

U.S. Department of Labor

PLAN FOR THE CONTINUATION OF LIMITED ACTIVITIES DURING A LAPSE IN APPROPRIATIONS

January 17, 2024

The Department of Labor (Department or DOL) is committed to fostering, promoting, and developing the welfare of the wage earners, job seekers, and retirees of the United States; improving working conditions; advancing opportunities for profitable employment; and assuring work-related benefits and rights. As required by section 124 of the Office of Management and Budget Circular A-111, this document (DOL Plan) outlines the Department's plan for operating in the event of a lapse in appropriations. The purpose of the DOL Plan is to ensure that DOL agencies can perform an orderly suspension of programs and operations should a lapse occur, while continuing those limited activities authorized to continue during a lapse.

Lapse Plan Summary Overview

Estimated time (to nearest half day) required to complete shutdown activities*: 0.5 days

Employee Status Type	Number of employees
Total number of agency employees expected to be on board before implementation of the plan:	15,408

Total number of employees to be retained under the plan by Category**

Category	Number of employees to be retained
Presidential appointee not subject to furlough:	14
Compensation is financed by a resource other than annual appropriations:	722
Necessary to perform activities expressly authorized by law:	0
Necessary to perform activities necessarily implied by law:	1,310
Necessary to the discharge of the President's constitutional duties and powers:	0
Necessary to protect life and property:	2,030

Brief summary of significant agency activities that will continue during a lapse:

The Department's primary activities during a lapse in appropriations generally will include worker-protection activities funded by resources other than annual appropriations; work for other agencies funded by resources other than the annual appropriations, including the United States Mexico-Canada Agreement (USMCA) and the American Rescue Plan Act (ARPA); the provision of benefits to workers under entitlement programs; the protection of life and property in cases of imminent threat; and activities authorized to continue by necessary implication to

carry out those functions and other excepted activities consistent with OMB and Department of Justice guidelines. For example:

Agencies will monitor and respond to imminent threats to human life, child labor investigations, or process disaster Dislocated Worker grant applications. Statutory above ground/underground mine investigations will continue, as well as inspections of targeted mines and specific hazards, and workplace inspections in high-hazard industries.

Relevant agencies will pursue and handle legal cases or investigations in jeopardy of being lost due to statute of limitations.

DOL will continue to provide support for the payment of benefits for which funding has not lapsed, including the Coronavirus Aid Relief and Economic Security (CARES) Act, Black Lung Benefits Act, Federal Employees' Compensation Act, Energy Employees Occupational Illness Compensation Program Act, Longshore and Harbor Workers' Compensation Act, War Hazards Compensation Act and Trade Adjustment Assistance (TAA) Program. DOL will also provide support to states and other Federal agencies for the administration and payment of unemployment insurance benefits.

Job Corps centers are operated under contracts that are funded by appropriations available on a program year (as opposed to fiscal year) basis. Accordingly, Job Corps centers housing students will remain in operation while funds remain available. In addition, federal oversight of those centers related to safety and property will continue.

Additional detail for each DOL component is contained in the attached plans.

Brief summary of significant agency activities that will cease during a lapse:

The following agencies will completely cease operations, other than orderly shutdown: Bureau of Labor Statistics, Veterans Employment and Training Service, Office of Federal Contract Compliance Programs, Office of Disability Employment Policy, Women's Bureau, Office of Administrative Law Judges, Administrative Review Board, Benefits Review Board, and Employees' Compensation Appeals Board. One or more furloughed employees of these agencies may be "excepted" on an intermittent basis as the needs arise during a lapse in appropriations, including to periodically monitor communications in order to address shutdown and resumption of operations matters, and to liaise with Departmental senior management and agency staff on such matters.

Excepting those for which non-annual funds are available or that fall within an excepted activity, all worker protection agency investigations will cease unless they involve responding to or preventing fatalities, catastrophes, or imminent danger.

Unless excepted or exempt, agencies' technical assistance, compliance assistance, regulatory, policy, research, advisories, responding to inquiries, most oversight, hearing preparation, and cooperative activities will cease.

DOL will not process foreign labor certifications or new TAA determinations.

Additional detail for each DOL component is contained in the attached plans.

Additional Information:

* For the Bureau of Labor Statistics, shutdown activities related to backing up of systems may take up to three days. Other employees may require more than .5 days depending on their location, activity, required travel, or other factors.

** The number of staff on-board during a lapse could fluctuate as result of unforeseen circumstances arising during a lapse, or the occurrence of an emergency.

The following table sets forth for each DOL component the total number of employees expected to be on board prior to implementation of the DOL Plan and the total number of employees to be retained during a lapse under each category listed above.

