Citation and Notification of Penalty

To:
The Auto Store LLC, dba My Auto Store
and its successors
201 North Front Street
Camden, NJ 08103

Inspection Number: 1552263
Inspection Date(s): 09/09/2021 - 03/04/2022
Issuance Date: 03/04/2022

Inspection Site:
100 Atlantic Avenue
Camden, NJ 08105

The violation(s) described in this Citation and Notification of Penalty is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated within the description given below.

This Citation and Notification of Penalty (this Citation) describes violations of the Occupational Safety and Health Act of 1970. The penalty(ies) listed herein is (are) based on these violations. You must abate the violations referred to in this Citation by the dates listed and pay the penalties proposed, unless within 15 working days (excluding weekends and Federal holidays) from your receipt of this Citation and Notification of Penalty **you either call to schedule an informal conference (see paragraph below) or** you mail a notice of contest to the U.S. Department of Labor Area Office at the address shown above. Please refer to the enclosed booklet (OSHA 3000) which outlines your rights and responsibilities, and which should be read in conjunction with this form. Issuance of this Citation does not constitute a finding that a violation of the Act has occurred unless there is a failure to contest as provided for in the Act or, if contested, unless this Citation is affirmed by the Review Commission or a court.

Posting - The law requires that a copy of this Citation and Notification of Penalty be posted immediately in a prominent place at or near the location of the violation(s) cited herein, or, if it is not practicable because of the nature of the employer's operations, where it will be readily observable by all affected employees. This Citation must remain posted until the violation(s) cited herein has (have) been abated, or for 3 working days (excluding weekends and Federal holidays), whichever is longer.

Informal Conference - An informal conference is not required. However, if you wish to have such a conference you may request one with the Area Director during the 15 working day contest period by calling (856) 596-5200. During such an informal conference, you may present any evidence or views which you believe would support an adjustment to the citation(s) and/or penalty(ies).

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of this Citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete, remove and post the Notice to Employees next to this Citation and Notification of Penalty as soon as the time, date, and place of the informal conference have been determined. Be sure to bring to the conference any and all supporting documentation of existing conditions as well as any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

Right to Contest – You have the right to contest this Citation and Notification of Penalty. You may contest all citation items or only individual items. You may also contest proposed penalties and/or abatement dates without contesting the underlying violations. **Unless you inform the Area Director in writing that you intend to contest the citation(s) and/or proposed penalty(ies) within 15 working days after receipt, the citation(s) and the proposed penalty(ies) will become a final order of the Occupational Safety and Health Review Commission and may not be reviewed by any court or agency.**

Penalty Payment – Penalties are due within 15 working days of receipt of this notification unless contested. (See the enclosed booklet and the additional information provided related to the Debt Collection Act of 1982.) Make your check or money order payable to “DOL-OSHA”. Please indicate the Inspection Number on the remittance. You can also make your payment electronically at www.pay.gov. At the top of the [pay.gov](http://www.pay.gov) homepage, type “OSHA” in the Search field and select Search. From **OSHA Penalty Payment Form** search result, select Continue. The direct link is:

<https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=53090334>

You will be required to enter your inspection number when making the payment. Payments can be made by credit card or Automated Clearing House (ACH) using your banking information. Payments of \$25,000 or more require a Transaction ID, and also must be paid using ACH. If you require a Transaction ID, please contact the OSHA Debt Collection Team at (202) 693-2170.

OSHA does not agree to any restrictions or conditions, or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will process the payments as if these restrictions or conditions do not exist.

Notification of Corrective Action – For each violation which you do not contest, you must provide *abatement certification* to the Area Director of the OSHA office issuing the citation and identified above. This abatement certification is to be provided by letter within 10 calendar days after each abatement date. Abatement certification includes the date and method of abatement. If the citation indicates that the violation was corrected during the inspection, no abatement certification is required for that item. The abatement certification letter must be posted at the location where the violation appeared, and the corrective action took place or employees must otherwise be effectively informed about abatement activities. A sample abatement certification letter is enclosed with this Citation. In addition, where the citation indicates that *abatement documentation* is necessary, evidence of the purchase or repair of equipment, photographs or video, receipts, training records, etc., verifying that abatement has occurred is required to be provided to the Area Director.

