Application Executive Summary

Amendment #3:

- Obligate the remaining FFY20 CARES Act Section 5311 funding of \$1,500,000 to bring the award total to \$31,954,948. The remaining funding will be added to three (3) new facility projects and one (1) existing facility project.
- Move two (2) construction projects for Fergus County COA and Lake County COA from Category B to A.
- Add an ALI in the ICB scope and fund it with reallocated funds within the same scope.
- Adjust to actual expenditure of three (3) ALIs and quantity of one (1) ALI in the ICB scope.
- Extend period of performance to 3/31/2025 for the following reasons:
 - Construction projects delayed due to supply shortages and receipt of equipment.
 - Late start on some construction projects due to unforeseen delays in securing land.

Facilities project added or increased in this application:

- New rehab/renovation project for Valley County roofing and general upgrades.
- New construction project for Mineral County Pioneer Council bus barn.
- New construction project for Custer County fire hall addition.
- Additional capital funding to cover cost increases for Garfield County construction project.

\$35,454,948 -- CARES Act apportionment

-\$33,095,749 -- Original award

+ \$6,751,958 -- Amendment 01 (de-obligate)

- \$4,111,157 -- Amendment 02 (obligate)

- \$3,500,000 -- Sub-allocation to small urban areas (MPOs) via letter to FTA sent 08.31.2022

- \$1,500,000 -- Amendment 03 (obligate remaining funds)

\$0 -- zero remaining unobligated CARES Act funds

5311 Program Requirements:

-CARES Act Appointment

--- Minimum 15% for ICB - \$5,358,362 (15.11%) of the CARES Act apportionment is used for ICB in this application.

--- Maximum 10% for State Admin - \$1,000,000 (2.82%) of the CARES Act apportionment is used for State Admin in this application.

MDT certifies that it, and its subrecipients and contractors that are providers of public transportation, have not furloughed any employees since March 27, 2020 (the enactment date of the CARES Act), OR (a) are currently not furloughing any employees; (b) have, to the maximum extent possible, brought back any previously furloughed employees as of the time of certification; and (c) have rehired or posted to rehire any positions of employees who were laid off as a result of financial difficulties caused by the COVID-19 public health emergency.

-CE Approval - Mineral County Pioneer Council
-CE Approval - Custer County

Amendment #2 (March 2021):

MDT applies for \$4,111,156 in CARES Act funds (partial) for capital projects. With this amendment, MDT obligates a total of \$30,454,948 of it's CARES Act apportionment.

MDT CARES Act apportionment data is as follows:

\$ 35,454,948 -- CARES Act apportionment
-\$33,095,749 -- Original award (amendment -00)
+ \$6,751,958 -- Amendment -01 (de-obligation)
- \$4,111,157 -- Amendment -02 (this amendment)

\$5,000,000 -- remaining CARES Act funds apportionment (to be applied for in future amendment, or suballocation to small urban areas).

In this amendment, MDT obligates \$4,111,157 for capital projects as follows:

Project 1 Intercity Bus: Add capital funds for two (2) ICB facility rehab projects. ICB projects total 15.1% of the apportionment.

Project 5 Rolling Stock: Add capital funds for the purchase of 7 additional expansion vehicles

NEW Project 7 Facility Projects: Add capital funds for seven (7) facility construction and rehab/renovation projects. Of the 7 facility projects, six (6) have met federal requirements as Category A projects, and one (1) has not yet met all federal requirements and is a Category B project.

This amendment adds a total of nine (9) facility construction and rehab/renovation scopes to this grant which was not initially included. Category B projects will require follow-up Federal approval to document the final Environmental Determinations once they are completed and approved. A special condition is included in the amendment related to these Category B projects.

MDT certifies that it, and its subrecipients and contractors that are providers of public transportation, have not furloughed any employees since March 27, 2020 (the enactment date of the CARES Act).

All activities are eligible under the 5311 program to prevent, prepare for, and respond to COVID-19. All activities will be funded at 100% Federal.

Amendment #1 (January 2021):

MDT intends to add new scope, move funding between existing and new scopes, and overall de-obligate some funding. These actions cannot be processed in a single amendment due to reservation controls.

