Dear Employer:

Enclosed you will find citations for violations of the Occupational Safety and Health Act of 1970 (the Act) which may have accompanying proposed penalties. Also enclosed is a booklet entitled, "Employer Rights and Responsibilities Following an OSHA Inspection", (OSHA 3000-04R) revised 2018, which explains your rights and responsibilities under the Act. If you have any questions about the enclosed citations and penalties, I would welcome further discussions in person or by telephone. Please contact me at (816) 483-9531.

You will note on page 6 of the booklet that, for violations which you do not contest, you must (1) notify this office promptly by letter that you have taken appropriate corrective action within the time set forth on the citation; and (2) pay any penalties assessed. Please inform me of the abatement steps you have taken and of their dates together with adequate supporting documentation; e.g., drawings or photographs of corrected conditions, purchase/work orders related to abatement actions, air sampling results. This information will allow us to close the case.

As indicated on page 3 of the booklet, you may request an informal conference with me during the 15-working-day notice of contest period. During such an informal conference you may present any evidence or views which you believe would support an adjustment to the citation or the penalty.

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of the citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete the attached notice at the bottom of this letter and post it next to the Citations as soon as the time, date and the place of the informal conference have been determined. Be sure to bring to the conference with you any and all supporting documentation of existing conditions as well as of any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at www.osha.gov. If you have any dispute with the accuracy of the information displayed, please contact this office.

Sincerely,

Karena Lorek

Citation 1 Item 1 Type of Violation: **Serious**

OSH ACT of 1970 Section 5(a)(1): The employer did not furnish employment and a place of employment which were free from recognized hazards that were causing or likely to cause death or serious physical harm to employees, in that employees were working in close proximity to each other and were exposed to SARS-CoV-2 (severe acute respiratory syndrome coronavirus 2), the virus that causes COVID-19.

On or about August 18, 2020 and later dates, employees worked in close proximity to each other during the COVID-19 pandemic, including at multi-operator machines (e.g., machine numbers 8, 14, and 18). The employer required employees operating these machines to work approximately two feet from one another for multi-hour shifts while not wearing face coverings. The employer did not fully implement and enforce use of face coverings, social distancing, and other feasible controls for operators of these machines. These conditions exposed employees to the hazard of contracting COVID-19 from other employees at the facility.

- a) On or about August 18, 2020, two employees worked in close proximity to one another at a multi-operator press. Neither employee wore face coverings. The two employees reported positive tests for COVID-19 on August 24, 2020 and August 25, 2020 respectively. One of the employees subsequently died from complications of the COVID-19 infection.
- b) On or about September 3, 2020 and September 4, 2020, two employees worked in close proximity to one another at two multi-operator presses. Neither employee wore face coverings. The two employees reported positive tests for COVID-19 on September 6, 2020 and September 13, 2020 respectively.

Among other methods, feasible and acceptable methods to abate this hazard include:

- 1) Implement and enforce the use of face coverings (masks) over the nose and mouth.
- 2) Establish, implement, and enforce social distancing measures to ensure that employee(s) work activities allow for at least a six-foot distance between employees;
- 3) Employees must be trained on use of face coverings and how to maintain a safe distance and the appropriate workplace methods and procedures in place to prevent and reduce exposure. Employees must also be trained on the continued use of face coverings and the need to maintain a safe distance even when outside of their immediate work areas/stations and the limitations of barriers. The training and information provided must be up-to-date about the sources of exposure to COVID-19, the hazards associated with that exposure, and the workplace protocols in place to prevent or reduce the likelihood of exposure. Provide training and information in languages the employees understand. Ensure training materials are easy to understand and available in the appropriate language and literacy level for all employees; and
- 4) Implement protective measures such as physical barriers (e.g., plexiglass or other impermeable dividers or

OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will cash the check or money order as if these restrictions or conditions do not exist.

If a personal check is issued, it will be converted into an electronic fund transfer (EFT). This means that our bank will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will then usually occur within 24 hours and will be shown on your regular account statement. You will not receive your original check back. The bank will destroy your original check, but will keep a copy of it. If the EFT cannot be completed because of insufficient funds or closed account, the bank will attempt to make the transfer up to two times.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of

Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational Safety and Health Act.

Interest: Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

Delinquent Charges: A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

Administrative Costs: Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.
