General Comment

Hello Madam Secretary, I write to explain from one individual myself as EBSA changes or purposes to change rules pertaining to retirement pensions this is to down play what has been happening to employee rights within the Meaning of EBSA. Nothing is protected nor is anything EBSA does towards protection it's only set up for Voluntary Compliance of employer. Trust funds or multi-employer trusts not the rank & file participants of these funds. As we've seen with numerous bankruptcy cases like ATPA (now doing business as benesys) and other third party administrators. Please stop and reach out to us the ones contributions who fund this market of decite.
