How to Copy/Paste Within the TPR Workbook

Grantees are encouraged to avoid copying and pasting data into the Technical Performance Report (TPR), as doing so may corrupt formatting and formulas. However, as new or updated versions of the TPR are released, we recognize that it may be necessary for grantees to migrate data from an “old” version of the TPR into the current TPR (e.g., carrying participants into a new Program Year (PY)).

To avoid impacting formats and formulas, grantees should only use paste “special values” when migrating data into the current TPR.

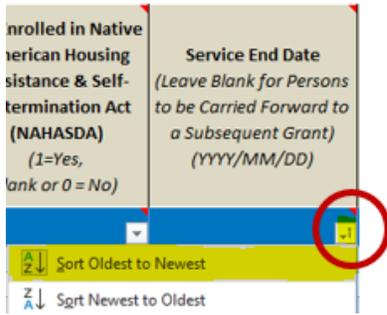

Do not use the keyboard shortcut Ctrl+V to paste. Instead, right click in the destination cell or range of cells and select Paste Special>Values (V) (Tip: look for the clipboard icon with “123”).

Pasting In Carryover Participants

At the end of the PY, grantees may use the column sort feature in the VETS-701B Participant Info tab to identify participants with no service end dates. Participant records that meet the definition of a [Carryover Participant](#) may be copied and pasted into the following PY's TPR using the steps below:

1. Click the down arrow under Service End Date (column M) to access the sort menu and select "Sort Oldest to Newest."

2. Participant records with a blank Service End Date should now appear at the bottom of the table.
3. Highlight the participant records with blank Service End Dates, starting in column A (Participant ID) through column BS (Hourly Wage in the 4th Quarter After Exit).

Planned Measures	
# of Participants Enrolled	<p>A participant should be recorded as having been enrolled when an intake form has been completed and services, referral, and/or employment has been received through the program. This will be an unduplicated count over the performance period, i.e., each participant is recorded only once, regardless of the number of times she or he receives assistance.</p> <p>The exception to this rule is reenrollment, which occurs when a participant exits, then returns more than 90 days after exit and the grantee chooses to reenroll the participant (assuming HVRP eligibility criteria is met).</p>
# Placed in Transitional or Permanent Housing	The number of participants that were placed into transitional or permanent housing either on-site or off-site.
# Placed into Employment	Participants who were placed into employment or otherwise obtained employment as a result of grantee services used or received. The participant must be exited in order to obtain credit for a placement.
Average Hourly Wage at Placement	The average starting wage (dollars/hour) of all placements made in the quarter.
Placement Rate Overall (rate = employed/exited)	Participants who were placed into employment or otherwise obtained employment as a result of grantee services used or received (Row 24 above) divided by the number of exiters (row 27 below).
# Exited	For the purposes of competitive grants, a participant who is placed or dropped during a quarter and is not scheduled to receive future homeless veterans program services for the next 90 or more days is considered an exiter. A participant not receiving a service for 90 consecutive days must be exited. The following services do not count as "future services": Additional career planning; Contacting the employer; Assisting with work-related problems; Peer support groups; Informational mailings; Co-enrolled partner services extending beyond the end of the active period of performance for the competitive grant award; Follow-up tracking services; and Provision of post-exit supportive services for job retention.
# Earned Wages in the 2nd Full Quarter After Exit	The number of exiters for the reporting period who were employed (showed wages) in the 2nd quarter after exit. For example, a participant who exited the program on August 15, 2020 (the 1st quarter of the grant period of performance) and who showed any earnings during the January - March 2021 period (the 3rd quarter of the grant period of performance) would be considered employed in the 2nd quarter after the quarter of exit.
Employment Rate in the 2nd Quarter After Exit	Computed by dividing the total number employed in the 2nd quarter after exit by the total number of exiters for the reporting period.

