Notice No. 192

To: Insurance Carriers and Self-Insured Employers under the Longshore and Harbor Workers' Compensation Act, and its extensions, and the District Of Columbia Compensation Act

Subject: 2022 Final Assessment for the Special Fund

Notice: This notice addresses the 2022 Final Assessment billing and instructions for forwarding payment. (**PLEASE READ PAYMENT INSTRUCTIONS CAREFULLY**)

On January 27, 2022, pursuant to Section 44 of the Longshore and Harbor Workers' Compensation Act, a Notice was sent to all insurance carriers and self-insured employers authorized under the Act and its extensions (including the District of Columbia Compensation Act), requesting a report of the amount of all compensation and medical payments made during calendar year 2021. Instructions for the submission of Form LS-513, Report of Payments, was included in the Industry Notice.

All payments made during calendar year 2021 by insurance carriers and self-insured employers have now been reported. A total of **\$956,408,958** in compensation payments has been reported under the Longshore Act and its three extensions, which are the Defense Base Act, the Outer Continental Shelf Lands Act, and the Nonappropriated Fund Instrumentalities Act. A total of **\$1,367,182** has been reported under the District of Columbia Compensation Act for compensation and medical payments in cases where the date of injury arose prior to July 26, 1982.

This Office has determined that for calendar year 2022, a total of **\$84,000,000** is needed for the Special Fund under the Longshore Act and extensions (excluding the D.C. Act) and a total of **\$4,000,000** is needed for the Special Fund under the District of Columbia Act. Proceeds from the Special Fund assessment are used for payments under Sections 8(f), 10(h), and 18(b) plus other payments provided for under Section 44 of the Act.

On August 5, 2022, the Office will mail all final 2022 assessment bills reflecting amounts owed for the assessment year. The billing mailed by the Office shows the calculation on which your assessment is based. Under the Longshore Act and extensions (except the D.C. Act) the assessment is based on (1) the ratio of the amount each carrier or self-insurer paid during the prior calendar year for compensation benefits in relation to the amount all such carriers and self-insurers paid during that period, and (2), the ratio of the amount of payments made by the Special Fund attributable to each carrier or self-insurer for cases being paid under Section 8(f) of the Act during the preceding calendar year in relation to the total of such payments. The resulting sum is divided by two and multiplied by the estimated expenses of the Fund. The amount paid for the advance assessment is credited against the total assessment and the amount now due is shown as the last figure.

Under the District of Columbia Compensation Act the ratio of the amount each carrier or self-insurer paid during the prior calendar year for compensation and medical benefits in relation to the amount all such carriers and self-insurers paid during that period is multiplied by the estimated expenses of the Fund.