Activity	Category of Furlough Exemption (A through F, listed above)
<p>Because there is no lapse in the payment of Unemployment Insurance (UI) benefits to unemployed workers or in the payment of income support paid to dislocated workers receiving Trade Readjustment Allowances (TRA) and Reemployment Trade Adjustment Assistance (RTAA) benefits under the Trade Adjustment Assistance (TAA) program, it will be necessary to cover the following UI/TAA benefit payment.</p> <p>Unemployment Insurance and TRA, RTAA Benefits: Continuing Functions Not Funded with Expiring Annual Appropriations – ETA will continue to provide essential functions. These include direction to federal agencies on the administration of UI benefits for unemployed federal and military personnel (UCFE & UCX). ETA will also continue to process Disaster Unemployment Assistance provided by the Federal Emergency Management Agency for declared disasters.</p> <p>UI benefits will continue to be paid since funds are available as long as state UI agencies have sufficient administrative funding to operate and process claims. Funds for the administration activities of the emergency programs under the CARES Act, as amended, will continue to be provided since the Act authorized such funding “without fiscal year limitation.” Additional administrative funding has not been appropriated and will not be available for state UI agencies. Similarly, TRA, and RTAA benefits under the TAA program will continue to be paid to those that are eligible since funds are available. Excepted personnel in the national and regional offices will oversee UI activities related to the fiscal and financial aspects of administering the UI program; interface with Treasury and the states should there be issues that surface with regard to states drawing down funds to pay benefits and/or repaying trust fund advances.</p> <p>Excepted personnel will also interface between the states and the Department of Homeland Security, Federal Emergency Management Agency, to facilitate funds flowing to states to pay disaster unemployment benefits; oversee the operations of the UCFE and UCX programs; provide information and guidance to federal agencies, furloughed federal workers, and states relating to UCFE and UCX.</p>	D
<p>Provide support to states and Federal agencies for payment of UI benefits for Federal and military personnel (Unemployment Compensation for Federal Employees "UCFE" and Unemployment Compensation for Ex-servicemembers "UCX").</p>	D

Activity	Category of Furlough Exemption (A through F, listed above)
Provide support for payments of UI, TRA, and RTAA benefits.	D
Provide support to states for payment of Extended Benefits (EB) if a state has triggered EB on prior to the lapse in appropriations.	D
Provide support for the payment of Disaster Unemployment Assistance.	D
Provide support to states in operating the UI benefit programs under the Coronavirus Aid, Relief, and Economic Security (CARES) Act as amended.	D
Ensure UI money transfers to states and among the various trust fund accounts are managed.	D
Support UI information technology functions in collaboration with the Office of the Chief Information Officer.	D
American Rescue Plan Act – Section 9032 of the American Rescue Plan Act provides funding to the Secretary of Labor “to remain available until expended” to detect and prevent fraud, promote equitable access, and ensure the timely payment of benefits with respect to the unemployment compensation programs. ETA will continue the Tiger Team initiative using a multidisciplinary team of experts to assess states’ challenges and identify recommendations for improvements in these areas. ETA will continue supporting the UI modernization activities directed by OSEC's Office of UI Modernization, which is funded by ARPA. ARPA-funded staff will continue to conduct ARPA-related work.	B
American Rescue Plan Act – Provide grants to state unemployment insurance agencies.	B
American Rescue Plan Act – Support unemployment insurance information technology modernization activities.	B
American Rescue Plan Act - Section 9031 of the American Rescue Plan Act provides funding to the Secretary of Labor "to remain available until expended" to support work conducted for the Office of Unemployment Insurance Modernization.	B

<p>The operations of all Job Corps centers are maintained by contracts that utilize Program Year (PY) funds except for two that are maintained by grant. For that reason, and in order to protect the lives and safety of students and facilities, Job Corps will maintain operations of all centers housing students. This will require a number of excepted employees during the shutdown.</p> <p>Job Corps: Necessary to Prevent Significant Harm to Funded Programs – ETA administers the Job Corps program, a network of 123 Centers nationwide. The funding for all Job Corps center operations is through the Program Year (PY) appropriation. The current PY runs from July 1 through June 30. At any point in time, about 30,000 Job Corps students reside at these centers operated by Job Corps contractors, attending academic and occupational training, and centers operated by the U.S. Forest Service under an agreement between the Departments of Labor and Agriculture. ETA retains responsibility for the life and safety of the students, and for the protection of center property. FY 2023 appropriations authorize Job Corps to fully operate until June 30, 2024.</p> <p>Excepted personnel in the national and regional offices will provide minimum acceptable oversight of the centers, perform financial, procurement and related administrative functions to insure the centers protect student life and safety as well as protection of facility property; continue processing and onboarding student applicants; and monitor electronic systems to prevent failure or malfunction and insure system availability.</p> <p>The continuation of Job Corps services is key to the safety and health of the students. Shutting down a center because of the lack of funding or because of a non-extension will place many students in situations of elevated risk for life and health. ETA notes that the staff required to close down a center and handle the contract and related student issues is far greater than that required to extend or modify a contract. If ETA is not allowed to address these anomalies when they occur, it will need authorization to bring in more staff than currently requested to handle the shutdown in an orderly manner. ETA also will be required to act before the funding runs out so as to be able to pay the severance and travel costs associated with a shutdown. Since these costs are unbudgeted, ETA also will need to adjust its projection of students served and modify contracts to ensure that the cost of the shutdown does not cause other budget issues.</p>	<p style="text-align: center;">D</p>