Employer Discrimination Unlawful – The law prohibits discrimination by an employer against an

employee for filing a complaint or for exercising any rights under this Act. An employee who believes that he/she has been discriminated against may file a complaint no later than 30 days after the discrimination occurred with the U.S. Department of Labor Area Office at the address shown above.

Employer Rights and Responsibilities – The enclosed booklet (OSHA 3000) outlines additional employer rights and responsibilities and should be read in conjunction with this notification.

Notice to Employees – The law gives an employee or his/her representative the opportunity to object to any abatement date set for a violation if he/she believes the date to be unreasonable. The contest must be mailed to the U.S. Department of Labor Area Office at the address shown above and postmarked within 15 working days (excluding weekends and Federal holidays) of the receipt by the employer of this Citation and Notification of Penalty.

Inspection Activity Data – You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of the Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at www.osha.gov. If you have any dispute with the accuracy of the information displayed, please contact this office.

NOTICE TO EMPLOYEES OF INFORMAL CONFERENCE

An informal conference has been scheduled with OSHA to discuss the citation(s) issued on 03/04/2022. The conference will be held by telephone or at the OSHA office located at 701

Route 73 South, Building 2, Suite 120, Marlton, NJ 08053 on _____ at

_____. Employees and/or representatives of employees have a right to attend an informal conference.

POSTING: A copy of completed Corrective Action Worksheet should be posted for employee review

Citation and Notification of Penalty

Company Name: The Auto Store LLC, dba My Auto Store
Inspection Site: 100 Atlantic Avenue, Camden, NJ 08105

Citation 1 Item 1 Type of Violation: **Serious**

OSH ACT of 1970 Section (5)(a)(1): The employer did not furnish employment and a place of employment which were free from recognized hazards that were causing or likely to cause death or serious harm to employees in that employees were exposed to crushing hazards while performing auto service:

- a) Triage Building lift 2: Employees were exposed to crushing hazards when operating lift 2 (Ford model DP10AN400BBL, serial # NHA20H0010). The swing arm restraint assemblies were corroded and missing teeth on the gears, on or about 9/9/21.
- b) Triage Building lift 3: Employees were exposed to crushing hazards when operating lift 3 (Ford model TP9KACX, serial # NHA20H0009). One of the swing arm restraints had a badly damaged gear, on or about 9/9/21.
- c) Triage Building lift 4: Employees were exposed to crushing hazards when operating lift 4 (Tuxedo model TP9KACX, serial # TT14.MAY.190796). The swing arms were bent and the pin hole had an excessive opening leading to extra play in the arm and one of the arms broke free from a weld, on or about 9/9/21.
- d) Triage Building lift 5: Employees were exposed to crushing hazards when operating lift 5 (Tuxedo model TP9KACX, serial # TT14.MAY.190796). The restraints for the swing arms did not work and there was excessive play in the arm pins, on or about 9/9/21.
- e) Triage: Employees were exposed to crushing hazards when operating automotive vehicle lifts. Employees were exposed to crushing hazard while operating damaged lifts. The employees did not recognize the defects and continued to use the lifts, on or about 9/9/21.

NOTE: IN ADDITION TO ABATEMENT CERTIFICATION, THE EMPLOYER IS REQUIRED TO SUBMIT ABATEMENT DOCUMENTATION FOR THIS ITEM. FAILURE TO COMPLY WILL RESULT IN AN ADDITIONAL PENALTY OF \$1000.00 IN ACCORDANCE WITH 29 CFR 1903.19.

