

# Covered Medical Benefits

Medical benefits for covered illnesses under the Energy Employees Occupational Illness Compensation Program Act include reasonable and customary medical care, physician prescribed medications, and travel directly associated with the treatment of a covered illness.

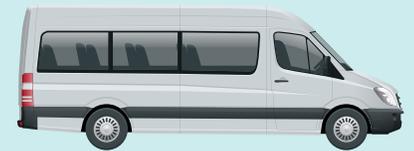

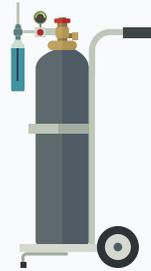

## WHAT IS COVERED?

Doctor's office visits, medical treatments, and consultations

Durable medical equipment

Travel to the doctor, hospital, clinic or other medical facility

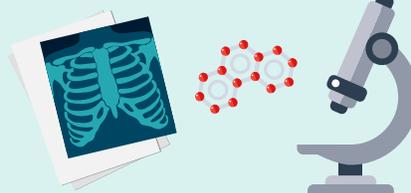

Inpatient and outpatient hospital charges, including ER visits

Drugs prescribed by a physician, both brand-name and generic

Ambulance services

Diagnostic laboratory and radiological testing

Home and residential health care