Activity	Category of Furlough Exemption (A through F, listed above)
<p>Daily checks of the Dislocated Worker Electronic System and grants.gov will be made to verify if a disaster application has been submitted.</p> <p>Dislocated Worker Grants: Protecting Life and Property – A small group of national and regional office personnel will assist states in completing DWG applications to address declared disasters under the Stafford Act. These activities are critical to help states and localities address unexpected labor market dislocations caused by natural or man-made disasters.</p>	D
<p>Electronic systems will be maintained to process any Job Corps, Dislocated Worker Grants (DWG) for declared disasters, advance funding for Workforce Innovation and Opportunity Act (WIOA) funding, UI funding, or other items. Personnel may be called to work upon request – for example, in the case of a FEMA-declared disaster to help process a DWG application, WIOA funding, or UI funding.</p> <p>Financial and Technology Support – A small number of ETA personnel who perform a range of procurement, grant, and financial functions such as authorizing and obligating necessary federal funds, processing shopping carts, and overseeing drawdowns will be retained on a full and intermittent basis. In addition, ETA will provide adequate support for its electronic systems to assure their protection from physical harm or cyber-attack. Support for ETA’s user applications will be limited to only those systems that are determined to be necessary to support authorized “excepted” activities of Federal staff, and the basics needed for the grantees to continue activities which are not funded with expiring appropriation, including WIOA and competitive grantees in addition to the activities named, such as financial reporting, performance reporting, and case management systems used by grantees to implement their grants.</p>	D

Brief Summary of significant agency activities that will cease during a lapse:

- No foreign labor certifications will be processed.
- ETA staff will not answer grantee inquiries.
- No program performance or financial reports will be reviewed from grantees.
- No Trade Adjustment Assistance determinations can be made under expiration.
- No registered apprenticeship standards will be processed by federal staff.

Brief Summary of any change in activities if lapse is prolonged:

If a lapse is prolonged, ETA may have to bring additional staff onboard to support permitted activities and provide added supervision to employees who are working under non-lapsed funding.

Job Corps Center contracts are funded, but if a lapse is prolonged, ETA may be required to provide additional funding to maintain Job Corps Center contracts to ensure the safety of students and the Centers.

A prolonged lapse of funding will exacerbate processing delays for the Office of Foreign Labor Certification activities especially temporary labor certification requests under the H2A and H2B Visa programs.

A prolonged lapse will have a major impact on ETA's migration to the Grant Solutions platform for the management of the ETA's \$30 billion portfolio.

Summary of significant agency activities that will continue during a lapse because they are either financed by a resource other than annual appropriations or they are excepted activities:

Activity	Category of Furlough Exemption (A through F, listed above)
The Assistant Secretary for Occupational Safety and Health is Presidentially-Appointed, Senate confirmed (PAS) and not subject to furlough.	A
OSHA is authorized to continue functions in advance of appropriations on matters “of emergencies involving the safety of human life or protection of property.” Therefore, OSHA employees should be excepted from the suspension requirements in order to carry out emergency enforcement activity in the following areas:	

Activity	Category of Furlough Exemption (A through F, listed above)
1) Inspection of imminent danger situations under Section 13 of the Occupational Safety and Health Act	F
2) Investigation of workplace fatalities and catastrophes	F
3) Investigation of safety and health complaints or other information, including Serious Injury Reporting, received from police, fire departments or other first responders, media sources, or employers establishing that employees are potentially exposed to hazardous conditions that present a high risk of death or serious physical harm with the potential to cause death	F
4) Review whistleblower complaints received during a shutdown in order to identify, and promptly refer to the appropriate agency or agencies, any complaint that identifies a workplace or public safety and/or health condition that poses, or if not referred or acted upon, is reasonably likely to pose, an imminent threat to the safety of human life or the protection of property, thus requiring an immediate response. These referrals should be made to either OSHA's safety or health enforcement team or to any of the partner agencies that have the authority to investigate the actual safety and/or health concern (e.g., FRA, FMCSA, FTA, FAA, EPA, DOE, NRC, etc.)	F
5) Follow-up inspections of establishments with high gravity serious violations and no abatement	F
6) Enforcement activities on open cases needed to meet agency six-month statutory deadlines where those cases establish employees are potentially exposed to hazardous conditions that present a high risk of death or serious physical harm with the potential to cause death	F
7) Orderly shutdown activities	D
8) A minimum number of OSHA employees may be necessary to provide support for emergency operations as noted above. In this manner, OSHA can maintain a force permitting it to respond to emergency situations and to continue with the enforcement activity essential to protect workers' lives from the most severe occupational hazards.	D

Brief Summary of significant agency activities that will cease during a lapse:

OSHA will be unable to engage in enforcement activities other than the activity described above. For example, the agency will not be able to carry out any programmed inspections. Additionally, OSHA will suspend all activities in the following areas, with limited COVID exceptions:

- 1) Compliance assistance
- 2) Outreach programs

- 3) Training classes
- 4) Technical assistance
- 5) Rulemaking, including deregulation efforts
- 6) Whistleblower protection activities not described above
- 7) Financial and other administrative efforts

Brief Summary of any change in activities if lapse is prolonged:

The absence of IT operations and maintenance activity on the agency's injury tracking application in a prolonged lapse would imperil the schedule of collecting data.