Therefore, two amendments will be processed; first to de-obligate, and second to re-obligate.

This Amendment #1 de-obligates a total of \$6,751,958.

MDT certifies that it, and its subrecipients and contractors that are providers of public transportation, have not furloughed any employees since March 27, 2020 (the enactment date of the CARES Act)

Budget revision #1 (July 2020):

Moved funds from operating to capital. Added an additional 7 minivans for expansion of service. All subrecipients with non-ADA minivans have certified equivalency of service.

All activities are eligible under the 5311 program to prevent, prepare for, and respond to COVID-19.

Original (June 2020):

This is an FFY 2020 Section 5311 CARES Act grant in the amount of \$33,095,749. This is a partial

apportionment. The remaining balance is \$2,359,199 and will be applied for through an amendment when MDT determines it necessary based on subrecipient needs related to COVID-19.

Per the CARES Act, the grant requests 100% federal share. This grant utilizes CARES Act funding to prevent, prepare for, and respond to COVID-19. The grant scope of work includes:

- 1) Intercity - Operating, Project Admin, Preventive Maintenance & Capital (Rolling Stock)
- 2) Operating Assistance
- 3) Project Administration
- 4) Preventive Maintenance
- 5) Capital (Rolling Stock)
- 6) State Administration

All activities are eligible under the 5311 program to prevent, prepare for, and respond to COVID-19, MDT selected 34 rural subrecipients, 3 tribal subrecipients and 5 intercity sub-recipients.

MDT will be using 5.6% of its apportionment for State Administration, which meets the 10% maximum for state admin.

MDT selected ICB projects totaling 15.11% of the full CARES apportionment, and satisfies the 15% minimum intercity bus requirement.

Pre-award authority for this award is January 20, 2020. No expense billed against this award may precede the pre-award authority date.

Per the CARES Act, the project(s) in this grant is/are not required to be programmed in the Long-Range Transportation Plan, Transportation Improvement Program or Statewide Transportation Improvement Program since none of the projects change the function, location or capacity.

MDT certifies that if it receives federal funding from the Federal Emergency Management Agency (FEMA) or through a pass-through entity through the Robert T. Stafford Disaster Relief and Emergency Assistance Act, a different federal agency, or insurance proceeds for any portion of a project activity approved for FTA funding under this Grant Agreement, it will provide written notification to FTA, and reimburse FTA for any federal share that duplicates funding provided by FEMA, another federal agency, or an insurance company.

Does this application include funds for research and/or development activities?

This award does not include research and development activities.

Pre-Award Authority

This award is using Pre-Award Authority.

Does this application include suballocation funds?

Recipient organization is directly allocated these funds and is eligible to apply for and receive these funds directly.

Will this Grant be using Lapsing Funds?

No, this Grant does not use Lapsing Funds.

Will indirect costs be applied to this application?

This award does not include an indirect cost rate.

Indirect Rate Details: N/A

Requires E.O. 12372 Review

No, this application does not require E.O. 12372 Review.

Delinquent Federal Debt

No, my organization does not have delinquent federal debt.

Award Description

Purpose

This grant utilizes CARES Act funding to prevent, prepare for, and respond to COVID-19 by:

- Covering operating costs to maintain transit services in rural areas.
- Funding purchase of rolling stocks to allow for social distancing.
- Funding capital projects to allow for social distancing.

Activities to be performed:

The grant scope of work includes:

- 1) Intercity - Operating Assistance, Project Admin, Preventive Maintenance & Capital (Rolling Stock & Facilities)
- 2) Operating Assistance
- 3) Project Administration
- 4) Preventive Maintenance
- 5) Capital (Rolling Stock & Facilities)
- 6) State Administration

All activities are eligible under the 5311 program to prevent, prepare for, and respond to COVID-19.

All activities will be funded at 100% Federal share.

Expected outcomes:

The expected outcome of this grant is to maintain transit services in rural Montana and provide citizens access to public transportation while minimizing exposure to the general public at locations that offer multiple services to the public.

Intended beneficiaries:

Transit users in rural Montana are the final beneficiary via transit providers in rural Montana.

