responsibilities under the Act. If you have any questions about the enclosed citations and penalties, I would welcome further discussions in person or by telephone. Please contact me at (405) 608-4160.

You will note on page 6 of the booklet that, for violations which you do not contest, you must (1) notify this office promptly by letter that you have taken appropriate corrective action within the time set forth on the citation; and (2) pay any penalties assessed. Please inform me of the abatement steps you have taken and of their dates together with adequate supporting documentation; e.g., drawings or photographs of corrected conditions, purchase/work orders related to abatement actions, air sampling results. This information will allow us to close the case.

As indicated on page 3 of the booklet, you may request an informal conference with me during the 15-working-day notice of contest period. During such an informal conference you may present any evidence or views which you believe would support an adjustment to the citation or the penalty.

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of the citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete the attached notice at the bottom of this letter and post it next to the Citations as soon as the time, date and the place of the informal conference have been determined. Be sure to bring to the conference with you any and all supporting documentation of existing conditions as well as of any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at www.osha.gov. If you have any dispute with the accuracy of the information displayed, please contact this office.

Sincerely,

A handwritten signature in black ink, appearing to read 'SA Kirby', written over a horizontal line.

Citation and Notification of Penalty

Company Name: Seaboard Foods, LLC
Inspection Site: 2700 Cactus Drive, Guymon, OK 73942

Citation 1 Item 1 Type of Violation: **Serious**

OSH ACT of 1970 Section (5)(a)(1): Section 5(a)(1): The employer did not furnish employment and a place of employment free from recognized hazards that are causing or likely to cause death or serious physical harm to employees in that employees were exposed to ergonomic injuries:

On or about June 1, 2021 employees in the single quantity SKU area of the Guymon, Oklahoma facility repeatedly manually lift, from a conveyor to pallets, boxes of various products weighing between 50-90 lbs. This task presented ergonomic risk factors, including but not limited to excessive force and exertion, repetitive motions, and awkward postures, resulting in ergonomic stressors that caused or are like to cause work-related musculoskeletal disorders, specifically shoulder and lower back disorders. Application of the National Institute for Occupational Safety and Health (NIOSH) Revised Lifting Equation revealed Composite Lifting Indices (CLIs) of 7.8 for the collective demands of this lifting job. Scores greater than 3 are considered hazardous.

Recommended feasible means of abatement including but not limited to:

Use of engineering controls with the revised NIOSH Lifting Equation as a guide in improving the task conditions with a goal of reducing the lifting index (LI) as close as possible to the recommended weight limits provided by the equation through methods such as:

- Reducing the weights of the individual loads lifted;
- Utilize height adjusting pallet leveling devices to raise/lower the working level of the pallet to waist height;
- Leave sufficient space around each pallet so employees can easily walk to the sides and back of the pallet to place loads instead of reaching across;
- Implement use of a turntable to minimize twisting motion;
- Double stacking pallets to reduce lifts above shoulder height.

Use of administrative controls such as:

- Develop and implement a comprehensive ergonomics program that identifies and eliminates and/or minimizes ergonomic hazards throughout the facility. The program should include a process evaluation component that assesses the effectiveness of the program;
- Training of all employees including management about basic ergonomics principles and proper positioning of the body while performing lifting tasks;
- Develop and implement a rotation schedule for each department with ergonomic stressors in order to minimize employees being rotated to positions with similar muscle use along with a work/rest regimen;

- Use the NIOSH lifting equation to assess manual lifting tasks. Update the job hazard analysis of the production line and case stacking jobs to include quantitative analysis.

Conduct an ergonomic assessment by a certified professional ergonomist, industrial engineer, or other qualified professional for stack-off of cases in excess of 50 pounds and implement recommended controls to eliminate the hazard or reduce the hazard to more acceptable levels.

Develop and implement an onsite medical management system that includes healthcare providers who practice within state law regarding scopes of practice, supervision, and other requirements for nurses and EMTs and are trained in the diagnosis and treatment of musculoskeletal disorders. Eliminate policies that discourage employees from reporting injuries and symptoms.

To avoid additional charges, please remit payment promptly to this Area Office for the total amount of the uncontested penalties summarized above. Make your check or money order payable to: "DOL-OSHA". Please indicate OSHA's Inspection Number (indicated above) on the remittance. You can also make your payment electronically at www.pay.gov. At the top of the pay.gov homepage, type "OSHA" in the Search field and select Search. From the **OSHA Penalty Payment Form** search result, select Continue. OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will cash the check or money order as if these restrictions or conditions do not exist.

If a personal check is issued, it will be converted into an electronic fund transfer (EFT). This means that our bank will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will then usually occur within 24 hours and will be shown on your regular account statement. You will not receive your original check back. The bank will destroy your original check, but will keep a copy of it. If the EFT cannot be completed because of insufficient funds or closed account, the bank will attempt to make the transfer up to two times.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of

Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational Safety and Health Act.

Interest: Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

Delinquent Charges: A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

Administrative Costs: Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.