<p>Shutdown Activities: OASAM will have key staff available in the National Office and regions to assist in supporting Departmental-wide shutdown activities. This includes the implementation of orderly shutdown and the resumption of operations, as well as internal and external coordination among exempt and excepted staff.</p>	D
<p>Human Resources (HR): By maintaining a small staff of Office of Human Resource (OHR) managers and OHR specialists, OASAM will provide basic HR services to support excepted or exempt DOL personnel. OASAM requires additional HR staff to process payroll. In addition, minimal staff will be available on an as-needed basis to address and resolve any issues that may prevent payroll from properly running. This also includes labor-management relations services and HR systems services for excepted or exempt activities.</p>	D
<p>Information Technology (IT): OASAM has identified a minimal IT staff in the Office of the Chief Information Officer (OCIO) who will ensure DOL’s technology services, applications, website management, and IT security responsibilities continue without disruption to support excepted and exempt staff from other DOL agencies. The services provided include e-mail, network, mobile devices, unified communications, help desks, and IT systems (financial, procurement, excepted activities).</p>	D
<p>Facilities Management (including minimal mail services): In order to ensure the Department’s Frances Perkins Building is operational for excepted or exempt DOL personnel, three facilities operations specialists and one building management specialist will alternate shifts to monitor building operations, including heat, air conditioning, electricity, and sanitation services provided by contract staff. Additionally, one mail clerk will provide limited mail collection and delivery during a shutdown. One employee from each of OASAM’s regional offices will coordinate these functions in the field. This will involve coordinating with GSA or the building manager to ensure operations of excepted and exempt staff from other agencies is unimpeded.</p>	D
<p>Procurement / Finance (Region): In addition to the Senior Procurement Executive, two Contracting Officers will be designated as excepted in order to provide contracting/procurement services as necessary in support of excepted and exempt staff. If, for example, an agency needs to modify a contract during the shutdown because of excepted activities, the Contracting Officer will execute that process. In the field, a Finance Manager will continue providing invoicing services in support of excepted employees.</p>	D

Activity	Category of Furlough Exemption (A through F, listed above)
<p>Security & Emergency Management: Even in the event of a shutdown, maintaining the safety and security of the Department’s excepted and exempt personnel, as well as securing the Department’s property, will be a high priority. Three federal employees will supervise a skeletal staff of contract security guards, three shifts per day – who will provide basic coverage in the Frances Perkins Building and South Garage for parking and adequate coverage at the main employee entrance and oversee emergency response activities in the National Office.</p> <p>Additionally, to ensure the Department receives timely notification from Federal law enforcement sources and the White House on any emergency situations and to manage national security communications, the Emergency Management Center will remain minimally operational both in Washington, DC and at the National Mine Health and Safety Academy.</p>	F
<p>Personnel Security Support to DOL Job Corps: OASAM will continue to process background checks for the Job Corps program. DOL has determined that the continuation of Job Corps services is key to the safety and health of the students and prospective students.</p>	B
<p>Appropriations Guidance: Departmental Budget Center will provide expertise for all budget matters for the Department, including monitoring and providing guidance on the appropriate use of funds during the shutdown and exempt/excepted work during the shutdown. They will ensure senior exempt and excepted staff are kept apprised of budget developments. Additional employees may be recalled as needed should appropriations and apportionment issues arise.</p>	D
<p>OASAM will also have staff on an Excepted Intermittent basis to support work across DOL that continues with multiyear non-lapsed funding. Some of these staff may not work on a full-time basis, and support to agencies may be covered by multiple people as the need arises.</p>	D

Brief Summary of significant agency activities that will cease during a lapse:

Beyond the minimal administrative support in support of the Department's shutdown activities and its excepted/exempted activities, OASAM's services will cease, including procurement services, staffing and recruitments services, and other administrative support services.

Brief Summary of any change in activities if lapse is prolonged:

There will be no change in activities if the lapse is prolonged.

Brief Summary of significant agency activities that will cease during a lapse:

Preparing and publishing the Agency's Financial Report (AFR) which presents the Department's financial statements, complying with necessary accounting standards and law.

Leading DOL's Enterprise Risk Management (ERM) Initiative providing senior leaders with an integrated, enterprise-wide view of risk, risk tolerances, and risk mitigation efforts to increase transparency and collaboration, reduce costs, and to more effectively manage risks to the DOL mission.

Providing accounting and invoice services to all Departmental Management (DM) agencies and other DOL component agencies.

