Dear Employer:

Enclosed you will find citations for violations of the Occupational Safety and Health Act of 1970 (the Act) which may have accompanying proposed penalties. Also enclosed is a booklet entitled, "Employer Rights and Responsibilities Following an OSHA Inspection", (OSHA 3000-04R) revised 2018, which explains your rights and responsibilities under the Act. If you have any questions about the enclosed citations and penalties, I would welcome further discussions in person or by telephone. Please contact me at (954) 424-0242.

You will note on page 6 of the booklet that, for violations which you do not contest, you must (1) notify this office promptly by letter that you have taken appropriate corrective action within the time set forth on the citation; and (2) pay any penalties assessed. Please inform me of the abatement steps you have taken and of their dates together with adequate supporting documentation; e.g., drawings or photographs of corrected conditions, purchase/work orders related to abatement actions, air sampling results. This information will allow us to close the case.

As indicated on page 3 of the booklet, you may request an informal conference with me during the 15-working-day notice of contest period. During such an informal conference you may present any evidence or views which you believe would support an adjustment to the citation or the penalty.

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of the citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete the attached notice at the bottom of this letter and post it next to the Citations as soon as the time, date and the place of the informal conference have been determined. Be sure to bring to the conference with you any and all supporting documentation of existing conditions as well as of any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at www.osha.gov. If you have any dispute with the accuracy of the information displayed, please contact this office.

Sincerely,

Condell Eastmond
Area Director

Feasible and useful method to correct the hazard – Among other methods, feasible and acceptable means of abatement would be to:

1. Utilize Correctional Officers to screen all inmates entering the medical unit for guns, knives, other weapons, or objects that could be used as weapons and confirm the inmate has an appointment or a legitimate purpose to be in the medical unit.
2. Install video security cameras in the medical unit hallway leading to the waiting room. Evaluate the need to install additional cameras in areas of the health unit with less supervision of inmate interactions with employees. Ensure cameras are continuously monitored and use curved mirrors at hallway intersections, concealed areas, and where blind spots may exist to assist in the prevention of Workplace Violence and aid in the rapid response by trained personnel.
3. Review the physical environment of the medical unit to determine the presence of factors which may place an employee at an increased risk of being exposed to Workplace Violence. This includes, but is not limited to, ensuring the locking mechanisms on Medical Unit doors and other areas with secured access are fully functional and maintained. Survey facilities regularly to ensure doors that should be locked are locked.
4. Provide employees who have direct interaction with inmates, including Correctional Officers, nurses, dental technicians, doctors, and other medical unit staff, with panic alarms, personal body alarms, or another reliable

means of communication to rapidly summon immediate assistance. Provide training on this equipment and ensure it is inspected, tested, and maintained in working order at all times.

5. Require employees to report all threats of assaults and assaults, regardless of if injury occurs, to a supervisor or manager. Ensure that employees who report or experience workplace violence do not face retaliation or harassment due to the inadequacies in the employer's implementation of its Workplace Violence Prevention Program.
6. Establish a system—such as chart tags, logbooks, or verbal census reports—where employees are able to identify inmates with a history of violence and their triggers to provide the best responses to de-escalate potentially violent interactions. Ensure all employees receive information of recent history of patient aggression and potential for violence during admission, all shift changes, and post incident debriefing to increase staff awareness.
7. Establish a comprehensive accident and near-miss investigation program to address potential workplace violence hazards and to identify preventive measures that may be implemented to prevent future occurrences. Review preventive measures and corrective action to ensure their effectiveness in reducing employee exposure to Workplace Violence.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the

Occupational Safety and Health Act.

Interest: Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

Delinquent Charges: A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

Administrative Costs: Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.
