

ARKANSAS WORKFORCE  
INNOVATION AND OPPORTUNITY  
ACT (WIOA) TITLE I AND TITLE III  
ANNUAL STATEWIDE  
PERFORMANCE REPORT  
PROGRAM YEAR 2019

ARKANSAS DIVISION OF WORKFORCE SERVICES

## **From the Director**

As the Director of the Arkansas Division of Workforce Services (ADWS), I have the honor of presenting our Program Year 2019 annual report. It is designed to give readers a closer look at our programs, highlight the year's accomplishments, and demonstrate two of the agency's core values: transparency and results.

The focus of the Arkansas Division of Workforce Services is to provide individuals the tools they need to enhance and sustain their employability. And, through the education and skills training offered to jobseekers, employers are reducing hidden costs associated with lost production time and turnover rates by hiring qualified workers.

Arkansas, with leadership from the Governor and the State Workforce Board, is motivated to build strong partnerships among the state's workforce system stakeholders, job seekers and employers. This involves creating meaningful linkages between the education and workforce systems, aligning data so that metrics can be better defined and more easily measured; and helping people of all backgrounds gain employment and prosper in a rapidly changing economy.

Education and workforce development opportunities are critical to a strong economy. To aid in meeting these demands, ADWS will continue to collaborate with its partners and work closely with employers and job seekers to develop initiatives and offer effective programs and services to enrich the economic growth of Arkansas.

Together we are preparing today's workforce for tomorrow's careers.

Sincerely,

A handwritten signature in cursive script that reads "Charisse Childers".

Charisse Childers  
Ph.D. Director

## I. INTRODUCTION

Last year, 114,768 Arkansas residents accessed the state's workforce system for assistance in acquiring or retaining employment. They came from a wide array of demographics, characteristics, backgrounds and experiences: low-income, single parents, migrant and seasonal workers, single parents struggling to support themselves, workers displaced by a changing economy and veterans returning from active duty. Many needed assistance in connecting to unemployment benefits and assistance in determining next career steps. Others needed more basic, individualized or training services to overcome barriers to meaningful employment.

Two of the primary funding sources for these basic, individualized services are the federal Workforce Innovation and Opportunity Act (WIOA) Title I and Wagner-Peyser Title III programs. This report provides an in-depth look at the impact those funds have had in Arkansas in Program Year 2019, July 1, 2019 to June 30, 2020.

### A. Overview of Arkansas' Workforce Development System

Arkansas' workforce development system is a coordinated and collaborative network of services, programs and investments with a shared goal of improving the skills of the state's workforce. In order to meet the challenge of the 21st century global economy, the public workforce system works in partnership with businesses, educators, organized labor and community leaders to foster economic development and high-growth opportunities in regional economies. This network further helps potential job candidates, particularly low-income youth, adults and displaced workers, overcome obstacles to successful employment. These services are coordinated through Arkansas Workforce Centers, the state's one-stop delivery system.

Primary funding for Arkansas Workforce Center operations and many of the basic and individualized services is provided by the Workforce Innovation and Opportunity Act Title I and the Wagner-Peyser Act of 1933. Other formula-based and competitive federal, state and local resources and services that support our workforce system include Temporary Assistance for Needy Families (TANF), veteran services, USDOL National Dislocated Worker Grant (NDWG), Trade Adjustment Assistance, Migrant and Seasonal Farmworker Assistance and other partner program funds.

At the heart of the public workforce system, these Arkansas Workforce Centers are made up of one-stop career centers, affiliate, and connection sites. Arkansas Workforce Centers are the primary access point to qualified workers, as well as to a multitude of resources for businesses and job seekers. These Centers serve thousands of individuals who are seeking employment, changing jobs, reentering the workforce or learning new skills. This makes them the ideal venue for workforce solutions for job seekers and businesses alike.

At our Workforce Centers throughout the state, individuals can open a claim for unemployment insurance, find job openings, receive other job search assistance and attend workshops that can improve employability. Qualified individuals can find assistance with specific training in high demand occupations. Businesses can get help with workforce needs including recruitment, screening, employee training, layoff aversion, and employee retention.

## **B. The Arkansas Division of Workforce Services**

In 2019, Arkansas Governor Asa Hutchinson signed the Transformation and Efficiencies Act of 2019 into law, cutting the number of cabinet-level agencies from 42 to 15. This piece of state legislation went into effect on July 1, 2019 and reflects a reorganization of the workforce partner agencies in Arkansas. Specifically, the Arkansas Department of Workforce Services became the Division of Workforce Services and incorporated the former Arkansas Rehabilitation Services, Division of Services for the Blind, and Adult Education Services. This report incorporates these changes and includes the following new acronyms:

- ADWS – Arkansas Division of Workforce Services
- DSB – Arkansas Division of Workforce Services - Division of Services for the Blind
- ARS – Arkansas Division of Workforce Services – Arkansas Rehabilitation Services
- AES – Arkansas Division of Workforce Services – Adult Education Services

## **C. Coordination Among All WIOA Titles**

In an effort to ensure coordination among all the WIOA core partner programs in the development of this narrative report, the requirements for this report was shared among all core partners. The narrative report components were presented in an insertable grid format to allow each partner to provide narrative ideas in specific sections of this report. The completed narrative grid was then shared among the core partners for review and comment.

Throughout this report, we have broken out specific activities, by specific WIOA Titles, not to display individuality but rather to articulate how each program is aligned with the overall WIOA Program goals and strategies.