Managing DOL-wide accounting operations, including maintenance and integrity of the Department's general ledger, cash and payroll reconciliation, and administration of the Department's Intra-Governmental Payment and Collection (IPAC) System, and canceled check programs.

Treasury/OMB required reporting would cease for the Governmentwide Treasury Account Symbol (GTAS), preparation of DOL's quarterly and annual financial statements, and DATA Act.

Delay to Treasury mandated G-Invoicing initiative implementation.

Payment of invoices for commercial vendors.

Brief Summary of any change in activities if lapse is prolonged:

Payment of invoices for commercial vendors would have to resume to avoid large amounts of interest penalties that would be paid from agencies' appropriations in compliance.

¹ Exempt Presidential Appointees are individuals appointed by the President, with or without Senate confirmation, who are not covered by the leave system in 5 U.S.C. chapter 63, or an equivalent formal leave system, are not subject to furlough.

Summary of significant agency activities that will continue during a lapse because they are either financed by a resource other than annual appropriations or they are excepted activities:

Activity	Category of Furlough Exemption (A through F, listed above)
The Secretary of Labor and Deputy Secretary of Labor are Presidentially-Appointed, Senate confirmed (PAS) members of the President's cabinet and perform statutory duties and fundamental responsibilities for, and on behalf of, the President.	A

Activity	Category of Furlough Exemption (A through F, listed above)
During a lapse in appropriations, the Secretary remains responsible for carrying out duties to and for the President and prescribed by law, including all activities related to the Department's "exempt" and "excepted" functions. Within the boundaries of applicable law, it is imperative that the Secretary have a minimal core of staff to support the Secretary and the Department in the performance of activities designated as "exempt" or "excepted," as described in this plan to include emergency circumstances.	D
The Deputy Secretary occupies a PAS position. During a lapse in appropriations, excepted staff in the Office of the Deputy Secretary will limit their activities to those that support Departmental excepted activities, activities arising from the fact that the funding lapse has occurred, and executive branch efforts to resolve the impasse with Congress.	D
The Office of the Executive Secretariat is charged with managing and implementing the Secretary's internal communications process. During a lapse in appropriations, this office, to the extent necessary to support departmental exempt and excepted activities, will (1) perform triage of correspondence and other communication for the appropriate Secretarial, PAS and staff attention, and (2) assume quality control and correspondence management for all written communications relating to the authorized functioning of the Department.	D

Brief Summary of significant agency activities that will cease during a lapse:

During a lapse in appropriations, the Diversity, Equity, Inclusion, and Accessibility activities would be suspended.

During a lapse in appropriations, the Office of Public Engagement Activities would be suspended.

Brief Summary of any change in activities if lapse is prolonged:

Additional staffing would be required on an intermittent basis should the lapse exceed five days or the volume of duties with respect to the lapse of appropriations warrant additional staffing. This would include the occurrence of a serious emergency or major initiative, e.g., legislative, legal, or programmatic subsequently authorized as an excepted activity.

Total: 20 excepted (non-lapse funding) staff members, consisting of 6 attorneys and 14 paralegal and support staff.	B

Activity	Category of Furlough Exemption (A through F, listed above)
Mine Safety and Health Division: Four (4) attorneys (Associate Solicitor, Deputy Associate Solicitor, and two counsels) on an excepted basis to support MSHA continuing functions, including leading attorneys to lead and provide core legal services necessary to support MSHA's exempt or excepted activities that continue during a lapse in annual appropriations, including based on the availability of non-lapsed multi-year funds. Total: 4 excepted staff.	D
Occupational Safety and Health Division: One (1) attorney (Associate Solicitor) to support OSHA's continuing functions to lead and provide core legal services necessary to support OSHA's exempt or excepted activities that continue during a lapse in annual appropriations, including based on the availability of non-lapsed multi-year funds. Total: 1 excepted staff.	D
Employment and Training Legal Services Division: One (1) attorney (Associate Solicitor) on an excepted function basis to support continuing functions, exempt or excepted, of all the division's client agencies (ETA, VETS, and ILAB), and to recall other staff as needed from the excepted intermittent list. In addition, staff may be required to provide legal services involving the safety of human life or the protection of property necessary during the period of a lapse in appropriation. Total: 1 excepted staff.	D
Employment and Training Legal Services Division: Deputy Associate Solicitor and one counsel on an exempt basis to support work under ARPA-UI. Total: 2 excepted (non-lapse funding) staff.	B
Plan Benefits Security Division: One (1) attorney (Associate Solicitor) on an excepted function basis to support continuing exempt or excepted functions of EBSA, including those funded under the No Surprises Act/Transparency (NSAT) multiyear appropriation, and to recall other staff as needed from the excepted intermittent list. Other staff, including those paid by continuing NSAT funds, will be recalled as needed from the excepted intermittent list. Total: 1 excepted staff.	D
Fair Labor Standards Division: One (1) attorney (Associate Solicitor) on an excepted function basis to support continuing exempt or excepted functions of WHD, including those funded under the ARPA-WP multiyear appropriation, and to recall other staff as needed from the excepted intermittent list. Other staff, including those paid by continuing ARPA-WP funds, will be recalled as needed from the excepted intermittent list. Total: 1 excepted staff.	D