VETS-700 Element Name	Definition
Median Quarterly Earnings in the 2nd Qtr. After Exit	<p>The planned median quarter earnings for those participants employed in the 2nd quarter after exit. In simple terms, it may be thought of as the “middle” value of a data set. For example, in the data set...\$1750, \$3175, \$3765, \$4120, \$5005, \$6110, \$6975, the median is \$4120, the fourth number in the sample. For the 2nd quarter of PY20, the median quarterly earnings for those employed at the time of exit was \$4,120.</p> <p>**Do not enter the same values as Average Hourly Wage at Placement. The entries should reflect one quarter’s worth of projected earnings for participants (1 quarter is approx. 13 weeks).**</p>
# Earned Wages in the 4th Full Quarter After Exit	<p>The number of exiters for the reporting period who were employed (showed wages) in the 4th quarter after exit. For example, a participant who exited the program on August 15, 2020 (the 1st quarter of the grant period of performance) and who showed any earnings during the July - September 2021 period, would be considered employed in the 4th quarter after the quarter of exit.</p>
Employment Rate in the 4th Quarter After Exit	<p>Computed by dividing the total number employed in the 4th quarter after exit by the total number of exiters for the reporting period.</p>
Episodic Homeless - # Enrolled	<p>“Episodic Homeless” is defined as a homeless individual who has met the definition of homelessness continuously for at least 12 months, or on at least four separate occasions in the last 3 years, where the combined occasions total a length of time of at least 12 months.</p>
Episodic Homeless - # Exited	<p>“Episodic Homeless” is defined as a homeless individual who has met the definition of homelessness continuously for at least 12 months, or on at least four separate occasions in the last 3 years, where the combined occasions total a length of time of at least 12 months.</p>
Episodic Homeless - # Placed into Employment	<p>“Episodic Homeless” is defined as a homeless individual who has met the definition of homelessness continuously for at least 12 months, or on at least four separate occasions in the last 3 years, where the combined occasions total a length of time of at least 12 months.</p>
Placement Rate - Episodic Homeless	
Participant Services	<p>Programmatic costs including outreach, supportive services, training, placement services, and social rehabilitation services, which will assist in stabilizing the participants. This category should reflect all costs other than administrative costs.</p>
Indirect Costs	<p>Must have an agreement or claim de minimis to claim indirect costs. De minimis is only for grantees who have never had a negotiated indirect cost rate agreement.</p> <p>2 CFR 200.414, Indirect (F&A) costs means those costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. To facilitate equitable distribution of indirect expenses to the cost objectives served, it may be necessary to establish a number of pools of indirect (F&A) costs. Indirect (F&A) cost pools must be distributed to benefitted cost objectives on bases that will produce an equitable result in consideration of relative benefits derived.</p>

VETS-700 Element Name	Definition
Direct Costs	All direct costs associated with the supervision and management of the program. Examples include: compensation of employees, cost of materials consumed or expended, travel, other allowable activities, and items of expense incurred as allowable under 2 CFR Part 200.403.

# of Participants Enrolled	<p>A participant should be recorded as having been enrolled when an intake form has been completed, and services, referral, and/or employment has been received through the program. This will be an unduplicated count over the performance period, i.e., each participant is recorded only once, regardless of the number of times she or he receives assistance.</p> <p>The exception to this rule is reenrollment, which occurs when a participant exits, then returns more than 90 days after exit and the grantee chooses to reenroll the participant (assuming HVRP eligibility criteria is met).</p>

VETS-701 Element Name	Definition
# of Carryover Participants from Prior PY	An HVRP participant who was in the grantee’s program during one program year whose participation continued into the following program year. Any individual who is showing as not exiting the grantee’s program by the last day of the program year must continue to receive services to be (1) carried over to the next program year should the grantee receive continuation funding; or (2) exited from the grantee’s program. Carryover participants retain the same participant identification number and name in the Technical Performance Report as assigned in the earlier year.
# of Participants Co-Enrolled in AJC Services	Enrollment in American Job Center (AJC) services, for the purposes of competitive grants reporting, occurs when the homeless veterans program participant receives a Wagner-Peyser Act-funded Employment Service (ES), a Jobs for Veterans State Grant (JVSG)-funded Disabled Veterans Outreach Program service or another WIOA title I-funded service, such as WIOA title I services for adults or dislocated workers. Please note that homeless veterans program grantees must enroll their participants into ES, JVSG or WIOA title I-funded services according to the service strategy and timeline outlined in each individual service plan. Enrollment of the homeless veterans program participant into an ES, JVSG or WIOA service must occur during the active period of performance outlined in the VETS’ competitive grant award.

# of At-Risk – Enrolled	An individual is at risk for homelessness when the individual lacks the resources and support networks needed to obtain housing. The risk must be real and imminent (within 60 days). In some sense, anyone living below the poverty level may be at risk of homelessness. An individual may be either at risk for homelessness or homeless, but not both at once.

VETS-701 Element Name	Definition
% of At-Risk – Enrolled	<p>The number of enrollments that can come from the “at-risk” of homelessness category is limited to no more than 10 percent of planned enrollments unless approved by the Grant Officer's Technical Representative (GOTR), post-award. This limitation is to ensure the program’s integrity and will be reviewed on an annual basis. If a grantee is unsure of participant eligibility, they must contact their respective GOTR after a grant has been awarded. IVTP grantees are excluded from the 10 percent limitation on “at-risk” planned enrollments and may exceed this without pre-approval.</p> <p>A yellow cell with red dashed border indicates the cumulative percentage of At-Risk enrolled exceeds 10 percent of total enrollments. Grantees should contact their GOTR for approval to enroll more than 10 percent from the At-Risk category.</p>
Episodic Homeless - # Enrolled	“Episodic Homeless” is defined as a homeless individual who has met the definition of homelessness continuously for at least 12 months, or on at least four separate occasions in the last 3 years, where the combined occasions total a length of time of at least 12 months.
