

related to the mechanism of injury. Appellant was allowed 30 days to submit additional evidence or argument. In response, she submitted medical records dated March 27 to June 20, 2014 and a December 22, 2014 letter, received by OWCP on May 19, 2015. In a May 19, 2015 decision, OWCP rescinded its acceptance of appellant's claim and terminated her entitlement to benefits effective February 4, 2015, finding that she had not submitted any factual or medical evidence.

The Board finds that OWCP, in its May 19, 2015 rescission decision, did not review all the evidence received in the case. In that submission, appellant provided factual and medical information in response to OWCP's notice of proposed rescission of her claim. Accordingly, the case will be remanded to OWCP to enable it to properly consider all the evidence submitted at the time of the May 19, 2015 decision. Following such further development as OWCP deems necessary, it shall issue an appropriate merit decision on appellant's claim.

IT IS HEREBY ORDERED THAT the May 19, 2015 decision of the Office of Workers' Compensation Programs be set aside and the case remanded to OWCP for further proceedings consistent with this order.