Activity	Category of Furlough Exemption (A through F, listed above)
<p>Management and Administrative Legal Services Division: Seven (7) staff total to provide legal support for all of the Department’s continuing exempt, excepted, and lapse-related activities, and to support SOL’s continuing exempt or excepted activities. In addition, staff may be required to provide legal services involving the safety of human life or the protection of property necessary during the period of a lapse in appropriation. The total number of seven includes one Associate Solicitor/Administrative Officer, two appropriations law attorneys, two employment law/labor relations attorneys, one contracts/procurement attorney, and one legal technology/litigation support services staff. Total: 7 excepted staff.</p>	D
<p>Office of Legal Counsel: One excepted attorney, the Associate Solicitor, to provide core legal services necessary to support exempt or excepted activities of the Secretary and client agencies that continue during a lapse in annual appropriations, including based on the availability of non-lapsed multi-year funds. Total: 1 excepted staff.</p>	D
<p>Black Lung and Longshore Legal Services: One excepted attorney, the Associate Solicitor, to provide core legal services necessary to support OWCP's exempt or excepted activities that continue during a lapse in annual appropriations, including based on the availability of non-lapsed multi-year funds. Total: 1 excepted staff</p>	D
<p>Civil Rights and Labor Management: One excepted attorney to provide core legal services necessary to support exempt or excepted activities of the Secretary and client agencies (OASAM CRC, ODEP, and OFCCP) that continue during a lapse in annual appropriations, including based on the availability of non-lapsed multi-year funds. Total: 1 excepted staff.</p>	D
<p>Generally, each Region will have as full-time excepted staff three (3) attorneys for each Region, one (1) additional attorney for each Sub-regional Office in that Region, and one (1) administrative support staff person for each Region, to provide core legal services necessary to support exempt or excepted regional activities of the Secretary and client agencies that continue during a lapse in annual appropriations, including based on the availability of non-lapsed multi-year funds. In addition, staff may be required to provide legal services involving the safety of human life or the protection of property necessary during the period of a lapse in appropriation. Some Regions will have a larger number of attorneys and support staff may be located in any of a Region’s offices. Additional staff, including some paid by continuing NSAT funds, will be recalled as needed from the excepted intermittent list. Total: 33 excepted staff.</p>	D

Activity	Category of Furlough Exemption (A through F, listed above)
Of the Regional Office staff, there will be a small number of staff to provide core legal services necessary to support exempt or excepted regional activities of the Secretary and client agencies that continue during a lapse in annual appropriations, who continue to work full-time based on continuing NSAT funds. Total: 3 excepted (non-lapse funding) staff.	B
*A number of intermittent excepted staff will be rotated or recalled, as necessary, or have extended orderly shutdown periods.	D
*In emergency situations that may develop during the period of a lapse in appropriation, some of these or other staff may be returned to paid status for the period necessary to meet the exigency.	D

Brief Summary of significant agency activities that will cease during a lapse:

Court litigation: It is unknown whether the federal judiciary will continue to operate during a shutdown; SOL will identify and place additional SOL staff on the excepted intermittent list to meet potential litigation demands during shutdown, that will be required to provide core legal services necessary to support exempt or excepted activities of the Secretary and client agencies that continue during a lapse in annual appropriations, including based on the availability of non-lapsed multi-year funds.

Legal Advice: SOL will not provide legal advice or assistance to DOL staff, except for the work that can be conducted by the limited number of exempt and excepted staff identified in this plan.

Rulemaking: SOL will not be able to support DOL rulemaking, except for the work that can be conducted by the limited number of exempt and excepted staff identified in this plan.

Brief Summary of any change in activities if lapse is prolonged:

Selected activities may require additional excepted intermittent or full-time staff. Litigation before Federal courts or adjudicative bodies may continue and SOL must represent DOL if the Courts or adjudicative bodies continue to operate. Agencies will require more legal advice, including that regarding legal limitations for exempt and excepted work and staff under the Department's contingency planning.

¹ Exempt Presidential Appointees are individuals appointed by the President, with or without Senate confirmation, who are not covered by the leave system in 5 U.S.C. chapter 63, or an equivalent formal leave system, are not subject to furlough.

