Youth in foster care or aged out of system					100.0%		100.0%	\$1,675				100.0%

ADDITIONAL COMMENTS:

Iowa continues to analyze Adult participant counts, as it continues to be lower than expected. Identified reasons during this reporting period include: the COVID-19 pandemic and potential updates needing to be made to service reporting categories. Increases are anticipated as reporting improves and pandemic recovery continues. Co-enrollment continues to be a priority for the state which will also increase counts. In response to reporting, the state continues to refine reporting categories. AJCs were closed to transition to an emergency response to the pandemic starting mid-March 2020. Participants in this reporting cycle included those receiving services 7/01/2020-6/30/2021, coinciding with the pandemic response. Career planners shifted immediately to assisting with UI in an emergency response to help individuals with various pandemic unemployment activities. In addition, work search requirements were waived. As such, Iowa is beginning to see the pandemic impact outcomes this cycle with Empl 2nd quarter and Median Earnings 2nd quarter including individuals exiting program services 7/1/19-6/30/20. These two measures are beginning to reflect the effects of the pandemic in workforce delivery system. Empl 4th quarter and Credential Attainment while reflecting program exiters in calendar year 2019 (1/1/2019-12/31/2019), appear to have been impacted as career planners were challenged during the onset of the pandemic to maintain participant contact to ensure positive outcomes.

¹Applies to Title I only.

²This indicator also includes those who entered into a training or education program for the Youth program.

³Credential Rate and Measurable Skill Gains do not apply to the Wagner-Peyser program.

⁴Barriers to Employment are determined at the point of entry into the program.

Numbers entered into cells in this template are the same as the corresponding "report item number" on the report specification document. Clicking on each hyperlink will take the user to the plain text language

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.