Subrecipient Activities:

Subrecipients of this grant are 40 transit providers across the State of Montana, providing public transit services in over 30 counties, including the following transit providers:

- 1) Big Sky Transportation District, 2) Blackfeet Nation, 3) Black Hills Stage Lines, 4) Butte Silver Bow County, 5) Carter County, 6) Confederated Salish & Kootenai Tribes, 7) Custer County, 8) Daniels Memorial Healthcare Center, 9) Dillon, City of, 10) Fallon County Council on Aging, 11) Fergus County Council on Aging, 12) Flathead County, 13) Fort Peck Tribes, 14) Garfield County, 15) Glen-Wood Inc. DBA Quality Transit, 16) Helena, City of, 17) Human Resources Development Council District IX Inc., 18) Jefferson Lines, 19) Lake County Council on Aging, 20) Laurel, City of, 21) Liberty County, 22) Liberty Place Inc., 23) Lincoln County Transportation Service, Inc, 24) Mineral County Pioneer Council, 25) Missoula Ravalli Transportation Management Association, 26) Opportunity Link Inc., 27) Park County, 28) Phillips Transit Authority, 29) Powder River County, 30) Powell County Executive Board on Aging, 31) Ravalli County Council on Aging, 32) Red Lodge Area Community Foundation, 33) Richland County, 34)

Rosebud Community Hospital, Inc, 35) Salt Lake Express, 36) Sanders County Council on Aging, 37) Toole County, 38) Valley County, 39) West Yellowstone Foundation, and 40) Urban Transportation District of Dawson.

Part 3: Project Information

Project Title: Intercity Bus - Operating, Project Admin, Preventive Maintenance, R

Project Number	Temporary Project Number
MT-2020-013-01-03	1144-2020-6-P1

Project Description

Amendment #3

Adding a new ALI for Jefferson Lines' project to purchase four (4) 51-Passenger 45' ADA Coach Buses for replacement and

- 1) \$55,701 from the Jefferson Lines' Missoula facility project (ALI 11.32.02).
- 2) \$689,452 from the ICB Operating Assistance (ALI 30.09.08).
- 3) \$205,019 from the ICB Project Administration (ALI 11.79.00).
- 3) \$136,772 from the ICB Preventive Maintenance (ALI 11.7A.00).

Please see the POP for details.

Black Hills Stage Lines was added to the ICB Operating Assistance ALI.

The ICB percentage is 15.11% of the CARES Act apportionment and meets the minimum requirement of 15%.

Amendment #2:

Obligates funds to add 2 ICB facility projects for Jefferson Lines:

1. Billings Facility -- parking lot resurfacing
2. Missoula Facility -- purchase facility and renovation improvements

The ICB percentage is 15.1%, which continues to comply with the minimum requirements for ICB.

.....
Amendment #1:

Reduce funds from ICB operating projects. Funding will be reobligated to new ICB scope in next amendment to maintain 15

.....

Original:

To support the operation of MDT's intercity operators, and other expenses eligible under those programs to prevent, prepare, or purchase a new vehicle purchase for five of MDT's intercity bus operators:

- Big Sky Transportation District - Link
- Flathead Transit*
- Jefferson Lines
- Northern Transit Interlocal - (in partnership with Toole County)
- Salt Lake Express

MDT is using 15.11% of its CARES apportionment for Intercity bus projects to satisfy the requirement.

Project Benefits

Maintain current operating levels; and help restore some level of service for the sub-recipients who have ceased operations

The van will allow for one-on-one rides for high risk individuals to maintain a safe distance from other passengers and drive. The facility acquisition and upgrades will ensure continued intercity service in Billings and Missoula.

Additional Information

None provided.

Amendment #3:

Adding a new ALI for Jefferson Lines purchase of four (4) 51-Passenger 45' ADA Coach Buses for replacement and fund w Jefferson Lines Missoula Facility project and ICB Operating Assistance, Project Administration, and Preventive Maintenance

One (1) bus is split funded with 5339 Capital grant MT-2021-008.

