1. TERM OF AGREEMENT

This Memorandum of Understanding (MOU) shall be effective upon signature of the authorized representatives of the U.S. Department of Housing and Urban Development Office of the Chief Information Officer (HUD-OCIO) and the US Department of Labor Wage and Hour Division (DOL-WHD) (collectively, the “parties”) and shall remain in effect until April 30, 2024, or until terminated in accordance with the terms of this MOU.

2. INTRODUCTION AND PURPOSE

A. The US Department of Housing and Urban Development’s (HUD) mission is to create strong, sustainable, inclusive communities and quality affordable homes for all. More information about HUD and its programs is available at www.hud.gov and https://espanol.hud.gov. The mission of the Office of the Chief Information Officer (OCIO) is to enable delivery of HUD programs, services, and management processes by providing high-quality information, technology solutions and services.

In coordination with DOL-WHD, HUD has responsibility for the implementation and enforcement of certain Davis-Bacon and Related Acts (DBRA), particularly with respect to HUD-assisted and insured housing and community development programs.

B. The DOL-WHD is responsible for administering and enforcing a wide range of labor laws, including the Fair Labor Standards Act, the Family and Medical Leave Act, the Migrant and Seasonal Agricultural Worker Protection Act, worker protections provided in several temporary visa programs, and the prevailing wage requirements of the DBRA and the Service Contract Act (SCA). Nothing in this agreement limits DOL-WHD’s enforcement of these and other statutes. DOL-WHD efforts to build capacity around data analytics is consistent with the government-wide Federal Data Strategy.

C. HUD-OCIO and DOL-WHD are entering into this MOU in order to improve compliance with the requirements of the DBRA. Specifically, HUD is seeking
access to DBRA wage determinations in bulk format in order to integrate the wage determinations into its own case management software. DOL-WHD currently makes DBRA wage determinations available via beta.sam.gov. However, this data is not currently available in a bulk format; rather, each individual wage determination is available in a text format for download or printing directly from the website.

Any provision of this MOU that conflicts with federal law or regulation will be null and void. This MOU is not an obligation or commitment of funds, nor a basis for transfer of funds, but is a basic statement of the understanding between HUD-OCIO and DOL-WHD. Unless otherwise agreed in writing, each party shall bear its own costs in relation to this MOU. Expenditures by each party will be subject to its budgetary processes and to the availability of funds and resources pursuant to applicable laws, regulations, and policies.

HUD may not share wage determination data in bulk format outside of HUD without the prior approval of DOL-WHD in writing. If the data is the subject of a request under the Freedom of Information Act, HUD shall refer the request for the data to DOL-WHD for processing and direct response to the requester.

HUD-OCIO and DOL-WHD will review this MOU annually to determine whether the provisions of this Agreement require amendment or revision and whether each agency is complying with the provisions of the Agreement.