The major evidence of our enhanced coordination is the activities of the WIOA Roundtable. The WIOA Roundtable in the leadership group of the State's workforce system and includes members from ADWS, DSB, ARS and AES. The WIOA Roundtable meets regularly and hosts bi-annual statewide WIOA Partners Meetings in Central Arkansas. The attendees of these statewide meetings include representatives of core, non-core and ancillary workforce system partners. The agendas are developed jointly by ADWS, DSB, ARS and AES, provide an opportunity to share specific program information via plenary sessions as well as break-out sessions that provided opportunities to share idea, best practices and service delivery strategies.

## **D. State and Local Roles**

The Arkansas Workforce Development Board (State Board) assists the Governor in overseeing the state's workforce development system. The core business of the State Board is to coordinate state policy and state strategic planning for the workforce development system, evaluating results and facilitating demonstration projects that test innovations and ideas. ADWS serves as the state's WIOA Title I grant recipient. These WIOA responsibilities include stewardship of the funds, oversight and monitoring activities, issuing statewide policy, management of grant s and contracts and allocation of the WIOA Title I funds to the local area Workforce Development Boards (Local Boards) for the delivery of services within an integrated service delivery system. ADWS also fulfills an operational role within the workforce system through providing services funded under the Wagner-Peyser, Trade

Adjustment Assistance, Jobs for Veterans State Grants (JVSG), and Temporary Assistance for Needy Family (TANF) programs.

The Local Boards are the local conveners and managers of the workforce system through which WIOA programs are accessed. They are the strategic visionaries for local implementation of WIOA funds. There are ten (10) Local Boards in Arkansas and each is private industry led and locally focused. Local Board members are appointed by Chief Elected Officials (CEOs) and certified by the Governor. CEOs are the local area WIOA Title I grant recipients. CEOs direct their Local Boards' staff to administer the funds and oversee the area's Workforce Centers to most effectively respond to the local economy and needs of local citizens. Local Boards convene with regional partners and stakeholders to assess skill gaps, identify emerging and future employment possibilities and collaborate with economic developers and other partners to develop the region's workforce development plan.

## **E. WIOA Programs**

### **WIOA Title I Youth Program**

**Who is served:** Youth must be between 14 and 24 years old, low income (WIOA allows for a 5% exclusion) and meet other criteria described in the WIOA, such as a need for additional assistance to complete an educational program or to secure and hold employment.

**Program description:** The program prepares low-income youth ages 14 through 24 for success in school and the world of work. Eligible youth may receive counseling, tutoring, job training, mentoring or work experience. Other service options include summer employment, study skills training and instruction in obtaining a GED or equivalent.

### **WIOA Title I Adult Program**

**Who is served:** Basic services are available to all adults with minimal eligibility requirements. Basic, individualized or training services are authorized for unemployed individuals unable to find jobs. In some cases, these services are available to employed workers who need more help to reach self-sufficiency.

**Program description:** The program prepares individuals 18 years and older for participation in the labor force by providing basic services and access to job training and other services. Services are coordinated through the state's workforce center system. Basic services include skill assessment, labor market information; consumer reports on training programs and job search and placement assistance. Individualized and training include more intensive assessments, work experiences and occupational skills training. Priority is given to veterans and eligible spouses as well as those individuals with barriers to employment.

### **WIOA Title I Dislocated Worker Program**

**Who is served:** Dislocated workers are people who lost jobs due to plant closures, company downsizing or some other significant change in market conditions. In most cases, eligible workers are unlikely to return to their occupations because those jobs are no longer economically viable, and they must be eligible for (or have exhausted) unemployment compensation. Other conditions can lead to eligibility for services, such as separating military

service members and eligible spouses of military service members, being self-employed but not working as a result of general economic conditions or being a displaced home maker.

**Program description:** The program tailors employment and training services to meet dislocated workers' needs, establishes early intervention for workers and firms facing substantial layoffs and fosters labor, management and community partnerships with government to address worker dislocation. Dislocated workers are also eligible for basic services including skill assessment, labor market information, training program consumer reports and job search and placement assistance. Individualized and training include more intensive assessments, work experiences and occupational skills training.

### **WIOA Title II Adult Education Program**

**Who is served:** There are hundreds of Arkansas adults who lack high school diplomas and the skills and knowledge to succeed in the twenty-first century workforce. This impacts every community in Arkansas. It's devastating to the adults who want to fulfill the American dream of a better life for themselves and their families.

**Program description:** The program is designed to provide adult learners with the tools to improve and refine their academic skills, attain the General Educational Development® Credential, and the life skills that prepare the citizen for self-sufficiency and improvement in the quality of life. Adult learners can access Adult Basic Education (ABE), English to Speakers of Other Languages (ESOL), Workplace Education, Correctional/Institutional Education (C&I), Workforce Alliance for Growth in the Economy TM (WAGE), Learning Disabilities Screening, GED Testing Services, the Arkansas Adult Learning Resource Center (AALRC) and Family Literacy.

### **WIOA Title III Wagner-Peyser Program**

**Who is served:** Career services are available to anyone who is legally entitled to work in the United States no matter one's age or employment status. Through Title III, basic and individualized career services are offered. A veteran or his or her eligible spouse has a priority to receive such services.

**Program description:** The Wagner-Peyser Act of 1933 established a nationwide system of public employment offices, known as the Employment Service. The Employment Service seeks to improve the functioning of the nation's labor markets by bringing together individuals seeking employment with employers seeking workers.