Not all of the buses identified for replacement have been retired/replaced due to increasing out-of-service days of other vehicles and labor conditions. The buses identified for replacement include six (6) non-federally funded buses that have met useful life

- 2010-MCI J4500-2MG3JMEA1AW065540 - 1,208,735 miles
- 2008-MCI J4500-2M93JMHAX8W064531 - 928,753 miles
- 2008-MCI J4500-2M93JMEAX8W064906 - 1,079,992 miles
- 2008-MCI J4500-2M93JMEA58W064909 - 938,212 miles
- 2007-MCI J4500-2M93JMPAX7W063900 - 1,138,486 miles
- 2008-MCI J4500-2M93JMEA38W064908 - 997,676 miles

The useful life is 12 years/500,000 miles for the buses.

Federal share is 100% for this activity.

.....
Original - Amendment #2: not on original application through amendment #2.

Will 3rd Party contractors be used to fulfill this activity line item?

Yes, 3rd Party Contractors will be used for this line item.

Extended Budget Description

Amendment #3:

Adjust to actual expenditure for all ICB operators except Jefferson Lines. Jefferson Lines will be adjusted to actual with a sub-award. Reallocate \$136,772 from this ALI to Jefferson Lines project to purchase four (4) buses for replacement within the same scope.

Amendment #2: no change.

Amendment #1: no change.

Original:

FF20 CARES Act funds will be used for PM expenses by 5 intercity bus operators including small capital purchases for preventive rolling stock, equipment and facilities. This also includes the purchase of personal protective equipment and other supplies and equipment and facilities expressly due to the COVID-19 pandemic. Any equipment exceeding \$5000 per unit and useful life with an aggregate value greater than \$5000, will be reported as project property at closeout of this award. Federal share is from January 20, 2020 to July 31, 2021. The amount allocated to this ALI and the sub-recipients are based on MDT's FY2021

Will 3rd Party contractors be used to fulfill this activity line item?

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 07: Acquisition, installation, rehabilitation, replacement, and maintenance of vehicles or equipment, within or accommodated by existing facilities, that does not result in a change in functional use of the facilities, such as: equipment to be located within existing facilities and with no substantial off-site impacts; and vehicles, including buses, rail cars, trolley cars, ferry boats and people movers that can be accommodated by existing facilities or by new facilities that qualify for a categorical exclusion.

Date Description	Date

MT-2020-013-03-03	1144-2020-6-P3	8/10/2021	1/20/2020

Project Description

Amendment #3: No change.

Amendment #2: no change.

.....
Amendment #1:

Reduce project admin funds for each of the 37 subrecipient project administration projects.

.....
Original:

CARES Act funds are provided to support 37 rural providers with project administration expenses eligible under those programs they prepare for, and respond to COVID-19. Project administration expenses include general admin expenses (salaries of project assistant, accounting/finance staff), marketing expenses, insurance premiums, office supplies, facilities and equipment rent, overhead rates, and costs of administering drug and alcohol testing. This also includes paying administrative leave for general personnel due to reductions/suspending of service.

Project Benefits

The project administration will help transit agencies maintain current operating levels; and help restore some level of service to recipients who have ceased operations while providing protection from COVID virus.

Amendment #3: No change.

Amendment #2: no change.

Amendment #1:

Deobligate a total of \$303,763. This amendment reduces each of the 37 subrecipient preventive maintenance projects. See

Original:

FF20 CARES Act funds will be used for PM expenses by 37 rural transit agencies, including small capital purchases for pre equipment and facilities. This also includes the purchase of personal protective equipment and other supplies to modify and due to the COVID-19 pandemic. Any equipment exceeding \$5000 per unit and useful life greater than 1 year, and any supp be reported as project property at closeout of this award. Federal share is 100%. Timeframe for PM expenses is from Janua allocated to this ALI and the sub-recipients are based on MDT's FY20 allocation formula.

Will 3rd Party contractors be used to fulfill this activity line item?

No, 3rd Party Contractors will not be used for this line item.

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 07: Acquisition, installation, rehabilitation, replacement, and maintenance of vehicles or equipment, within or accommodated by existing facilities, that does not result in a change in functional use of the facilities, such as: equipment to be located within existing facilities and with no substantial off-

site impacts; and vehicles, including buses, rail cars, trolley cars, ferry boats and people movers that can be accommodated by existing facilities or by new facilities that qualify for a categorical exclusion.

