The violation(s) described in this Citation and Notification of Penalty is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated within the description given below.

This Citation and Notification of Penalty (this Citation) describes violations of the Occupational Safety and Health Act of 1970. The penalty(ies) listed herein is (are) based on these violations. You must abate the violations referred to in this Citation by the dates listed and pay the penalties proposed, unless within 15 working days (excluding weekends and Federal holidays) from your receipt of this Citation and Notification of Penalty **you either call to schedule an informal conference (see paragraph below) or** you mail a notice of contest to the U.S. Department of Labor Area Office at the address shown above. Please refer to the enclosed booklet (OSHA 3000) which outlines your rights and responsibilities and which should be read in conjunction with this form. Issuance of this Citation does not constitute a finding that a violation of the Act has occurred unless there is a failure to contest as provided for in the Act or, if contested, unless this Citation is affirmed by the Review Commission or a court.

Posting - The law requires that a copy of this Citation and Notification of Penalty be posted immediately in a prominent place at or near the location of the violation(s) cited herein, or, if it is not practicable because of the nature of the employer's operations, where it will be readily observable by all affected employees. This Citation must remain posted until the violation(s) cited herein has (have) been abated, or for 3 working days (excluding weekends and Federal holidays), whichever is longer.

Informal Conference - An informal conference is not required. However, if you wish to have such a conference you may request one with the Area Director during the 15 working day contest period by calling (904) 232-2895. During such an informal conference, you may present any evidence or views which you believe would support an adjustment to the citation(s) and/or penalty(ies).

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of this Citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete, remove and post the Notice to Employees next to this Citation and Notification of Penalty as soon as the time, date, and place of the informal conference have been determined. Be sure to bring to the conference any and all supporting documentation of existing conditions as well as any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

Right to Contest – You have the right to contest this Citation and Notification of Penalty. You may contest all citation items or only individual items. You may also contest proposed penalties and/or abatement dates without contesting the underlying violations. **Unless you inform the Area Director in writing that you intend to contest the citation(s) and/or proposed penalty(ies) within 15 working days after receipt, the citation(s) and the proposed penalty(ies) will become a final order of the Occupational Safety and Health Review Commission and may not be reviewed by any court or agency.**

Notification of Corrective Action – For each violation which you do not contest, you must provide **abatement certification** to the Area Director of the OSHA office issuing the citation and identified above. This abatement certification is to be provided by letter within 10 calendar days after each abatement date. Abatement certification includes the date and method of abatement. Citation 1 Item 1 Type of Violation: **Serious**

OSH ACT of 1970 Section (5)(a)(1): The employer did not furnish employment and a place of employment which were free from recognized hazards that were causing or likely to cause death or serious physical harm to employees:

- a) On or about June 25, 2022, a security guard was bit by a patient while assisting nurses in giving the patient medication.
- b) On or about June 26, 2022, a nurse was punched in the face and shoulder by a patient while responding to a code for assistance with giving the same patient medication, which resulted in a fractured collar bone.
- c) On or about July 4, 2022, a nurse was punched in the head by a patient which caused the nurse to fall, lose consciousness and suffer a concussion while tending to a separate patient.
- d) On or about July 29, 2022, the Interim Director of Nursing was punched in the arm and kicked in the groin when the patient was agitated and slipped a restraining hold.

Among other methods, feasible abatement methods to reduce this hazard would be to:

1. Implement mandatory workplace violence training for all employees, including Peer Specialists, with direct interaction with patients of known violent history or potential for violence. Ensure this training consist of recognizing and responding to the types of violent and aggressive behavior exhibited by patients at the facility; preventing high risk situations, such as, but not limited to, leaving escalating patients in common areas without warning others, not being aware of your surroundings when in common areas, and avoid being alone with patients without an immediate means to summon assistance.
2. Ensure unit employees receive information of recent patient history and potential for violence during admission, all shift changes, and post incident debriefing to increase staff awareness.
3. Ensure the workplace violence prevention program includes employee participation and solicit employee input when reviewing hazard/threat assessment, controls, prevention strategies, employee training and education, and incident reporting and investigation.
4. Provide employees with personal panic alarms or body alarms to summon assistance rapidly and reliably for all employees who may work in patient care areas, including but not limited to: Therapists, Intake Specialists, Nurses,

MHTs, and Peer Specialists. Provide training on this equipment and ensure it is inspected, tested, and maintained in working order at all times.

5. Review the physical environment of each wing to determine the presence of factors that may place an employee at increased risk of being exposed to workplace violence, such as movable furniture that could be used to access the nurses' station, used as a weapon, or obstruct views of the wing. Secure furniture and other items that present a hazard.

6. Evaluate the effectiveness of controls, such as, but not limited to plexi-glass barriers or windows, at least annually, and improve, expand or update them as needed. Follow up to confirm the controls implemented are being used and maintained properly.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational

Safety and Health Act.

Interest: Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

Delinquent Charges: A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

Administrative Costs: Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.