Basic services include skill assessment, labor market information; consumer reports on training programs and job search and placement assistance. Individualized services include career and vocational counseling.

### **WIOA Title IV Rehabilitation Services Program**

In Arkansas, the WIOA Title IV Rehabilitation Services Program is accomplished via two (2) distinct units, *Arkansas Rehabilitation Services* and the *Division of Services for the Blind*.

**Who is served:** *Arkansas Rehabilitation Services* increases opportunities for individuals with

disabilities to engage in competitive integrated employment and to live more independently.

The *Division of Services for the Blind* is dedicated to the independence of Arkansans who are blind or visually impaired.

**Program description:** *Arkansas Rehabilitation's* Field Services include career and technical education and training, transition from school to work or postsecondary education, on-the-job training, and ancillary support services that clients may need for successful employment. *Arkansas Rehabilitation's* Business Relations Services assist businesses in achieving a competitive advantage by offering qualified job candidates who are trained in a wide variety of skills and have the good work habits that employers value.

The *Division of Services for the Blind* provides a variety of services that are focused upon:

- a. Employment - To assist Arkansans who are blind or visually impaired to secure or maintain employment and consistent with their skills, abilities, and interests;
- b. Rehabilitation Teaching - To assist Arkansans who are blind or visually impaired to live as independently as possible through the development of skills, accommodations, or adaptations that are necessary to perform all activities of daily living; and
- c. Prevention of Blindness - To assist in preventing blindness stabilizing vision, and, where possible, restoring vision.

## **F. Arkansas Workforce Centers**

The Arkansas Workforce Centers are the gateways to job services and workforce development programs in our state.

With 30 Arkansas Workforce Centers located strategically throughout the state, representatives are available to help employers and job seekers find the best resources and services to meet their needs.

The Arkansas Workforce Centers represent Arkansas' version of the American Job Centers. They are designed to provide universal access to an integrated array of services so that workers, job seekers, and businesses can find the services they need in one stop, and frequently under one roof.

All Arkansas Workforce Centers offer a consistent line of resources for employers and job seekers. However, the full menu of services may vary from center to center, as each site can tailor the additional services it offers to meet the specific needs of employers and job seekers in their community.

At the Arkansas Workforce Centers, customers receive services on three levels:

1. Self-service in the resource rooms
2. Intensive services and career counseling
3. Training and skill-building for those who qualify

Customers can search and apply for jobs online in the AWC resource rooms. These rooms are equipped with computer stations, Internet, printers, copiers, fax machines, phones, and

staff to assist as needed. With an Arkansas JobLink account, job seekers can search for employment opportunities, apply for jobs, and post their resume, skills, and other credentials to a profile viewable by employers.

## **II. SECTOR STRATEGIES AND CAREER PATHWAYS**

Under the Workforce Innovation and Opportunity Act (WIOA), economic development entities are partners in the workforce system. While economic development efforts are centered on recruiting new businesses and helping existing ones expand in a region, workforce development partners assist with the expansion and retention activities of existing businesses.

This entails sector strategies for training, skill upgrading, work-based learning (including apprenticeship), on-the-job training, work experience, incumbent worker training, and customized training.

Our Adult Education Local Providers have utilized local in-demand industries to develop instruction aligned with the corresponding career pathways; incorporate basic employability skills and specific workforce preparation activities; develop integrated education trainings aligned with local needs; partner with core partners' programs, such as Out of School Youth; and conduct workplace classes (on and off site) for local employers.

### **A. Sector Strategies and Industry Initiatives**

Industry focus groups and sector initiatives (also called sector partnerships or sector strategies) are regional, employer-driven partnerships of industry leaders, education and training consortia, and other stakeholders that focus on the workforce needs of key industries in a regional labor market.

ADWS has previously released guidance and funding availability opportunities to Local Workforce Development Boards to encourage the development and implementation of sector strategies planning efforts on a regional basis. To date, these previous efforts have achieved limited successes. Therefore, ADWS is currently evaluating “best practice” models (e.g., Colorado), technical assistance resources, and various other strategies to incentivize broad-based adoption of sector strategies planning efforts on an ongoing basis across all Local Workforce Development Boards.

### **B. Career Pathway Strategies**

ADWS, in collaboration with Arkansas Research Center, has developed a Career Pathways report to demonstrate demand within occupations based on Job Posting data (source- EMSI) to wages based on LMI. The reports are grouped by the Career Cluster and Career Pathway associated with each occupation and presented per Local Area. This information will be provided to Local Areas and updated at least annually.

### **C. Business Engagement Strategies**

During the Program Year, Arkansas continued its efforts in expanding the services available

to the State's businesses through the Workforce Center System. These efforts included further solidifying the roles and responsibilities of Local Workforce Development Area Business Services Teams as well as engagement with WIOA core partners. Several of the LWDA's are in the early stages of their business services development, implementation and outreach efforts. ADWS has taken the lead in establishing and convening the WIOA Roundtable – Business Engagement Committee that includes representation across partner programs. This Committee has conducted a statewide business services workshop to communicate the menu of services that are offered through the various partner programs. This workshop provided attendees with an overall awareness of available programs in order to better serve clients.

