Dear Employer:

Enclosed you will find citations for violations of the Occupational Safety and Health Act of 1970 (the Act) which may have accompanying proposed penalties. Also enclosed is a booklet entitled, "Employer Rights and Responsibilities Following an OSHA Inspection", (OSHA 3000), which explains your rights and responsibilities under the Act. If you have any questions about the enclosed citations and penalties, I would welcome further discussions in person or by telephone. Please contact me at (407) 897-4740.

You will note on page 6 of the booklet that, for violations which you do not contest, you must (1) notify this office promptly by letter that you have taken appropriate corrective action within the time set forth on the citation; and (2) pay any penalties assessed. Please inform me of the abatement steps you have taken and of their dates together with adequate supporting documentation; e.g., drawings or photographs of corrected conditions, purchase/work orders related to abatement actions, air sampling results. This information will allow us to close the case.

As indicated on page 3 of the booklet, you may request an informal conference with me during the 15-working-day notice of contest period. During such an informal conference you may present any evidence or views which you believe would support an adjustment to the citation or the penalty.

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of the citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete the attached notice at the bottom of this letter and post it next to the Citations as soon as the time, date and the place of the informal conference have been determined. Be sure to bring to the conference with you any and all supporting documentation of existing conditions as well as of any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at www.osha.gov. If you have any dispute with the accuracy of the information displayed, please contact this office.

Sincerely,

Erin Sanchez, MSPH, CIH

Citation and Notification of Penalty

Company Name: Circles of Care, Inc.
Inspection Site: 400 E. Sheridan Rd., Melbourne, FL 32901

Citation 1 Item 1 Type of Violation: **Repeat - Serious**

OSH ACT of 1970 Section (5)(a)(1): The employer did not furnish employment and a place of employment which were free from recognized hazards that were causing or likely to cause death or serious physical harm in that employees were exposed to acts of workplace violence caused by patients: Employees were exposed to the hazard of physical threats and assaults, such as being bitten, punched, kicked, scratched, and spit on, when interacting with patients during care and daily activities. Assaults have resulted in injuries including sprains, contusions, lacerations, fractures, and a concussion.

a) On or about November 7, 2023, in the Sheridan West Unit located at 400 E. Sheridan Rd., Melbourne, FL 32901: a Mental Health Technician (MHT) was assaulted by a patient while performing monitoring activities in the facility. A second employee suffered a laceration to their hand while assisting with the restraint of the patient.

Circles of Care, Inc. was previously cited for a violation of this occupational safety and health standard or its equivalent standard OSH ACT of 1970 Section (5)(a)(1), which was contained in OSHA inspection number 1599107, citation number 1, item number 1, and was affirmed as a final order on 12/12/2022, with respect to a workplace located at 880 Airport Blvd. Melbourne, FL 32901.

Among other methods, feasible and acceptable means of abatement that would materially reduce the hazard include reviewing and updating existing workplace violence policies to implement a comprehensive workplace violence prevention program, including but not limited to the following controls:

1. Assess physical environment of the nurse's workstation for existing workplace violence risk factors, including access to loose items or furniture that patients can use as weapons and unauthorized access to the nurses station. Secure or remove items that patients can use as weapons, and implement controls to address the identified hazards.
2. Review, clarify, and implement incident response policies. Ensure every shift has adequately trained staff members and/or a designated response team available to immediately respond to aggressive, hostile, and/or violent behavior of patients. Employee training must include, but is not limited to, how to respond to patient-on-staff aggression, how to respond when a patient is brandishing a weapon, de-escalation techniques, applying restraints, and calling for assistance.
3. Review and update written procedures and policies where necessary to address workplace violence risks associated with high-risk patients, including patients on assault and elopement precautions.

See pages 1 through 4 of this Citation and Notification of Penalty for information on employer and employee rights and responsibilities.

4. Provide personal panic alarms for direct care employees on each shift so that employees may rapidly and reliably summon assistance. Provide training on this equipment and ensure it is inspected, tested, and maintained in working order at all times.
 5. Combine the managerial and non-managerial safety and health committees, to facilitate employee involvement in the Workplace Violence Prevention Program. Ensure that all managers, supervisors, and employees understand their obligations. Encourage employee feedback for improvements and enhancements to the program.
 6. Share the outcome of investigations involving workplace violence incidents, including threats and near-misses (a situation that could potentially have resulted in death or injury) with all employees (not just the employees involved in the incidents), including lessons learned and corrective actions, to prevent reoccurrence.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent

charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational Safety and Health Act.

Interest: Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

Delinquent Charges: A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

Administrative Costs: Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.