Among other methods, feasible and acceptable abatement methods to correct these hazards are:

1. Conduct daily inspections and prohibit use of the lift when damaged or broken parts are identified and until the lift is repaired as required by the manufacturer; Rotary operating manual pages 2-4 and Tuxedo operating manual pages 16-17.

See pages 1 through 4 of this Citation and Notification of Penalty for information on employer and employee rights and responsibilities.

The alleged violations below have been grouped because they involve similar or related hazards that may increase the potential for injury or illness.

Citation 1 Item 2 a Type of Violation: **Serious**

29 CFR 1910.22(a)(2): The employer did not ensure that the floor of each workroom was maintained in a clean and, to the extent feasible, dry condition. The employer did not ensure that when wet processes were used, drainage was maintained and, to the extent feasible, dry standing places, such as false floors, platforms, and mats were provided.

a) J Building, Vehicle Processing Lines: On or about 9/9/21, the floor was not maintained in a clean and dry condition from materials including, but not limited to, quick-dry and vehicle fluids.

b) J Building, Engine Dismantling Area: On or about 9/9/21, the floor was not maintained in a clean and dry condition from materials including, but not limited to, quick-dry and vehicle fluids.

NOTE: THE EMPLOYER IS REQUIRED TO SUBMIT ABATEMENT CERTIFICATION FOR THIS ITEM. FAILURE TO COMPLY WILL RESULT IN AN ADDITIONAL PENALTY OF \$1000.00 IN ACCORDANCE WITH 29 CFR 1903.19.

Citation 1 Item 7 Type of Violation: **Serious**

29 CFR 1910.95(d)(3): Repeat employee exposure monitoring was not performed whenever a change in production, process, equipment or controls increases noise exposure:

Repeat exposure monitoring was not conducted after production increased on lines 1-3 as represented by the sampling results below:

a) J Building, Line 3 Station 10: A Dismantler was exposed to continuous noise levels in excess of the allowable 8-hour time-weighted average sound level (Permissible Exposure Limit). The employee's dosimeter dBA level was 244.6% of the permissible level (90 dBA) and was equivalent to approximately 96.5 dBA. The sampling was performed for 445 minutes during one shift on 10/5/21. Zero exposure was assumed for the unsampled period of time.

b) J Building, Line 2 Station 10: A Dismantler was exposed to continuous noise levels in excess of the allowable 8-hour time-weighted average sound level (Permissible Exposure Limit). The employee's dosimeter dBA level was 104.9% of the permissible level (90 dBA) and was equivalent to approximately 90.4 dBA. The sampling was performed for 445 minutes during one shift on 10/5/21. Zero exposure was assumed for the unsampled period of time.

c) J Building, Line 1 Station 10: A Dismantler was exposed to continuous noise levels in excess of the allowable 8-hour time-weighted average sound level (Permissible Exposure Limit). The employee's dosimeter dBA level was 108.2% of the permissible level (90 dBA) and was equivalent to approximately 91.4 dBA. The sampling was performed for 445 minutes during one shift on 10/5/21. Zero exposure was assumed for the unsampled period.

29 CFR 1910.95(k)(1): The employer did not train each employee who is exposed to noise at or above an 8-hour time-weighted average of 85 decibels in accordance with the requirements of 29 CFR 1910.95(k):

a) J Building, Engine Dismantling: An Engine Dismantler was exposed to continuous noise levels in excess of the allowable 8-hour time-weighted average sound level (Action Level). The employee's dosimeter dBA level was 66.83 % of the permissible level (90 dBA) and was equivalent to approximately 87.0 dBA. The sampling was performed for 494 minutes during one shift on 10/5/21. Zero exposure was assumed for the unsampled period of time.

b) J Building, Engine Dismantling: An Engine Dismantler was exposed to continuous noise levels in excess of the allowable 8-hour time-weighted average sound level (Action Level). The employee's dosimeter dBA level was 66.33 % of the permissible level (90 dBA) and was equivalent to approximately 87.1 dBA. The sampling was performed for 487 minutes during one shift on 10/5/21. Zero exposure was assumed for the unsampled period of time.