Additionally, the committee members (including a broader group of WIOA core partner representatives) have been active in the development and implementation of Salesforce. Salesforce is a customer relations management tool that will assist business services teams to track and report business engagement activities across partner programs. The Salesforce system will allow business services staff to begin recording actual business engagement activity leading to improved tracking and reporting. A long-term goal for Salesforce is to integrate the sharing and usage of data within the system with economic development and other state agency partners.

#### **Re-Employment Systems Integration**

Arkansas strives to promote and support a talent development system that offers employers, individuals, and communities the opportunity to achieve and sustain economic prosperity. This project's purpose is to build on the relationship between the ADWS and its WIOA Partners in the design & development of a secure, integrated common intake & case management system that is a citizen-focused service delivery model that enhances the access to programs & services for all of our customers.

ADWS and our WIOA partners have implemented a Business Service Teams Solution in Arkansas's workforce centers, that will enable us to coordinate, manage, and record the services being provided to business' to meet the spirit of the WIOA law, to avoid multiple contacts to business by leveraging the communication tools available in Salesforce, and to establish additional data for reporting the new business metrics. The RSI grant ended December 31, 2019.

#### **D. Work-based Learning (including Apprenticeships)**

Since 2010, ADWS has been awarded over \$42 million in discretionary grants funding for workforce development training and national disaster dislocated worker grant recovery efforts. Discretionary grants provide economic support for workforce development initiatives and relief funds for temporary employment, clean-up efforts, and infrastructure repairs when natural disasters strike.

During the Program Year, efforts have been focused on building partnerships with stakeholders and employers across the state to expand and diversify registered apprenticeship programs (and the number of apprentices) in Arkansas. These efforts are making a positive impact. Arkansas has grown from a reported 4,489 active registered apprentices in 2016 to approximately 6,500 currently. This represents a 45 percent increase in the number of active registered apprentices in four years. A contributing factor to the

growth in registered apprenticeship is due in part to dedicated efforts to increase awareness among employers and workforce development partners to consider RA as a workforce development option.

As an example, ADWS has initiated a series of *Employers Growing Talent Through Apprenticeship – Employer Forums*. These *Employer Forums* (pre-COVID) were held on-site across the State in partnership with regional Local Workforce Development Boards, Chambers of Commerce, the Lieutenant Governors' Office, the USDOL Office of Apprenticeship, the Office of Skills Development and the State Office of Apprenticeship and partnering employers.

During the pandemic, the *Employer Forums* are shifting to a virtual platform targeting specific audiences and employers. RA expansion in recent years has been facilitated through the following grants: Arkansas Apprenticeship Pathways Initiative (AAPI), and Arkansas Expands Apprenticeship (AREA).

### **Arkansas Apprenticeship Pathways Initiative**

Registered apprenticeship offers a career pathway for job seekers to learn a skill and earn good wages while earning a marketable credential from the U.S. Department of Labor. Apprentices are considered employees from day one of the program; they receive paid training and progressive increases in wage as they demonstrate skills gain.

The AAPI grant is expanding registered apprenticeship opportunities in the traditional registered apprenticeship construction trades, as well as in the non-traditional registered apprenticeship industry sectors, such as information technology and advanced manufacturing.

Collaborative work efforts under the AAPI grant has pioneered non-traditional (i.e., outside the construction trades) registered apprenticeship programs in Arkansas, introducing software developer and cybersecurity apprenticeships working with the Arkansas Center for Data Sciences and partnering employers as well as industrial maintenance, culinary, and nursing related apprenticeships. Due to the negative impacts of the COVID-19 pandemic on training activities, ADWS requested and received approval from USDOL for a six-month period of performance extension. The AAPI grant is scheduled to end March 30, 2021.

### **Arkansas Expands Apprenticeship**

The AREA grant was the last of the USDOL Apprenticeship USA Initiative Grants awarded to ADWS. This grant award is offering the opportunity to leverage funding to expand Arkansas' capacity to collaborate with employers and start new apprenticeship programs across diverse industries and communities. AREA registered apprenticeship training programs are available across all industry sectors where employer demand drives the expansion of existing programs or the development of new programs. Due to the negative impacts of the COVID-19 pandemic on training activities, ADWS requested and received approval from USDOL for a six-month period of performance extension. The AREA grant is scheduled to end April 30, 2021.

### III. WAIVERS

In PY2019, we sought the following WIOA Title I waivers:

1. Waiver of the obligation of eligible training providers to collect performance data on all students in a training program. WIOA Sections 116(d)(4)(A) and 122, and 20 CFR 677.230(a)(4) and (5) and 20 CFR 680.
2. Waiver to allow the State to lower the local area and statewide reserve out-of-school youth expenditure requirement to 50 percent. WIOA Section 129(a)(4) and 20 CFR 681.410 and Waiver to allow the State to calculate the out-of-school youth requirement at the State level only. WIOA Section 129(a)(4) and 20 CFR 681.410.
3. Waiver to increase on-the-job-training reimbursement up to 90 percent for businesses with 50 or fewer employees. WIOA Section 134(c) (3)(H)(i) and 20 CFR 680.720 (b).
4. Waiver to allow flexibility in the use of funds reserved by the Governor to provide disaster relief as permitted under Dislocated Worker Grants for disaster relief, including temporary work. WIOA Section 134(a)(2)(A), WIOA Section 134(a)(2)(B) and WIOA Section 134(a)(3).

### IV. EVALUATIONS

In PY2019, Arkansas entered a contract with the University of Arkansas – Fayetteville to complete a workforce system evaluation. This contract went into effect on January 1, 2020 and will result in an evaluation that will employ the most rigorous analytical and statistical methods that are reasonably feasible, such as the use of control groups (20 CFR § 682.220) as appropriate.

