Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 07: Acquisition, installation, rehabilitation, replacement, and maintenance of vehicles or equipment, within or accommodated by existing facilities, that does not result in a change in functional use of the facilities, such as: equipment to be located within existing facilities and with no substantial off-site impacts; and vehicles, including buses, rail cars, trolley cars, ferry boats and people movers that can be accommodated by existing facilities or by new facilities that qualify for a categorical exclusion.

Comment Transit Vehicle Manufacturers (TVM) must have an approved FTA DBE Goal prior to bidding on contract. For a current listing, see <https://www.transit.dot.gov/regulations-and-guidance/civil-rights-ada/eligible-tvms-list>. Recipient must ensure that all vehicles purchased are accessible and purchased from an FTA approved TVM. In accordance with 49 CFR 37.77, public funded entities operating demand-responsive service which receive financial assistance from the Federal Transit Act must file a certificate of equivalent service before procuring any inaccessible demand-responsive vehicle. Please contact FTACivilRightsSupport@dot.gov for more information.
