Grant Number: DW-36864-21-60-A-48

TEGL 25-20

Period of Performance	Approved Amount*
 8/20/2021 - 8/19/2023	 \$758,013
Planned Participants	Target Population
 Dislocated Workers	 Dislocated Workers

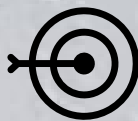

Project Overview

The grant recipient will prioritize service delivery to individuals from rural counties with transportation barriers and limited access to the internet.

Project Description

The required grant activity (Expanding Accessibility and Capacity through Virtual Platforms and Other Technology) will expand access to workforce and childcare services to marginalized dislocated workers in all nine counties, but especially to workers in rural counties to facilitate efficient and expeditious return to economic prosperity.

Project Goals

CAREER DWG funding will allow WSRCA's vision of a virtual system to be implemented in an expeditious period of time versus a slower phase in plan dictated by our annual budget. This allows us to continue serving marginalized communities as the pandemic continues: by quickly connecting job seekers to employment opportunities; by accelerating the recovery time for communities; and assisting families to become financially secure.

*The grant approval threshold may not represent the current obligation of funds.