Unfortunately, the onset of the worldwide COVID-19 pandemic in March 2020 altered our plans considerably and we are attempting to re-calibrate our previous milestones and deadlines.

We have included the details of this evaluation plan below:

- A. Local Integration Study- Sample Workforce Innovation and Opportunity Act Title I or Title III participants for 3 Local Workforce Development Areas. This part of the evaluation will focus on two primary areas: 1. Co-enrollment and Co-funding of REQUIRED WIOA Partners and 2. Leveraging of Local Resources available in the Local Workforce Development Area.
- B. In the Comprehensive Centers for the 3 Local Areas selected for sampling, report case studies on effectiveness of identifying and closing Skill-Gaps
- C. Review a sample of Arkansas Workforce Centers against the State's certification policy and applicable laws/regulations for four comprehensive centers and two affiliate centers. Each of the six centers selected should be in different Local Workforce Development Areas and may be selected from Local Workforce Development Areas that overlap the 3 selected above.

- D. *Prior to the COVID-19 pandemic*, we planned to conduct a statewide customer service survey for business customers of WIOA Title I and Title III receiving services over the most recent 12 months available.
- E. *Prior to the COVID-19 pandemic*, evaluation status reports were to be provided on a monthly basis on overall project goals. These reports were scheduled to be issued at the end of February, March, April, May, June, and July of 2020.
- F. *Prior to the COVID-19 pandemic*, a preliminary evaluation report was scheduled to be produced by August 15, 2020.
- G. *Prior to the COVID-19 pandemic*, a final evaluation, with results, best practices, and recommendations was to be presented to the State Workforce Development Board by September 30, 2020.

In PY 2019, Adult Education (WIOA Title II) conducted on site monitoring visits to all local providers. The monitoring visits included compliance checks, financial record keeping, data collection, recruitment/retention strategies, and partnerships. A select group of local providers had an additional intensive on-site monitoring visit that also included a review of finances, ADA compliance, and program-related policies.

## V. CUSTOMER SATISFACTION APPROACH

As part of the above referenced contract with the University of Arkansas – Fayetteville, we will conduct customer satisfaction surveys with WIOA Title I and III program participant exiters as well as customer service surveys for business customers of WIOA Title I and Title III. Each of these surveys will be conducted with participants and businesses that received services during the most recent 12-month period.

The results of both surveys will be included in the final report to the Arkansas Workforce Development Board. These results will be evaluated by the Board and used to modify existing policies or develop new policies on both the state and local level. Additionally, these survey protocols will become a permanent part of the WIOA System’s ongoing evaluation efforts for all core programs.

In our WIOA Title II, each of the 36 Local Providers conducted an annual self-study that included identifying strengths, weakness, opportunities and threats to the local program. Through these studies, local programs were able to identify areas where partnerships with other agencies, employers, and training providers would be possible. State staff reviews these self-studies during annual monitoring visits.

## VI. STATE’S STRATEGIC VISION AND GOALS

### A. Vision and Goals

In Arkansas, the Arkansas Workforce Development Board is responsible for ensuring that the vision and goals for the state’s workforce development system are being met.

Consequently, the Board has assigned this duty to its Strategic Planning Committee. Upon its inception, the Strategic Planning Committee developed a Strategic Action Plan grid that contained the ongoing strategic goals for the State, complete with milestones and completion dates.

At each of its quarterly meetings, the Strategic Planning Committee reviews an updated Action Plan that provides a “report card” towards achieving these goals. Some of this Committee’s strategic goals and progress made towards achieving them are listed below:

### **Strategic Planning Committee Action Plan Results**

- The development, implementation, and modification of the state workforce development plan. PY2016-2019 Completed. PY2020-2023 Ongoing.
- The review of statewide policies, of statewide programs, and of recommendations on actions that should be taken by the state to align workforce development programs in the state in a manner that supports a comprehensive and streamlined workforce development system in the state, including the review and provision of comments on the state plan, if applicable, for programs and activities of one-stop partners that are not core programs. Continuous.
- The development and continuous improvement of the workforce development system in the state, including the identification of barriers and means for removing barriers to better coordinate, align, and avoid duplication among the programs and activities carried out through the system. Continuous and Update provided at each Committee Meeting.
- The development of strategies to support the use of career pathways for the purpose of providing individuals, including low-skilled adults, youth, and individuals with barriers to employment (including individuals with disabilities), with workforce investment activities, education, and supportive services to enter or retain employment. Continuous and Update provided at each Committee Meeting.
- The development of strategies for providing effective outreach to and improved access for individuals and employers who could benefit from services provided through the workforce development system. Continuous and Update provided at each Committee Meeting.
- The development and expansion of strategies for meeting the needs of employers, workers, and jobseekers, particularly through industry or sector partnerships related to in-demand industry sectors and occupations. Continuous and updates provided at each Committee Meeting.
- The identification of regions, including planning regions, after consultation with local boards and chief elected officials. Completed.
- The development of strategies to support staff training and awareness across programs supported under the workforce development system. Continuous via bi-annual Statewide WIOA Partner Meeting;
- The development and review of statewide policies affecting the coordinated provision of services through the state’s one-stop delivery system. Initial policy manual developed, but ongoing review and identification of new policy needs ongoing.
- The development of strategies for technological improvements to facilitate access to, and improve the quality of, services and activities provided through the one-stop delivery system. Initial project approved and ongoing, with quarterly progress reports.
- Strengthen the professional development of providers and workforce professionals;

- and Ensure such technology is accessible to individuals with disabilities and individuals residing in remote areas. Ongoing.
- The development of allocation formulas for the distribution of funds for employment and training activities for adults, and youth workforce investment activities, to local areas. Approved, but reviewed annually.