Amendment #3:

Add \$440,361 to a new construction project of the fire hall addition for Custer County in Miles City, MT. This project will also be covered with funds from a future grant using SFY23 5311 funds. The total project costs are estimated at \$1.2 million.

The facility location is 200 N Haynes Ave., Miles City, MT 59301. The project includes a 4,000 square-foot (sq ft) transit facility addition to the CCFH that would be separated from the CCFH by a wash bay and a three-hour rated firewall. The addition will feature two drive-through bays and one bay without drive-through capability. It will also include office space, a break/training room, and two ADA bathrooms. The facility will comply with the ADA Standards for Accessible Design. The project will include approximately 20,000 sq ft of concrete aprons adjacent to the building and gravel in the other driving areas.

The CE was approved as CE-9 on August 22, 2022.

The useful life of the facility is 40 years.

Federal share is 100% for this activity.

Will 3rd Party contractors be used to fulfill this activity line item?

Yes, 3rd Party Contractors will be used for this line item.

Extended Budget Description

Amendment #3

Added \$480,000 to a new bus barn construction project for Mineral County Pioneer Council.

Located at Parcel B Section 35m T.17N., R.26W. P.M.M. Town of Superior, Mineral County, Montana (47.1835, -114.8742). South-southeast of the Mineral County Hospital and south/adjacent to the Seventh Day Adventist and Mormon Churches. The project design-build of a new bus barn approximately 2,200 square feet in size and a paved parking lot and driveways. The facility will be ADA compliant and includes bus bays, utility rooms, restrooms, kitchen area, conference room, offices and storage space. The facility will be constructed on land donated by Mineral County.

In addition to FTA’s Buy America requirements under 49 U.S.C. § 5323(j) and 49 CFR Part 661, which require that the steel, iron, and manufactured goods used in an FTA-funded project are produced in the United States, the Build America, Buy America Act (BABA) (Public Law 117-58, div. G § 70914(a)) now requires that construction materials used in infrastructure projects are also produced in the United States. Refer to terms and conditions in FTA’s Master Agreement, Section 15. The BABA requirements for construction materials applies to this grant, in addition to the Buy America requirements, except to the extent a waiver of either requirements may apply.

The CE was approved as CE-13 on May 10, 2021.

Useful life of the facility is 50 years.

Federal share is 100% for this activity.

Will 3rd Party contractors be used to fulfill this activity line item?

Yes, 3rd Party Contractors will be used for this line item.

Extended Budget Description

Amendment #3:

Add \$472,505 to Valley County Transit facility roofing and general upgrades project, located at 213 Ninth St S, Glasgow, Valley County, MT. The project includes the removal of an old roof, reseal and reroof, and minor upgrades to the existing Transit facility. The facility is less than 50 years old and does not require Section 106 consultation. No CE worksheet was required per the email from FTA dated 01/14/2021 from Tracy McDonald.

This project qualifies as C-8 for the maintenance, rehabilitation and reconstruction of existing facilities and no further documentation is required.

The useful life is 20 to 25 years per contractor.

Federal share is 100% for this activity.

Will 3rd Party contractors be used to fulfill this activity line item?

Yes, 3rd Party Contractors will be used for this line item.

Extended Budget Description

Amendment #3:

Move project from Category B to Category A. CE approved 03/08/2021.

.....
Amendment #2:

The facility will be located on the east side of Hwy 93 between Dayton Street and Eisenhower Street, Ronan, MT. The project includes the purchase of the land and construction of a new 5,200 sf facility. The facility will be ADA compliant and includes bus bays, a wash bay, a bathroom, conference room, offices and break room. The parcel for the facility will be purchased using federal funds in compliance with the Uniform Act. The CE was approved on March 8, 2021 as CE-13.

Useful life of the facility is 50 years.

Project 100% federally funded.

.....

Amendment #3:

Move project from Category B to Category A. CE approved 05/07/2021.

.....
Amendment #2:

This project is Category B. Construction will not proceed, and no payments will be issued until FTA approval to move the project to Category A.