Summary of significant agency activities that will continue during a lapse because they are either financed by a resource other than annual appropriations or they are excepted activities:

Activity	Category of Furlough Exemption (A through F, listed above)
OWCP has some statutory authority to continue the payment of benefits for varying amounts of time during a lapse in annual appropriations in awarded claims under the Black Lung Benefits Act (BLBA), the Energy Employees Occupational Illness Compensation Program Act (EEOICPA), the Federal Employees' Compensation Act (FECA), the Longshore and Harbor Workers' Compensation Act (LHWCA) and its extensions, and the War Hazards Compensation Act (WHCA).	D

Activity	Category of Furlough Exemption (A through F, listed above)
1. BLBA: Part B benefits are paid from annual appropriations; OWCP expects to be able to continue paying Part B benefits indefinitely, because OWCP's appropriation provides an advance for benefits payable during the first quarter of the next Fiscal Year and OWCP does not expect to exhaust this funding in the near future.	D
2. BLBA: Part C benefits are paid from the Black Lung Disability Trust Fund (BLDTF). OWCP expects to be able to continue paying benefits from the BLDTF as long as the BLDTF contains sufficient funds to make payments. At this point, if there is lapse in appropriations, OWCP can continue paying benefits until such time as all funding is completely expended	D
3. EEOCIPA: OWCP expects to be able to continue paying all benefits due, whether under Part B or Part E, because benefits are paid from the Energy Employees Occupational Illness Compensation Fund, a permanent indefinite appropriation that is not dependent upon annual appropriations or authority provided in other appropriations laws.	B
4. FECA: OWCP expects to be able to continue paying all benefits as long as sufficient funds remain available in the Employees' Compensation Fund, a permanent appropriation. Although a significant portion of the money deposited into the Fund is from annual appropriations* received by employing agencies and transferred to the Fund pursuant to 5 U.S.C. 8147 (b), these funds do not expire and use of the funds to pay benefits is not dependent upon authority provided in annual appropriations. Upon a lapse in appropriations, OWCP can continue paying benefits for several months until such time as all available funding is expended. Estimates will be updated as transfers from other agencies are received. *Approximately 40% of the benefits paid from the fund consist of payments made to employees of the United States Postal Service (USPS). USPS reimburses the Fund for those payments from a revolving fund which is not subject to a lapse in annual appropriations.	B
5. LHWCA: OWCP expects to be able to continue paying any benefits due from the LHWCA Special Fund, as long as the Special Fund contains sufficient funds to make payments. At this time, OWCP expects to have sufficient funding in the Special Fund to continue paying benefits for approximately 12 months.	D

Activity	Category of Furlough Exemption (A through F, listed above)
6. WHCA: WHCA claims are paid from the Employees' Compensation Fund, discussed in Number 4 (above). As with FECA benefits, OWCP expects to be able to continue paying all benefits as long as sufficient funds remain available in the Employees' Compensation Fund, a permanent appropriation. OWCP expects to have sufficient funding in the fund to continue paying benefits consistent with number 4.	D
7. OWCP also will designate program officials in each geographical location where employees are performing the excepted activities described above to provide essential executive, managerial and supervisory direction. This will ensure that the excepted activities as set forth above are provided appropriate supervision. Additionally, excepted employees will provide financial, contract management, and clerical duties in support of excepted activities; and appear in court pursuant to lawful subpoenas served on them in their capacity as Federal employees to ensure availability of the resources necessary to perform authorized functions. Information technology support and technical support functions are the responsibility of the Office of the Chief Information Officer and are/will be addressed in the Office of the Assistant Secretary for Administration & Management's contingency plan.	D
8. OWCP will designate employees who are paid out of annual appropriations and who process benefits for claims that are paid from funding sources that do not lapse which are identified above in items 1 to 6.	D

Brief Summary of significant agency activities that will cease during a lapse:

Black Lung Disability Trust Fund

- After all funds available for benefits are expended, all benefit payments and claims processing work will cease
- Hearing preparation
- Policy development\determinations
- Review\approval of self-insurance applications\self-insured status
- IT system development\deployment
- Post-entitlement activity to prevent improper benefit payments
- Support of ALJ\Benefits Review Board adjudication
- Accountability reviews
- Debt collection activity
- Technical assistance to insurers and employers
- Public communications\outreach including FOIAs and Privacy Act requests

Disabled Coal Miners

- After all funds available for benefits are expended, all benefit payments and claims processing work will cease
- Debt collection activity

Federal Employees' Compensation Act and War Hazards Compensation Act

- Hearings of claimant appeals\processing of WHCA reimbursement claims and appeals
- Technical assistance for claimants and employing agencies. This does NOT impact responses to claimants or employing agencies as they relate to case management.
- Policy development\determinations
- IT system development\deployment (exclusive of maintenance)
- Public communications\outreach including FOIAs and Privacy Act requests and Congressional correspondence. Development of medical procedures, disability, etc. that is initiated by a Congressional inquiry should continue, the only preclusion is response to the Congressional office.
- Periodic Entitlement Reviews
- Processing of schedule awards for impairment
- Scheduling second opinion or referee examinations unless needed to perform excepted activities

Longshore and Harbor Workers' Compensation Act, as extended

- Processing cases under the Longshore and Harbor Workers' Compensation Act and its extensions, including the Defense Base Act", except those being paid or to be paid by the Longshore Special Fund.
- Assessment audits and collections
- Review and approval of insurance authority applications
- Monitoring adequacy of insurance securities
- Oversight of benefit delivery by covered employers and insurers
- Review and adjudication of disputed claims
- Dispute resolution
- Mediation
- Informal conferences
- Technical assistance to insurers and employers
- Assistance for claimants with claims processing, required reports and information, screening and referral for services
- Public communications\outreach including FOIAs and Privacy Act requests