## **B. Arkansas Labor Market**

ADWS is responsible for disseminating Arkansas Labor Market Information and making it available to the general public. Arkansas LMI can be accessed online through the *Discover Arkansas* LMI Portal at: [www.discover.arkansas.gov](http://www.discover.arkansas.gov). This web portal helps job seekers make informed, data-driven career decisions and allows employers, economic developers, and researchers to promote stable employment and economic growth across Arkansas.

On Discover Arkansas, users can search by industry, wage, occupation, employment, and education, as well as browse helpful career resources and publications. The portal can be used to view current employment statistics, in-demand industries and occupations, two- and ten-year job projections, and wage information from the only wage survey done in Arkansas. Discover Arkansas is also the first place monthly unemployment rates are posted for public view.

The 2020 Arkansas Labor Market and Economic Report, released in Summer 2020, projected information for industry and occupational trends covering the years 2019 to 2021.

Arkansas increased in population in 2019 by 3,979 from 2018; and added a total of 39,397 new residents from 2015 to 2019. Of Arkansas's 10 Local Workforce Development Areas (LWDAs), Central Arkansas surprisingly experienced the largest increase in population, adding 1,458 in 2019. Previously, the Northwest Arkansas LWDA had exhibited a pattern of the most growth. However, in 2019, Northwest Arkansas joined Eastern, North Central, Southeast, and Southwest Arkansas LWDAs that experienced decreasing populations in 2019.

Between 2018 and 2019 the state's labor force increased by 11,146 and employment increased by 12,831, after experiencing small decreases in the previous year. Labor force and employment were mixed across LWDAs. The State's unemployment rate dropped to 3.5% in 2019, a drop of one and five-tenths percentage points since 2015. The unemployment rate fluctuated in 2020, ending the month of July at 7.1%. The unemployment rate fluctuated across all LWDAs in 2020 and through July 2020. The Northwest Arkansas LWDA unemployment rate fell below state levels through July 2020.

Short-term employment projections for 2019-2021 continue to see an increase in the Arkansas job market with 11,050 jobs, equivalent to a 0.92% rise in employment. Good-producing Industries are estimated to see a net gain of 2,197 jobs, down from 9,066 jobs the previous year. Services-Producing Industries are forecast to increase employment by 23,825, down from 26,480. Arkansas's self-employed ranks are estimated to experience a net gain of 1,051, an increase of 0.83%.

Jobs requiring a high school diploma or equivalent are estimated to add more jobs than any

other education level with 9,484 jobs between 2019 and 2021, down from 5,511 jobs between 2018 and 2020. Occupations requiring a Bachelor's degree are expected to grow by 6,320, down from 7,851 previously.

## VII. ACTIVITIES PROVIDED BY STATEWIDE FUNDS

### A. Obligations

In PY19, statewide funding was obligated towards the following activities:

- Contracting with the University of Arkansas to complete an evaluation of the Workforce System- emphasis on business services and asset mapping
- Eligible Training Provider Reporting System conversation from the Arkansas Consumer Reporting System (ACRS) to America's Job Link Association's Provider Link for purposes of ETP reporting improvement. Complete system conversion is expected by September 2021
- Regional Planning and Sector Strategies subawards to Local Workforce Development Boards
- Additional local funding to Local Areas with High Concentrations of Eligible Youth
- Ex-offender focused RV visits to Correctional Facilities
- Business-focused services including: State-funded Work Based Learning Activities, Career Readiness Certificate programs, and piloting a state administered Virtual Job Fair platform and
- Other required activities such as monitoring and technical assistance

#### **Disaster National Dislocated Worker Grant– AR-30**

(Storms occurring between May 21, 2019, and continuing)

In June of 2019, the U.S. Federal Emergency Management Agency declared storm impacted counties within the Little Rock and West Central regions as federal disaster areas. ADWS received a total award of \$1,803,765 to fund temporary employment and recovery assistance for storm debris removal and repairs. Disaster NDWG AR-30 has an end date of December 31, 2020.

#### **Disaster National Dislocated Worker Grant– AR-31**

(Severe storms, straight-line winds, tornadoes, and flooding)

In September of 2019, the U.S. Federal Emergency Management Agency declared storm impacted counties within the Northwest region as federal disaster areas. ADWS received a total award of \$467,540 to fund temporary employment and recovery assistance for storm debris removal and repairs. Disaster NDWG AR-31 has an end date of March 31, 2021.

### B. WIOA Title II – Adult Education and Family Literacy Act Program

The Arkansas Division of Workforce Services - Adult Education Section provides Adult Basic Education (ABE), Adult Secondary Education (ASE), and English Second Language (ESL) services to all eligible adult education and literacy programs in Arkansas. Using the thirteen considerations, sub awardees were determined eligible for funding in the 2020-2024 Request for Proposal, as stated in "Distribution of Funds for Core Programs" using the

previously stated competitive processes.

