#### Application Executive Summary

The Iowa Tribe seeks to acquire funding for the development of a transit plan so that the tribe may better serve its tribal members and the rural communities of Lincoln, Logan, and Payne Counties in Oklahoma. The Iowa Tribe intends to develop a transit system to transport tribal members and the local population to places of employment, education, and health services. The purpose of the plan is to delineate service area, identify origins and destinations based on employment and travel demands, determine the best approach, whether fixed-route or on-demand services, estimate costs and the feasibility of maintenance and operations, and outline potential growth of the transit system.

The transit plan will inform decisions and guide the Iowa Tribe as it develops a transit system and outlines its service area.

Award ID: D2023-TRTR-115.

## Project Environmental Findings

### Finding: Class II(c) - Categorical Exclusions (C-List)

#### Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

#### Categorical Exclusion Description

Type 04: Planning and administrative activities which do not involve or lead directly to construction, such as: training, technical assistance and research; promulgation of rules, regulations, directives, or program guidance; approval of project concepts; engineering; and operating assistance to transit authorities to continue existing service or increase service to meet routine demand.