Fergus County COA, New Bus Barn, Lewistown MT - The proposed project involves construction of a new bus barn at 312 West Watson Street (intersection of S. Third Avenue and West Watson Street) in Lewistown. The site is currently used as a paved parking lot. The new facility would include restrooms, wash bay, and four parking bays with a capacity of two vehicles each. The approximate size of the facility is 60 feet by 80 feet. The restroom, entrances, and onsite parking will be ADA compliant. (From Draft CE Worksheet dated January 21, 2021). Selected CE-13.

The useful life of the facility is 50 years.

Project 100% federally funded.

.....
Amendment #2:

Northern Transit Interlocal (NTI) Concrete Paving and Remodel Project, Shelby, Toole County, MT: Project includes installation of a new concrete paving driveway and parking area at the NTI Main Facility at 135 5th Avenue North in Shelby. Paving will be conducted over existing asphalt/gravel surface. Project also includes replacement of curb and gutter at MT Hwy 2 and new curb and gutter for a new approach to the parking area from 1st Street North. In addition, the main facility will be remodeled to add a break room. The facility is less than 50 years old. The paving project was originally approved Oct. 5, 2020. Since then a reevaluation was completed in January 2021 to add the addition of the break room in the Main Facility.

The project meets the definition of a CE pursuant to 23 CFR 771.118(c)(8).

The CE Worksheet and approval letter are included in Application Documents. The useful life is 15 years for paving and 20 years for remodel based on contractor estimate.

All projects 100% federally funded.

Amendment #3:
No change.

.....
 Amendment #2:

Lincoln County Transportation Service, Parking Lot Paving Project, Libby, MT - This project will pave an existing parking lot that is currently used by the Lincoln County Transportation Service (LCTS), a non-profit organization who serves the citizens of Libby. The property is owned by the Libby Senior Center who operated the bus service until 10 years ago when LCTS formed and took over operations.

The parking lot repaving project for the Lincoln County Transportation Service facility is located at 206 E. 2nd Street, Libby, MT. The parking area is irregular in shape and wraps around several buildings. Currently the parking lot is gravel, that will be replaced by excavating two inches, placing fill and covering with asphalt. Existing concrete pads and vegetated areas will not be disturbed. The paving will not impact the existing buildings. The project meets the definition of a CE pursuant to 23 CFR 771.118(c)(8). CE approval attached.

Useful life: 15 to 20 years per contractor estimate.

All projects 100% federally funded.

.....

Extended Budget Description

Amendment #3:
No change.

.....
Amendment #2:

Liberty Place, Whitehall Bus Facility Paving Project. Whitehall Public Transportation uses this location as its base of operations. Liberty Place Inc. employees and parking its vehicles on the premises outdoors. The project is replacing the existing graveled area (approximately 1,000 square feet) and installing 14 bollards around the bay doors. On the east and west sides, paving would extend 50 feet from the bay doors. Paving would continue to the north around the main entrance and tie into the existing asphalt-covered approach. Fencing would be installed on the east which has existing paving. Two feet of sod would be installed around the concrete area. The area around the graveled area or wetland plants do not exist on the property, and grasses and weeds are the dominate vegetation surrounding the building. The proposed paved asphalt areas would be graded to drain storm water runoff away from the property to the vegetated areas. The project would create 1,000 square feet of impervious surface area.

A CE worksheet and FTA TRO-8 approval is attached for the whole project, where this only funds the parking lot work. Liberty Place was approved as a CE-9 in 2018. The paving project was approved July 22, 2020.

Useful life of the facility is 50 years.

All projects 100% federally funded.

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 13: Federally-funded projects:

- (i) That receive less than \$5,000,000 of Federal funds; or
- (ii) With a total estimated cost of not more than \$30,000,000 and Federal funds comprising less than 15 percent of the total estimated project cost.

Comment Please recall 49 CFR Part 26.49(a) states 'If you are an FTA recipient, you must require in your DBE program that each transit vehicle manufacturer, as a condition of being authorized to bid or propose on FTA-assisted transit vehicle procurements, certify that it has complied with the requirements of this section.' FTA's current list of eligible TVMs can be found at <https://www.transit.dot.gov/regulations-and-guidance/civil-rights-ada/eligible-transit-vehicle-manufacturers>

Please recall 49 CFR Part 26.49(a)(4) states 'FTA recipients are required to submit within 30 days of making an award, the name of the successful bidder, and the total dollar value of the contract in the manner prescribed in the grant agreement.' The Transit Vehicle Award Reporting Form can be found on FTA's website.