Eligible provider's activities include reading, writing, speaking, mathematics, and English language acquisition instruction delivered by the eligible provider and are based on the best practices derived from the most rigorous research available and appropriate, including scientifically valid research and effective educational practice. In addition, adult education and literacy providers work collaboratively with other agencies to enhance services.

For example, Arkansas Rehabilitation Services use federal funding to provide services to Adult Education participants with disabilities. The Arkansas Division of Workforce Services provide funds to those individuals seeking to enter or retain employment or receive specialized training after completing basic skills acquisition through Arkansas Adult Education.

All providers receiving state and/or federal funding from the Arkansas Division of Workforce Services, Adult Education Section will be required to provide adult education and literacy services in year one, which include: English language acquisition, integrated English literacy and civics education, workplace education, workforce preparation activities or integrated education and training. Details of these activities are provided in each program's proposal.

### **C. WIOA Title IV – Arkansas Rehabilitation Services (ARS)**

The Designated State Agency for General Vocational Rehabilitation in Arkansas is the Arkansas Division of Workforce Services - Arkansas Rehabilitation Services (ARS). Title IV of the Federal Rehabilitation Act of 1973.

Similarly, the Arkansas Division of Workforce Services - Division of Services for the Blind is the designated State Agency to provide services for rehabilitation and social services to blind and severely visually impaired persons age 14 and above in Arkansas.

The Arkansas Division of Workforce Services - Arkansas Rehabilitation Services provides vocational rehabilitation services to people with disabilities. Currently, there are significant barriers for people with disabilities in relation to attaining employment. A 2008 study (StatsRRTC[1]) indicated the employment rate for people with disabilities was 33.9 percent when compared to 79.1 percent for people without disabilities.

The Arkansas State Rehabilitation Council (SRC) is a key partner with Arkansas Rehabilitation Services (ARS) in the administration of the State's Vocational Rehabilitation (VR) Program. The Arkansas SRC is a citizen advisory council, appointed by the Governor, to provide guidance to ARS to help individuals with disabilities, including individuals with the most significant disabilities, to obtain, maintain and regain competitive integrated employment, promote full inclusion and integration into society, and to maximize independence and economic self-sufficiency. Its membership helps ARS to develop and operationalize the VR State Plan, develop and operationalize ARS' state goals and priorities, shape and review policy, engage in strategic planning, evaluate the effectiveness of the VR Program, analyze consumer satisfaction and provide guidance, including development and review of cooperative agreements.

#### **D. Division of Services for the Blind (DSB)**

Historically, there are significant barriers to the inclusion of people with disabilities into the overall strategy for economic development in Arkansas. ARS in partnership with the Division of Services for the Blind (DSB) are leading the charge for providing targeted training and education for people with disabilities for them to develop the skills and abilities needed to attain competitive integrated employment in Arkansas.

The DSB Director and the senior leadership of DSB provide oversight and coordination within the constraints of state and federal laws to fulfill its mission through the following goals:

- Employment - To assist Arkansans who are blind or visually impaired to secure or maintain employment and consistent with their skills, abilities, and interests.
- Rehabilitation - To assist Arkansans who are blind or visually impaired to live as independently as possible through the development of skills, accommodations, or adaptations that are necessary to perform all activities of daily living.
- Prevention of Blindness - To assist in preventing blindness stabilizing vision, and, where possible, restoring vision.
- Field Services personnel provide the local level coordination and facilitation of all general vocational rehabilitation services for individuals with blind or visual impairment issues. This includes, but is not limited to, vocational rehabilitation counseling, vocational case management, eligibility determination, individual employment plan development, transition services, and job placement.
- Business and Technology personnel help educate consumers to develop management and business ownership within the Vending Facility Program (VFP). The Vending Facility Program Services are available to eligible blind persons who are interested in and have the necessary skills to manage snack bars

Through the Governor's Executive Order 10-17, DSB coordinates with other state agencies to increase employment of Arkansans with disabilities. The order also aims to focus consumer services first toward the goal of self-sufficiency through employment.

#### **E. Rapid Response/Layoff Aversion**

The Dislocated Worker program is designed to help workers get back to work as quickly as possible and overcome barriers to employment. When individuals become dislocated workers as a result of job loss, mass layoffs, global trade dynamics, or transitions in economic sectors, the Dislocated Worker program provides services to assist them in re-entering the workforce.

One such service is Rapid Response. Rapid Response is a pro-active, business-focused, and flexible strategy designed to respond to layoffs and plant closings by quickly coordinating

services and providing immediate aid to companies and their affected workers. Our Rapid Response team works with employers and any employees to quickly maximize public and private resources to minimize disruptions associated with job loss. Rapid Response can provide customized services on-site at an affected company, accommodate any work schedules, and assist companies and workers through the painful transitions associated with job loss.

Rapid Response is conducted in partnership with the Arkansas Workforce Centers (AWCs). Rapid Response for Laid-Off Workers provides access to a comprehensive range of direct services, benefits, training opportunities, and income support. Assistance may include drafting résumés and letters of application, interview skills workshops, career counseling, job search assistance, skills upgrading, and job training. Rapid Response also provides multiple benefits to Employers including information about a variety of layoff aversion options which may be available. Rapid Response may also facilitate access to incumbent worker training programs and to skilled job seekers.

Our Dislocated Worker program manages a fleet of Mobile Workforce Centers. Each Mobile Workforce Center has full internet connectivity and is equipped with computers, printers, copiers and fax machines. All the Mobile Workforce Centers include a computer with access to Jobs Application with Speech (JAWS) software, and most mobile units are handicapped accessible. Mobile Workforce Centers may be transported to supplement local resources, as needed.

