Re: E-62-295 & 296
Oklahoma

Dear Mr. Manger:

It has been brought to my attention that my letter of September 13, 1961, may be subject to misunderstanding and that some clarification would be helpful.

At the time it was written, we had under consideration (as indicated on the first page) only hauling activities. Furthermore, the only problem before us involved the owner-operators of trucks. Consequently, the references on the second page of my letter to "trucks and similar construction equipment" should be understood as applicable only to the various types of hauling equipment. It was not intended to encompass other equipment such as bulldozers, scrapers, backhoes, cranes, drilling rigs, welding machines and the like.

It will be appreciated if you will advise your field personnel that the enforcement position taken in my previous letter is thus limited and that normal enforcement action will be expected in appropriate cases involving the owner-operators of equipment other than that used exclusively for hauling.

Yours sincerely,

/s/ Charles Donahue
Solicitor of Labor
