DECISION and ORDER

Before MICHAEL J. WALSH, DAVID S. GERSON,  
WILLIE T.C. THOMAS

The issue is whether appellant's chronic asthma and allergic rhinitis were causally related to work factors after April 30, 1997.

The Board has given careful consideration to the issue involved, the contentions of the parties on appeal and the entire case record. The Board finds that the March 12, 2001 decision of the Office of Workers' Compensation Programs is in accordance with the facts and the law in this case and hereby adopts the findings and conclusions of the Office hearing representative.

The March 12, 2001 decision of the Office of Workers' Compensation Programs is affirmed.