## **F. Promising Practices**

During the program year, we identified several promising practices, which include:

- Work-Based Learning Project - WIOA Title I funded a work-based learning program via a partnership with the *Our House*. *Our House* empowers homeless and near-homeless families and individuals to succeed in the workforce, in school, and in life through hard work, wise decision-making, and active participation in the community.
- Virtual Job Fairs - Arkansas Workforce Centers began conducting Virtual Job Fairs to aid job seekers and businesses that were negatively impacted by the COVID-19 pandemic.
- ACT Work Ready Communities (WRC) Initiative - This partnership empowered Arkansas and its counties with process, data and tools deployed in a common workforce development framework to drive economic growth by certifying counties as work ready communities when established goals are attained.
- Certified Career Development Facilitator/Career Service Provider - Adult Education experienced success in requiring local providers to have a certified Career Development Facilitator/Career Service Provider on staff in order to assist participants in developing and acting on education and career goals. This ensures that each program has staff trained to assist participants in identifying resources to overcome barriers to employment.

## VIII. EFFECTIVENESS IN SERVING EMPLOYERS

WIOA implemented a pilot performance measure to determine the effectiveness in serving employers. States were requested to select two of the three DOL pilot measures and could include additional state-defined employer measures. The state of Arkansas has chosen for the pilot period to report on the following for the *Effectiveness in Serving Employer* performance indicator:

- Retention with the Same Employer
- Employer Penetration.

The first chart details the specific services provided to Employers, by service type, during the program year.

Effectiveness in Serving Employers	
Employer Services	Establishment Count Cohort Period: 7/1/2019-6/30/2020
Employer Information and Support Services	1,796
Workforce Recruitment Assistance	3,800
Engaged in Strategic Planning/Economic Development	92
Accessing Untapped Labor Pools	117
Training Services	26
Incumbent Work Training Services	0
Rapid Response/Business Downsizing Assistance	9
Planning Layoff Response	1

The chart below details the actual achieved performance for the two pilot measures, Retention with the Same Employer and Employer Penetration, during the program year.

Pilot Measures	Numerator/Denominator*	Rate Cohort Period: 7/1/2019-6/30/2020
Retention with Same Employer in the 2nd and 4th Quarters After Exit Rate	43,538/66,552	65.4%
Employer Penetration Rate	5,586/106,155	5.3%
Repeat Business Customers Rate	N/A	N/A
State Established Measure	N/A	N/A

## IX. STATE'S PERFORMANCE ACCOUNTABILITY SYSTEM

### A. Common Exit Policy

Arkansas has a Common Exit policy mandating common date of exit for participants across the WIOA Title I, WIOA Title III, and Trade Adjustment Assistance programs. Consistent with ETA guidance, participants enrolled or co-enrolled in one or more of the foregoing ETA programs remain as participants in all programs in which there is a common period of participation until the participant has not received a service in any Common Exit program for ninety days. After ninety days elapse without receipt of a service in any of the Common Exit programs, the participant will exit all programs, retroactive to the date of the last service received in any enrolled or co-enrolled program.

### B. Performance Table Narrative

The following data tables make up the final portion of Arkansas's *WIOA Title I and Title III Annual Report*.

Additionally, in the Appendix of this report contains performance data tables for WIOA Title II and Title IV performance data tables.

As the charts indicate, Arkansas met or exceeded the 90% threshold in all performance measures in each of its' WIOA programs.

In PY19, Arkansas continued its increase emphasis upon increasing services to those participants who have been identified as having Barriers to Employment, as defined by WIOA.

Between Program Year 2018 and Program Year 2019, Arkansas the following increases:

- In the WIOA Adult Program, Low Income participants increased from 737 to 1,114.
- In the WIOA Adult Program, Single Parent participants increased from 173 to 556.
- In the WIOA Adult Program, Participants Exhausting TANF within 2 years experienced earnings increases from \$2,477.42 to \$6,412.47.
- In the WIOA Adult Program Long-term Unemployed participants experienced earnings increases from \$5,498.37 to \$5,889.50. Similarly, in the WIOA Dislocated Worker Program, Long-Term Unemployed participants experienced earnings increases from \$6,205.50 to \$7,600.00.
- In the WIOA Adult Program, Single Parent participants experience earnings increases from \$5,499.71 to \$6,207.56. Similarly, in the WIOA Dislocated Worker Program, Single Parent participants experienced earnings increases from \$5,776.25 to \$6,789.41.
- In the WIOA Dislocated Worker Program, we experienced modest increases in the number of English Language Learner, Ex-Offender and Single Parent Learner participants.
- In the WIOA Title II - Adult Education program, participants experienced percentage increases in their measurable skills gains for the Entering Educational Functioning Levels ABE Levels 1, 2,3,4 and 5 since last program year.
- In the WIOA Title II - Adult Education program, participants with these barriers to employment experienced percentage increases in their measurable skills gains: Displace Homemakers, Ex-Offenders and Youth in Foster Care.
- In the WIOA Title IV – Rehabilitation Services and Division of Services for the Blind programs,

participants experience modest increases in the Employment Q2 rates.

- In the WIOA Title IV – Rehabilitation Services and Division of Services for the Blind programs, the percentage of participants who attained measurable skills gains increased from 27.20% to 45.50%.

The actual performance tables for WIOA Titles I & III are listed on the next page.