c) J Building, Engine Dismantling: An Engine Dismantler was exposed to continuous noise levels in excess of the allowable 8-hour time-weighted average sound level (Action Level). The employee's dosimeter dBA level was 92.35% of the permissible level (90 dBA) and was equivalent to approximately 89.2 dBA. The sampling was performed for 494 minutes during one shift on 10/5/21. Zero exposure was assumed for the unsampled period of time.

d) J Building, Line 3 Station 10: A Dismantler was exposed to continuous noise levels in excess of the allowable 8-hour time-weighted average sound level (Permissible Exposure Limit). The employee's dosimeter dBA level was 244.6% of the permissible level (90 dBA) and was equivalent to approximately 96.5 dBA. The sampling was performed for 445 minutes during one shift on 10/5/21. Zero exposure was assumed for the unsampled period of time.

e) J Building, Line 2 Station 10: A Dismantler was exposed to continuous noise levels in excess of the allowable 8-hour time-weighted average sound level (Permissible Exposure Limit). The employee's dosimeter dBA level was 104.9% of the permissible level (90 dBA) and was equivalent to approximately 90.4 dBA. The sampling was performed for 445 minutes during one shift on 10/5/21. Zero exposure was assumed for the unsampled period of time.

f) J Building, Line 1 Station 10: A Dismantler was exposed to continuous noise levels in excess of the allowable 8-

The alleged violations below have been grouped because they involve similar or related hazards that may increase the potential for injury or illness.

Citation 1 Item 12 a Type of Violation: **Serious**

29 CFR 1910.106(e)(7)(i)(b): Locations where flammable vapor-air mixtures existed under normal operations were not classified Class I, Division 1 according to the requirements of subpart S of this part. For those pieces of equipment installed in accordance with subparagraph (3)(v)(b) of this paragraph, the Division 1 area shall extend 5 feet in all directions from all points of vapor liberation. All areas within pits shall be classified Division 1 if any part of the pit is within a Division 1 or 2 classified area, unless the pit is provided with mechanical ventilation.

a) Greening Area: Electrical equipment in and within in five feet of the pits in 3 Lower, such as, but not limited to, cells phones, radios, and fans, were not classified as Class 1, Division 1. Gasoline and diesel spilled from vehicles during draining of the gasoline tanks and collected in the pits creating a flammable atmosphere due to the buildup of vapors, on or about 9/9/21.

b) J Building lines one through three: Electrical equipment in and within in five feet of the pits, such as, but not limited to, extension cords, reciprocating saws and the conveyor line motor were not classified as Class 1, Division 1. Gasoline and diesel spilled from vehicles during dismantling and collected in the pits creating a flammable atmosphere due to the buildup of vapors, on or about 9/9/21.

NOTE: IN ADDITION TO ABATEMENT CERTIFICATION, THE EMPLOYER IS REQUIRED TO SUBMIT ABATEMENT DOCUMENTATION FOR THIS ITEM. FAILURE TO COMPLY WILL RESULT IN AN ADDITIONAL PENALTY OF \$1000.00 IN ACCORDANCE WITH 29 CFR 1903.19.

Citation 1 Item 12 b Type of Violation: **Serious**

29 CFR 1910.106(e)(7)(i)(c): Locations where flammable vapor-air mixtures existed under abnormal conditions and for a distance beyond Division 1 locations were not classified Division 2 according to the requirements of subpart S of this part. These locations include an area within 20 feet horizontally, 3 feet vertically beyond a Division 1 area, and up to 3 feet above floor or grade level within 25 feet from any pump, bleeder, withdrawal fitting, meter, or similar device handling Category 1 or 2 flammable liquids.