Energy Employees Occupational Illness Compensation (Part B Funding)

Employees funded under Part B will not engage in the following:

- Public communications\outreach including FOIAs and Privacy Act requests.
- Policy development/determinations
- IT system development/deployment (other than IT maintenance).
- Training development and delivery activities

Energy Employees Occupational Illness Compensation (Part E Funding)

Part E funded employees are funded under a permanent appropriation and are therefore exempt employees, capable of performing their normal duties, even in the event of a lapse in annual appropriations. But, because separating activities between Part B and Part E claims is not always functionally possible, the following limitations will be placed on Part E funded employees in the event of a lapse in annual appropriation.

Employees funded under Part E will not engage in the following:

- Public communications\outreach including FOIAs and Privacy Act requests, if those activities require the involvement of Part B funded employees or contractors.
- Policy development/determinations, if those activities require the involvement of Part B funded employees or contractors.
- IT system development/deployment (other than IT maintenance), if those activities require the involvement of Part B funded employees or contractors.

Brief Summary of any change in activities if lapse is prolonged:

2. BLBA: Part C benefits are paid from the Black Lung Disability Trust Fund (BLDTF). OWCP expects to be able to continue paying any benefits fund from the BLDTF as long as the BLDTF contains sufficient funds to make payments. At this point, if there is lapse in appropriations, OWCP can continue paying benefits until such time as all funding is completely expended.

4. FECA: OWCP expects to be able to continue paying all benefits as long as sufficient funds remain available in the Employees' Compensation Fund, a permanent appropriation (estimated to be about 3 months). Although a significant portion of the money deposited into the Fund is from annual appropriations* received by employing agencies and transferred to the Fund pursuant to 5 U.S.C. 8147 (b), these funds do not expire and use of the funds to pay benefits is not dependent upon authority provided in annual appropriations. Upon a lapse in appropriations, OWCP can continue paying benefits for several months until such time as all available funding is expended. Estimates will be updated as transfers from other agencies are received. *Approximately 40% of the benefits paid from the fund consist of payments made to employees of the United States Postal Service (USPS). USPS reimburses the Fund for those payments from a revolving fund which is not subject to a lapse in annual appropriations.

5. LHWCA: OWCP expects to be able to continue paying any benefits due from the LHWCA Special Fund, as long as the Special Fund contains sufficient funds to make payments. At this time, OWCP expects to have sufficient funding in the Special Fund to continue paying benefits for approximately 12 months.

6. WHCA: WHCA claims are paid from the Employees' Compensation Fund, discussed in Number 4 (above). As with FECA benefits, OWCP expects to be able to continue paying all benefits as long as sufficient funds remain available in the Employees' Compensation Fund, a permanent appropriation. OWCP expects to have sufficient funding in the fund to continue paying benefits consistent with number 4.

Summary of significant agency activities that will continue during a lapse because they are either financed by a resource other than annual appropriations or they are excepted activities:

Activity	Category of Furlough Exemption (A through F, listed above)
The Women's Bureau will suspend all operations. On an intermittent basis, the Women's Bureau will liaise with Departmental senior management on matters related to the implementation of orderly shutdown, Departmental Operations, and actions necessary to resume orderly operations.	D
The Director, Women’s Bureau is Presidentially-Appointed (PA) and not subject to furlough.	A

Activity	Category of Furlough Exemption (A through F, listed above)
Should the position of the Director become vacant, another senior level employee will be excepted on an intermittent basis for the purposes of liaising with Departmental senior management on matters related to the implementation of orderly shutdown, Departmental Operations, and actions necessary to resume orderly operations.	D

Brief Summary of significant agency activities that will cease during a lapse:

The WB will suspend all operations, to include major activities central to its mission of "formulat[ing] standards and policies to promote the welfare of wage-earning women, improv[ing] their working conditions, increas[ing] their efficiency, and advanc[ing] their opportunities for profitable employment." Major activities that would immediately cease operations include agency research, data gathering/analysis and policy analysis, grant making and administration, public outreach communications and regional stakeholder engagement.

Brief Summary of any change in activities if lapse is prolonged:

Prolonged delay in current grantee workplan execution would result in a failure to deliver complete training and technical assistance lifecycles to vulnerable worker populations and intermediaries, as well as women trainees and employers in non-traditional and apprenticeable occupations and industries and would likely contribute to prolonged periods of performance beyond the designated intervals and participant and supporting staff attrition. Critical original research and data analysis related to state implementation of paid leave programs would have to be suspended, and the agency's ability to contract for updated post-pandemic data collection to populate the National Database of Childcare Prices would be compromised. Robust travel relating to in-person technical assistance provision to foster equitable gender representation on large public infrastructure projects would also have to cease.
