Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects called categorical exclusions (CEs) which are known not to have, either individually or cumulatively, a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. Class II(c) does not require documentation.

Categorical Exclusion Description

Type 07: Acquisition, installation, rehabilitation, replacement, and maintenance of vehicles or equipment, within or accommodated by existing facilities, that does not result in a change in functional use of the facilities, such as: equipment to be located within existing facilities and with no substantial off-site impacts; and vehicles, including buses, rail cars, trolley cars, ferry boats and people movers that can be accommodated by existing facilities or by new facilities that qualify for a categorical exclusion.

Project Description

The proposed project is a construction of the Transit Division Dial A Ride Office and Maintenance Building. The project is located inside the DPW compound on existing concrete slab. The new building will provide the Transit Division to have a new office and parking space/maintenance area for dial a ride buses.

The proposed building is a concrete and steel structure measuring 32ft wide and 80ft long. The first two bays measuring 32ft x 32ft is a two-story structure. The second floor will house the administrative and staff offices, conference/training room, kitchen/lounge, and bathroom facilities. The ground floor will provide for offices technician and dispatcher, storage room, fitness room and shower and bathroom facilities.

The last 3-bays is a one-story and will serve as a parking and maintenance/repair area. The roof will have a wood and steel framing with metal roofing. The project also includes the installation of utilities.

The architectural and engineering design and construction management will be provided by the A&E Division of the Department of Public Works.

Project Benefits

The project will support the timely service of vehicles to run the operation. Vehicles are currently being repaired at the Motorpool garage of the Department of Public works however, space is limited due to the large fleet of the American Samoa government that is primarily serviced at this garage. The project will also provide for a smooth operation with the increased staff of the transit service.

The proposed project is part of the Transit Division plan to build parking/maintenance and office building for the Transit Division Dial A Ride Program

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects called categorical exclusions (CEs) which are known not to have, either individually or cumulatively, a significant environmental impact on the human or natural environment

and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. Class II(c) does not require documentation.

Categorical Exclusion Description

Type 07: Acquisition, installation, rehabilitation, replacement, and maintenance of vehicles or equipment, within or accommodated by existing facilities, that does not result in a change in functional use of the facilities, such as: equipment to be located within existing facilities and with no substantial off-site impacts; and vehicles, including buses, rail cars, trolley cars, ferry boats and people movers that can be accommodated by existing facilities or by new facilities that qualify for a categorical exclusion.

Project Description

To purchase more Transit vans to support demand response transit service serving senior citizens and individuals with disabilities.

Project Benefits

The purchase of more vans will support the increase in registration of clients needing transit assistance. Registration of 1,127 and counting - 353 wheelchair users. 2000 plus trips on a monthly basis. We are currently using 3 Transit vans and 2 12 seater buses with 3 vehicles down for repairs awaiting parts being ordered from off-island.

Additional Information

This project will benefit the increasing numbers of senior citizens and individuals with disabilities community that is served by the Dial-a-ride service of the Department of Public Works.

Location Description

Located in the continent of Oceania, American Samoa covers 199 square kilometers of land, making it the 220th largest nation in terms of land area. American Samoa is a dependent territory of the United States of America.

Comment	Review complete application for consistency, not only highlighted areas as they are examples. As previously discussed, Project 8 still needs to be adjusted. Please review and adjust as appropriate to properly describe this project. The ALI and vehicles described do not match (purchase vans vs. 11.13.03 buy 30-FT bus for expansion). STIP/TIP information, needs to be included.