a) Greening Area: Electrical equipment in and within in 20 feet of 3 Lower, such as, but not limited to, extension cords, relocatable power taps, battery chargers, computers, fans, scales for the Freon containers, the pump for the Freon and electrical receptacles were not classified as Class 1, Division 2. Gasoline and diesel spilled from vehicles during draining of the gasoline tanks and collected on the floors creating a flammable atmosphere due to the buildup of vapors, on or about 9/9/21.

b) J Building lines one through three: Electrical equipment in and within in 20 feet of the pits, such as, but not limited to, extension cords, reciprocating saws, electrical receptacles, electrical panels to operate the automotive lifts, push buttons to move the conveyor, electrical panels, the motor for the conveyor and disconnect switches on the walls and light switches were not classified as Class 1, Division 2. Gasoline and diesel spilled from vehicles during dismantling and collected in the pits creating a flammable atmosphere due to the buildup of vapors, on or about 9/9/21.

NOTE: IN ADDITION TO ABATEMENT CERTIFICATION, THE EMPLOYER IS REQUIRED TO SUBMIT ABATEMENT DOCUMENTATION FOR THIS ITEM. FAILURE TO COMPLY WILL RESULT IN AN ADDITIONAL PENALTY OF \$1000.00 IN ACCORDANCE WITH 29 CFR 1903.19.

Citation and Notification of Penalty

Company Name: The Auto Store LLC, dba My Auto Store
Inspection Site: 100 Atlantic Avenue, Camden, NJ 08105

Citation 2 Item 3 Type of Violation: **Willful - Serious**

29 CFR 1910.106(e)(6)(i): Adequate precautions were not taken to prevent the ignition of flammable vapors:

a) J Building, Greening Area, lines one, two, and three: On or about 9/9/2021, adequate precautions were not taken to ensure that all flammable fluids, such as, but not limited to, gasoline and oil, were drained from vehicles prior to sending them to the next station. Leaking fluids accumulated under the conveyor line and the vapors of the fluids were ignited from sparks from reciprocating saws.

b) J Building, Vehicle Processing Lines one, two and three: On or about 9/9/2021, cutting was performed with reciprocating saws on engine lines and fluid lines that still contained vehicle fluid and residual vapors such as, but not limited to, gasoline and oil.

NOTE: IN ADDITION TO ABATEMENT CERTIFICATION, THE EMPLOYER IS REQUIRED TO SUBMIT ABATEMENT DOCUMENTATION FOR THIS ITEM. FAILURE TO COMPLY WILL RESULT IN AN ADDITIONAL PENALTY OF \$1000.00 IN ACCORDANCE WITH 29 CFR 1903.19.

Citation and Notification of Penalty

Company Name: The Auto Store LLC, dba My Auto Store
Inspection Site: 100 Atlantic Avenue, Camden, NJ 08105

Citation 2 Item 4 Type of Violation: **Willful - Serious**

29 CFR 1910.106(e)(9)(i): Maintenance and operating practices did not control leakage and prevent accidental escape of flammable liquids. Spills were not cleaned up promptly.

a) J Building, Greening Area: On or about 9/9/2021, adequate precautions were not taken to ensure that all flammable fluids, such as, but not limited to, gasoline and oil, were drained from vehicles prior to sending them to the next station. Employees were exposed to the flammable fluids when using Sawzalls to cut the engines out of the vehicles. Spills of vehicle fluids were not promptly cleaned up from the lines, pits, or floors.

b) Greening area: On or about 9/9/2021, adequate precautions were not taken to ensure that all flammable fluids, such as, but not limited to, gasoline and oil, were drained from vehicles prior to sending them to the next station. Fluids accumulated in the Quick Dry material spread under the conveyor line to capture the fluids, which were then exposed to sparks from Sawzalls used to cut the engines out of the vehicles. Saturated Quick Dry was not promptly cleaned up.

c) J Building lines one, two and three: On or about 9/9/2021, a standard operating procedure was not developed and implemented for vehicles on the lines that had full gas tanks and were not to be processed. On 10/19/21 an employee cut into a car with a full gas tank resulting in gas spilling under the conveyor, which was not promptly cleaned, resulting in a subsequent fire.

d) J Building: Engine Dismantling Area: On or about 9/9/2021, adequate precautions were not taken to ensure that all flammable fluids, such as, but not limited to, gasoline and oil, were drained from engines prior to sending them to the Engine Dismantling Area. Employees were exposed to the flammable fluids when using Sawzalls to dismantle engines. Spills of vehicle fluids were not promptly cleaned up from the floors.

