

# CAREER Dislocated Worker Grants

Comprehensive and Accessible Reemployment through Equitable Employment Recovery DWGs

## Hampton Roads Workforce Council

Statewide

Grant Number: DW-36858-21-60-A-51

TEGL 25-20

### Project Overview

The grant recipient will prioritize service delivery to communities of color, disabled populations, and dislocated workers.

### Project Description

The project plans to reach priority populations through focused outreach campaigns using a variety of media outlets; provide supportive services to assist with uniforms, basic car repair, child/dependent care, emergency housing, legal aid services, medical services, mileage reimbursement, and other transportation assistance.

### Project Goals

The proposed activities will provide a pathway for the long-term unemployed and historically marginalized populations to acquire skills, earn credentials, and get hired quickly, while earning a living, sustainable wage and receiving full employment benefits. Providing wrap-around services to the participant to address daily living needs during the training program makes this program unique. Co-enrollment in supportive service elements with community partners will be utilized whenever possible to further extend the supportive service resources.
