X. Exchange of Information

To the extent permitted by law, the agencies understand that in order to effectuate the purposes and provisions of this MOU, it will be necessary, from time to time, to exchange information, some of which may be considered confidential. The agencies to this MOU agreement recognize the importance of being able to provide information to other law enforcement bodies without waiving the privilege of otherwise protected material or making a public disclosure.

It is the policy of USDOL/WHD and NJDOLWD/DWHC to cooperate with other government agencies to the fullest extent possible under the law, subject to the general limitation that any such cooperation must be consistent with the USDOL/WHD's and NJDOLWD/DWHC's own statutory obligations and enforcement efforts. It is USDOL/WHD's and NJDOLWD/DWHC's view that an exchange of information in cases in which both entities are proceeding with a common legal interest is to our mutual benefit.

In consideration of these concerns, and subject to any applicable laws and regulations regarding the handling of such information, the agencies agree as follows:

1. The parties will be available to discuss and provide information to one another on topics of mutual interest, overlapping jurisdiction, or certain areas of expertise, when able.
2. Exchange of information to one another pursuant to this MOU is not considered a public disclosure under the Freedom of Information Act, 5 U.S.C.552.
3. When confidential information is exchanged it will not be released to the public, or to any third party, without the express permission of the agency providing that information, except as required by law including, but not limited to, the Freedom of Information Act. Upon receipt of a public disclosure request, NJDOLWD/DWHC agrees to provide USDOL/WHD with notice of the request and an opportunity to pursue legal action to prevent the release of information.
4. When confidential information is exchanged, it shall be used and accessed only for the limited purposes of carrying out activities pursuant to this agreement as described herein. The information shall not be duplicated or re-disclosed without the express written consent or authority of the agency providing the information (hereinafter the "donor agency"), a court order, or as required by law, including the Freedom of Information Act.
5. Confidential information means information that may be privileged or otherwise exempt from disclosure to the public or other unauthorized persons under federal and state laws. Confidential information may include: the identity of persons who have given information to the agencies in confidence or under circumstances in which confidentiality can be implied; any employee statements in enforcement files that were obtained under these conditions; internal opinions, policy statements, memoranda, and recommendations of federal or state employees, including (but not limited to) investigators and supervisors; any records that would otherwise not be subject to disclosure under law as non-final, intra- or inter-agency documents; information or records covered by the attorney-client privilege and the attorney work-product privilege; personal information protected by any relevant law or regulation; individually identifiable health information; and confidential business information and trade secrets.

6. In the event there is a public proceeding, such as a trial, in which certain records, such as confidential information, may be used or testimony of USDOL/WHC's employees sought, USDOL/WHC requires that NJDOLWD/DWHC notify USDOL/WHC.
7. In the event there is a public proceeding, such as a trial, in which certain records, such as confidential information, may be used or testimony of NJDOLWD/DWHC employees sought, NJDOLWD/DWHC requires that USDOL/WHC notify NJDOLWD/DWHC.
8. Should either party receive a request or subpoena that would, fairly construed, seek production of privileged information that it received pursuant to this MOU agreement, the party receiving such a request or subpoena shall take reasonable measures, including but not limited to asserting the common interest privilege, to preclude or restrict the production of such information for ten (10) business days, and shall promptly notify the donor agency that such a request or subpoena has been received, so that the donor agency may file any appropriate objections or motions, or take any other appropriate steps, to preclude or condition the production of such information.
9. Neither party shall have authority to waive any applicable privilege or doctrine on behalf of the other party, nor shall any waiver of an applicable privilege or doctrine by the conduct of one party be construed to apply to the other party.
10. The agencies will notify one another, through the agency POC identified in this MOU, upon commencement of litigation, a hearing, or other proceeding that may involve the release, through subpoena, introduction of written evidence, or testimony, of information exchanged under this agreement.
11. For information security purposes, information (including paper-based documents and electronic information such as emails and CDs) exchanged pursuant to this MOU agreement remains the responsibility of the donor agency while in transit. The agencies agree to establish a communication protocol for notifying each agency's designated POC when information is sent to or received from that agency, including information on the form of the transfer and the media type and quantity (when appropriate). An agency expecting to receive information will notify the donor agency if the information is not received as of the next business date following the agreed upon delivery date. Confidential data will be destroyed no later than thirty (30) days after its use and may be transmitted via Secure File Transfer Protocol (SFTP). Use includes the time period required for compliance with federal records retention periods. Confidential data will not be electronically mailed, unless encrypted using approved encryption standards (FIPS 140-2 or higher).
12. For information security purposes, after an agency receives information from the donor agency, the donor agency retains no responsibility for any security incidents, inadvertent disclosure, or the physical and information technology safeguards in place for protecting that information by the agency that received it.
13. Technical staff will immediately notify their designated counterparts when a security incident(s) is suspected or verifiably detected, so the other party may take steps to

determine whether its system has been compromised and to take appropriate security precautions. Technical staff will provide reasonable support to their counterparts in support of analysis and/or investigation into any security incidents. In the event the agency receiving the information experiences a security incident or disaster that results in the suspected or confirmed inadvertent disclosure of the data exchanged pursuant to this MOU agreement, the agency experiencing the incident or disaster will send formal written electronic notification to the donor agency's designated contact person immediately within three (3) days after detection of the incident or disaster. The written electronic notification will describe the security incident or disaster in detail including what data exchanged pursuant to this MOU agreement may have been inadvertently disclosed.

14. At the conclusion of an investigation and prosecution by any party, the receiving agency will destroy any and all confidential information provided by the donor agency; except as required by law, including the Federal Records Act and the applicable records schedules.

15. Liability of the U.S. Government is governed by the Federal Tort Claims Act.

XI. Dissemination of Factual Information

- The agencies agree to jointly disseminate outreach materials to the regulated community when appropriate. Any such dissemination may not be undertaken without prior notice and approval of each party.
- All public materials bearing the United States Department of Labor ("USDOL") or USDOL/WHM name, logo, or seal must be approved in advance by USDOL. Any such materials that include the opinions, results, findings and/or interpretations of data arising from the results of activities carried out under the Agreement shall state that they are the responsibility of the party carrying out the activity and do not necessarily represent the opinions, interpretation, or policy of the other party.

XII. Resolution of Disagreements

- Disputes arising under this Agreement will be resolved informally by discussions between Agency Points of Contact, or other officials designated by each agency.

XIII. Period of Agreement

- This MOU agreement becomes effective upon the signing of both parties and will expire 3 years from the effective date. This agreement may be modified in writing by mutual consent of both agencies. The agreement may be cancelled by either party by giving thirty (30) days advance written notice prior to the date of termination. Renewal of the agreement may be accomplished by written agreement of the parties.
