IV. Background:

A. Jobs for Veterans State Grants Four-Year Plans: As a condition for the receipt of funds, states must describe how they will deliver the JVSG program, as described under Chapter 41 of Title 38 of the U.S.C. This is accomplished through a four-year JVSG State Plan implemented on a program year (PY) basis. The JVSG State Plan may be either included in a Combined Workforce Innovation and Opportunity Act (WIOA) State Plan, or submitted as a stand-alone JVSG State Plan.

Title 38 U.S.C. § 4102A(f) requires the Department of Labor (DOL) to establish performance indicators for the JVSG program that are consistent with state
Title 38 U.S.C. § 4102A(c)(7) requires that one percent of the JVSG allocation states receive each year is designated for the purposes of performance incentive awards for eligible employees and/or employment service offices. In order to receive the incentive award portion of the annual allocation, the state must have a performance incentive award plan in their JVSG State Plan.

A separate application for funding, referred to as the Annual Funding Modification, is also required as a condition for the receipt of funds. This application for funding will continue to be required on a fiscal year (FY) basis and is described in VPL 02-20, or most current guidance on this topic.

Approved JVSG State Plans will be incorporated into the terms and conditions of each FY’s grant, including any approved modifications.

B. **WIOA Unified and Combined State Plans:** In accordance with the Required Elements for Submission of the Unified or Combined State Plan and Plan Modifications under the Workforce Innovation and Opportunity Act (OMB Control Number 1205-0522), each state’s governor must submit a WIOA State Plan every four years using the WIOA State Plan Portal. States may submit their WIOA plans as either a Unified State Plan or a Combined State Plan.

At a minimum, states submit a Unified State Plan that covers all six of WIOA’s core programs. The six core programs are as follows: Adult, Dislocated Worker and Youth (Title I); Adult Education and Family Literacy (Title II); Wagner-Peyser Act Employment Service (as amended by Title III); and Vocational Rehabilitation Services (as amended by Title IV). States that submit a Unified State Plan will submit a separate, stand-alone JVSG State Plan.

A Combined State Plan includes the six WIOA core programs and one or more of the Combined State Plan partner programs, which may include JVSG. States that elect not to include JVSG in their Combined State Plan will submit a separate, stand-alone JVSG State Plan.

The WIOA State Plan requirements include various elements related to serving veterans, separate from describing how they will carry out the JVSG program.

V. **JVSG State Plan Content:**
The required content for JVSG State Plans is outlined in 38 U.S.C. § 4102A(c), and clarified in the attachments to this VPL. Plans must describe:

A. The manner in which the state will furnish employment, training, and placement services to eligible participants, including the duties assigned to JVSG-funded
staff and the manner in which those staff are integrated into the state workforce system.

B. The objectives to be achieved through each state’s incentive awards program, the planned selection and award process, and the means for disbursement, as outlined in the JVSG Performance Incentive Award Programs Technical Assistance Guide (TAG), Attachment #5.

C. The populations to be served, in accordance with current guidance.

D. The expected performance targets (placement and earnings outcomes) for participants who have been served by the state’s JVSG program, as described by JVSG Performance Targets TAG, Attachment #4.

VI. JVSG State Plan Submission:
States that choose to submit a Combined WIOA State Plan, with JVSG selected as a partner program, will submit the JVSG State Plan as part of the WIOA State Plan within the WIOA State Plan Portal.

States that submit a Unified State Plan, or that do not select JVSG as a partner program in their Combined WIOA State Plan, must submit a stand-alone JVSG State Plan through VETS’ automated modification system.

JVSG State Plan cycles and due dates will align with the WIOA State Plan dates, regardless of the submission method or type.

States are strongly encouraged to share their draft State Plans with their state Director for Veterans’ Employment and Training (DVET) in an editable format (i.e., Microsoft Word) prior to submitting through the WIOA portal or VETS’ automated modification system. This informal step will allow the DVET to track any needed changes and provide feedback, which can help to streamline the approval process.

States must follow the process outlined in the JVSG State Plan Submission TAG, Attachment #2, to submit their plans.

VII. JVSG State Plan Modification:
WIOA sec. 102(c)(3)(A) and 103(b)(1) requires review and modification of all WIOA State Plans after two years (the “mid-point”) to reflect changes in labor market and economic conditions or in other factors affecting the implementation of the State Plan. States must also review and update their JVSG performance targets during this mid-point modification process (regardless of if the JVSG Plan was submitted as part of a Combined WIOA State Plan or as a stand-alone JVSG State Plan). Plans may also be modified at any other point at the state’s discretion.
JVSG State Plans will be modified using the same method by which the plan was submitted, either through the WIOA portal or as an interim modification via the current automated modification system. Prior to submitting a modification request, states are advised to confer with the DVET. States must follow the process outlined in the JVSG State Plan Modification TAG, Attachment #3.

At any point, or as part of a mid-point or off-cycle modification, a state may change from a stand-alone JVSG State Plan to combine it with their WIOA State Plan (or the reverse) at their discretion. This is allowed only to the extent that the WIOA State Plan portal supports the change.

VIII. Actions Required:

A. States must submit their JVSG State Plans not later than 120 days prior to the end of the four-year period covered by the preceding State Plan.

For example, as of the time of this writing, states are operating within their PY 2020-2023 State Plans, which will end on June 30, 2024. The PY 2024-2027 State Plans are due by March 1, 2024, to allow sufficient time for review and approval prior to going into effect on July 1, 2024.

B. States must submit a modification to the WIOA Unified or Combined State Plan at the end of the first two-year period of any four-year plan. States may also submit a modification to their state plan at any point. States review and update JVSG performance targets on the same two-year schedule. JVSG State Plan mid-point modification due dates will align with the WIOA State Plan modification dates, regardless of the submission method or type.

C. States should ensure the Common Elements section of their WIOA State Plan appropriately addresses priority of service for veterans and eligible spouses, and does not conflict with the JVSG State Plan.

IX. Inquiries and Resources:
Any questions regarding this guidance should be referred to the state’s DVET.

X. Expiration Date:
This VPL will be reviewed for relevance on or before September 30, 2024. It shall remain in effect until rescinded or superseded.
