Case Number: 410-6015300 [REDACTED]  
LM Number: 066095

Dear Mr. Barrett:

This office has recently completed an audit of Steelworkers AFL-CIO, Local 456 under the Compliance Audit Program (CAP) to determine your organization's compliance with the provisions of the Labor-Management Reporting and Disclosure Act of 1959 (LMRDA). As discussed during the exit interview with you on September 29, 2020, the following problems were disclosed during the CAP. The matters listed below are not an exhaustive list of all possible problem areas since the audit conducted was limited in scope.

#### Recordkeeping Violation

Title II of the LMRDA establishes certain reporting and recordkeeping requirements. Section 206 requires, among other things, that labor organizations maintain adequate records for at least five years by which each receipt and disbursement of funds, as well as all account balances, can be verified, explained, and clarified. As a general rule, labor organizations must maintain all records used or received in the course of union business.

For disbursements, this includes not only original bills, invoices, receipts, vouchers, and applicable resolutions, but also documentation showing the nature of the union business requiring the disbursement, the goods or services received, and the identity of the recipient(s) of the goods or services. In most instances, this documentation requirement can be satisfied with a sufficiently descriptive expense receipt or invoice. If an expense receipt is not sufficiently descriptive, a union officer or employee should write a note on it providing the additional information. For money it receives, the labor organization must keep at least one record showing the date, amount, purpose, and source of that money. The labor organization must also retain bank records for all accounts.

The audit of Local 456's 2019 records revealed the following recordkeeping violation:

#### Disposition of Property

Local 456 did not maintain an inventory of hats, t-shirts, and other property it purchased, sold, or gave away. The union must report the value of any union property on hand at the beginning and end of each year in Item 30 (Other Assets) of the LM-3. The union must retain an inventory or similar record of property on hand to verify, clarify, and explain

the information that must be reported in Item 30. The union must record in at least one record the date and amount received from each sale of union hats, jackets, and other items.

In addition, in the case of items given away to members, the union must retain records that identify the date the items were given away and the recipients of those items.

Based on your assurance that Local 456 will retain adequate documentation in the future, OLMS will take no further enforcement action at this time regarding the above violation.

I want to extend my personal appreciation to Steelworkers AFL-CIO, Local 456 for the cooperation and courtesy extended during this compliance audit. I strongly recommend that you make sure this letter and the compliance assistance materials provided to you are passed on to future officers. If we can provide any additional assistance, please do not hesitate to call.

Sincerely,