Comment The Montana Department of Transportation (MDOT) must comply with all applicable Federal laws and regulations related to this project, including the ADA Standards for Transportation Facilities, based on the U.S. Access Board's ADA Accessibility Guidelines. Found here: <http://www.access-board.gov/guidelines-and-standards/transportation/facilities/ada-standards-for-transportation-facilities>

Specifically, MDOT must comply with the ADA Standards for Transportation Facilities when overseeing subrecipient construction of new transit facilities and when overseeing subrecipient rehabilitation/renovation of its existing facilities. The following is a non-exhaustive list of ADA standards that MDOT must comply with and document compliance of:

New Construction of Facilities

- As required under DOT ADA Standard 206.4.1, MDOT must ensure that 60 percent of all public entrances to the facility will be accessible. If a station has only two entrances, then both must be accessible.
- As required under DOT ADA Standard 810.10, for rail projects, MDOT must ensure that

no flange way gap can be greater than 2.5" where passenger circulation paths cross tracks at grade (i.e. a street-level pedestrian crossing over streetcar tracks).

- As required under DOT ADA Standard 206.3, MDOT must ensure that accessible routes coincide with or are located in the same area as general circulation paths, and elements such as ramps, elevators, and fare vending and collection areas are placed to minimize the distance that wheelchair users and other persons who cannot climb steps must travel in comparison to the general public.
- As required under DOT ADA Standard 406.8, MDOT must ensure that curb ramps will have detectable warnings.
- As required under DOT ADA Standard 810.2, MDOT must ensure that bus boarding and alighting areas are in compliance with the ADA-ABA Guidelines (Section 810.2), which address surfaces (sturdy); dimensions (96" long x 60" wide); connection to sidewalks, streets, and pedestrian paths; slope (not steeper than 1:48); signs; and public address systems.
- As required by DOT ADA Standard 810.5.3, MDOT must ensure that station platforms must be coordinated with the vehicle floor height.

Alterations or Additions to Facilities

- As required under DOT ADA Standard 201 and DOT ADA Regulation 49 C.F.R. 37.43(a)(1), MDOT must ensure that altered or added portions of the facility must be made accessible.
- As required by DOT ADA Regulation 49 C.F.R. 37.43(a)(2) and DOT ADA Standard 202.3, MDOT must ensure that the path of travel to the altered or added portion of the facility must be made accessible, to the maximum extent feasible.
- As required by DOT ADA Standard 202.4 and DOT ADA Regulation 49 C.F.R. 37.43(e)(1), if the path of travel cannot be made accessible, MDOT must submit to FTA an analysis demonstrating that the cost of making the path of travel accessible is disproportionate to (i.e., > 20%) the cost of the alterations or additions to the primary function area.
- As required by DOT ADA Standard 202.4 and DOT ADA Regulation 49 C.F.R. 37.43(b), if the path of travel cannot be made accessible, MDOT must submit to FTA an analysis demonstrating that site-specific conditions prevent you from making the path of travel accessible. Include relevant diagrams and maps.

The information provided above is intended as technical assistance and applies only to the project as described. Should the project scope change or new information on the project be provided, FTA may require a re-evaluation of the project information as it relates to ADA and require additional information. This confirmation is not an express or implied promise of project compliance with the ADA.

Comment	To comply with Title VI requirements as outlined in 49 CFR §21.5(b)(3) and as described in FTA Circular 4702.1B, a Title VI Facility Equity Analysis (often called a site equity analysis) must be completed early in the planning process for a maintenance facility (such as a bus garage) and before a site is selected. The purpose of the Title VI Equity Analysis is to determine whether the site or location of a facility will result in discrimination on the grounds of race, color or national origin. Bus stops and shelters do not require a site equity analysis as they are transit amenities and are covered by your agencies transit amenities policy. Transit stations, power substations, and other facilities requiring a NEPA evaluation do not require a separate Title VI site equity analysis as long as the NEPA evaluation includes the required information to address Title VI

requirements.
