

## Tools and Resources for Understanding the Energy Employees Occupational Illness Compensation Program Act (EEOICPA)

The Office of Workers' Compensation Programs (OWCP), Division of Energy Employees Occupational Illness Compensation (DEEOIC) invites you to learn about the available tools and resources designed to help you navigate the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) claims process. The webinar will culminate with a dedicated Q&A session, where audience questions will be addressed. While we will try our best to answer all questions during the allotted timeframe, depending on the nature and complexity of the question we may need to answer some questions after the webinar. An email with a link to the questions and answers will be sent to all registered participants once it is available. Feel free to submit questions prior to the webinar at the email below or participate in the live Q&A during the webinar.

### Moderators will discuss:

- The Role of the DOL Ombudsman's Office
- Assistance available through Resource Centers
- Navigating DEEOIC digital resources
- How to get notified about program updates and upcoming events

### Discussion led by:

**Amanda Fallon, Ombudsman, U.S. Department of Labor**

**William Pridy, Senior Stakeholder Engagement Specialist, U.S. Department of Labor**

**Jim McGrath, Training Analyst, U.S. Department of Labor**

**June 25, 2024**

**2:00 – 3:30 p.m. Eastern Time**

**REGISTER HERE**

**Register by June 25, 2024, 12:00pm, to join this critical discussion.** Participants may submit questions ahead of time to [DEEOIC-Outreach@dol.gov](mailto:DEEOIC-Outreach@dol.gov) or submit their question online during the webinar presentation.

### About EEOICPA:

The Energy Employees Occupational Illness Compensation Program Act provides lump-sum compensation and medical benefits to current and former nuclear weapons workers whose illness is a result of working in the nuclear weapons industry. Survivors of qualified workers may also be entitled to benefits. Covered illnesses include radiation-induced cancer, chronic beryllium disease, beryllium sensitivity, chronic silicosis, or any illness due to exposure to toxic substances.