NOTE: IN ADDITION TO ABATEMENT CERTIFICATION, THE EMPLOYER IS REQUIRED TO SUBMIT ABATEMENT DOCUMENTATION FOR THIS ITEM. FAILURE TO COMPLY WILL RESULT IN AN ADDITIONAL PENALTY OF \$1000.00 IN ACCORDANCE WITH 29 CFR 1903.19.

Citation 2 Item 6 Type of Violation: **Willful - Serious**

29 CFR 1910.212(a)(1): Machine guarding was not provided to protect operator(s) and other employees from hazard(s) created by struck by hazards:

- a) J Building, processing lines one, two, and three: On or about 11/19/2021, employees on vehicle processing lines were not protected from being struck or injured by cars or processing machinery while the conveyor was moving.
- b) J Building, processing lines one, two and three: On or about 9/9/21 and thereafter, employees were observed moving away from the yellow square after activating the operating button for the conveyor system. Employees were observed approaching the moving line and beginning work prior to the conveyor line coming to a stop.
- c) J Building, processing line three: On or about 9/7/21 video footage provided by the employer for an accident investigation showed employees placing swing arms from the Mohawk lift under a vehicles as the conveyor line was in motion.
- d) J Building, processing line one: On or about 10/19/21, video footage provided by the employer for an incident investigation showed employees walking toward and around the moving conveyor line to a vehicle they were going to process.

NOTE: IN ADDITION TO ABATEMENT CERTIFICATION, THE EMPLOYER IS REQUIRED TO SUBMIT ABATEMENT DOCUMENTATION FOR THIS ITEM. FAILURE TO COMPLY WILL RESULT IN AN ADDITIONAL PENALTY OF \$1000.00 IN ACCORDANCE WITH 29 CFR 1903.19.

TOTAL PROPOSED PENALTIES: **\$1,245,773.00**

To avoid additional charges, please remit payment promptly to this Area Office for the total amount of the uncontested penalties summarized above. Make your check or money order payable to: "DOL-OSHA". Please indicate OSHA's Inspection Number (indicated above) on the remittance. You can also make your payment electronically at www.pay.gov. At the top of the pay.gov homepage, type "OSHA" in the Search field and select Search. From the **OSHA Penalty Payment Form** search result, select Continue. The direct link is: <https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=53090334>. You will be required to enter your inspection number when making the payment. Payments can be made by credit card or Automated Clearing House (ACH) using your banking information. Payments of \$25,000 or more require a Transaction ID, and also must be paid using ACH. If you require a Transaction ID, please contact the OSHA Debt Collection Team at (202) 693-2170.

OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will cash the check or money order as if these restrictions or conditions do not exist.

If a personal check is issued, it will be converted into an electronic fund transfer (EFT). This means that our bank will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will then usually occur within 24 hours and will be shown on your regular account statement. You will not receive your original check back. The bank will destroy your original check, but will keep a copy of it. If the EFT cannot be completed because of insufficient funds or closed account, the bank will attempt to make the transfer up to two times.

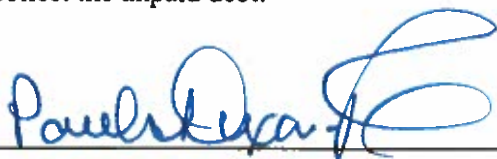

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational Safety and Health Act.

Interest: Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days

of the final order.

Delinquent Charges: A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

Administrative Costs: Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.

Paula Dixon-Roderick

Area Director
